The agency shall be governed by a board of directors

The five appointive directors of the agency shall be appointed for staggered four-year terms, two being appointed initially for one year by the President of the Senate and the Speaker of the House, respectively, and one for two years, one for three years and one for four years, respectively, as designated by the Governor, and each director shall continue in office until his successor shall be duly appointed and qualified, except that any person appointed to fill a vacancy shall serve only for the unexpired term. Any vacancy in a position held by an appointive member shall be filled by a new appointment made by the officer who originally made such appointment. Any member of the board of directors shall be eligible for reappointment. Each appointive member of the board of directors may be removed by the Governor for misfeasance, malfeasance or neglect of duty after reasonable notice and a public hearing, unless the same are in writing expressly waived. (d) Four members of the board of directors of the agency shall constitute a quorum and the affirmative vote of a majority of the members present at a meeting of the board of directors duly called and held shall be necessary for any action taken by the board of directors of the agency; provided, however, that the board of directors may appoint an executive committee to act on behalf of said board during the period between regular meetings of said board, and said committee shall have full power to act upon the vote of a majority of its members. No vacancy in the membership of the agency shall impair the rights of a quorum to exercise all the rights and to perform all the duties of the agency.

Sec. 6. Criteria and Requirements. In undertaking any project pursuant to this Chapter, the agency shall be guided by and shall observe the following criteria and requirements; provided that the determination of the agency as to its compliance with such criteria and requirements shall be final and conclusive:

- (1) No project shall be sold or leased nor any loan made to any institution for higher education which is not financially responsible and capable of fulfilling its obligations, including its obligations under an agreement of sale or lease or a loan agreement to make purchase price payments, to pay rent, to make loan repayments, to operate, repair and maintain at its own expense the project and to discharge such other responsibilities as may be imposed under the agreement of sale or lease or loan agreement;

Such proposal shall set forth the type and location of the project and may include other information and data available to the institution for higher education respecting the project and the extent to which such project conforms to the criteria and requirements set forth in this Chapter. The agency may request the institution for higher education to provide additional information and data respecting the project. The agency is authorized to make or cause to be made such investigations, surveys, studies, reports and reviews as in its judgment are necessary and desirable to determine the feasibility and desirability of the project, the extent to which the project will contribute to the health and welfare of the area in which it will be located, the powers, experience, background, financial condition, record of service and capability of the management of the institution for higher education, the extent to which the project otherwise

conforms to the criteria and requirements of this Chapter, and such other factors as may be deemed relevant or convenient in carrying out the purposes of this Chapter.

Sec. 8. All projects shall be operated to serve and benefit the public and there shall be no discrimination against any person based on race, creed, color or national origin.

The agency may sell or lease any project to a participating institution for higher education for operation and maintenance or lend money to any participating institution for higher education in such manner as shall effectuate the purposes of this Chapter, under a loan agreement or an agreement of sale or lease in form and substance not inconsistent herewith. Any such loan agreement or agreement of sale or lease may include provisions that:

- (1) The participating institution for higher education shall, at its own expense, operate, repair and maintain the project covered by such agreement;
- (2) The purchase price payments to be made under the agreement of sale, the rent payable under the agreement of lease or the loan repayments under the loan agreement shall in the aggregate be not less than an amount sufficient to pay all of the interest, principal and any redemption premium on the bonds or notes issued by the agency to pay the cost of the project sold or leased thereunder or with respect to which the loan was made;
- (3) The participating institution for higher education shall pay all other costs incurred by the agency in connection with the providing of the project covered by any such agreement, except such costs as may be paid out of the proceeds of bonds or notes or otherwise, including, but without limitation, insurance costs, the cost of administering the resolution authorizing the issuance of, or any trust agreement securing, such bonds or notes and the fees and expenses of trustees, paying agents, attorneys, consultants and others;

- (5) The obligation of the participating institution for higher education to make loan repayments or purchase price payments or to pay rent shall not be subject to cancellation, termination or abatement by the participating institution for higher education until the bonds have been retired or provision has been made for such retirement.

Where the agency has acquired a possessory or ownership interest in any project which it has undertaken on behalf of a participating institution for higher education it shall promptly convey, without the payment of any consideration, all its right, title and interest in such project to such participating institution for higher education upon the retirement or provision for the retirement of all bonds or notes issued and obligations incurred by the agency in connection with such project.

