SECTION 7.1. The State Board of Education shall allocate additional funds for children with disabilities on the basis of three thousand seven hundred nine dollars (\$3,709) per child. Each local school administrative unit shall receive funds for the lesser of (i) all children who are identified as children with disabilities or (ii) twelve and five-tenths percent (12.5%) of its 2012-2013 allocated average daily membership in the local school administrative unit. The dollar amounts allocated under this section for children with disabilities shall also adjust in accordance with legislative salary increments, retirement rate adjustments, and health benefit adjustments for personnel who serve children with disabilities.

SECTION 7.2. The State Board of Education shall allocate additional funds for academically or intellectually gifted children on the basis of one thousand two hundred twenty-three dollars and ninety-three cents (\$1,223.93) per child for fiscal year 2012-2013. A local school administrative unit shall receive funds for a maximum of four percent (4%) of its 2012-2013 allocated average daily membership, regardless of the number of children identified as academically or intellectually gifted in the unit. The dollar amounts allocated under this section for academically or intellectually gifted children shall also adjust in accordance with legislative salary increments, retirement rate adjustments, and health benefit adjustments for personnel who serve academically or intellectually gifted children.

SCHOOL IMPROVEMENT PLANS AT RESIDENTIAL SCHOOLS

SECTION 7.3.(a) In order to improve student performance, the Eastern North Carolina School for the Deaf, the Governor Morehead School for the Blind, and the North Carolina School for the Deaf each shall develop a school improvement plan that takes into consideration the annual performance goal for that school that is set by the State Board of Education. The principal of each school, instructional personnel and residential life personnel assigned to that school, and a minimum of five parents of children enrolled in the school shall constitute a school improvement team to develop a school improvement plan to improve student performance.

Representatives of the instructional and residential life personnel shall be elected by their respective groups by secret ballot.

Parents shall be elected by parents of children enrolled in the school in an election conducted by the parent and teacher organization of the school or, if none exists, by the largest organization of parents formed for this purpose. To the extent possible, parents serving on school improvement teams shall reflect the composition of the students enrolled in that school. No more than two parents on the team may be employees of the school. Parental involvement is a critical component of school success and positive student achievement; therefore, it is the intent of the General Assembly that parents, along with instructional and residential life personnel, have a substantial role in developing school improvement plans. To this end, school improvement team meetings shall be held at a convenient time to assure substantial parent participation. Parents who are elected to serve on school improvement teams and who are not employees of the school shall receive travel and subsistence expenses in accordance with G.S. 138-5 and, if appropriate, may receive a stipend.

All school improvement plans shall be, to the greatest extent possible, data driven. School improvement teams shall use the Education Value Added Assessment System (EVAAS), or a compatible and comparable system approved by the State Board of Education, to analyze student data to identify root causes for problems and to determine actions to address them. School improvement plans shall contain clear, unambiguous targets, explicit indicators and actual measures, and expeditious time frames for meeting the measurement standards.

SECTION 7.3.(b) The strategies for improving student performance shall include the following:

- (1) A plan for the use of staff development funds that may be made available to the school to implement the school improvement plan. The plan may provide that a portion of these funds is used for mentor training and for release time and substitute teachers while teachers are meeting with mentors.
- (2) A plan for preparing students to read at grade level by the time they enter second grade. The plan shall require kindergarten and first grade teachers to notify parents or guardians when a child is not reading at grade level and is at risk of not reading at grade level by the time the child enters second grade.

The plan may include the use of assessments to monitor students' progress in learning to read and strategies for teachers and parents to implement that will help students improve and expand their reading ability, as well as provide for the recognition of teachers and strategies that appear to be effective at preparing students to read at grade level.

- (3) A comprehensive plan to encourage parent involvement.
- (4) A plan designed to provide that the school is safe, secure, and orderly; that there is a climate of respect in the school; and that appropriate personal conduct is a priority for all students and all residential school personnel.
- (5) A plan that specifies the effective instructional practices and methods to be used to improve the academic performance of students identified as at risk of academic failure or at risk of dropping out of school.

