transferred to the Board of the Health Benefits Authority.

SECTION 2. New Governing Entity. – Article 3 of Chapter 143B of the General
Statutes is amended by adding the following new Part:

"Part 36. Health Benefits Authority.

§ 143B-216.80. Creation and organization.
There is hereby established the Health Benefits Authority (Authority) of the Department of
Health and Human Services (Department) to operate the Medicaid and Health Choice
programs. The Authority shall do the following:

(1) Exercise its statutory powers independently of the Department. The
Authority shall not be subject to the supervision, direction, or control of the
Department.

(2) Be governed by a Board, which shall be responsible for ensuring quality
health outcomes to eligible recipients at a predictable cost to the taxpayers of
this State.

(3) Function as the designated single state agency for the administration of the
Medicaid and Health Choice programs.
(4) Reform the Medicaid and Health Choice programs to a new health care system that will, within three years if feasible, achieve all of the following features:
   a. Shared financial risk.
   b. Defined, measurable goals for health outcomes, quality of care, patient satisfaction, and cost.
   c. Accountability for coordinated care, positive health outcomes, and controlling costs.
   d. Regional access to care.
   e. Administrative efficiencies.

§ 143B-216.85. Board of the Health Benefits Authority.

(a) The Board of the Health Benefits Authority shall consist of the following:
   (1) Three members appointed by the Governor.
   (2) Two members appointed by the General Assembly, on the recommendation of the President Pro Tempore of the Senate.
   (3) Two members appointed by the General Assembly, on the recommendation of the Speaker of the House of Representatives.
   (4) The Secretary of Health and Human Services, who shall serve as an ex officio nonvoting member of the Board.

(b) Each appointed member of the board shall have expertise from at least one of the following areas:
   (1) The administration of large health delivery systems.
   (2) Health insurance.
   (3) Health actuarial science.
   (4) Health economics.
   (5) Health law and policy.

(c) The following individuals may not serve on the Board:
   (1) An individual who receives or has received payments during the six months prior to serving on the Board for providing health care or services to enrollees of the North Carolina Medicaid or Health Choice programs.
   (2) An individual who is or has been during the six months prior to serving on the Board a registered lobbyist for a provider, or association of providers, receiving payments from the North Carolina Medicaid or Health Choice programs, or an employee of such a lobbyist.

As used in this subsection, the term "provider" includes any parent, subsidiary, or affiliated legal entity, and the term "provider" has the same meaning as defined under G.S. 108C-2. The "six month prior" prohibitions provided in this section shall not apply to the initial appointments.

(d) Board appointees shall serve for a term, but an appointee may be removed by his or her appointing authority for any of the grounds set forth in G.S. 143B-13(b), (c), or (d). Appointing authorities shall fill any vacancies that arise to complete the term of the vacating board member.

(e) In making the initial appointments, the appointing authorities shall, in order to stagger terms, designate one person appointed under subdivision (1), one person appointed under subdivision (2), and one person appointed subdivision (3) of subsection (a) of this section to serve until July 1, 2017. The remaining four appointees shall serve until July 1, 2019. Future appointees shall serve terms of four years, with staggered terms based on this section. Board members may serve up to two consecutive terms, not including the abbreviated two-year terms.
The Board shall elect a chair from among the voting members of the Board.

The Board shall meet at least monthly until July 1, 2017, and at least quarterly thereafter. The Board may also meet at the call of the chair or at the request of a majority of the voting Board members. A majority of the voting Board members constitutes a quorum for conducting business.

Board members shall serve as fiduciaries for the Medicaid and Health Choice programs and are subject to the duty of care, the duty of loyalty, and the duty of obedience as established under nonprofit corporate law. These duties are in addition to any other requirements placed on the Board members as public servants under Chapter 138A of the General Statutes.

Board members are State officers and not State employees.