Sec. 9. Construction Contracts. If the agency shall determine that the purposes of this act will be more effectively served, the agency in its discretion may award or cause to be awarded contracts for the construction of any project on behalf of a participating institution for higher education upon a negotiated basis as determined by the agency. The agency shall prescribe such bid security requirements and other procedures in connection with the award of such contracts as in its judgment shall protect the public interest. The agency may by written contract engage the services of the participating institution for higher education in the construction of such project and may provide in any such contract that such participating institution for higher education, subject to such conditions and requirements consistent with the provisions of this Chapter as shall be prescribed in such contract, may act as an agent of, or an

independent contractor for, the agency for the performance of the functions described therein, including the acquisition of the site and other real property for such project, the preparation of plans, specifications and contract documents, the award of construction and other contracts upon a competitive or negotiated basis, the construction of such project directly by such participating institution for higher education, the inspection and supervision of construction, the employment of engineers, architects, builders and other contractors and the provision of money to pay the cost thereof pending reimbursement by the agency. Any such contract may provide that the agency may, out of proceeds of bonds or notes, make advances to or reimburse the participating institution for higher education for its costs incurred in the performance of such functions, and shall set forth the supporting documents required to be submitted to the agency and the reviews, examinations and audits that shall be required in connection therewith to assure compliance with the provisions of this Chapter and such contract.

Sec. 10. Credit of State Not Pledged. Bonds or notes issued under the provisions of this Chapter shall not be secured by a pledge of the faith and credit of the State or of any political subdivision thereof or be deemed to create an indebtedness of the State, or of any such political subdivision thereof, requiring any voter approval, but shall be payable solely from the revenues and other funds provided therefor. Each bond or note issued under this Chapter shall contain on the face thereof a statement to the effect that the agency shall not be obligated to pay the same nor the interest thereon except from the revenues and other funds pledged therefor and that neither the faith and credit nor the taxing power of the State or of any political subdivision thereof is pledged as security for the payment of the principal of or the interest on such bond or note.

Expenses incurred by the agency in carrying out the provisions of this Chapter may be made payable from funds provided pursuant to, or made available for use under, this Chapter and no liability shall be incurred by the agency hereunder beyond the extent to which moneys shall have been so provided.

Sec. 11. Bonds and Notes. (a) The agency is hereby authorized to provide for the issuance, at one time or from time to time, of bonds, or notes in anticipation of the issuance of bonds, of the agency to carry out and effectuate its corporate purposes. The principal of and the interest on such bonds or notes shall be payable solely from funds provided under this Chapter for such payment. Any such notes may be made payable from the proceeds of bonds or renewal notes or, in the event bond or renewal note proceeds are not available, such notes may be paid from any available revenues or other funds provided therefor. The bonds or notes of each issue shall be dated and may be made redeemable before maturity at the option of the agency at such price or prices and upon such terms and conditions as may be determined by the agency. Any such bonds or notes shall bear interest at such rate or rates as may be determined by the Local Government Commission of North Carolina with the approval of the agency. Notes shall mature at such time or times not exceeding 10 years from their date or dates and bonds shall mature at such time or times not exceeding 40 years from their date or dates, as may be determined by the agency. The agency shall determine the form and manner of execution of the bonds or notes, including any interest coupons to be attached thereto, and shall fix the denomination or denominations and the place or places of payment of principal and interest, which may be any bank or trust company within or without the State. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or notes or coupons attached thereto shall cease to be such officer before the delivery thereof, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. The agency may also provide for the authentication of the bonds or notes by a trustee or fiscal agent. The bonds or notes may be issued in coupon or in registered form, or both, as the agency may determine, and provision may be made for the registration of any coupon bonds or notes as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds or notes of any bonds or notes registered

as to both principal and interest, and for the interchange of registered and coupon bonds or notes. No bonds or notes may be issued by the agency under this Chapter unless the issuance thereof is approved by the Local Government Commission of North Carolina.

(b) The agency shall file with the Secretary of the Local Government Commission an application requesting approval of the issuance of such bonds or notes which shall contain such information and have attached to it such documents concerning the proposed financing and prospective borrower, vendee or lessee as the Secretary may require.

In determining whether a proposed bond or note issue should be approved, the Local Government Commission may consider, in addition to the criteria and requirements mentioned in this Chapter, the effect of the proposed financing upon any scheduled or proposed sale of tax-exempt obligations by the State or any of its agencies or departments or by any unit of local government in the State.

The Local Government Commission shall approve the issuance of such bonds or notes if, upon the information and evidence it receives, it finds and determines that the proposed financing will effectuate the purposes of this Chapter.