SECTION 7.3.(c) Support among affected staff members is essential to successful implementation of a school improvement plan to address improved student performance at that school. The principal of the school shall present the proposed school improvement plan to all of the instructional personnel assigned to the school for their review and vote. The vote shall be by secret ballot. The principal shall submit the school improvement plan to the State Board of Education only if the proposed school improvement plan has the approval of a majority of the instructional personnel who voted on the plan.

SECTION 7.3.(d) The State Board of Education shall accept or reject the school improvement plan within 60 days after the submission plan. If the State Board rejects a school improvement plan, the State Board shall state with specificity the reasons for rejecting the plan to the principal and shall direct that the principal work with the school improvement team to resolve the disagreements. The school improvement team may then prepare another plan, present it to the instructional personnel assigned to the school for a vote, and submit it to the State Board to accept or reject. If there is no resolution within 30 days, then the State Board may develop a school improvement plan for the school; however, the General Assembly urges the State Board to utilize the school's proposed school improvement plan to the maximum extent possible when developing this plan.

SECTION 7.3.(e) A school improvement plan shall remain in effect for no more than three years; however, the school improvement team may amend the plan as often as is necessary or appropriate. If, at any time, any part of a school improvement plan becomes unlawful or the State Board finds that a school improvement plan is impeding student performance at a school, the State Board may vacate the relevant portion of the plan and may direct the school to revise that portion. The procedures set out in this section shall apply to amendments and revisions to school improvement plans.

SECTION 7.3.(f) Any funds the State Board makes available to a school to meet the goals for that school under the ABCs Program and to implement the school improvement plan at that school shall be used in accordance with those goals and the school improvement plan.

SECTION 7.3.(g) The State Board shall develop a list of recommended strategies that it determines to be effective, which building-level committees may use to establish parent involvement programs designed to meet the specific needs of their schools.

SECTION 7.3.(h) Once the plan is developed, the principal shall ensure the plan is available and accessible to parents and the school community.

SCHOOL CALENDAR PILOT PROGRAM

SECTION 7.4. The State Board of Education shall establish a school calendar pilot program in the Wilkes County Schools, the Montgomery County Schools, and the Stanly County Schools. The purpose of the pilot program is to determine whether and to what extent a local school administrative unit can save money during this extreme fiscal crisis by consolidating the school calendar.

Notwithstanding G.S. 115C-84.2(a)(1), the school calendar for the 2012-2013 calendar year for the pilot school systems shall include a minimum of 185 days or 1025 hours of instruction covering at least nine calendar months.

If the local board of education in a pilot school system adds instructional hours to previously scheduled days under this section, the local school administrative unit is deemed to have a minimum of 185 days of instruction, and teachers employed for a 10-month term are

deemed to have been employed for the days being made up and shall be compensated as if they had worked the days being made up.

The State Board of Education shall report to the Joint Legislative Education Oversight Committee by March 15, 2013, on the administration of the pilot program, cost savings realized by it, and its impact on student achievement.

The Department of Public Instruction shall use all receipts generated from these leases to staff and operate the North Carolina School for the Deaf, the Eastern North Carolina School for the Deaf, and the Governor Morehead School. These receipts shall not be used to support administrative functions within the Department.

- (8) "Student reading portfolio" means a compilation of independently produced student work selected by the student's teacher, and signed by the teacher and principal, as an accurate picture of the student's reading ability. The student reading portfolio shall include an organized collection of evidence of the student's mastery of the State's reading standards that are assessed by the State-approved standardized test of reading comprehension administered to third grade students. For each benchmark, there shall be three examples of student work demonstrating mastery by a grade of seventy percent (70%) or above.
- (9) "Summer reading camp" means an additional educational program outside of the instructional calendar provided by the local school administrative unit to any student who does not demonstrate reading proficiency. Difficulty with reading development identified through administration of formative and diagnostic assessments shall be addressed with instructional supports and services. To the greatest extent possible, kindergarten through third grade reading assessments shall yield data that can be used with the Education Value-Added Assessment System (EVAAS), or a compatible and comparable system approved by the State Board of Education, to analyze student data to identify root causes for difficulty with reading development and to determine actions to address them.

