subject to conditions applicable to the parent, guardian, or custodian or the juvenile as the judge may specify; or

Upon request of a parent, guardian, or custodian of the affected juvenile, the results or records of the aforementioned evaluations, findings, or treatment shall be made available to the parent, guardian, or custodian by the director unless prohibited by G.S. 122C-53(d).

SECTION 16D.4.(h) G.S. 7B-2507 reads as rewritten:

"**§ 7B-2507. Delinquency history levels.**

(a) Generally. – The delinquency history level for a delinquent juvenile is determined by calculating the sum of the points assigned to each of the juvenile's prior adjudications or convictions and to the juvenile's probation status, if any, that the court finds to have been

proved in accordance with this section. For the purposes of this section, a prior adjudication is an adjudication of an offense that occurs before the adjudication of the offense before the court.

(b) Points. – Points are assigned as follows:

(1) For each prior adjudication of a Class A through E felony offense, 4 points.

(2) For each prior adjudication of a Class F through I felony offense or Class A1 misdemeanor offense, 2 points.

(2a) For each prior conviction of a Class A through E felony offense, 4 points.

(2b) For each prior conviction of a Class F through I felony or Class A1 misdemeanor offense, excluding conviction of the motor vehicle laws, 2 points.

(2c) For each prior misdemeanor conviction of impaired driving (G.S. 20-138.1), impaired driving in a commercial vehicle (G.S. 20-138.2), and misdemeanor death by vehicle (G.S. 20-141.4(a2)), 2 points.

(3) For each prior adjudication of a Class 1, 2, or 3 misdemeanor offense, 1 point.

(3a) For each prior conviction of a Class 1, 2, or 3 misdemeanor offense, excluding conviction for violation of the motor vehicle laws, 1 point.

(4) If the juvenile was on probation at the time of offense, 2 points.

No points shall be assigned for a prior adjudication that a juvenile is in direct contempt of court or indirect contempt of court.

(c) Delinquency History Levels. – The delinquency history levels are:

(1) Low – No more than 1 point.

(2) Medium – At least 2, but not more than 3 points.

(3) High – At least 4 points.

In determining the delinquency history level, the classification of a prior offense is the classification assigned to that offense at the time the juvenile committed the offense for which disposition is being ordered.

(d) Multiple Prior Adjudications or Convictions Obtained in One Court Session. – For purposes of determining the delinquency history level, if a juvenile is adjudicated delinquent or convicted for more than one offense in a single session of district ~~court,~~court or more than one offense in a single superior court during one calendar week, only the adjudication or conviction for the offense with the highest point total is used.

(e) Classification of Prior Adjudications or Convictions From Other Jurisdictions. – Except as otherwise provided in this subsection, an adjudication or conviction occurring in a jurisdiction other than North Carolina is classified as a Class I felony if the jurisdiction in which the offense occurred classifies the offense as a felony, or is classified as a Class 3 misdemeanor if the jurisdiction in which the offense occurred classifies the offense as a misdemeanor. If the juvenile proves by the preponderance of the evidence that an offense classified as a felony in the other jurisdiction is substantially similar to an offense that is a misdemeanor in North Carolina, the adjudication or conviction is treated as that class of misdemeanor for assigning delinquency history level points. If the State proves by the preponderance of the evidence that an offense classified as either a misdemeanor or a felony in the other jurisdiction is substantially similar to an offense in North Carolina that is classified as a Class I felony or higher, the adjudication or conviction is treated as that class of felony for assigning delinquency history level points. If the State proves by the preponderance of the evidence that an offense classified as a misdemeanor in the other jurisdiction is substantially similar to an offense classified as a Class A1 misdemeanor in North Carolina, the adjudication or conviction is treated as a Class A1 misdemeanor for assigning delinquency history level points.

(f) Proof of Prior ~~Adjudications.~~Adjudications or Convictions. – A prior adjudication or conviction shall be proved by any of the following methods:

(1) Stipulation of the parties.

(2) An original or copy of the court record of the prior ~~adjudication.~~adjudication or conviction.

(3) A copy of records maintained by the Department of Public Safety or by the Division.

(4) Any other method found by the court to be reliable.

The State bears the burden of proving, by a preponderance of the evidence, that a prior adjudication or conviction exists and that the juvenile before the court is the same person as the juvenile named in the prior ~~adjudication.~~adjudication or conviction. The original or a copy of the court records or a copy of the records maintained by the Department of Public Safety or of the Division, bearing the same name as that by which the juvenile is charged, is prima facie evidence that the juvenile named is the same person as the juvenile before the court, and that the facts set out in the record are true. For purposes of this subsection, "a copy" includes a paper writing containing a reproduction of a record maintained electronically on a computer or other data processing equipment, and a document produced by a facsimile machine. The prosecutor shall make all feasible efforts to obtain and present to the court the juvenile's full record. Evidence presented by either party at trial may be utilized to prove prior ~~adjudications.~~adjudications or convictions. If asked by the juvenile, the prosecutor shall furnish the juvenile's prior adjudications or convictions to the juvenile within a reasonable time sufficient to allow the juvenile to determine if the record available to the prosecutor is accurate."

SECTION 16D.4.(i) G.S. 7B-2513(a) reads as rewritten:

"**§ 136-12.3. Outsourcing and project delivery reports.**

(a) Intent. – It is the intent of the General Assembly to take all steps necessary to assist the Department of Transportation in accelerating project delivery and reducing costs incurred by the State. Further, the General Assembly encourages each Highway Division to increase its outsourcing of preconstruction activities to private contractors to sixty percent (60%) of the total cost of preconstruction activities performed by the Highway Division, with the belief that increased outsourcing will also assist in achieving this intent. Therefore, in order to assess the results from shifting project control and increasing the use of outsourcing, and to determine what adjustments may be necessary to improve upon the results, the General Assembly finds that reports are necessary to collect baseline data to establish appropriate targets.

(b) Outsourcing Report. – For each Highway Division, the Department shall provide a detailed biannual report on all payments made to private contractors for preconstruction activities. In order to compare internal costs incurred with payments made to private contractors, and except as otherwise provided in this subsection, the Department shall include project-specific expenses incurred by division, regional, or central staff. The Department shall not include expenses incurred for central business units that support and oversee outsourcing functions. The information in the first report submitted under this subsection shall be used to establish a baseline to use for setting future preconstruction outsourcing targets. The Department shall submit the reports required under this subsection to the Joint Legislative Transportation Oversight Committee by September 1 and March 1 of each year.

(c) Project Delivery Report. – For each Highway Division, the Department shall provide a detailed annual report in accordance with the following requirements:

(1) The report shall detail the progress of the following types of projects in the State Transportation Improvement Program current for the period covered by the report:
   a. Bridge projects with a cost in excess of ten million dollars ($10,000,000).

   c. Rural highway projects.
   d. Urban highway projects.

(2) For each project, the report shall indicate the status of all of the following phases:
   a. Planning a design in progress.
   b. Right-of-way acquisition in progress.
   c. Project let for construction.
   d. Construction substantially complete and traffic using facility.

(3) For each project, and as applicable, the report shall include an indication and explanation for project stages that are delayed during the period covered by the report and the delay has been for more than one year.

(4) For each project, the report shall include the planned and actual completion date for any required environmental documentation.

(5) The Department shall submit the report required under this subsection to the Joint Legislative Transportation Oversight Committee by March 1 of each year.

(d) Combined Report. – The Department may combine the reports required to be submitted by March 1 under subsections (b) and (c) of this section into a single report.

(e) Consultation Required. – If a Highway Division fails to meet the established preconstruction outsourcing target in two consecutive reports submitted under subsection (b) of this section, or if a report submitted under subsection (c) of this section identifies a Highway Division as having three or more project stages delayed for more than one year, the Division Engineer of the Highway Division identified in the report shall consult with the Joint Legislative Transportation Oversight Committee. The Division Engineer shall submit a request for consultation to (i) all members of the Committee, (ii) the chairs of the House of Representatives Appropriations Committee on Transportation if the General Assembly is in session at the time consultation is required under this subsection, (iii) the chairs of the Senate Appropriations Committee on the Department of Transportation if the General Assembly is in session at the time consultation is required under this subsection, and (iv) the Fiscal Research Division of the General Assembly. The study shall identify the service performed, the amount of the fee that was or could have been charged, the cost incurred by the Department of Transportation from performing the service, and, if applicable, the reason for not charging the fee.

In forming the baseline unit prices and

future targets, the Department shall collect data from each Highway Division on its expenditures on transportation goods during the 2015-2016 fiscal year. Beginning January 1, 2016, no Highway Division shall exceed a ten percent (10%) variance over a baseline unit price set for that year in accordance with this subdivision. The Department of Transportation shall institute quarterly tracking to monitor pricing variances. The ten percent (10%) maximum variance set under this subdivision is intended to account for regional differences requiring varying product mixes. If a Highway Division exceeds the unit pricing threshold, the Department shall report to the Joint Legislative Transportation Oversight Committee, the Fiscal Research Division of the General Assembly, the chairs of the House of Representatives Appropriations Committee on Transportation, and the chairs of the Senate Appropriations Committee on the Department of Transportation no later than the fifteenth day following the end of the quarter on why the variance occurred and what steps are being taken to bring the Highway Division back into compliance. SECTION 38.8.(e) Sales of mill machinery to manufacturers and certain industrial processors have historically enjoyed preferential tax treatment, whether in the form of a reduced wholesale tax, a preferential rate of sales and use tax, or a one-percent (1%) privilege tax with an eighty-dollar ($80.00) cap per article. Despite the nature of the tax, the operational language has remained virtually unchanged for over 60 years and lacks clear guidance with regard to its application. Specifically, Article 5F of Chapter 105 of the General Statutes, and its predecessors, did not define "manufacturing industry or plant" or "mill machinery." This lack of guidance has resulted in a substantial body of administrative interpretation being developed over the years by the Department of Revenue. These interpretations are not included in the statutes and may not necessarily comport with the traditional definition of manufacturing, but

they may be consistent with the General Assembly's intent to provide preferential tax treatment to certain industrial equipment.

This act repeals the one-percent (1%) privilege tax on mill machinery and mill machinery parts and accessories and substitutes a sales and use tax exemption for the items. However, the General Assembly recognizes that, once this transition has occurred, efforts need to be made to provide more guidance and specificity to taxpayers and the Department of Revenue with respect to the treatment of manufacturing and industrial processing equipment. Therefore, the Revenue Laws Study Committee is directed to study ways in which to clarify the scope of the sales and use tax exemption for mill machinery, as enacted by this act, by modernizing and further defining the statutory language and by incorporating existing administrative interpretations of the Department of Revenue, to the extent the General Assembly desires to maintain those interpretations.

The Committee may report its findings, together with any recommended legislation, to the 2018 Regular Session of the 2017 General Assembly upon its convening. The study may include an examination of the following:

(1) The criteria that had to be met under prior law to qualify for the preferential rate under Article 5F of Chapter 105 of the General Statutes and whether that criteria should be incorporated into or otherwise clarified in the corresponding sales and use tax exemption, as enacted by this act, including the following:
   a. What constitutes an eligible manufacturer or industrial processor.
   b. The extent to which a business's activities must consist of manufacturing or processing items for sale in order for the sales and use tax exemption, as enacted by this act, to apply.
   c. The types of activities that qualify as manufacturing or industrial processing.
   d. The types of machinery, parts, accessories, and other supplies that are eligible for the exemption and the degree to which they must be used in that process to qualify.

(2) A review of the Department's administrative interpretations of the mill machinery statute, in all its forms, and whether and how to incorporate those interpretations into the statutes.

(3) Terminology used by surrounding states in their statutory provisions that provide a sales and use tax exemption for manufacturing equipment.

(4) Any other issues the Committee deems relevant.

SECTION 38.8.(f) Subsections (a), (b), (c), and (d) of this section become effective July 1, 2018, and apply to sales made on or after that date. The remainder of this section is effective when it becomes law.

placed into service and maintain that minimum level of employment throughout its operation."

SECTION 38.9.(b) G.S. 105-164.13 is amended by adding a new subdivision to read:

a. Is sold to a large fulfillment facility.

b. Is used at the facility in the distribution process, which includes receiving, inventorying, sorting, repackaging, or distributing finished retail products.

c. Is not electricity.

If the level of investment or employment required by G.S. 105-164.3(16f)b. is not timely made, achieved, or maintained, then the exemption provided under this subdivision is forfeited. If the exemption is forfeited due to a failure to timely make the required investment or to timely achieve the minimum required employment level, then the exemption provided under this subdivision is forfeited on all purchases. If the exemption is forfeited due to a failure to maintain the minimum required employment level once that level has been achieved, then the exemption provided under this subdivision is forfeited for those purchases occurring on or after the date the taxpayer fails to maintain the minimum required employment level. A taxpayer that forfeits an exemption under this subdivision is liable for all past sales and use taxes avoided as a result of the forfeiture, computed at the applicable State and local rates from the date the taxes would otherwise have been due, plus interest at the rate established under G.S. 105-241.21. Interest is computed from the date the sales or use tax would otherwise have been due. The past taxes and interest are due 30 days after the date of forfeiture. A taxpayer that fails to pay the past taxes and interest by the due date is subject to the provisions of G.S. 105-236."

Liability incurred indirectly by the owner for sales and use taxes on these items is considered tax paid by the owner."

SECTION 38.9A.(b) This section becomes effective July 1, 2017, and applies to purchases made on or after that date.