The voting members of the Board shall be compensated. The compensation for Board members established under G.S. 143B-216.90(3) shall be comparable to compensation paid to the members of boards of corporations managing large hospital systems or operating large health insurance plans, but shall not exceed the highest compensation paid to a member of the Council of State. Compensation shall be in an amount sufficient to obtain quality professionals with experience managing large businesses, insurance programs, and health systems. § 143B-216.90. Powers and duties of the Board of the Health Benefits Authority.

(a) The Board of the Health Benefits Authority shall have the following powers and duties:

(1) Administer and operate the Medicaid and Health Choice programs. None of the powers and duties enumerated in the other subdivisions of this subsection shall be construed to limit the broad grant of authority to administer and operate the Medicaid and Health Choice programs.

(2) Employ the Medicaid Director, who shall be responsible for the daily operation of the Authority, and other staff, including legal staff. In hiring staff, the Board may offer employment contracts for a term.

(3) Set compensation for the employees, including performance-based bonuses based on meeting budget or other targets, and for the Board of the Authority.

(4) Procure office space for the Authority, including, if the Board so chooses, office space that is co-located with employees of the Department of Health and Human Services.

The Authority is encouraged, but not required, to contract with the Department of Health and Human Services when possible.

(6) Employ or contract for independent internal auditing staff that report directly to the Board rather than to the Medicaid Director. Notwithstanding subsection (b) of this section, this function may not be delegated.

(7) Pursuant to G.S. 108A-1, supervise the county departments of social services in their administration of eligibility determinations. Pursuant to subdivision (5) of this section, the Board may contract with the Department of Health and Human Services or any other appropriate party to perform this task or a portion of this task.
Define and approve the following for the Authority and the programs managed by the Authority:

a. Business policy.

vii. Be used as a guide for units within the Authority to establish unit-specific operational plans at the same frequency.

c. Performance management system, including quantitative indicators for goals and objectives, which shall do the following:

i. Be developed and implemented within the first year of the creation of the Authority, and updated no less than annually thereafter with available data.

Establish quantitative performance measures focusing on the quality and efficiency of service delivery and administration, using a nationally recognized quality improvement effort allowing comparison of North Carolina to other states as those developed by, but not limited to, the U.S. Medicaid Quality Measurement Program and the Baldridge Quality Program.

iii. Establish measurable objectives for each goal identified in the strategic plan, and performance updated annually.

iv. Establish, for each objective, benchmark activities, including an estimated date of completion, the area for which efforts are attempting a change, a quantitative indicator of success for the area, and quarterly milestones allowing Authority managers and employees to monitor progress throughout the year.

v. Establish mechanisms for obtaining data necessary for the collection and public distribution of performance information.

d. Program and policy changes.

e. Operational budget and assumptions.

Establish and adjust all program components, except for eligibility, of the Medicaid and Health Choice programs within the appropriated and allocated budget.

Adopt rules related to the Medicaid and Health Choice programs.

Serve as trustees of the Medicaid Reserve Account established under G.S. 143B-216.105.

Develop midyear budget correction plans and strategies and then take midyear budget corrective actions necessary to keep the Medicaid and Health Choice programs within budget.
Approve or disapprove and oversee all expenditures to be charged to or allocated to the Medicaid and Health Choice programs by other divisions of the Department of Health and Human Services or by other State departments or agencies.

Develop and present to the General Assembly and the Office of State Budget and Management by January 1 of each year, beginning in 2016, the following information for the Medicaid and Health Choice programs:

Secure and pay for the services of the State Auditor's Office to conduct annual audits of the financial accounts of the Authority.

Publish the Annual Medicaid Report, which shall contain, at a minimum, the following:

- Details on the Authority's performance over the prior four years on the following:
  - The identified quantitative measures from its strategic plan and performance management system.
  - A comparison of the identified quantitative measures from its strategic plan and performance management system and other states participating in the quality improvement effort.
- Annual audited financial statements.

Publish in an electronic format, and update on at least a monthly basis, at least the following information about the Medicaid and Health Choice programs:

- Enrollment by program aid category by county.
- Per member per month spending by category of service.
- Spending and receipts by fund along with a detailed variance analysis.
- A comparison of the above figures to the amounts forecasted and budgeted for the corresponding time period.

The Board may delegate any of its powers and duties to the Medicaid Director and other staff of the Authority. In delegating powers or duties, however, the Board maintains the responsibility for the performance of those powers or duties.

The General Assembly retains the authority to determine the eligibility categories and income thresholds for the Medicaid and Health Choice programs.

"§ 143B-216.95. Variations from certain State laws.

Although generally subject to the laws of this State, the following exemptions, limitations, and modifications apply to the Health Benefits Authority, notwithstanding any other provision of law:

(1) Any employee position within the Authority created on or after October 1, 2015, or that becomes vacant on or after October 1, 2015, shall not be subject to portions of the State Personnel Act, as provided in G.S. 126-5(c13). After July 1, 2017, however, the Board of the Authority may designate employee positions as subject to the State Personnel Act, provided that the positions so designated do not meet the definition of "exempt position" under G.S. 126-5(b).

(3) The Authority may choose to retain legal counsel other than the Attorney General.

(4) The Authority's employment contracts offered pursuant to G.S. 143B-216.90(2) are not subject to review and approval by the Office of State Human Resources. The Authority's employment of supplementary staff for temporary work is not subject to review and approval by the Office of State Human Resources.

(5) If the Authority establishes alternative procedures for the review and approval of contracts, then the Authority is exempt from State contract review and approval requirements, but may still choose to utilize the State contract review and approval procedures for particular contracts.

(6) The Authority shall submit its budget proposal to be included in the Governor's Recommended State Budget directly to the Office of State Budget and Management, rather than submitting it through the Office of Central Management and Support at the Department of Health and Human Services.

(7) The Secretary of Health and Human Services may not transfer funds into or out of the budget of, or any funds controlled by the Health Benefits Authority without the approval of the Board of the Authority.

(8) The Board of the Authority may move into a closed session for any of the reasons listed in G.S. 143-318.11, as well as for discussions on the following:

(9) Documents created for or developed during a closed session of the Board for one of the reasons specifically listed in the sub-subdivisions of subdivision (8) of this subsection, as well as any minutes from such a closed session of the Board, that would otherwise become public record by operation of Chapter 132 of the General Statutes, shall not become public record until the item under discussion has been made public through the publishing of the relevant rate or amount, findings from an audit or investigation, the annual budget forecast report, the strategic plan, or a report to the General Assembly.

"§ 143B-216.100. Cooling off period for certain Health Benefits Authority employees.

(a) Neither a Health Benefits Authority employee who, in the six months immediately preceding termination of State employment, participated personally and substantially in the award or management of a State contract with an entity, nor an immediate family member of such a Health Benefits Authority shall either prior to or within a period of six months immediately after termination of employment, knowingly accept employment with, commence employment with, or receive compensation for services from, such a contracting entity.

(d) As used in this section, (i) the term "contract" does not include provider enrollment agreements, (ii) the term "entity" includes any parent, subsidiary, or affiliated legal entity, and (iii) the term "immediate family member" means a spouse, child, sibling, parent, grandparent, or grandchild, or the spouse of an immediate family member, and includes stepparents, stepchildren, stepsiblings, and adoptive relationships."

§ 143B-216.105. Medicaid Reserve Account.

(a) The Medicaid Reserve Account is established as a nonreverting reserve in the General Fund. The purpose of the Medicaid Reserve Account is to provide for unexpected budgetary shortfalls within the Medicaid and Health Choice programs that result from program expenditures in excess of the amount appropriated for the Medicaid and Health Choice programs by the General Assembly and which continue to exist after the Health Benefits Authority makes its best efforts to control costs through midyear budget corrections under G.S. 143B-216.90(a)(12).

(b) The Medicaid Reserve Account shall have the following minimum and maximum target balances:

1. Minimum target. – Nine percent (9%) of a given fiscal year's General Fund appropriations for claims expenditures for both the Medicaid and Health Choice programs.