(b) Formative and diagnostic assessments and resultant instructional supports and services shall address oral language, phonological and phonemic awareness, phonics, vocabulary, fluency, and comprehension using developmentally appropriate practices.

(c) Local school administrative units are encouraged to partner with community organizations, businesses, and other groups to provide volunteers, mentors, or tutors to assist

The student reading portfolio and review process shall be established by the State Board of Education.
- (5) Students who have (i) received reading intervention and (ii) previously been retained more than once in kindergarten, first, second, or third grades.

(c) The superintendent shall determine whether a student may be exempt from mandatory retention on the basis of a good cause exemption. The following steps shall be taken in making the determination:

- (1) The teacher of a student eligible for a good cause exemption shall submit documentation of the relevant exemption and evidence that promotion of the student is appropriate based on the student's academic record to the principal. Such evidence shall be limited to the student's personal education plan, individual education program, if applicable, alternative assessment, or student reading portfolio.

Written notification shall also include a description of proposed reading interventions that will be provided to the student to remediate identified areas of reading deficiency.

(c) Parents or guardians of students retained under G.S. 115C-83.1G(a) shall receive at least monthly written reports on student progress toward reading proficiency. The evaluation of the student's progress shall be based upon the student's classroom work, observations, tests, assessments, and other relevant information.

 6. One point for each percent of students who graduate within four years of entering high school.
 7. One point for each percent of students who demonstrate workplace readiness on a nationally normed test of workplace readiness.
- (5) In calculating the overall school performance score earned by schools, the State Board of Education shall proportionally adjust the scale to account for the absence of a school performance element for award of scores to a school that does not have a measure of one of the school performance elements annually assessed for the grades taught at that school.

"SECTION 10.59.(c) ~~Notwithstanding any other provision of this section, the Department of Health and Human Services shall review activities and costs related to the provision of care in adult care homes and shall determine what costs may be considered to properly maximize allowable reimbursement available through Medicaid personal care services for adult care homes (ACH PCS) under federal law. As determined, and with any necessary approval from~~

~~the Centers for Medicare and Medicaid Services (CMS), and the approval of the Office of State Budget and Management, the Department may transfer necessary funds from the State County Special Assistance program within the Division of Social Services to the Division of Medical Assistance and may use those funds as State match to draw down federal matching funds to pay for such activities and costs under Medicaid's personal care services for adult care homes (ACH PCS), thus maximizing available federal funds. The established rate for State County Special Assistance set forth in subsections (b) and (c) of this section shall be adjusted by the Department to reflect any transfer of funds from the Division of Social Services to the Division of Medical Assistance and related transfer costs and responsibilities from State County Special Assistance to the Medicaid personal care services for adult care homes (ACH PCS). Subject to approval by the Centers for Medicare and Medicaid Services (CMS) and prior to implementing this section, the Department may disregard a limited amount of income for individuals whose countable income exceeds the adjusted State County Special Assistance rate. The amount of the disregard shall not exceed the difference between the Special Assistance rate prior to the adjustment and the Special Assistance rate after the adjustment and shall be used to pay a portion of the cost of the ACH PCS and reduce the Medicaid payment for the individual's personal care services provided in an adult care home. In no event shall the reimbursement for services through the ACH PCS exceed the average cost of the services as determined by the Department from review of cost reports as required and submitted by adult care homes. The Department shall report any transfers of funds and modifications of rates to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.~~

~~"SECTION 10.59.(d) The Department of Health and Human Services shall recommend rates for State County Special Assistance and for Adult Care Home Personal Care Services. The Department may recommend rates based on appropriate cost methodology and cost reports submitted by adult care homes that receive State County Special Assistance funds and shall ensure that cost reporting is done for State County Special Assistance and Adult Care Home Personal Care Services to the same standards as apply to other residential service providers."~~

~~SECTION 10.23.(h) This section becomes effective February 15, 2013.~~

If the State executes an agreement with the U.S. Department of Justice (USDOJ) in response to the USDOJ findings dated July 28, 2011, or implements a plan in response to the USDOJ findings, these funds shall be used to implement the requirements of the first year of the agreement or the plan. In the event such an agreement is reached, a recurring appropriation will be necessary to fully implement it. The Department may issue temporary rules to implement this subsection.