Upon the filing with the Local Government Commission of a resolution of the agency requesting that its bonds or notes be sold, such bonds or notes may be sold in such manner, either at public or private sale, and for such price as the Local Government Commission shall determine to be for the best interests of the agency and effectuate best the purposes of this Chapter, provided that such sale shall be approved by the agency.

(c) The proceeds of any bonds or notes shall be used solely for the purposes for which issued and shall be disbursed in such manner and under such restrictions, if any, as the agency may provide in the resolution authorizing the issuance of, or any trust agreement securing, such bonds or notes.

(d) Prior to the preparation of definitive bonds, the agency may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds, when such bonds shall have been executed and are available for delivery. The agency may also provide for the replacement of any bonds or notes which shall become mutilated or shall be destroyed or lost.

(e) Bonds or notes may be issued under the provisions of this Chapter without obtaining, except as otherwise expressly provided in this Chapter, the consent of any department, division, commission, board, body, bureau or agency of the State, and without any other proceedings or the happening of any conditions or things other than those proceedings, conditions or things which are specifically required by this Chapter and the provisions of the resolution authorizing the issuance of, or any trust agreement securing, such bonds or notes.

Sec. 12. Trust Agreement or Resolution. In the discretion of the agency any bonds or notes issued under the provisions of this Chapter may be secured by a trust agreement by and between the agency and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State. Such trust agreement or the resolution authorizing the issuance of such bonds or notes may pledge or assign all or any part of the revenues of the agency received pursuant to this Chapter, including, without limitation, fees, loan repayments, purchase price payments, rents, charges, insurance proceeds, condemnation awards and any other revenues and funds received in connection with any project and may grant a deed of trust or a mortgage on any project. Such trust agreement or resolution may contain such provisions for protecting and enforcing the rights and remedies of the holders of any such bonds or notes as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the agency in relation to the purposes to which bond or note proceeds may be applied, the disposition or pledging of the revenues of the agency, including any payments in respect of any federally guaranteed security or any federally insured mortgage note, the duties of the agency with respect to the acquisition, construction, maintenance, repair and operation of any project, the fees, loan repayments, purchase price

payments, rents and charges to be fixed and collected in connection therewith, the terms and conditions for the issuance of additional bonds or notes, and the custody, safeguarding and application of all moneys. All bonds issued under this Chapter shall be equally and ratably secured by a pledge, charge, and lien upon revenues provided for in such trust agreement or resolution, without priority by reason of number, or of dates of bonds, execution, or delivery, in accordance with the provisions of this Chapter and of such trust agreement or resolution; except that the agency may provide in such trust agreement or resolution that bonds issued pursuant thereto shall to the extent and in the manner prescribed in such trust agreement or resolution be subordinated and junior in standing, with respect to the payment of principal and interest and the security thereof, to any other bonds. It shall be lawful for any bank or trust company incorporated under the laws of the State which may act as depositary of the proceeds of bonds or notes, revenues or other money hereunder to furnish such indemnifying bonds or to pledge such securities as may be required by the agency. Any such trust agreement or resolution may set off the rights and remedies, including foreclosure of any deed of trust or mortgage, of the holders of any bonds or notes and of the trustee, and may restrict the individual right of action by any such holders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the agency may deem reasonable and proper for the security of the holders of any bonds or notes. Expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of any project or paid from the revenues pledged or assigned to the payment of the principal of and the interest on bonds or notes or from any other funds available to the agency.

Sec. 13. Revenues; Pledges of Revenues. (a) The agency is hereby authorized to fix and to collect fees, loan repayments, purchase price payments, rents and charges for the use of any project, and any part or section thereof, and to contract with any participating institution for higher education for the use thereof. The agency may require that the participating institution for higher education shall operate, repair or maintain such project and shall bear the cost thereof and other costs of the agency in connection therewith, all as may be provided in the agreement of sale or lease, loan agreement or other contract with the agency, in addition to other obligations imposed under such agreement or contract.

(b) The fees, loan repayments, purchase price payments, rents and charges shall be fixed so as to provide a fund sufficient, with such other funds as may be made available therefor, (i) to pay the costs of operating, repairing and maintaining the project to the extent that adequate provision for the payment of such costs has not otherwise been provided for, (ii) to pay the principal of and the interest on all bonds or notes as the same shall become due and payable and (iii) to create and maintain any reserves provided for in the resolution authorizing the issuance of, or any trust agreement securing, such bonds; and such fees, loan repayments, purchase price payments, rents and charges may be applied or pledged to the payment of debt service on the bonds prior to the payment of the costs of operating, repairing and maintaining the project.

