

Part 3. Hospital Privileges.

§ 131E-85. Hospital privileges and procedures.

(a) The granting or denial of privileges to practice in hospitals to physicians licensed under Chapter 90 of the General Statutes, Article 1, dentists, optometrists, and podiatrists and the scope and delineation of such privileges shall be determined by the governing body of the hospital on a non-discriminatory basis. Such determinations shall be based upon the applicant's education, training, experience, demonstrated competence and ability, and judgment and character of the applicant, and the reasonable objectives and regulations of the hospital, including, but not limited to appropriate utilization of hospital facilities, in which privileges are sought. Nothing in this Part shall be deemed to mandate hospitals to grant or deny to any such individuals or others privileges to practice in hospitals, or to offer or provide any type of care.

(b) The procedures to be followed by a licensed hospital in considering applications of dentists, optometrists, and podiatrists for privileges to practice in such hospitals shall be similar to those applicable to applications of physicians licensed under Chapter 90 of the General Statutes, Article 1. Such procedures shall be available upon request.

(c) In addition to the granting or denial of privileges, the governing body of each hospital may suspend, revoke, or modify privileges.

(d) All applicants or individuals who have privileges shall comply with all applicable medical staff bylaws, rules and regulations, including the policies and procedures governing the qualifications of applicants and the scope and delineation of privileges.

(e) The Department shall not issue or renew a license under this Article unless the applicant has demonstrated that the procedures followed in determining hospital privileges are in accordance with this Part and rules of the Department.