SECTION 10.23A.(f) Of the amount appropriated to the Fund established in subsection (d) of this section, the sum of thirty-nine million seven hundred thousand dollars (\$39,700,000) is designated for implementation of the State's plan to provide temporary, short-term assistance to adult care homes as they transition into the State's Transitions to Community Living Initiative. The General Assembly recognizes that while transformation of the system is being undertaken, adult care homes provide stable and safe housing and care to many of North Carolina's frail and elderly population, and it is necessary during this time of transition and transformation of the statewide system that the industry remain able to provide such care.

Upon certification by the Department of Health and Human Services, in consultation with a local adult care home resident discharge team, as defined in G.S. 131D-2.1(3a), that a resident who is no longer eligible to receive Medicaid reimbursable assistance and for whom a community placement has not yet been arranged cannot be safely and timely discharged into the community, the Department may make a monthly payment to the adult care home to support the facility's continuing provision of services to the resident. The monthly payment provided by the Department to an adult care home pursuant to this subsection shall not exceed six hundred ninety-four dollars (\$694) per month per resident for a period not to exceed three months for each resident. At the expiration of this three-month period, the monthly payment shall be reduced by twenty-five percent (25%) and shall not exceed five hundred twenty dollars and fifty cents (\$520.50) per month per resident. Upon implementation of the home-and community-based services program for elderly individuals typically served in special care or memory care units, to be developed by the Department under Medicaid State Plan 1915(i) authority pursuant to Section 10.9E of this act, the Department shall terminate all monthly payments pursuant to this subsection for continuing services provided to residents of special care or memory care units. The Department shall terminate all monthly payments pursuant to this subsection on June 30, 2013. Notwithstanding any other provision of this subsection, the Department is prohibited from making any monthly payments under this subsection to an adult care home for services provided to any resident during the pendency of an appeal by or on behalf of the resident under G.S. 108A-70.9A.

The Department of Health and Human Services shall administer these funds but may, as needed, contract with a vendor for administration.

SECTION 10.23A.(g) The Department shall report its progress in complying with subsection (e) of this section to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division no later than January 2, 2013, and submit a final report no later than April 1, 2013.

SECTION 10.23A.(h) The Commission shall issue an interim report by October 1, 2012, and a final plan to the 2013 General Assembly no later than February 1, 2013, at which time the Commission shall expire.

SECTION 10.23A.(i) Subsection (f) of this section expires on June 30, 2013, and any unobligated funds designated for the purposes of that subsection shall revert to the Transitions to Community Living Fund established in subsection (d) of this section.

- (2) A delineation of the proposed State and local administrative expenditures.
- (3) An identification of all new positions to be established through the Block Grant, including permanent, temporary, and time-limited positions.

In allocating an increase in federal fund availability, the Office of State Budget and Management shall not approve funding for new programs or activities not appropriated in this section.

If the Congress of the United States decreases the federal fund availability for any of the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall develop a plan to adjust the block grants based on reduced federal funding.

Notwithstanding the provisions of this subsection, for the 2012-2013 fiscal year, increases in the federal fund availability for the Temporary Assistance to Needy Families (TANF) Block Grant shall be used for the North Carolina Child Care Subsidy program to pay for child care in four- or five-star rated facilities for four-year-old children.

Prior to allocating the change in federal fund availability, the proposed allocation must be approved by the Office of State Budget and Management. If the Department adjusts the allocation of any Block Grant due to changes in federal fund availability, then a report shall be made to the Joint Legislative Commission on Governmental Operations, the House of

Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

SECTION 10.25.(d) Appropriations from federal Block Grant funds are made for the fiscal year ending June 30, 2013, according to the schedule enacted for State fiscal year 2012-2013 or until a new schedule is enacted by the General Assembly.
