

**GENERAL ASSEMBLY OF NORTH CAROLINA
SESSION 2015**

**SESSION LAW 2015-9
HOUSE BILL 364**

**AN ACT TO CLARIFY THE CONFLICT OF INTEREST PROVISIONS FOR CERTAIN
COMMISSIONS AND TO MODIFY APPOINTMENTS TO SEVERAL STATE
BOARDS AND COMMISSIONS.**

Whereas, the Environmental Management Commission was established by Section 19 of S.L. 1973-1262, effective July 1, 1974; and

Whereas, as provided in G.S. 143B-282(a), the Environmental Management Commission was established with the power and duty to promulgate rules for the protection, preservation, and enhancement of the water and air resources of the State; and

Whereas, the membership of the Environmental Management Commission was established by Section 20 of S.L. 1973-1262; and

Whereas, subdivision (9) of subsection (a) of Section 20 of S.L. 1973-1262 provided, "The Governor, by executive order, shall promulgate criteria for determining the eligibility of persons under this section and for this purpose, may promulgate the rules, regulations or guidelines established by any federal agency interpreting and applying equivalent provisions of law."; and

Whereas, Section 5 of S.L. 1979-1158 amended the provision enacted by subdivision (9) of subsection (a) of Section 20 of S.L. 1973-1262 to also provide, "The Governor shall require adequate disclosure of potential conflicts of interest by members. The Governor, by executive order, shall promulgate criteria regarding conflicts of interest and disclosure thereof for determining the eligibility of persons under this section, giving due regard to the requirements of federal legislation, and for this purpose may promulgate rules, regulations or guidelines in conformance with those established by any federal agency interpreting and applying provisions of federal law."; and

Whereas, the provision enacted by subdivision (9) of subsection (a) of Section 20 of S.L. 1973-1262, as subsequently amended, currently provides in G.S. 143B-283(c), "The Governor shall require adequate disclosure of potential conflicts of interest by members. The Governor, by executive order, shall promulgate criteria regarding conflicts of interest and disclosure thereof for determining the eligibility of persons under this subsection, giving due regard to the requirements of federal legislation, and for this purpose may promulgate rules, regulations or guidelines in conformance with those established by any federal agency interpreting and applying provisions of federal law."; and

Whereas, the Coastal Resources Commission was established by Section 1 of S.L. 1973-1284, effective July 1, 1974; and

Whereas, the Coastal Resources Commission was established to implement the Coastal Area Management Act of 1974; and

Whereas, as provided in G.S. 113A-102(b), the goals of the Coastal Area Management Act include management of the natural coastal systems in order to protect and maintain their natural productivity and their biological, economic, and esthetic values and management of development and preservation of the land and water resources of the coastal area in a manner consistent with the capability of the land and water for development, use, or preservation based on ecological considerations; and

Whereas, the membership of the Coastal Resources Commission was established by Section 1 of S.L. 1973-1284; and

Whereas, Section 1 of S.L. 1989-505 amended the membership provisions established by Section 1 of S.L. 1973-1284 to provide, "The Governor shall require adequate disclosure of potential conflicts of interest by members. The Governor, by executive order, shall promulgate criteria regarding conflicts of interest and disclosure thereof for determining the eligibility of persons under this section."; and

Whereas, the provision enacted by Section 1 of S.L. 1973-1284, as subsequently amended, currently provides, "The Governor shall require adequate disclosure of potential conflicts of interest by these members. The Governor, by executive order, shall promulgate criteria regarding conflicts of interest and disclosure thereof for determining the eligibility of persons under this subsection."; and

Whereas, the Coal Ash Management Commission was established by Section 3.(a) of S.L. 2014-122, effective September 20, 2014; and

Whereas, as provided in G.S. 130A-309.202(a), the Coal Ash Management Commission was established in recognition of the complexity and magnitude of the issues associated with the management of coal combustion residuals and the proper closure and remediation of coal combustion residuals surface impoundments; and

Whereas, as provided in G.S. 130A-309.213(c), the Coal Ash Management Commission must evaluate all information submitted in accordance with the Coal Ash Management Act related to the proposed classifications of coal combustion residuals surface impoundments and may only approve a proposed classification if it determines that the classification was developed in accordance with the Coal Ash Management Act and that the classification accurately reflects the level of risk posed by the coal combustion residuals surface impoundment; and

Whereas, as provided in G.S. 130A-309.214(d), the Coal Ash Management Commission must approve a Closure Plan if it determines that the Closure Plan was developed in accordance with the Coal Ash Management Act, that implementation of the Closure Plan according to the Closure Plan's schedule is technologically and economically feasible, and the Closure Plan is protective of the public health, safety, and welfare; the environment; and natural resources. In addition, the Commission may consider any impact on electricity costs and reliability, but this factor may not be dispositive of the Commission's determination; and

Whereas, like the Environmental Management Commission and the Coastal Resources Commission, the Coal Ash Management Commission was established to evaluate complex issues related to the risks posed by environmental contaminants and ensure that the actions taken to manage environmental contaminants are protective of the public health, safety, and welfare; the environment; and natural resources; and

Whereas, due to the similar powers and duties shared by the Coal Ash Management Commission with the Environmental Management Commission and the Coastal Resources Commission, the General Assembly modelled many of the provisions establishing the Coal Ash Management Commission on provisions establishing the Environmental Management Commission and the Coastal Resources Commission; and

Whereas, the General Assembly modelled the conflict of interest and disclosure provision of the Coal Ash Management Commission found in G.S. 130A-309.202(j) on the long-standing and unchallenged conflict of interest and disclosure provisions of the Environmental Management Commission and the Coastal Resources Commission; and

Whereas, although the General Assembly finds that measures to prevent conflicts of interest for public servants and to provide abundant disclosure to prevent the appearance of conflicts of interest are of the utmost public good, the General Assembly finds that implementing such measures through issuance of an Executive Order by the Governor is unnecessary and that the Governor may determine that such additional measures are not necessary given the protections provided under Chapter 138A of the General Statutes, the State Government Ethics Act; and

Whereas, the holding of the North Carolina Supreme Court in *Wallace v. Bone*, 304 N.C. 591 (1982), prohibits legislators from serving on certain boards; and

Whereas, since *Wallace v. Bone*, the General Assembly has periodically enacted legislation removing legislators from serving in such capacities when those instances arise; and

Whereas, the General Assembly has determined that legislators are not eligible to serve on certain existing boards and commissions; Now, therefore,

The General Assembly of North Carolina enacts:

PART I. CLARIFY CONFLICT OF INTEREST PROVISIONS

SECTION 1.1. G.S. 130A-309.202 reads as rewritten:
