

NORTH CAROLINA GENERAL ASSEMBLY
1977 SESSION

CHAPTER 1023
SENATE BILL 677

AN ACT TO APPROPRIATE FUNDS FOR THE REHABILITATION OF THE ROANOKE
CANAL LOCK HOUSE IN ROANOKE RAPIDS.

Whereas, river transportation was vital in the settlement and growth of North Carolina; and

Whereas, the Roanoke River played a major role in the economic and technological progress of the Roanoke Valley and Southside Virginia; and

Whereas, the navigation canal in Halifax County was constructed by the Roanoke Navigation Company in the 1820's and successfully stimulated trade for more than 20 years until the coming of the railroad; and

Whereas, the canal was utilized as a source of water power for both manufacturing and utilities services in the Roanoke Rapids-Weldon area during the late nineteenth and early twentieth centuries; and

Whereas, two brick structures adjacent to the double locks on the canal remain as vestiges of the efforts to advance the industrial and technological capacities of the region; and

Whereas, there is left in North Carolina only a small number of visible reminders of the role played by waterways in the history and development of the State; Now, therefore,