RENEWABLE ENERGY TAX CREDIT EXTENSION

SECTION 38.13. G.S. 105-129.16A reads as rewritten:

(2) A petition requesting creation of a district signed by fifteen percent (15%) of the resident freeholders living in an area in the county. The petition must describe the area to be designated as the district.

"**Section 1.(b)** Creation of Fee-Supported District. – Upon receipt of a request as provided in subsection (a), the county may adopt a resolution establishing a fee-supported fire district and imposing annual fees for the provision of fire protection services within the district. The district may not include any area that is within (i) a tax-supported fire district established under Article 3A of Chapter 69 of the General Statutes; (ii) a county service district established under Article 16 of Chapter 153A of the General Statutes for fire protection purposes; or (iii) another fee-supported fire district. The district may not include any area that is within the corporate limits of a municipality unless the governing body of the municipality agrees to the inclusion. The independent accountant must be approved in advance by the County Finance Officer. The fire department is to submit all invoices, cash receipts, bank statements with canceled checks or facsimiles, check registers or stubs, and other financial source documents to the accountant within 15 days of the end of each fiscal quarter. The accountant is to provide a monthly bank reconciliation for each month of the quarter, an itemized schedule of all disbursements for the quarter, and an itemized schedule of cash receipts for the quarter, a quarterly financial report, and a year-to-date financial report directly to the County ~~Fire Marshal's office~~Manager within 45 days of the end of each fiscal quarter. Towns will handle all financing and accounts that are spent for the town fire departments. The Town will follow all accounting principles and practices as required by the State of North Carolina. The Treasurer of any fee-supported department shall be bonded for at least one and one-half times the department's annual budget. Any fees collected by the county to be disbursed to a fee-supported department will be withheld until all fiscal issues are resolved to the satisfaction of the County Finance Officer.

"**Section 1.(g)** Extension of Area of District. – The county may by resolution annex to any fee-supported fire district any territory that it could include in a new district under subsection (c) of this section, upon finding that:

(1) The area to be annexed is contiguous to the district, with at least one-eighth of the area's aggregate external boundary coincident with the existing boundary of the district; and

(2) The area to be annexed requires the services of the district.

The county may also by resolution annex to any fee-supported fire district any territory it could include in a new district under subsection (c) of this section if seventy-five percent (75%)

of the real property owners in the territory to be annexed have petitioned the board of commissioners for annexation to the service district.

The area of any fee-supported fire district may be increased by including within the boundaries of the district any adjoining territory lying within a municipality if the territory is not already included in another fire protection district, and both the municipal governing body and the county commissioners of the county in which the district is located agree by resolution to the inclusion. However, it is not necessary to obtain the consent of a municipality if the municipality has not levied a tax, performed any official act, nor held any elections within a period of 10 years preceding the adoption of the resolution including the area within the district.

"**Section 1.(h)** Annexation of District. – When any portion of a fee-supported fire district has been annexed by a municipality furnishing fire protection to its citizens, and the municipality has not agreed to allow territory within it to be in the district, then the portion of the district annexed is no longer part of a fee-supported district. For the purposes of this section and regardless of the actual effective date of annexation, the date of annexation shall be considered to be a date in the month of June. When any portion of a fee-supported fire district is annexed by a municipality furnishing fire protection to its citizens, there is debt associated with the prior fee-supported district providing the fire protection to that area, an assumption of debt shall be paid to the fee-supported district at a rate of not less than one-half the fees that are collected from the annexed area for a period of not less than three years. This shall in no way limit or restrict a municipality from contracting with a fee-supported district to provide fire protection services nor shall it require a fee-supported district to provide fire protection services without an additional contract.

"**Section 1.(i)** Abolition of District. – Upon finding that there is no longer a need for a given fee-supported fire district, the board of commissioners may repeal the resolution establishing the district and thus abolish the district.

"**Section 1.(j)** Administrative Oversight. – Each nonmunicipal department shall bring any purchase in excess of ten thousand dollars ($10,000) for approval to a fire protection oversight board that is determined by the board of commissioners of the county and is chaired by the Emergency Services Director or his designee. Failure to adhere to the recommendations of the committee could lead to forfeiture of collected fees. All departments that receive funding from a fee-supported district shall participate in countywide strategic planning sessions conducted by the emergency services office no less than once a year.

"**Section 1.(k)** Collection Remedies. – A county may ~~foreclose fire fee liens~~ collect any delinquent fire fees, existing either before or after the effective date of this act, under any procedure provided by law for the ~~foreclosure~~ collection of property tax liens, including attachment, garnishment, and foreclosure, except that: (i) lien sales and lien sale certificates are not required, and (ii) foreclosure may be begun at any time after 30 days after the due date. The county is not entitled to a deficiency judgment in an action to foreclose a fire fee lien. The lien of fire fees is inferior to all prior and subsequent liens for State, local, and federal taxes, and superior to all other liens."

SECTION 2. This act applies to Brunswick County only.

SECTION 3. This act is effective when it becomes law.

b. The conviction occurs after the date of the offense for which the defendant is presently being sentenced, but prior to or contemporaneously with the present sentencing; or

c. The conviction occurred in district court; the case was appealed to superior court; the appeal has been withdrawn, or the case has been remanded back to district court; and a new sentencing hearing has not been held pursuant to G.S. 20-38.7.

Each prior conviction is a separate grossly aggravating factor.

(2) Driving by the defendant at the time of the offense while ~~his~~ the defendant's driver's license was revoked pursuant to G.S. 20-28(a1).

(3) Serious injury to another person caused by the defendant's impaired driving at the time of the offense.

In imposing an Aggravated Level One, a Level One, or a Level Two punishment, the judge may consider the aggravating and mitigating factors in subsections (d) and (e) of this section in determining the appropriate sentence. If there are no grossly aggravating factors in the case, the judge must weigh all aggravating and mitigating factors and impose punishment as required by subsection ~~(f).~~(f) of this section.

…

(d) Aggravating Factors to Be Weighed. – The judge, or the jury in superior court, shall determine before sentencing under subsection (f) of this section whether any of the aggravating factors listed below apply to the defendant. The judge shall weigh the seriousness of each aggravating factor in the light of the particular circumstances of the case. The factors are:

(1) Gross impairment of the defendant's faculties while driving or an alcohol concentration of 0.15 or more within a relevant time after the driving. For purposes of this subdivision, the results of a chemical analysis presented at trial or sentencing shall be sufficient to prove the person's alcohol concentration, shall be conclusive, and shall not be subject to modification by any party, with or without approval by the court.

(2) Especially reckless or dangerous driving.

(3) Negligent driving that led to a reportable accident.

(4) Driving by the defendant while ~~his~~ the defendant's driver's license was revoked.

(5) Two or more prior convictions of a motor vehicle offense not involving impaired driving for which at least three points are assigned under G.S. 20-16 or for which the convicted person's license is subject to revocation, if the convictions occurred within five years of the date of the offense for which the defendant is being sentenced, or one or more prior convictions of an offense involving impaired driving that occurred more than seven years before the date of the offense for which the defendant is being sentenced.

(6) Conviction under G.S. 20-141.5 of speeding by the defendant while fleeing or attempting to elude apprehension.

(7) Conviction under G.S. 20-141 of speeding by the defendant by at least 30 miles per hour over the legal limit.

(8) Passing a stopped school bus in violation of G.S. 20-217.

(9) Any other factor that aggravates the seriousness of the offense.

Except for the factor in subdivision (5) of this subsection the conduct constituting the aggravating factor shall occur during the same transaction or occurrence as the impaired driving offense.

(e) Mitigating Factors to Be Weighed. – The judge shall also determine before sentencing under subsection (f) of this section whether any of the mitigating factors listed below apply to the defendant. The judge shall weigh the degree of mitigation of each factor in light of the particular circumstances of the case. The factors are:

(1) Slight impairment of the defendant's faculties resulting solely from alcohol, and an alcohol concentration that did not exceed 0.09 at any relevant time after the driving.

(2) Slight impairment of the defendant's faculties, resulting solely from alcohol, with no chemical analysis having been available to the defendant.

(3) Driving at the time of the offense that was safe and lawful except for the impairment of the defendant's faculties.

(4) A safe driving record, with the defendant's having no conviction for any motor vehicle offense for which at least four points are assigned under G.S. 20-16 or for which the person's license is subject to revocation within five years of the date of the offense for which the defendant is being sentenced.

(5) Impairment of the defendant's faculties caused primarily by a lawfully prescribed drug for an existing medical condition, and the amount of the drug taken was within the prescribed dosage.

(6) The defendant's voluntary submission to a mental health facility for assessment after ~~he was~~ being charged with the impaired driving offense for which ~~he~~ the defendant is being sentenced, and, if recommended by the facility, ~~his~~ voluntary participation in the recommended treatment.

(6a) Completion of a substance abuse assessment, compliance with its recommendations, and simultaneously maintaining 60 days of continuous abstinence from alcohol consumption, as proven by a continuous alcohol monitoring system. The continuous alcohol monitoring system shall be of a type approved by the Division of Adult Correction of the Department of Public Safety.

(7) Any other factor that mitigates the seriousness of the offense.

Except for the factors in subdivisions (4), (6), (6a), and ~~(7),~~ (7) of this subsection, the conduct constituting the mitigating factor shall occur during the same transaction or occurrence as the impaired driving offense.

(f) Weighing the Aggravating and Mitigating Factors. – If the judge or the jury in the sentencing hearing determines that there are no grossly aggravating factors, the judge shall weigh all aggravating and mitigating factors listed in subsections (d) and ~~(e).~~ (e) of this section. If the judge determines that:

(1) The aggravating factors substantially outweigh any mitigating factors, the judge shall note in the judgment the factors found and ~~his~~ the judge's finding that the defendant is subject to the Level Three punishment and impose a punishment within the limits defined in subsection ~~(i).~~(i) of this section.

(2) There are no aggravating and mitigating factors, or that aggravating factors are substantially counterbalanced by mitigating factors, the judge shall note in the judgment any factors found and the finding that the defendant is

subject to the Level Four punishment and impose a punishment within the limits defined in subsection ~~(j).~~(j) of this section.

(3) The mitigating factors substantially outweigh any aggravating factors, the judge shall note in the judgment the factors found and ~~his~~ the judge's finding that the defendant is subject to the Level Five punishment and impose a punishment within the limits defined in subsection ~~(k).~~(k) of this section.

It is not a mitigating factor that the driver of the vehicle was suffering from alcoholism, drug addiction, diminished capacity, or mental disease or defect. Evidence of these matters may be received in the sentencing hearing, however, for use by the judge in formulating terms and conditions of sentence after determining which punishment level shall be imposed.

…

(f2) Limit on Consolidation of Judgments. – Except as provided in subsection ~~(f1),~~ (f1) of this section, in each charge of impaired driving for which there is a conviction the judge shall determine if the sentencing factors described in subsections (c), (d) and (e) of this section are applicable unless the impaired driving charge is consolidated with a charge carrying a greater punishment. Two or more impaired driving charges may not be consolidated for judgment.

(f3) Aggravated Level One Punishment. – A defendant subject to Aggravated Level One punishment may be fined up to ten thousand dollars ($10,000) and shall be sentenced to a term of imprisonment that includes a minimum term of not less than 12 months and a maximum term of not more than 36 months. Notwithstanding G.S. 15A-1371, a defendant sentenced to a term of imprisonment pursuant to this subsection shall not be eligible for parole. However, the defendant shall be released from the Statewide Misdemeanant Confinement Program on the date equivalent to the defendant's maximum imposed term of imprisonment less four months and shall be supervised by the Section of Community Supervision of the Division of Adult Correction under and subject to the provisions of Article 84A of Chapter 15A of the General Statutes and shall also be required to abstain from alcohol consumption for the four-month period of supervision as verified by a continuous alcohol monitoring system. For purposes of revocation, violation of the requirement to abstain from alcohol or comply with the use of a continuous alcohol monitoring system shall be deemed a controlling condition under G.S. 15A-1368.4.

The term of imprisonment may be suspended only if a condition of special probation is imposed to require the defendant to serve a term of imprisonment of at least 120 days. If the defendant is placed on probation, the judge shall impose as requirements that the defendant (i) abstain from alcohol consumption for a minimum of 120 days to a maximum of the term of probation, as verified by a continuous alcohol monitoring system pursuant to ~~subsections (h1) and (h3)~~ subsection (h1) of this section, and (ii) obtain a substance abuse assessment and the education or treatment required by G.S. 20-17.6 for the restoration of a drivers license and as a condition of probation. The judge may impose any other lawful condition of probation.

…

(h1) Alcohol Abstinence as Condition of Probation for Level One and Level Two Punishments. – The judge may impose, as a condition of probation for defendants subject to Level One or Level Two punishments, that the defendant abstain from alcohol consumption for a minimum of 30 days, to a maximum of the term of probation, as verified by a continuous alcohol monitoring system. The defendant's abstinence from alcohol shall be verified by a continuous alcohol monitoring system of a type approved by the Division of Adult Correction of the Department of Public Safety.

…

(k) Level Five Punishment. – A defendant subject to Level Five punishment may be fined up to two hundred dollars ($200.00) and shall be sentenced to a term of imprisonment that includes a minimum term of not less than 24 hours and a maximum term of not more than 60 days. The term of imprisonment may be suspended. However, the suspended sentence shall include the condition that the defendant:

(1) Be imprisoned for a term of 24 hours as a condition of special probation; or
(2) Perform community service for a term of 24 hours; or
(3) Repealed by Session Laws 2006-253, s. 23, effective December 1, 2006, and applicable to offenses committed on or after that date.
(4) Any combination of these conditions.