(c) All pledges of fees, loan repayments, purchase price payments, rents, charges and other revenues under the provisions of this Chapter shall be valid and binding from the time when such pledges are made. All such revenues so pledged and thereafter received by the agency shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the agency, irrespective of whether such parties have notice thereof. The resolution or any trust agreement by which a pledge is created or any loan agreement, agreement of sale or lease need not be filed or recorded except in the records of the agency.

(d) The State of North Carolina does pledge to and agree with the holders of any bonds or notes issued by the agency that so long as any of such bonds or notes are outstanding and unpaid the State will not limit or alter the rights vested in the agency at the time of issuance

of the bonds or notes to fix, revise, charge, and collect or cause to be fixed, revised, charged and collected loan repayments, purchase price payments, rents, fees and charges for the use of or services rendered by any project in connection with which the bonds or notes were issued, so as to provide a fund sufficient, with such other funds as may be made available therefor, to pay the costs of operating, repairing and maintaining the project, to pay the principal of and the interest on all bonds and notes as the same shall become due and payable and to create and maintain any reserves provided therefor and to fulfill the terms of any agreements made with the bondholders or noteholders, nor will the State in any way impair the rights and remedies of the bondholders or noteholders until the bonds or notes and all costs and expenses in connection with any action or proceedings by or on behalf of the bondholders or noteholders, are fully paid, met and discharged.

Sec. 14. Trust Funds. Notwithstanding any other provisions of law to the contrary, all moneys received pursuant to the authority of this Chapter, including, without limitation, fees, loan repayments, purchase price payments, rents, charges, insurance proceeds, condemnation awards and any other revenues and funds received in connection with any project, shall be deemed to be trust funds to be held and applied solely as provided in this Chapter. The resolution authorizing the issuance of, or any trust agreement securing, any bonds or notes may provide that any of such moneys may be temporarily invested pending the disbursement thereof and shall provide that any officer with whom, or any bank or trust company with which, such moneys shall be deposited shall act as trustee of such moneys and shall hold and apply the same for the purposes of this Chapter, subject to such limitations as this Chapter and such resolution or trust agreement may provide. Any such moneys may be invested as provided in G.S. 159-30, as it may from time to time be amended.

Sec. 15. Remedies. Any holder of bonds or notes issued under the provisions of this Chapter or any coupons appertaining thereto, and the trustee under any trust agreement or resolution authorizing the issuance of such bonds or notes, except to the extent the rights herein given may be restricted by such trust agreement or resolution, may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights under the laws of the State or granted hereunder or under such trust agreement or resolution, or under any other contract executed by the agency pursuant to this Chapter, and may enforce and compel the performance of all duties required by this Chapter or by such trust agreement or resolution to be performed by the agency or by any officer thereof.

Sec. 16. Investment Securities. All bonds, notes and interest coupons appertaining thereto issued under this Chapter are hereby made investment securities within the meaning of and for all the purposes of Article 8 of the Uniform Commercial Code as enacted in this State, whether or not they are of such form and character as to be investment securities under said Article 8, subject only to the provisions of the bonds and notes pertaining to registration.

Sec. 17. Bonds or Notes Eligible for Investment. Bonds or notes issued under the provisions of this Chapter are hereby made securities in which all public officers and public bodies of the State and its political subdivisions, all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such bonds or notes are hereby made securities which may properly and legally be deposited with and received by any State or municipal officer or any agency or political subdivision of the State for any purpose for which the deposit of bonds, notes or obligations of this State is now or may hereafter be authorized by law.

Sec. 18. Refunding Bonds or Notes. The agency is hereby authorized to provide for the issuance of refunding bonds or notes for the purpose of refunding any bonds or notes then outstanding which shall have been issued under the provisions of this Chapter, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date

of redemption of such bonds or notes and, if deemed advisable by the agency, for any corporate purpose of the agency, including, without limitation:

- (1) Constructing improvements, additions, extensions or enlargements of the project in connection with which the bonds or notes to be refunded shall have been issued, and
- (2) Paying all or any part of the cost of any additional project.

The issuance of such bonds or notes, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the agency in respect of the same shall be governed by the provisions of this Chapter which relate to the issuance of bonds or notes, insofar as such provisions may be appropriate therefor.