2. Maximum target. – Twenty-five percent (25%) of a given fiscal year's General Fund appropriations for claims expenditures for both the Medicaid and Health Choice programs.

(c) Notwithstanding G.S. 143C-1-2(b), any funds appropriated to the Health Benefits Authority for the Medicaid or Health Choice programs and that remain unencumbered at the end of a fiscal year shall, rather than revert to the General Fund, be credited to the Medicaid Reserve Account. Any funds to be deposited in the Medicaid Reserve Account that would cause the fund balance to exceed the maximum target balance for the Medicaid Reserve Account shall instead be credited to the General Fund.

(d) The Medicaid Reserve Account may be accessed by the Health Benefits Authority to manage budgetary shortfalls in the Medicaid and Health Choice programs only after all of the following occur:

1. The Board of the Health Benefits Authority certifies that there is a projected Medicaid shortfall in the current fiscal year.

2. The Health Benefits Authority has already made midyear budget corrections under G.S. 143B-216.90(a)(12), but those midyear budget corrections have not achieved the projected budget savings.

3. The Health Benefits Authority reports to the Joint Legislative Commission on Governmental Operations on its intent to access the Medicaid Reserve Account. The report shall include a detailed analysis of receipts, payments, claims, and transfers, including an identification of and explanation of the recurring and nonrecurring components of the shortfall.

Medicaid Reserve Account funds may be accessed in accordance with this subsection even if it results in the fund balance falling below the minimum target balance for the Medicaid Reserve Account."
SECTION 3. Board Start-up. – (a) Notwithstanding the date provided in this act for when the Board begins to govern the Medicaid and Health Choice programs, the Board of the Health Benefits Authority may meet prior to October 1, 2015, in order to plan. The Board may begin meeting as soon as a majority of the appointments have been made, upon the call of a majority of members appointed as of that time. Prior to October 1, 2015, Board meetings shall be staffed by the Division of Medical Assistance.

SECTION 3.(b) As provided in G.S. 143B-216.85(j), as enacted by Section 2 of this act, compensation for the members of the Board of the Health Benefits Authority shall be "comparable to compensation paid to the members of boards of corporations managing large hospital systems or operating large health insurance plans." Initial compensation for members of the Board (i) shall be set by the Office of State Human Resources based on a survey of compensation paid to the members of comparable boards of corporations managing large hospital systems or operating large health insurance plans and based on G.S. 143B-216.85(j) and (ii) shall be in an amount sufficient to obtain quality professionals with experience managing large businesses, insurance programs, and health systems. The Office of State Human Resources shall complete the survey and set the compensation for the Board members no later than October 1, 2015. An appointed Board member shall begin receiving compensation when the Board begins meeting. It is the intent of the General Assembly to appropriate recurring funds for Board compensation within the Current Operations and Capital Improvements Appropriations Act of 2015.

SECTION 3.(c) This section is effective when this act becomes law.

SECTION 4. Continuation of Existing Administrative Arrangements. – Notwithstanding its authority granted in subdivisions (4), (5), (7), (13) of G.S. 143B-216.90(a), as enacted by Section 2 of this act, the Health Benefits Authority shall continue to utilize existing administrative arrangements and Medicaid cost allocations between the Division of Medical Assistance and the Department of Health and Human Services, as well as between the Division and other State departments and agencies, through June 30, 2016. The Authority has full authority to negotiate changes to those administrative arrangements and Medicaid and Health Choice cost allocations as authorized under G.S. 143B-216.90(a) to begin on or after July 1, 2016.

SECTION 5. The Department shall submit its report to the members of the Board of the Health Benefits Authority and to the Joint Legislative Oversight Committee on Health and Human Services.

SECTION 5.(b) This section is effective when this act becomes law.

SECTION 6. Single State Agency SPAs. – (a) The Department of Health and Human Services (DHHS) shall submit the appropriate State Plan Amendments (SPAs) to change the single state agency designations for the Medicaid and Health Choice programs to be the Health Benefits Authority rather than DHHS. DHHS shall also submit any appropriate SPAs to make appropriate conforming changes the State Plans to update the name of the single state agency.

SECTION 6.(b) The SPAs required by this section shall have effective dates of October 1, 2015. Notwithstanding G.S. 108A-54.1A(e), DHHS does not have to submit the SPAs required by this section 90 days in advance of October 1, 2015, but shall submit the SPAs as soon as possible after the effective date of this section and no later than September 1, 2015.

SECTION 6.(c) This section is effective when this act becomes law.

SECTION 7. Transfer of Rules, Contracts, Legal Actions. – (a) Consistent with Section 1 of this act, all rules and policies exempted from rule-making related to the Medicaid and Health Choice programs transfer to the Health Benefits Authority.
SECTION 7. (b) Consistent with Section 1 of this act, any existing contracts with the Division of Medical Assistance that were entered into prior to the effective date of this section transfer to the Health Benefits Authority. If an existing contract entered into prior to the effective date of this section is solely for the benefit of the Division of Medical Assistance, the Medicaid program, or the Health Choice program, but is in the name of the Department of Health and Human Services, then the contract also transfers to the Health Benefits Authority. If an existing contract that was entered into prior to the effective date of this section (i) is in the name of the Department of Health and Human Services, (ii) is for the benefit of the Division of Medical Assistance, the Medicaid program, or the Health Choice program, and (iii) also benefits other portions of the Department, then the Health Benefits Authority and the Department shall enter into memorandums of understanding (MOUs) or other appropriate agreements to define the two entities’ roles and responsibilities under the contract. The Department of Health and Human Services may not enter into any new contracts, or renew or extend any contracts that existed prior to the effective date of this section, related to the Medicaid or Health Choice programs without the express prior approval of the Board of the Health Benefits Authority.

SECTION 7. (c) Consistent with Section 1 of this act, for any legal action involving the Medicaid or Health Choice programs in which the Division of Medical Assistance or the Department of Health and Human Services is named as a party, the Health Benefits Authority may be joined as a party by reason of transfer of interest upon motion of any party pursuant to Rule 25(d) of the North Carolina Rules of Civil Procedure. This subsection shall not be construed to limit any other opportunities for joinder or intervention that are otherwise allowed under the North Carolina Rules of Civil Procedure or elsewhere under law.

An amendment to the State Plan is required to ensure continued federal financial participation.

Amendments to the State Plan submitted to the federal government for approval shall contain only those changes that are allowed by the authority for submitting an amendment to the State Plan in subsection (b) of this section.

No fewer than 10 days prior to submitting an amendment to the State Plan to the federal government, the Department shall post the amendment on its Web site and notify the members of the Joint Legislative Oversight Committee on the Health Benefits Authority and the Fiscal Research Division that the amendment has been posted. This requirement shall not apply to draft or proposed amendments submitted to the federal government for comments but not submitted for approval. The amendment shall remain posted on the Department's Web site at least until the plan has been approved, rejected, or withdrawn. If the authority for submitting the amendment to the State Plan is pursuant to subdivision (3), (4), (5), or (6) of subsection (b) of this section, then, prior to submitting an amendment to the federal government, the Department shall submit to the General Assembly members receiving notice under this subsection and to the Fiscal Research Division an explanation of the amendment, the need for the amendment, and the federal time limits required for implementation of the amendment.

The Department shall submit an amendment to the State Plan to the federal government by a date sufficient to provide the federal government adequate time to review and approve the amendment so the amendment may be effective by the date required by the directing authority in subsection (b) of this section. Additionally, if a change is made to the Medicaid program by the General Assembly and that change requires an amendment to the State Plan, then the amendment shall be submitted at least 90 days prior to the effective date of the change as provided in the legislation.

Any public notice required under 42 C.F.R. 447.205 shall, in addition to any other posting requirements under federal law, be posted on the Department's Web site. Upon posting such a public notice, the Department shall notify the members of the Joint Legislative Oversight Committee on the Health Benefits Authority and the Fiscal Research Division that the public notice has been posted. Public notices shall remain posted on the Department's Web site.