If the defendant is placed on probation, the judge shall impose a requirement that the defendant obtain a substance abuse assessment and the education or treatment required by G.S. 20-17.6 for the restoration of a drivers license and as a condition of probation. The judge may impose any other lawful condition of probation.

…

(k2) Probationary Requirement for Abstinence and Use of Continuous Alcohol Monitoring. – The judge may order that as a condition of special probation for any level of offense under G.S. 20-179 the defendant abstain from alcohol consumption, as verified by a continuous alcohol monitoring system, of a type approved by the Division of Adult Correction of the Department of Public Safety.

(k3) Continuous Alcohol Monitoring During Probation. – The court, in the sentencing order, may authorize probation officers to require defendants to submit to continuous alcohol monitoring for assessment purposes if the defendant has been required to abstain from alcohol consumption during the term of probation and the probation officer believes the defendant is consuming alcohol. The defendant shall bear the costs of the continuous alcohol monitoring system if the use of the system has been authorized by a judge in accordance with this subsection.

(k4) Continuous Alcohol Monitoring Exception. – Notwithstanding the provisions of subsections (g), (h), (k2), and (k3) of this section, if the court finds, upon good cause shown, that the defendant should not be required to pay the costs of the continuous alcohol monitoring system, the court shall not impose the use of a continuous alcohol monitoring system unless the local governmental entity responsible for the incarceration of the defendant in the local confinement facility agrees to pay the costs of the system.

…

(o) Evidentiary Standards; Proof of Prior Convictions. – In the sentencing hearing, the State shall prove any grossly aggravating or aggravating factor beyond a reasonable doubt, and the defendant shall prove any mitigating factor by the greater weight of the evidence. Evidence adduced by either party at trial may be utilized in the sentencing hearing. Except as modified by this section, the procedure in G.S. 15A-1334(b) governs. The judge may accept any evidence as to the presence or absence of previous convictions that ~~he~~ the judge finds reliable but ~~he~~ shall give prima facie effect to convictions recorded by the Division or any other agency of the State of North Carolina. A copy of such conviction records transmitted by the police information network in general accordance with the procedure authorized by G.S. 20-26(b) is admissible in evidence without further authentication. If the judge decides to impose an active sentence of imprisonment that would not have been imposed but for a prior conviction of an offense, the judge shall afford the defendant an opportunity to introduce evidence that the prior conviction had been obtained in a case in which ~~he~~ the defendant was indigent, had no counsel, and had not waived ~~his~~ the right to counsel. If the defendant proves by the preponderance of the evidence all three above facts concerning the prior case, the conviction may not be used as a grossly aggravating or aggravating factor.

(p) Limit on Amelioration of Punishment. – For active terms of imprisonment imposed under this section:

(1) The judge may not give credit to the defendant for the first 24 hours of time spent in incarceration pending trial.
(2) The defendant shall serve the mandatory minimum period of imprisonment and good or gain time credit may not be used to reduce that mandatory minimum period.

(3) The defendant may not be released on parole unless ~~he~~ the defendant is otherwise eligible, has served the mandatory minimum period of imprisonment, and has obtained a substance abuse assessment and completed any recommended treatment or training program or is paroled into a residential treatment program.

With respect to the minimum or specific term of imprisonment imposed as a condition of special probation under this section, the judge may not give credit to the defendant for the first 24 hours of time spent in incarceration pending trial.

…

(r) Supervised Probation Terminated. – Unless a judge in ~~his~~ the judge's discretion determines that supervised probation is necessary, and includes in the record that ~~he~~ the judge has received evidence and finds as a fact that supervised probation is necessary, and states in ~~his~~ the judgment that supervised probation is necessary, a defendant convicted of an offense of impaired driving shall be placed on unsupervised probation if ~~he~~ the defendant meets three conditions. These conditions are that ~~he~~ the defendant (i) has not been convicted of an offense of impaired driving within the seven years preceding the date of this offense for which ~~he~~ the defendant is sentenced, ~~that the defendant is~~ (ii) is being sentenced under subsections (i), (j), and (k) of this section, and (iii) has obtained any necessary substance abuse assessment and completed any recommended treatment or training program.

When a judge determines in accordance with the above procedures that a defendant should be placed on supervised probation, the judge shall authorize the probation officer to modify the defendant's probation by placing the defendant on unsupervised probation upon the completion by the defendant of the following conditions of ~~his~~ the suspended sentence:

(1) Community service; or
(2) Repealed by Session Laws 1995 c. 496, s. 2.
(3) Payment of any fines, court costs, and fees; or
(4) Any combination of these conditions.

(s) Method of Serving Sentence. – The judge in ~~his~~ the judge's discretion may order a term of imprisonment to be served on weekends, even if the sentence cannot be served in consecutive sequence. However, if the defendant is ordered to a term of 48 hours or more, or has 48 hours or more remaining on a term of imprisonment, the defendant shall be required to serve 48 continuous hours of imprisonment to be given credit for time served. All of the following apply to a sentence served under this subsection:

(1) Credit for any jail time shall only be given hour for hour for time actually served. The jail shall maintain a log showing number of hours served.
(2) The defendant shall be refused entrance and shall be reported back to court if the defendant appears at the jail and has remaining in ~~his~~ the defendant's body any alcohol as shown by an alcohol screening device or controlled substance previously consumed, unless lawfully obtained and taken in therapeutically appropriate amounts.
(3) If a defendant has been reported back to court under subdivision (2) of this subsection, the court shall hold a hearing. The defendant shall be ordered to serve ~~his~~ the defendant's jail time immediately and shall not be eligible to serve jail time on weekends if the court determines that, at the time of ~~his~~ entrance to the jail, at least one of the following apply:
    a. The defendant had previously consumed alcohol in ~~his~~ the defendant's body as shown by an alcohol screening ~~device, or~~device.
    b. The defendant had a previously consumed controlled substance in ~~his~~ the defendant's body.

    It shall be a defense to an immediate service of sentence of jail time and ineligibility for weekend service of jail time if the court determines that alcohol or controlled substance was lawfully obtained and was taken in therapeutically appropriate amounts.

SECTION 12.(a) G.S. 36C-8-816.1 reads as rewritten:

"**§ 36C-8-816.1. Trustee's special power to appoint to a second trust.**

(a) For purposes of this section, the following definitions apply:

(1) Current beneficiary. – A person who is a permissible distributee of trust income or principal.

(2) Original trust. – A trust established under an irrevocable trust instrument pursuant to the terms of which a trustee has a discretionary power to distribute principal or income of the trust to or for the benefit of one or more current beneficiaries of the trust.

(3) Second trust. – A trust established under an irrevocable trust instrument, the current beneficiaries of which are one or more of the current beneficiaries of the original trust. The second trust may be a trust created under the same trust instrument as the original trust or under a different trust instrument.

(b) A trustee of an original trust may, without authorization by the court, exercise the discretionary power to distribute principal or income to or for the benefit of one or more current beneficiaries of the original trust by appointing all or part of the principal or income of the original trust subject to the power in favor of a trustee of a second trust. The trustee of the original trust may exercise this power whether or not there is a current need to distribute principal or income under any standard provided in the terms of the original trust. The trustee's special power to appoint trust principal or income in further trust under this section includes the power to create the second trust. The second trust may have a duration that is longer than the duration of the first trust.

(c) The terms of the second trust shall be subject to all of the following:

(1) The beneficiaries of the second trust may include only beneficiaries of the original trust.

(2) A beneficiary who has only a future beneficial interest, vested or contingent, in the original trust cannot have the future beneficial interest accelerated to a present interest in the second trust.

(3) The terms of the second trust may not reduce any fixed income, annuity, or unitrust interest of a beneficiary in the assets of the original trust if that interest has come into effect with respect to the beneficiary.

(4) If any contribution to the original trust qualified for a marital or charitable deduction for federal income, gift, or estate tax purposes under the Internal

Revenue Code, then the second trust shall not contain any provision that, if included in the original trust, would have prevented the original trust from qualifying for the deduction or that would have reduced the amount of the deduction.

(5) If contributions to the original trust have been excluded from the gift tax by the application of section 2503(b) and section 2503(c) of the Internal Revenue Code, then the second trust shall provide that the beneficiary's remainder interest in the contributions shall vest and become distributable no later than the date upon which the interest would have vested and become distributable under the terms of the original trust.

(6) If any beneficiary of the original trust has a power of withdrawal over trust property, then either:

a. The terms of the second trust must provide a power of withdrawal in the second trust identical to the power of withdrawal in the original trust; or

b. Sufficient trust property must remain in the original trust to satisfy the outstanding power of withdrawal.

(7) If a trustee of an original trust exercises a power to distribute principal or income that is subject to an ascertainable standard by appointing property to a second trust, then the power to distribute income or principal in the second trust must be subject to the same ascertainable standard as in the original trust and must be exercisable in favor of the same current beneficiaries to whom such distribution could be made in the original trust.

(8) The second trust may confer a power of appointment upon a beneficiary of the original trust to whom or for the benefit of whom the trustee has the power to distribute principal or income of the original trust. The permissible appointees of the power of appointment conferred upon a beneficiary may include persons who are not beneficiaries of the original or second trust. The power of appointment conferred upon a beneficiary shall be subject to the provisions of G.S. 41-23 specifying the permissible period allowed for the suspension of the power of alienation of the original trust and the time from which that permissible period is computed.

(9) The terms of the second trust shall not contain any provisions that would jeopardize (i) the qualification of a transfer as a direct skip under section 2642(c) of the ~~[Internal Revenue]~~ Internal Revenue Code, (ii) if the first trust owns subchapter S Corporation stock, the election to treat a corporation as a subchapter S Corporation under section 1362 of the Internal Revenue Code, (iii) if the first trust owns an interest in property subject to the minimum distribution rules of section 401(a)(9) of the Internal Revenue Code, a favorable distribution period by shortening the minimum distribution period, or (iv) any other specific tax benefit for which ~~a contribution originally~~ the first trust was clearly designed to qualify and for which the first trust qualified or would have qualified ~~for income, gift, estate, or generation-skipping transfer tax purposes.~~ but for the enactment of this section. In this subdivision, "tax benefit" means a federal or State tax deduction, exemption, exclusion, or other benefit not otherwise listed in this section, except for the benefit from having the settlor considered the owner under sections 671 through 679 of the Internal Revenue Code. Subject to clause (ii) above, the second trust may be a trust as to which the settlor is not considered the owner under sections 671 through 679 of the Internal Revenue Code even if the settlor is considered the owner of the first trust, and the second trust may be a trust as to which the settlor of the first trust is considered the owner under sections 671 through 679 of the Internal

Revenue Code, even if the settlor is not considered the owner of the first trust.

(10) Notwithstanding any other provision of this section, but subject to the limitations of subdivisions (1), (2), (4), (5), and (9) of this subsection, a trustee may exercise the power to appoint principal and income under subsection (b) of this section with respect to a disabled beneficiary's interest in the original trust to a second trust that is a supplemental needs trust that does not have (i) an ascertainable standard (or has a different ascertainable standard); (ii) a fixed income, annuity, or unitrust interest in the assets of the original trust; or (iii) a right of withdrawal, if the trustee determines that it would be in the best interest of the disabled beneficiary. For purposes of this subsection, the following apply:

a. A "supplemental needs trust" means a trust that is a discretionary trust under G.S. 36C-5-504 and relative to the original trust contains either lesser or greater restrictions on the trustee's power to distribute income or principal, and which the trustee believes would, if implemented, allow the disabled beneficiary to receive greater governmental benefits than the disabled beneficiary would receive if the power to appoint principal and income had not been exercised.

b. "Governmental benefits" means medical assistance, financial aid, or services from any local, State, or federal agency or department.

c. A "disabled beneficiary" means a current beneficiary of the original trust who the trustee determines has a condition that substantially impairs the beneficiary's ability to provide for his or her own support, care, or custody whether or not the beneficiary has been adjudicated a "disabled person" by any government agency or department.

d. The second supplemental needs trust shall not be liable to pay or reimburse the State or any government or public agency for medical assistance, financial aid, or services provided to the disabled beneficiary except as provided in the second supplemental needs trust.

(d) A trustee may not exercise the power to appoint principal or income under subsection (b) of this section if the trustee is a beneficiary of the original trust, but the remaining cotrustee or a majority of the remaining cotrustees may act for the trust. If all the trustees are beneficiaries of the original trust, then the court may appoint a special fiduciary with authority to exercise the power to appoint principal or income under subsection (b) of this section.

(e) The exercise of the power to appoint principal or income under subsection (b) of this section:

(1) Shall be considered the exercise of a power of appointment, other than a power to appoint to the trustee, the trustee's creditors, the trustee's estate, or the creditors of the trustee's estate; and

(2) Shall be subject to the provisions of G.S. 41-23 specifying the permissible period allowed for the suspension of the power of alienation of the original trust and the time from which that permissible period is computed; and

(3) Is not prohibited by a spendthrift provision or by a provision in the original trust instrument that prohibits amendment or revocation of the trust.

(f) To effect the exercise of the power to appoint principal or income under subsection (b) of this section, all of the following shall apply:

(1) The exercise of the power to appoint shall be made by an instrument in writing, signed and acknowledged by the trustee, setting forth the manner of the exercise of the power, including the terms of the second trust, and the

effective date of the exercise of the power. The instrument shall be filed with the records of the original trust.

(2) The trustee shall give written notice to all qualified beneficiaries of the original trust, at least 60 days prior to the effective date of the exercise of the power to appoint, of the trustee's intention to exercise the power. The notice shall include a copy of the instrument described in subdivision (1) of this subsection.

(3) If all qualified beneficiaries waive the notice period by a signed written instrument delivered to the trustee, the trustee's power to appoint principal or income shall be exercisable after notice is waived by all qualified beneficiaries, notwithstanding the effective date of the exercise of the power.

(4) The trustee's notice under this subsection shall not limit the right of any beneficiary to object to the exercise of the trustee's power to appoint and bring an action for breach of trust seeking appropriate relief as provided by G.S. 36C-10-1001.

(g) Nothing in this section shall be construed to create or imply a duty of the trustee to exercise the power to distribute principal or income, and no inference of impropriety shall be made as a result of a trustee not exercising the power to appoint principal or income conferred under subsection (b) of this section. Nothing in this section shall be construed to abridge the right of any trustee who has a power to appoint property in further trust that arises under the terms of the original trust or under any other section of this Chapter or under another provision of law or under common law.

(h) A trustee or beneficiary may commence a proceeding to approve or disapprove a proposed exercise of the trustee's special power to appoint to a second trust pursuant to subsection (b) of this section."

SECTION 12.(b) If Senate Bill 450, 2017 Regular Session, becomes law, this section is repealed.

Prior to taking any action to discharge and dismiss under this section the court shall make a finding that the defendant has no record of previous convictions as provided in this subsection.

(a1) Upon the first conviction only of any offense which qualifies under the provisions of subsection (a) of this section, and the provisions of this subsection, the court may place defendant on probation under this section for an offense under this Article including an offense for which the prescribed punishment includes only a fine. The probation, if imposed, shall be for not less than one year and shall contain a minimum condition that the defendant who was found guilty or pleads guilty enroll in and successfully complete, within 150 days of the date of the imposition of said probation, the program of instruction at the drug education school approved by the Department of Health and Human Services pursuant to G.S. 90-96.01. The court may impose probation that does not contain a condition that defendant successfully complete the program of instruction at a drug education school if:

(1) There is no drug education school within a reasonable distance of the defendant's residence; or

(2) There are specific, extenuating circumstances which make it likely that defendant will not benefit from the program of instruction.

The court shall enter such specific findings in the record; provided that in the case of subdivision (2) above, such findings shall include the specific, extenuating circumstances which make it likely that the defendant will not benefit from the program of instruction.

Upon fulfillment of the terms and conditions of the probation, the court shall discharge such person and dismiss the proceedings against the person.

For the purposes of determining whether the conviction is a first conviction or whether a person has already had discharge and dismissal, no prior offense occurring more than seven years before the date of the current offense shall be considered. In addition, convictions for violations of a provision of G.S. 90-95(a)(1) or 90-95(a)(2) or 90-95(a)(3), or 90-113.10, or 90-113.11, or 90-113.12, or ~~90-113.22~~ 90-113.22, or 90-113.22A shall be considered previous convictions.

For purposes

of this subsection, the phrase "failure to complete successfully the prescribed program of instruction at a drug education school" includes failure to attend scheduled classes without a valid excuse, failure to complete the course within 150 days of imposition of probation, willful failure to pay the required fee for the course as provided in G.S. 90-96.01(b), or any other manner in which the person fails to complete the course successfully. The instructor of the course to which a person is assigned shall report any failure of a person to complete successfully the program of instruction to the court which imposed probation. Upon receipt of the instructor's report that the person failed to complete the program successfully, the court shall revoke probation, shall not discharge such person, shall not dismiss the proceedings against the person, and shall deny application for expunction of all recordation of defendant's arrest, indictment, or information, trial, finding of guilty, and dismissal and discharge pursuant to G.S. 15A-145.2. A person may obtain a hearing before the court of original jurisdiction prior to revocation of probation or denial of application for expunction.

This subsection is supplemental and in addition to existing law and shall not be construed so as to repeal any existing provision contained in the General Statutes of North Carolina.

(b) Upon the discharge of such person, and dismissal of the proceedings against the person under subsection (a) or (a1) of this section, such person, if he or she was not over 21 years of age at the time of the offense, may be eligible to apply for expunction of certain records relating to the offense pursuant to G.S. 15A-145.2(a).

(c) Repealed by Session Laws 2009-510, s. 8(b), effective October 1, 2010.

(d) Whenever any person is charged with a misdemeanor under this Article by possessing a controlled substance included within Schedules I through VI of this Article or a felony under G.S. 90-95(a)(3), upon dismissal by the State of the charges against such person, upon entry of a nolle prosequi, or upon a finding of not guilty or other adjudication of innocence, the person may be eligible to apply for expunction of certain records relating to the offense pursuant to G.S. 15A-145.2(b).

(e) Whenever any person who has not previously been convicted of (i) any felony offense under any state or federal laws; (ii) any offense under this Article; or (iii) an offense under any statute of the United States or any state relating to controlled substances included in any schedule of this Article or to that paraphernalia included in Article 5B of Chapter 90 of the General Statutes pleads guilty to or has been found guilty of (i) a misdemeanor under this Article by possessing a controlled substance included within Schedules I through VI of this Article, or by possessing drug paraphernalia as prohibited by G.S. 90-113.22 or G.S. 90-113.22A, or (ii) a felony under G.S. 90-95(a)(3), the person may be eligible to apply for cancellation of the judgment and expunction of certain records related to the offense pursuant to G.S. 15A-145.2(c).

SECTION 1.(b) G.S. 131E-128 reads as rewritten:

"**§ 131E-128. Nursing home advisory committees.**

(a) It is the purpose of the General Assembly that community advisory ~~committees~~ committee members function as representatives of the Office of the State Long-Term Care Ombudsman and through their designation work to maintain the intent of ~~this Part~~ the Nursing Home Resident's Bill of Rights within the nursing homes in this State, including nursing homes operated by hospitals licensed under Article 5 of G.S. Chapter 131E. It is the further purpose of the General Assembly that the committees promote community involvement and cooperation with nursing homes and an integration of these homes into a system of care for the elderly.

(b) (1) A community advisory committee shall be established in each county which has a nursing home, including a nursing home operated by a hospital licensed under Article 5 of G.S. Chapter 131E, shall serve all the homes in the county, and shall work with each home in the best interest of the persons residing in each home. In a county which has one, two, or three nursing homes, the committee shall have five members. In a county with four or more nursing homes, the committee shall have one additional member for each nursing home in excess of three, and may have up to five additional members per committee at the discretion of the county commissioners.

(4) Notwithstanding any other provision of this Article, appointment to a nursing home community advisory committee is contingent upon designation of the appointee by the Office of the State Long-Term Care Ombudsman in accordance with G.S. 143B-181.18. A designated appointee is directly accountable to the State Long-Term Care Ombudsman Program in order to perform the duties as a representative of the Office of the State Long-Term Care Ombudsman. Chapter 131E, which operate nursing homes within the county. If the nursing home chief administrators and the governing bodies of the hospitals licensed under Article 5 of G.S. Chapter 131E, which operate nursing homes fail to approve or reject the reappointment within 45 days of being requested by the board of county commissioners, the commissioners may reappoint the member if they so choose.

(d) Any vacancy shall be filled by appointment of a person for a one-year term. Any person replacing a member nominated by the chief administrators and the governing bodies of the hospitals licensed under Article 5 of G.S. Chapter 131E, which operate nursing homes or a person appointed when the chief administrators and the governing bodies of the hospitals licensed under Article 5 of G.S. Chapter 131E, which operate nursing homes failed to make a nomination shall be selected from among persons nominated by the administrators and the governing bodies of the hospitals licensed under Article 5 of G.S. Chapter 131E, which operate nursing homes, as provided in subsection (b). If the county commissioners fail to appoint members to a committee, or fail to fill a vacancy, the appointment ~~may~~ shall be made or vacancy filled by the ~~Secretary or the Secretary's designee~~ Office of the State Long-Term Care Ombudsman no sooner than 45 days after the commissioners have been notified of the appointment or vacancy if nomination or approval of the nursing home administrators and the governing bodies of the hospitals licensed under Article 5 of G.S. Chapter 131E, which operate nursing homes is not required. If nominations or approval of the nursing home administrators and the governing bodies of the hospitals licensed under Article 5 of G.S. Chapter 131E, which operate nursing homes is required, the appointment ~~may~~ shall be made or vacancy filled by the ~~Secretary or the Secretary's designee~~ Office of the State Long-Term Care Ombudsman no sooner than 45 days after the commissioners have received the nomination or approval, or no sooner than 45 days after the 45-day period for action by the nursing home administrators and the governing bodies of the hospitals licensed under Article 5 of G.S. Chapter 131E, which operate nursing homes.

(e) The committee shall elect from its members a chair, to serve a one-year term.

employee or governing board member of a home served by a committee, or immediate family member of a patient in a home served by a committee may be a member of a committee. Membership on a committee shall not be considered an office as defined in G.S. 128-1 or G.S. 128-1.1. Any county commissioner who is appointed to the committee shall be deemed to be serving on the committee in an ex officio capacity. Members of the committee shall serve without compensation, but may be reimbursed for the amount of actual expenses incurred by them in the performance of their duties. The names of the committee members and the date of expiration of their terms shall be filed with the ~~Division of Aging,~~ Office of the State Long-Term Care Ombudsman, which shall supply a copy to the Division of Health Service Regulation.

(h) (1) Each committee shall apprise itself of the general conditions under which the persons are residing in the homes, and shall work for the best interests of the persons in the homes. This may include assisting persons who have grievances with the home and facilitating the resolution of grievances at the local level.

(2) Each committee shall quarterly visit the nursing home it serves. For each official quarterly visit, a majority of the committee members shall be present. In addition, each committee may visit the nursing home it serves whenever it deems it necessary to carry out its duties. In counties with four or more nursing homes, the subcommittee assigned to a home shall perform the duties of the committee under this subdivision, and a majority of the subcommittee members must be present for any visit.

(3) Each member of a committee shall have the right ~~between 10:00 A.M. and 8:00 P.M.~~ to enter into the facility the committee serves in order to carry out the members' responsibilities. In a county where subcommittees have been established, this right of access shall be limited to homes served by those subcommittees to which the member has been appointed.

(4) The committee or subcommittee may communicate through its chair with the Department or any other agency in relation to the interest of any patient. The identity of any complainant or resident involved in a complaint shall not be disclosed except as permitted under the Older Americans Act of 1965, as amended, 42 U.S.C. § 3001 et seq.

All communication shall be considered the property of the Office of the State Long-Term Care Ombudsman and subject to the Office's disclosure policies. This privilege shall be a defense in a cause of action for libel if the member was acting in good faith and the statements or communications do not amount to intentional wrongdoing.

To the extent that any nursing home advisory committee or any member thereof is covered by liability insurance, that committee or member shall be deemed to have waived the qualified immunity herein to the extent of indemnification by insurance."

b. Documentation of revenues and expenses relating to the damaged crop.

c. An affidavit from a county extension director or FSA county committee that the disaster occurred in the area of the county in which the person farms.

The Department may not issue a conditional exemption certificate to a person who has had a conditional exemption certificate issued under this subsection during the prior 15 taxable years.

A person who purchases items with a conditional exemption certificate must maintain documentation of the items purchased and copies of State and federal income tax returns that reflect activities from farming operations for the period of time covered by the conditional exemption certificate for three years following the expiration of the conditional exemption certificate. The Secretary may require a person who has a conditional exemption certificate to provide any other information requested by the Secretary to verify the person met the conditions of this subsection. A person who fails to provide the information requested by the Secretary in a timely manner or who fails to meet the requirements of this subsection becomes liable for any taxes for which an exemption under this subsection was claimed. The taxes become due and payable at the expiration of the conditional exemption certificate, and interest accrues from the date of the original purchase. Additionally, where the person does not timely provide the information requested by the Secretary, the misuse of exemption certificate penalty in G.S. 105-236(a)(5a) applies to each seller identified by the Department from which the person made a purchase.

(c) Contract with a Farmer. – A qualifying item listed in subdivisions (5), (8), and (9) of subsection (a) of this section purchased to fulfill a contract with a person who holds a qualifying farmer exemption certificate or a conditional farmer exemption certificate issued under G.S. 105-164.28A is exempt from sales and use tax to the same extent as if purchased directly by the person who holds the exemption certificate. A contractor that purchases one of the items allowed an exemption under this section must provide an exemption certificate to the retailer that includes the name of the qualifying farmer or conditional farmer exemption certificate holder and the qualifying farmer or conditional farmer exemption certificate number issued to that holder.

(d) Definition. – For purposes of this section, the term "taxable year" has the same meaning as defined in G.S. 105-153.3."

SECTION 20.(b) This section is effective for taxes imposed for taxable years beginning on or after July 1, 2017.

AMEND G.S. 95-79

SECTION 20.5.(a) G.S. 95-79(b) reads as rewritten:

"(b) Any provision that directly or indirectly conditions the purchase of agricultural ~~products or~~ products, the terms of an agreement for the purchase of agricultural ~~products~~products, or the terms of an agreement not to sue or settle litigation upon an agricultural producer's status as a union or nonunion employer or entry into or refusal to enter into an agreement with a labor union or labor organization is invalid and unenforceable as against public policy in restraint of trade or commerce in the State of North Carolina. Further, notwithstanding G.S. 95-25.8, an agreement requiring an agricultural producer to transfer funds to a labor union or labor organization for the purpose of paying an employee's membership fee or dues is invalid and unenforceable against public policy in restraint of trade or commerce in the State of North Carolina. For purposes of this subsection, the term "agricultural producer" means any producer engaged in any service or activity included within the provisions of section 3(f) of the Fair Labor Standards Act of 1938, 29 U.S.C. § 203, or section 3121(g) of the Internal Revenue Code of 1986, 26 U.S.C. § 3121."

SECTION 20.5.(b) This section is effective when it becomes law and applies to agreements and settlements entered into, renewed, or extended on or after that date.

SEVERABILITY/EFFECTIVE DATE

SECTION 21. If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of this act which can be given effect without the invalid provision or application, and, to this end, the provisions of this act are declared to be severable.

SECTION 22. Except as otherwise provided, this act is effective when it becomes law.

For purposes of this section, an error that would affect the respective rights of any party to the instrument is not a nonmaterial typographical or minor error. If ~~an~~ a corrective notice affidavit is conspicuously identified as a corrective notice or scrivener's affidavit in its title, the register of deeds shall index the name of the affiant, the names of the original parties in the instrument, the recording information of the instrument ~~being corrected,~~ for which the corrective notice is being given, and the original parties as they are named in the affidavit. The register of deeds shall not be required to verify or make inquiry concerning (i) the truth of the matters stated in any curative affidavit or (ii) the authority of the person executing any curative affidavit to do so. The register of deeds shall index the curative affidavit in the name of the affiant and in the names of the various parties, other than a trustee or substitute trustee named in a deed of trust, to each instrument being corrected as both grantees and grantors, irrespective of their designation in the instrument being corrected. The costs associated with the recording of a curative affidavit pursuant to this section shall be paid by the party submitting the affidavit to the register of deeds.

(i) A curative affidavit recorded in compliance with this section shall be prima facie evidence of the facts stated therein. "NOTICE OF INTENT TO CORRECT AN OBVIOUS DESCRIPTION ERROR

This is an important legal document that requires your immediate attention. Your property rights may be affected, and you may need to respond to this notice in writing.

I am an attorney licensed to practice law in North Carolina. My contact information is as follows:

Insert the name, telephone number, email address (if available), facsimile number (if available), and mailing address of the authorized attorney issuing the notice.

I have discovered or have been advised of an error in the description of real property contained in one or more instruments recorded as part of a real estate-related transaction. A copy of a proposed Curative Affidavit accompanies this notice. The proposed Curative Affidavit identifies the previously recorded instrument or instruments that contain the description errors that I plan to correct, the description error or errors that require correction, and the correct description of the real property. If I sign and record the proposed Curative Affidavit, it will have the legal effect of correcting the erroneous property description in the listed instrument or instruments that contain the description errors.

Real property you own may be affected if I correct the erroneous description of the real property in the instrument or instruments identified in the proposed Curative Affidavit. You should consult with your attorney and your title insurance company, if known, promptly to determine whether and the extent to which my correction of the legal description in the instrument or instruments that need to be corrected will impact your property or property rights.

IF YOU WISH TO OBJECT TO MY SIGNING AND RECORDING THE PROPOSED CURATIVE AFFIDAVIT OR DISPUTE THE FACTS RECITED IN THE PROPOSED CURATIVE AFFIDAVIT, YOU MUST DO SO IN A WRITING SENT OR DELIVERED TO ME WITHIN 30 DAYS AFTER THE DATE YOU WERE SERVED WITH THIS NOTICE AND THE PROPOSED CURATIVE AFFIDAVIT.

Your writing must be sent or delivered to me by one of the following methods:

However, assuming I do not receive any such objection or statement disputing the facts, Section 47-36.2 of the North Carolina General Statutes permits me to sign and record the Curative Affidavit at any time after more than 45 days have elapsed since the last person to be served was served with this notice and a copy of the unsigned proposed Curative Affidavit, and I intend to do so.

If you object to my signing and recording the Curative Affidavit or dispute the facts recited in the proposed Curative Affidavit, you need to send or deliver your written objection or written statement disputing the facts recited in the proposed Curative Affidavit to me promptly using one of the methods described above. SECTION 6.(c) This section becomes effective upon the issuance of a certificate of incorporation by the Secretary of State for a Ferry Transportation Authority created pursuant to Article 29 of Chapter 160A of the General Statutes, as enacted by Section 1 of this act.

SECTION 7. Except as otherwise provided, this act is effective when it becomes law.

(a) The following definitions apply to this section:

(1) Noncontingent right. – A right that is not subject to the exercise of discretion or the occurrence of a specified event that is not certain to occur. (2) Vested interest. – An interest where any of the following exist:

a. A right to a mandatory distribution that is a noncontingent right as of the date of the exercise of the decanting power.

(b) With the exception of a special-needs trust, as provided in G.S. 36C-8B-13, an authorized fiduciary that has distributive discretion over the principal of a first trust for the benefit of one or more current beneficiaries may exercise the decanting power over the principal or income of the first trust, subject to the following limitations:

(1) A second trust may not include as a current beneficiary a person that is not a current beneficiary of the first trust, except as provided in subsection (c) of this section.

(2) The beneficiaries of a second trust may include only beneficiaries of the first trust, except as provided in subsection (c) of this section.

(3) A second trust may not reduce or eliminate a vested interest.

(4) If an authorized fiduciary has distributive discretion over principal that is subject to an ascertainable standard, then the powers to distribute income or principal to current beneficiaries in a second trust or trusts shall be subject to the same ascertainable standard as in the first trust and, in the aggregate, shall be exercisable in favor of the same current beneficiaries to whom such distributions could be made in the first trust.

(1) Retain a power of appointment granted in the first trust.

(2) Omit a power of appointment granted in the first trust, other than a power of withdrawal.

(f) For purposes of G.S. 36C-8-814, the first trust shall be deemed to include the decanting power.

"**§ 36C-8B-12. Reserved.**

"**§ 36C-8B-13. Trust for beneficiary with disability.**

(a) The following definitions apply in this section:

(1) Beneficiary with a disability. – A beneficiary of a first trust who the special-needs fiduciary believes may qualify, now or in the future, for governmental benefits based on disability, whether or not the beneficiary currently receives those benefits, or is an individual who has been adjudicated incompetent.

(3) Special-needs fiduciary. – With respect to a trust that has a beneficiary with a disability, the term has any of the following meanings:

c. If no trustee or fiduciary has discretion as described in sub-subdivisions a. or b. of this subdivision, a trustee or other fiduciary, other than a settlor, that is required to distribute part or all of the income or principal of the first trust to one or more current beneficiaries.

(4) Special-needs trust. – A trust that the trustee believes would not be considered a resource for purposes of determining whether a beneficiary with a disability is eligible for governmental benefits.

(b) A special-needs fiduciary may exercise the decanting power provided in G.S. 36C-8B-11 over the principal of a first trust as if the fiduciary had authority to distribute principal to a beneficiary with a disability subject to expanded distributive discretion if both of the following conditions are satisfied:

(1) A second trust is a special-needs trust that benefits the beneficiary with a disability.

(2) The special-needs fiduciary determines that exercise of the decanting power will further the purposes of the first trust.

(c) In exercising the decanting power pursuant to this section, all of the following rules apply:

(1) Notwithstanding G.S. 36C-8B-11(b)(2), the interest in the second trust of a beneficiary with a disability may have either of the following characteristics:

a. Be a pooled trust as defined by Medicaid law for the benefit of the beneficiary with a disability under 42 U.S.C. § 1396p(d)(4)(C).

b. Contain payback provisions complying with reimbursement requirements of Medicaid law under 42 U.S.C. § 1396p(d)(4)(A).

(2) The restriction contained in G.S. 36C-8B-11(b)(3) shall not apply to the interests of the beneficiary with a disability.

(3) Except as affected by any change to the interests of the beneficiary with a disability, the second trust, or if there are two or more second trusts, the second trusts in the aggregate, must grant each other beneficiary of the first trust beneficial interests in the second trusts which are substantially similar to the beneficiary's beneficial interests in the first trust.

(d) For the purposes of this section, the second trust shall not be deemed a termination of the first trust for the purpose of triggering a payback provision in the first trust provided the second trust contains a payback provision complying with the reimbursement requirement of Medicaid law under 42 U.S.C. § 1396p(d)(4).

"**§ 36C-8B-14. Reserved.**

"**§ 36C-8B-15. Trust limitation on decanting.**

(a) An authorized fiduciary shall not exercise the decanting power to the extent the terms of the first trust expressly prohibit exercise of the decanting power or a power granted by State law to the fiduciary to distribute part or all of the principal of the trust to another trust or to modify the trust.

(b) Exercise of the decanting power shall be subject to any restriction in the terms of the first trust that expressly applies to the exercise of the following powers:

(1) The decanting power, and any such restriction contained in the terms of the first trust, shall be included in the terms of the second trust.

(2) A power granted by State law to a fiduciary to distribute part or all of the principal of the trust to another trust or to modify the trust.

(c) A general prohibition of the amendment or revocation of a first trust, a spendthrift clause, or a clause restraining the voluntary or involuntary transfer of a beneficiary's interest shall not preclude exercise of the decanting power.

(d) Subject to subsections (a) and (b) of this section, an authorized fiduciary may exercise the decanting power under this Article even if the first trust permits the authorized fiduciary or another person to modify the terms of the first trust or to distribute part or all of the principal of the first trust to another trust.

"**§ 36C-8B-16. Change in compensation.**

(a) If a first trust specifies an authorized fiduciary's compensation, the fiduciary shall not exercise the decanting power to increase the fiduciary's compensation above the specified compensation unless either of the following conditions is satisfied:

(1) All qualified beneficiaries of the second trust consent to the increase in a signed written instrument.

(2) The increase is approved by the clerk of superior court pursuant to G.S. 36C-2-203(a)(3).

(b) For the purposes of this section, a change in an authorized fiduciary's compensation which is incidental to other changes made by the exercise of the decanting power shall not be deemed an increase in the fiduciary's compensation.

"**§ 36C-8B-17. Relief from liability and indemnification.**

(a) Except as otherwise provided in this section, a second trust shall not relieve an authorized fiduciary from liability for breach of trust to a greater extent than the first trust.

(b) A second trust may provide for indemnification of an authorized fiduciary of the first trust or another person acting in a fiduciary capacity under the first trust for any liability or claim that would have been payable from the first trust if the decanting power had not been exercised.

(c) A second trust shall not reduce fiduciary liability in the aggregate; provided, however, a second trust may divide and reallocate fiduciary powers among fiduciaries, including one or more trustees, distribution advisors, investment advisors, trust protectors, or other persons, and relieve a fiduciary from liability for an act or failure to act of another fiduciary as permitted by the laws of this State other than this Article.

"**§ 36C-8B-18. Removal or replacement of authorized fiduciary.**

An authorized fiduciary may not exercise the decanting power to modify a provision in a first trust granting another person power to remove or replace the fiduciary unless one or more of the following occur:

(1) The person holding the power consents to the modification in a signed written instrument and the modification applies only to the person holding the power.

(2) The person holding the power and the qualified beneficiaries of the second trust consent to the modification in a signed written instrument and the modification grants a substantially similar power to another person.

(3) A court approves the modification and the modification grants a substantially similar power to another person.

"**§ 36C-8B-19. Tax-related limitations.**

(a) The following definitions apply in this section:

(1) Grantor trust. – A trust as to which a settlor of a first trust is considered the owner under sections 671 through 677 or section 679 of the Internal Revenue Code.

(2) Nongrantor trust. – A trust that is not a grantor trust.

(3) Qualified benefits property. – Property subject to the minimum distribution requirements of section 401(a)(9), and any applicable regulations, or to any similar requirements that refer to section 401(a)(9) of the Internal Revenue Code or the regulations.

(b) An exercise of the decanting power shall be subject to the following limitations:

(1) If a first trust contains property that qualified, or would have qualified but for the provisions of this Chapter other than this section, for a marital deduction or a charitable deduction for purposes of the gift or estate tax under the Internal Revenue Code or a State gift, estate, or inheritance tax, the second trust must include or omit any term that, if included in or omitted from the trust instrument for the trust to which the property was transferred, would have prevented the transfer from qualifying for the marital deduction or charitable deduction, as the case may be, or would have reduced the amount of the deduction, under the same provisions of the Internal Revenue Code or State law under which the transfer qualified.

(2) If the first trust contains property that qualified, or would have qualified but for the provisions of this Chapter other than this section, for the exclusion from gift tax described in section 2503(b) of the Internal Revenue Code, or section 2503(b) by the application of section 2503(c) of the Internal Revenue Code, the second trust may not include or omit any term that, if included in or omitted from the trust instrument for the trust to which the property was transferred, would have prevented the transfer from qualifying under section 2503(b) or section 2503(c) of the Internal Revenue Code.

(3) If the property of the first trust includes shares of stock in an S Corporation, as defined in section 1361 of the Internal Revenue Code, the following provisions apply:

a. If the first trust is, or but for the provisions of this Chapter other than this section would be, a permitted shareholder under any provision of section 1361 of the Internal Revenue Code, an authorized fiduciary may exercise the power with respect to part or all of the S Corporation stock only if any second trust receiving the stock is a permitted shareholder under section 1361(c)(2) of the Internal Revenue Code.

b. If the first trust is, or but for the provisions of this Chapter other than this section would be, a qualified Subchapter-S trust within the

meaning of section 1361(d) of the Internal Revenue Code, the second trust must not include or omit a term that prevents the second trust from qualifying as a qualified Subchapter-S trust.

(4) If the first trust contains property that qualified, or would have qualified but for the provisions of this Chapter other than this section, for a zero inclusion ratio for purposes of the generation-skipping transfer tax under section 2642(c) of the Internal Revenue Code, the second trust must not include or omit a term that, if included in or omitted from the first trust, would have prevented the transfer to the first trust from qualifying for a zero inclusion ratio under section 2642(c) of the Internal Revenue Code.

(5) If the first trust is directly or indirectly the beneficiary of qualified benefits property, the second trust may not include or omit any term that, if included in or omitted from the first trust, would have increased the minimum distribution required with respect to the qualified benefits property under section 401(a)(9) of the Internal Revenue Code and any applicable regulations thereunder, or similar requirements that refer to section 401(a)(9) of the Internal Revenue Code or the regulations thereunder. If an attempted exercise of the decanting power violates this subdivision, the trustee is deemed to have held the qualified benefits property and any reinvested distributions of the property as a separate share from the date of the exercise of the power and G.S. 36C-8B-22 applies to the separate share.

(6) The following provisions apply to a grantor trust:

a. If the first trust qualifies as a grantor trust because of the application of section 672(f)(2)(A) of the Internal Revenue Code, the second trust may not include or omit a term that, if included in or omitted from the first trust, would have prevented the first trust from qualifying under section 672(f)(2)(A) of the Internal Revenue Code.

b. Subject to subdivision (3) of this subsection relating to S corporation stock, (i) except as otherwise provided in sub-subdivision a. of this subdivision, the second trust may be a nongrantor trust even if the first trust is a grantor trust, and (ii) except as otherwise provided in sub-subdivision c. of this subdivision, the second trust may be a grantor trust even if the first trust is a nongrantor trust.

c. An authorized fiduciary may not exercise the decanting power if the settlor objects in a signed written instrument delivered to the fiduciary within the notice period and (i) the first trust and the second trust are both grantor trusts, in whole or in part, and the first trust grants the settlor or another person the power to cause the first trust to cease to be a grantor trust, and the second trust does not grant an equivalent power to the settlor or another person, or (ii) the first trust is a nongrantor trust and the second trust is a grantor trust, in whole or in part, with respect to the settlor, unless the settlor has the power at all times to cause the trust to cease to be a grantor trust, or the first trust contains a provision granting the settlor or another person a power that would cause the first trust to cease to be a grantor trust and the second trust contains the same provision.

(7) For the purposes of this subdivision, the term "tax benefit" means a federal or State tax deduction, exemption, exclusion, or other benefit not otherwise listed in this section, except for a benefit arising from being a grantor trust. Subject to sub-subdivision b. of subdivision (6) of this subsection, a second trust may not include or omit a term that, if included in or omitted from the first trust, would have prevented qualification of the second trust for a tax benefit if both of the following apply:

a. The first trust expressly indicates an attempt to qualify for the benefit, or the first trust clearly is designed to enable the first trust to qualify for the tax benefit.

b. The transfer of property held by the first trust or the first trust qualified, or but for the provisions of this Chapter other than this section would have qualified, for the tax benefit.

"**§ 36C-8B-20. Duration of second trust.**

(a) Subject to subsection (b) of this section, a second trust may have a duration that is the same as or different from the duration of the first trust.

(b) To the extent that property of a second trust is attributable to property of the first trust, the property of the second trust is subject to any rules governing maximum perpetuity, accumulation, or suspension of the power of alienation which apply to property of the first trust.

"**§ 36C-8B-21. Need to distribute not required.**

An authorized fiduciary may exercise the decanting power whether or not under the first trust's discretionary distribution standard the fiduciary would have made or could have been compelled to make a discretionary distribution of principal at the time of exercise.

"**§ 36C-8B-22. Saving provision.**

(a) If exercise of the decanting power would be effective under this Article except that the second trust in part does not comply with this Article, the exercise of the decanting power is effective and the following rules apply with respect to the principal of the second trust attributable to the exercise of the power:

(1) A provision in the second trust which is not permitted under this Article is void to the extent necessary to comply with this Article.

(2) A provision required by this Article to be in the second trust which is not contained in the second trust is deemed to be included in the second trust to the extent necessary to comply with this Article.

(b) If a trustee of other fiduciary of a second trust determines that subsection (a) of this section applies to a prior exercise of the decanting power, the fiduciary shall take corrective action consistent with the fiduciary's duties.

"**§ 36C-8B-23. Reserved.**

"**§ 36C-8B-24. Terms of second trust.**

A reference in this Chapter to a trust instrument or terms of the trust includes a second trust and the terms of the second trust.

"**§ 36C-8B-25. Settlor.**

(a) For the purposes of the laws of this State other than this Article and subject to subsection (b) of this section, a settlor of a first trust shall be deemed to be the settlor of the second trust with respect to the portion of the principal of the first trust subject to the exercise of the decanting power.

(b) In determining settlor intent with respect to a second trust, the intent of a settlor of the first trust, a settlor of the second trust, and the authorized fiduciary may be considered.

"**§ 36C-8B-26. Later-discovered property.**

(a) Except as otherwise provided in subsection (c) of this section, if exercise of the decanting power was intended to distribute all the principal of the first trust to one or more second trusts, later-discovered property belonging to the first trust and property paid to or acquired by the first trust after the exercise of the power is part of the trust estate of the second trust or trusts.

(b) Except as otherwise provided in subsection (c) of this section, if exercise of the decanting power was intended to distribute less than all the principal of the first trust to one or more second trusts, later-discovered property belonging to the first trust or property paid to or acquired by the first trust after exercise of the power remains part of the trust estate of the first trust.

(c) An authorized fiduciary may provide in an exercise of the decanting power or by the terms of a second trust for disposition of later-discovered property belonging to the first trust or property paid to or acquired by the first trust after exercise of the power."

Session Law 2017-124 **H.B. 26**

AN ACT TO CLARIFY THAT AN INJURY NOT IDENTIFIED IN AN AWARD ARISING OUT OF G.S. 97-18(B) OR G.S. 97-18(D) IS NOT PRESUMED CAUSALLY RELATED AND TO AMEND THE WORKERS' COMPENSATION ACT REGARDING APPROVAL OF DISPUTED LEGAL FEES BY THE INDUSTRIAL COMMISSION.

Whereas, in 2011, the Workers' Compensation Act was amended by S.L. 2011-287; and

Whereas, the North Carolina Supreme Court issued a decision in *Wilkes v. City of Greenville* (No. 368PA15) on June 9, 2017; and

Whereas, prior to the Supreme Court's decision in *Wilkes*, employees were not required to prove entitlement to additional medical treatment for the injuries determined to be compensable by the Commission; and

Whereas, prior to the Supreme Court's decision in *Wilkes*, employees could seek medical treatment for future symptoms allegedly related to the original compensable injury; and

Whereas, the *Wilkes* decision held that once an employer issues direct payment to an employee pursuant to G.S. 97-82(b), the employee is entitled to a presumption that additional

medical treatment is causally related to the employee's compensable injury unless the employer rebuts this presumption with evidence that the condition or treatment is not causally related to the compensable injury; and

Whereas, an employee bears the burden of proving that the employee's future symptoms or conditions that the employee alleges are related to the compensable injury but that were not enumerated on a Form 60 or Form 63 pursuant to G.S. 97-18(b) or G.S. 97-18(d), respectively, are causally related to the compensable injury; Now, therefore,

The General Assembly of North Carolina enacts:

SECTION 1.(a) G.S. 97-82(b) reads as rewritten:

"(b) If approved by the Commission, a memorandum of agreement shall for all purposes be enforceable by the court's decree as hereinafter specified. Payment pursuant to G.S. 97-18(b), or payment pursuant to G.S. 97-18(d) when compensability and liability are not contested prior to expiration of the period for payment without prejudice, shall constitute an award of the Commission on the question of compensability of and the insurer's liability for the injury as reflected on a form prescribed by the Commission pursuant to G.S. 97-18(b) or G.S. 97-18(d) for which payment was made. An award of the Commission arising out of G.S. 97-18(b) or G.S. 97-18(d) shall not create a presumption that medical treatment for an injury or condition not identified in the form prescribed by the Commission pursuant to G.S. 97-18(b) or G.S. 97-18(d) is causally related to the compensable injury. An employee may request a hearing pursuant to G.S. 97-84 to prove that an injury or condition is causally related to the compensable injury. Compensation paid in these circumstances shall constitute payment of compensation pursuant to an award under this Article."

SECTION 1.(b) In enacting subsection (a) of this section, it is the intent of the General Assembly to clarify, in response to *Wilkes v. City of Greenville,* that an injury not identified in an award arising out of G.S. 97-18(b) or G.S. 97-18(d) is not presumed to be causally related to the compensable injury to reflect the intent of the General Assembly when it enacted S.L. 2011-287.

SECTION 1.(c) This section is effective when it becomes law and applies to claims accrued or pending prior to, on, or after that date.

SECTION 2. G.S. 97-90(f) reads as rewritten:

"(f) ~~The~~ If a dispute arises between an employee's current and past attorney or attorneys regarding the division of a fee as approved by the Commission pursuant to this section, the Commission shall hear ~~and determine any dispute between an employee's current and past attorney or attorneys regarding the division of a fee as approved by the Commission pursuant to this section.~~any dispute after the Commission has approved the settlement agreement. The Commission shall give notice to each of the employee's current and past attorneys of record of the total amount of the approved fee prior to determining how the fee shall be divided between those attorneys. An attorney who is ~~a~~ an interested party to an action under this subsection shall have the same rights of appeal as outlined in subsection (c) of this section."

SECTION 3. Except as otherwise provided, this act is effective when it becomes law and applies to claims pending on or after that date.

SECTION 2.(f) G.S. 135-8(c) is repealed.

SECTION 2.(g) G.S. 128-30(c) is repealed.

SECTION 2.(h) G.S. 135-8(d) reads as written:

"(d) Pension Accumulation Fund. – The pension accumulation fund shall be the fund in which shall be accumulated all reserves for the payment of all pensions and other benefits payable from contribution made by employers and from which shall be paid all pensions and other benefits on account of members with prior service credit. Contributions to and payments from the pension accumulation fund shall be made as follows:

(1) On account of each member there shall be paid in the pension accumulation fund by employers an amount equal to a certain percentage of the actual compensation of each member to be known as the "normal contribution," and an additional amount equal to a percentage of ~~his~~the member's actual compensation to be known as the "accrued liability contribution." The rate per centum of such contributions shall be fixed on the basis of the liabilities

of the Retirement System as shown by actuarial ~~valuation. Until the first valuation the normal contribution shall be two and fifty-seven one-hundredths percent (2.57%) for teachers, and one and fifty-seven one-hundredths percent (1.57%) for State employees, and the accrued liability contribution shall be two and ninety-four one-hundredths percent (2.94%) for teachers and one and fifty-nine one-hundredths percent (1.59%) of the salary of other State employees.~~valuation, duly approved by the Board of Trustees, and shall be called the "actuarially determined employer contribution rate."

~~(2) On the basis of regular interest and of such mortality and other tables as shall be adopted by the Board of Trustees, the actuary engaged by the Board to make each valuation required by this Chapter during the period over which the accrued liability contribution is payable, immediately after making such valuation, shall determine the uniform and constant percentage of the earnable compensation of the average new entrant throughout his entire period of active service which would be sufficient to provide for the payment of any pension payable on his account. The rate per centum so determined shall be known as the "normal contribution" rate. After the accrued liability contribution has ceased to be payable, the normal contribution rate shall be the rate per centum of the earnable salary of all members obtained by deducting from the total liabilities of the pension accumulation fund the amount of the funds in hand to the credit of that fund and dividing the remainder by one per centum of the present value of the prospective future salaries of all members as computed on the basis of the mortality and service tables adopted by the Board of Trustees and regular interest. The normal rate of contribution shall be determined by the actuary after each valuation.~~

(2a) The actuarially determined employer contribution rate shall be calculated annually by the actuary using assumptions and a cost method approved by the Actuarial Standards Board of the American Academy of Actuaries and selected by the Board of Trustees.

~~(3) Immediately succeeding the first valuation the actuary engaged by the Board of Trustees shall compute the rate per centum of the total annual compensation of all members which is equivalent to four percent (4%) of the amount of the total pension liability on account of all members and beneficiaries which is not dischargeable by the aforesaid normal contribution made on account of such members during the remainder of their active service. The rate per centum originally so determined shall be known as the "accrued liability contribution" rate. Such rate shall be increased on the basis of subsequent valuations if benefits are increased over those included in the valuation on the basis of which the original accrued liability contribution rate was determined. Upon certification by the actuary engaged by the Board of Trustees that the accrued liability contribution rate may be reduced without impairing the Retirement System, the Board of Trustees may cause the accrued liability contribution rate to be reduced.~~

(3a) Notwithstanding Chapter 150B of the General Statutes, the total amount payable in each year to the pension accumulation fund shall not be less than the sum of the rate per centum known as the actuarially determined employer contribution rate of the total earned compensation of all members during the preceding year as adjusted higher under a contribution rate policy adopted by the Board of Trustees and known as the "required employer contribution" rate. The Board of Trustees shall not adopt a contribution rate policy that results in a rate less than the normal contribution rate.

~~(4) The total amount payable in each year to the pension accumulation fund shall not be less than the sum of the rate per centum known as the normal contribution rate and the accrued liability contribution rate of the total actual compensation of all members during the preceding year: Provided, however, that, subject to the provisions of subdivision (3) of this subsection the amount of each annual accrued liability contribution shall be at least three percent (3%) greater than the preceding annual accrued liability payment, and that the aggregate payment by employers shall be sufficient, when combined with the amount in the fund, to provide the pensions and other benefits payable out of the fund during the year then current.~~

~~(5) The accrued liability contribution shall be discontinued as soon as the accumulated reserve in the pension accumulation fund shall equal the present value as actuarially computed and approved by the Board of Trustees, of the total liability of such fund less the present value, computed on the basis of the normal contribution rate then in force, of the prospective normal contributions to be received on account of all persons who are at the time members.~~

(6) All pensions, and benefits in lieu ~~thereof, with the exception of those payable on account of members who received no prior service allowance,~~thereof payable from contributions of employer shall be paid from the pension accumulation fund.

~~(7) Upon the retirement of a member not entitled to credit for prior service, an amount equal to his pension reserve shall be transferred from the pension accumulation fund to the pension reserve fund.~~"

SECTION 2.(i) G.S. 128-30(d) reads as rewritten:

"(d) Pension Accumulation Fund. – The pension accumulation fund shall be the fund in which shall be accumulated all reserves for the payment of all pensions and other benefits payable from contributions made by employers and from which shall be paid all pensions and other benefits on account of members with prior service credit. Contributions to and payments from the pension accumulation fund shall be made as follows:

(1) Each participating employer shall pay to the pension accumulation fund monthly, or at such other intervals as may be agreed upon with the Board of Trustees, an amount equal to a certain percentage of the actual compensation of each member, to be known as the "normal contribution" and an additional amount equal to a percentage of ~~his~~the member's actual compensation to be known as the "accrued liability contribution." The rate per centum of such contributions shall be fixed on the basis of the liabilities of the Retirement System as shown by actuarial ~~valuation. Until the first valuation for any employer whose participation commenced prior to July 1, 1951, the normal contribution shall be three percent (3%) for general employees and five percent (5%) for firemen and policemen, and the accrued liability contribution shall be three percent (3%) for general employees and six percent (6%) for firemen and policemen. Until the first valuation for any employer whose participation commenced on or after July 1, 1951, the normal contribution shall be four percent (4%) for general employees and six and two thirds percent (6 2/3%) for firemen and policemen, and the accrued liability contribution shall be four percent (4%) for general employees and eight percent (8%) for firemen and policemen.~~valuation and duly approved by the Board of Trustees, which shall be called the "actuarially determined employer contribution rate."

~~(2) On the basis of regular interest and of such mortality and other tables as shall be adopted by the Board of Trustees, the actuary engaged by the Board to make each valuation required by this Article during the period over which~~

~~the accrued liability contribution is payable, immediately after making such valuation, shall determine the uniform and constant percentage of the actual compensation of the average new entrant throughout his entire period of active service which would be sufficient to provide for the payment of any pension payable on his account and for the pro rata share of the cost of administration of the Retirement System. The rate per centum so determined shall be known as the "normal contribution" rate. After the accrued liability contribution has ceased to be payable, the normal contribution rate shall be the rate per centum of the earnable salary of all members obtained by deducting from the total liabilities of the pension accumulation fund the amount of the funds in hand to the credit of that fund and dividing the remainder by one per centum (1%) of the present value of the prospective future salaries of all members as computed on the basis of the mortality and service tables adopted by the Board of Trustees and regular interest. The normal rate of contribution shall be determined by the actuary after each valuation. A normal contribution rate shall be determined separately for general employees as a group and for law enforcement officers as a group, these rates to be applied to the respective group payrolls of each employer in determining the normal contribution required of each employer.~~

(2a) The actuarially determined employer contribution rate shall be calculated annually by the actuary using assumptions and a cost method approved by the Actuarial Standards Board of the American Academy of Actuaries and selected by the Board of Trustees.

(3) The ~~"accrued~~"past service liability contribution" shall be set for each employer on the basis of the prior service credits allowable to the employees thereof, who are entitled to prior service certificates, and shall be paid for a period of approximately 30 years, provided that the length of the period of payment for each employer after contributions begin shall be determined by the Board of Trustees as the result of actuarial valuations.

(4) ~~At the end of the first year following~~Upon the date of participation for each employer, the ~~accrued~~past service liability payable by such employer shall be set, by deducting from the present value of the total liability for all pensions payable on account of all members and pensioners of the System who became participants through service for such employer, the present value of the future normal contributions payable, and the amount of any assets resulting from any contributions previously made by such employer. ~~Then the "accrued liability contribution" rate for such employer shall be the per centum of the total annual compensation of all members employed by such employer which is equivalent to four per centum (4%) of the amount of such accrued liability. The expense of making such actuarial valuation to determine the accrued liability contribution for each employer shall be paid by such employer. The accrued liability contribution rate shall be increased on the basis of subsequent valuation if benefits are increased over those included in the valuations on the basis of which the original accrued liability contribution rate was determined.~~ Then the "past service liability contribution rate" for such employer shall be the per centum of the total annual compensation of all members employed by the employer which is estimated to extinguish the liability in 24 years.

(5) ~~The~~Notwithstanding Chapter 150B of the General Statutes, the total amount payable in each year to the pension accumulation fund shall not be less than the sum of the rate per centum known as the ~~normal~~actuarially determined employer contribution rate and the ~~accrued~~past service liability contribution rate of the total earned compensation of all members during the preceding

~~year: Provided, however, that the amount of each annual accrued liability contribution shall be at least three per centum (3%) greater than the preceding annual accrued liability payment, and that the aggregate payment by employers shall be sufficient, when combined with the amount in the fund, to provide the pensions and other benefits payable out of the fund during the year then current.~~year as adjusted under a contribution rate policy adopted by the Board of Trustees and known as the "required employer contribution rate." The Board of Trustees shall not adopt a contribution rate policy that results in a rate less than the normal contribution rate.

~~(6) The accrued liability contribution shall be discontinued as soon as the accumulated reserve in the pension accumulation fund shall equal the present value, as actuarially computed and approved by the Board of Trustees, of the total liability of such fund less the present value, computed on the basis of the normal contribution rate then in force, of the prospective normal contributions to be received on account of all persons who are at that time members, as separately determined for general employees and law-enforcement officers.~~

(7) All pensions, and benefits in lieu thereof, with the exception of those payable on account of members who received no prior service allowance, payable from contributions of employers, shall be paid from the pension accumulation fund.

~~(8) Upon the retirement of a member not entitled to credit for prior service, an amount equal to his pension reserve shall be transferred from the pension accumulation fund to the pension reserve fund.~~

(9) Notwithstanding Chapter 150B of the General Statutes and the foregoing provisions of this ~~subsection, beginning with the December 31, 1985 valuation,~~ subsection, the actuary shall determine an additional "accrued liability ~~contribution"~~contribution rate" and a "normal contribution rate" on account of the total earned compensation of each employer's law enforcement ~~officers.~~officers each year, known as the "required employer contribution for law enforcement officers rate." The required employer contribution for law enforcement officers rate may be adjusted under a contribution rate policy adopted by the Board of Trustees and added to the employers' past service liability rate. The Board of Trustees shall not adopt a contribution rate policy that results in a rate less than the normal contribution rate. ~~This contribution shall be that percentage of law enforcement officer compensation necessary to liquidate the "existing unfunded accrued liability" over a period of years to be determined by the Board of Trustees. The "existing unfunded accrued liability" for each employer shall be equal to the sum of two liabilities. The first is that portion of the unfunded accrued liability of the Law Enforcement Officers' Retirement System as of December 31, 1985, attributable to the accrued liability for each employer's law enforcement officers participating in that System, all based on actuarial assumptions and methods applicable to that System. The second is the accrued liability for additional benefits payable to each employer's law enforcement officers who are members of this Retirement System on December 31, 1985. The "accrued liability contribution" determined on the basis of this paragraph shall be added to that determined under subdivision (3) and shall be included in the total amount payable under subdivision (5).~~"

Funds so deferred shall not be in lieu of any amount earned by the teacher or employee before his or her election to defer compensation became effective. The agreement to defer income referred to herein shall be effective under such necessary regulations and procedures as are adopted by the Board, and on forms prepared or approved by it. However, in no instance shall unused sick leave be credited to a member's account at retirement if the member's last day of actual service is more than five years prior to the effective date of the member's retirement. Further, any agency with a sick leave policy that is more generous than that of all State agencies subject to the rules of the Office of State Human Resources shall proportionately adjust each of its retiring employees' sick leave balance to the balance that employee would have had under the rules of the Office of State Human Resources. Days of sick leave standing to a member's credit at retirement shall be determined by dividing the member's total hours of sick leave at retirement by the hours per month such leave was awarded under the employer's duly adopted sick leave policy as the policy applied to the member when the leave was accrued.

Creditable service for unused sick leave shall be allowed only for sick leave accrued monthly during employment under a duly adopted sick leave policy and for which the member may be able to take credits and be paid for sick leave without restriction. However, in no instance shall unused sick leave be credited to a member's account at retirement if the member's last day of actual service is more than 365 days prior to the effective date of the member's retirement. Days of sick leave standing to a member's credit at retirement shall be determined by dividing the member's total hours of sick leave at retirement by the hours per month such leave was awarded under the employer's duly adopted sick leave policy as the policy applied to the member when the leave was accrued.

On and after July 1, 1971, a member whose account was closed on account of absence from service under the provisions of G.S. 128-24(1a) and who subsequently returns to service for a period of five years, may thereafter repay the amount withdrawn plus regular interest thereon from the date of withdrawal through the year of repayment and thereby increase his creditable service by the amount of creditable service lost when this account was closed.

On and after July 1, 1973, a member whose account in the Teachers' and State Employees' Retirement System was closed on account of absence from service under the provisions of G.S. 135-3(3) and who subsequently became or becomes a member of this System with credit for five years of service, may thereafter repay in a lump sum the amount withdrawn from the Teachers' and State Employees' Retirement System plus regular interest thereon from the date of withdrawal through the year of repayment and thereby increase his creditable service in this System by the amount of creditable service lost when his account was closed.

Notwithstanding any other provision of this Chapter, any member who entered service or was restored to service prior to July 1, 1982, and was excluded from membership service solely on account of having attained the age of 62 years, in accordance with former G.S. 128-24(3a), may purchase membership service credits for such excluded service by making a lump-sum payment equal to the contributions that would have been deducted pursuant to G.S. 128-30(b) had he been a member of the Retirement System, increased by interest calculated at a rate of seven percent (7%) per annum.

On and after January 1, 1986, the creditable service of a member who was a member of the Law Enforcement Officers' Retirement System at the time of the transfer of law enforcement officers employed by participating employers from that System to this Retirement System and whose accumulated contributions are transferred from that System to this Retirement System, includes service that was creditable in the Law Enforcement Officers' Retirement System; and membership service with that System is membership service with this Retirement System; provided, notwithstanding any provisions of this Article to the contrary, any inchoate or accrued rights of such a member to purchase creditable service for military service, withdrawn

service and prior service under the rules and regulations of the Law Enforcement Officers' Retirement System may not be diminished and may be purchased as creditable service with this Retirement System under the same conditions that would have otherwise applied."

SECTION 1. Article 10 of Chapter 58 of the General Statutes is amended by adding a new Part to read:

"Part 10. Risk Management and Own Risk and Solvency Assessment.

"**§ 58-10-700. Purpose and scope.**

(a) The purpose of this Part is to establish the requirements for maintaining a risk management framework and completing an Own Risk and Solvency Assessment (ORSA) and to establish guidance and instructions for filing an ORSA Summary Report with the Commissioner.

The following definitions apply in this Part:

A change in the ORSA Guidance Manual shall be effective on January 1 of the year following the calendar year in which the changes have been adopted by the NAIC.

(6) ORSA Summary Report. – A confidential high-level summary of an insurer or insurance group's ORSA, or a combination of reports, that contains the information described in the ORSA Guidance Manual.

"**§ 58-10-710. Risk management framework.**

An insurer shall maintain a risk management framework to assist the insurer with identifying, assessing, monitoring, managing, and reporting on its material and relevant risks. This requirement may be satisfied if the insurance group of which the insurer is a member maintains a risk management framework applicable to the operations of the insurer.

"**§ 58-10-715. ORSA requirement.**

Subject to G.S. 58-10-725, an insurer, or the insurance group of which the insurer is a member, shall regularly conduct an ORSA consistent with a process comparable to the ORSA Guidance Manual. The ORSA shall be conducted no less than annually but also at any time when there are significant changes to the risk profile of the insurer or the insurance group of which the insurer is a member.

"**§ 58-10-720. ORSA Summary Report.**

(a) No more than once each year, an insurer shall submit to the Commissioner an ORSA Summary Report under the following circumstances:

(1) If the insurer is a member of an insurance group, and the Commissioner is the lead state Commissioner of that insurance group as determined following the procedures within the Financial Analysis Handbook adopted by the NAIC, then the insurer shall submit the ORSA Summary Report to the Commissioner.

(2) If subdivision (1) of this subsection does not apply to the insurer, then the insurer shall submit the ORSA Summary Report upon the Commissioner's request.

(c) An insurer may comply with subsection (a) of this section by providing the most recent and substantially similar reports provided by the insurer or another member of an insurance group of which the insurer is a member to the commissioner of another state or to a supervisor or regulator of a foreign jurisdiction, if that report provides information that is comparable to the information described in the ORSA Guidance Manual. Any such report in a language other than English must be accompanied by a translation of that report into the English language.

"**§ 58-10-725. Exemption.**

(a) An insurer shall be exempt from the requirements of this Part if it meets both of the following standards:

(b) If an insurer qualifies for exemption pursuant to subdivision (1) of subsection (a) of this section, but the insurance group of which the insurer is a member does not qualify for exemption pursuant to subdivision (2) of subsection (a) of this section, then the ORSA Summary Report that may be required pursuant to G.S. 58-10-720 shall include every insurer within the insurance group, regardless of whether an insurer meets the standard of subdivision (1) of subsection (a) of this section. This requirement may be satisfied by the submission of more than one ORSA Summary Report for any combination of insurers within the group, provided that the reports, taken together, include every insurer within the insurance group.

(c) If an insurer does not qualify for exemption pursuant to subdivision (1) of subsection (a) of this section, but the insurance group of which it is a member qualifies for exemption pursuant to subdivision (2) of subsection (a) of this section, then the only ORSA Summary Report that may be required pursuant to G.S. 58-10-720 shall be the report applicable to that insurer.

(d) An insurer that does not qualify for exemption pursuant to subsection (a) of this section may apply to the Commissioner for a waiver from the requirements of this Part based upon unique circumstances. In deciding whether to grant the insurer's request for waiver, the Commissioner may consider the type and volume of business written, ownership and organizational structure, and any other factor the Commissioner considers relevant to the insurer or insurance group of which the insurer is a member. If the insurer is part of an

insurance group with insurers domiciled in more than one state, the Commissioner shall coordinate with the lead state commissioner and with the other domiciliary commissioners in considering whether to grant the insurer's request for a waiver.

(e) Notwithstanding the exemptions stated in this section:

(1) The Commissioner may require that an insurer maintain a risk management framework, conduct an ORSA, and file an ORSA Summary Report based on unique circumstances, including, but not limited to, the type and volume of business written, ownership and organizational structure, federal agency requests, and international supervisor requests.

(2) The Commissioner may require that an insurer maintain a risk management framework, conduct an ORSA, and file an ORSA Summary Report if the insurer has a risk-based capital company action level event as set forth in G.S. 58-12-11, meets one or more of the standards of an insurer deemed to be in hazardous financial condition as defined in G.S. 58-30-60, or otherwise exhibits qualities of a troubled insurer as determined by the Commissioner.

(f) If an insurer that qualifies for an exemption pursuant to subsection (a) of this section subsequently no longer qualifies for that exemption due to changes in premium as reflected in the insurer's most recent annual statement or in the most recent annual statements of the insurers within the insurance group of which the insurer is a member, the insurer shall have one year following the year the threshold is exceeded to comply with the requirements of this Part.

"**§ 58-10-730. Contents of ORSA Summary Report.**

(a) The ORSA Summary Report shall be prepared consistent with the ORSA Guidance Manual, subject to the requirements of subsection (b) of this section. Documentation and supporting information shall be maintained and made available upon examination or upon request of the Commissioner.

(b) The review of the ORSA Summary Report, and any additional requests for information, shall be made using procedures similar to those currently used in the analysis and examination of multistate or global insurers and insurance groups.

"**§ 58-10-735. Confidentiality.**

b. Specify that ownership of information shared with the NAIC or a third-party consultant pursuant to this Part remains with the Commissioner, and the NAIC's or a third-party consultant's use of the information is subject to the direction of the Commissioner.

f. In the case of an agreement involving a third-party consultant, provide for the insurer's written consent.

(d) The sharing of information and documents by the Commissioner pursuant to this Part shall not constitute a delegation of regulatory authority or rule making, and the Commissioner is solely responsible for the administration, execution, and enforcement of the provisions of this Part.

(e) No waiver of any applicable privilege or claim of confidentiality in the documents, proprietary and trade secret materials, or other ORSA-related information shall occur as a result

c. The following requirements apply to the following categories of assuming insurer:

1. The trust fund for a single assuming insurer shall consist of funds in trust in an amount not less than the assuming insurer's liabilities attributable to reinsurance ceded by United States ceding insurers, and, in addition, the assuming insurer shall maintain a surplus in trust of not less than twenty million dollars ~~($20,000,000).~~($20,000,000), except as provided in sub-sub-subdivision c.1a. of this subdivision.

1a. At any time after the assuming insurer has permanently discontinued underwriting new business secured by the trust for at least three full years, the insurance regulator of the state with principal regulatory oversight of the trust may authorize a reduction in the required trusteed surplus, but only after a finding, based on an assessment of the risk, that the new

required surplus level is adequate for the protection of United States ceding insurers, policyholders, and claimants in light of reasonably foreseeable adverse loss development. The risk assessment may involve an actuarial review, including an independent analysis of reserves and cash flows, and shall consider all material risk factors, including, when applicable, the lines of business involved, the stability of the incurred loss estimates, and the effect of the surplus requirements on the assuming insurer's liquidity or solvency. The minimum required trusteed surplus may not be reduced to an amount less than thirty percent (30%) of the assuming insurer's liabilities attributable to reinsurance ceded by United States ceding insurers covered by the trust.

2. In the case of a group including incorporated and individual unincorporated underwriters:

In addition to these trusts, the group shall maintain in trust a surplus of which one hundred million dollars ($100,000,000) shall be held jointly for the benefit of the United States domiciled ceding insurers of any member of the group for all years of account. Each incorporated member of the group shall not be engaged in any business other than underwriting as a member of the group and shall be subject to the same level of regulation and solvency control by the group's domiciliary insurance regulator as are the unincorporated members. Within 90 days after its financial statements are due to be filed with the group's domiciliary insurance regulator, the group shall provide to the Commissioner an annual certification by the group's domiciliary insurance regulator of the solvency of each underwriter member or, if a certification is unavailable, financial statements prepared by independent public accountants of each underwriter member of the group.

3. The trust fund for a group of incorporated insurers under common administration, whose members possess aggregate policyholders surplus of ten billion dollars ($10,000,000,000), calculated and reported in substantially the same manner as prescribed by the annual statement instructions and

Accounting Practices and Procedures Manual of the NAIC, and which has continuously transacted an insurance business outside the United States for at least three years immediately prior to making application for accreditation, shall do all of the following:

I. Consist of funds in trust in an amount not less than the assuming insurers' several liabilities attributable to business ceded by United States domiciled ceding insurers to any members of the group pursuant to reinsurance contracts issued in the name of such group;

II. Maintain a joint trusteed surplus of which one hundred million dollars ($100,000,000) shall be held jointly for the benefit of United States domiciled ceding insurers of any member of the group; and

III. File a properly executed NAIC Form AR-1 as evidence of the submission to this State's authority to examine the books and records of any of its members and shall certify that any member examined will bear the expense of any such examination.

Within 90 days after the statements are due to be filed with the group's domiciliary regulator, the group shall file with the Commissioner an annual certification of each underwriter member's solvency by the member's domiciliary regulators, and financial statements, prepared by independent public accountants, of each underwriter member of the group.

d. Repealed by Session Laws 2001-223, s. 3.1. For applicability, see note.

(4a) Credit for reinsurance – Certified reinsurers. – Credit shall be allowed when the reinsurance is ceded to an assuming insurer that has been certified by the Commissioner as a reinsurer in this State and secures its obligations in accordance with the requirements of this subdivision.

a. In order to be eligible for certification, the assuming insurer shall meet the following requirements:

1. The assuming insurer must be domiciled and licensed to transact insurance or reinsurance in a qualified jurisdiction, as determined by the Commissioner pursuant to sub-subdivision f. of this subdivision;

2. The assuming insurer must maintain capital and surplus, or its equivalent, of no less than two hundred fifty million dollars ($250,000,000) calculated in accordance with sub-sub-subdivision d.8. of this subdivision. This requirement may also be satisfied by an association including incorporated and individual unincorporated underwriters having minimum capital and surplus equivalents, net of liabilities, of at least two hundred fifty million dollars ($250,000,000) and a central fund containing a balance of at least two hundred fifty million dollars ($250,000,000);

3. The assuming insurer must maintain financial strength ratings from two or more rating agencies deemed acceptable by the Commissioner. These ratings shall be based on interactive communication between the rating agency and the assuming insurer and shall not be based solely on publicly available

information. These financial strength ratings will be one factor used by the Commissioner in determining the rating that is assigned to the assuming insurer. Acceptable rating agencies include the following:

I. Standard & Poor's;
II. Moody's Investors Service;
III. Fitch Ratings;
IV. A.M. Best Company; or
V. Any other nationally recognized statistical rating organization.

4. The assuming insurer must submit a properly executed NAIC Form CR-1 as evidence of its submission to the jurisdiction of this State, appointment of the Commissioner as an agent for service of process in this State, and agreement to provide security for one hundred percent (100%) of the assuming insurer's liabilities attributable to reinsurance ceded by United States ceding insurers if it resists enforcement of a final United States judgment. The Commissioner shall not certify any assuming insurer that is domiciled in a jurisdiction that the Commissioner has determined does not adequately and promptly enforce final United States judgments or arbitration awards;

5. The certified reinsurer must agree to meet applicable information filing requirements, as determined by the Commissioner, both with respect to an initial application for certification and on an ongoing basis. All information submitted by certified reinsurers which is not otherwise public information subject to disclosure shall be exempted from disclosure under the North Carolina Public Records Act, Chapter 132 of the General Statutes, and shall be withheld from public disclosure. The applicable information filing requirements are as follows:

I. Notification within 10 days of any regulatory actions taken against the certified reinsurer, any change in the provisions of its domiciliary license, or any change in rating by an approved rating agency, including a statement describing such changes and the reasons therefore;
II. Annually, NAIC Form CR-F or CR-S, as applicable;
III. Annually, the report of the independent auditor on the financial statements of the insurance enterprise, on the basis described in sub-sub-sub-subdivision a.5.IV. of this subdivision;
IV. Annually, audited United States generally accepted accounting principles basis financial statements, regulatory filings, and actuarial opinion as filed with the certified reinsurer's supervisor. Audited International Financial Reporting Standards basis statements are allowed but must include an audited footnote reconciling equity and net income to United States generally accepted accounting principles basis, or, with the permission of the Commissioner, audited International Financial Reporting Standards

statements with reconciliation to United States generally accepted accounting principles certified by an officer of the company. Upon the initial certification, audited financial statements for the last three years filed with the certified reinsurer's supervisor;

V. At least annually, an updated list of all disputed and overdue reinsurance claims regarding reinsurance assumed from United States domestic ceding insurers;

VI. A certification from the certified reinsurer's domestic regulator that the certified reinsurer is in good standing and maintains capital in excess of the jurisdiction's highest regulatory action level; and

VII. Any other information that the Commissioner may reasonably require.

6. Any other requirements for certification deemed relevant by the Commissioner.

b. An association, including incorporated and individual unincorporated underwriters, may be a certified reinsurer. In order to be eligible for certification, in addition to satisfying requirements of sub-subdivision a. of this subdivision:

1. The association shall satisfy its minimum capital and surplus requirements through the capital and surplus equivalents, net of liabilities, of the association and its members, which shall include a joint central fund that may be applied to any unsatisfied obligation of the association or any of its members, in an amount determined by the Commissioner to provide adequate protection;

2. The incorporated members of the association shall not be engaged in any business other than underwriting as a member of the association and shall be subject to the same level of regulation and solvency control by the association's domiciliary regulator as are the unincorporated members; and

3. Within 90 days after its financial statements are due to be filed with the association's domiciliary regulator, the association shall provide to the Commissioner an annual certification by the association's domiciliary regulator of the solvency of each underwriter member or, if a certification is unavailable, financial statements, prepared by independent public accountants, of each underwriter member of the association.

c. Certification procedure. –

1. The Commissioner shall post notice on the Department's Web site promptly upon receipt of any application for certification, including instructions on how members of the public may respond to the application. The Commissioner may not take final action on the application until at least 30 days after posting the notice required by this sub-subdivision.

2. The Commissioner shall issue written notice to an assuming insurer that has made application and been approved as a certified reinsurer. Included in such notice shall be the rating assigned to the certified reinsurer in accordance with sub-subdivision d. of this subdivision.

3. Any other requirements reasonably imposed by the Commissioner.

d. Certified reinsurer rating. – the Commissioner shall assign a rating to each certified reinsurer on a legal entity basis, with due consideration being given to the group rating where appropriate, except that an association, including incorporated and individual unincorporated underwriters, that has been approved to do business as a single certified reinsurer may be evaluated on the basis of its group rating. The Commissioner shall publish a list of all certified reinsurers and their ratings. Factors that may be considered as part of the evaluation process include, but are not limited to, the following:

1. The certified reinsurer's financial strength rating from an acceptable rating agency. The maximum rating that a certified reinsurer may be assigned will correspond to its financial strength rating as outlined in the table below. The Commissioner shall use the lowest financial strength rating received from an approved rating agency in establishing the maximum rating of a certified reinsurer. A failure to obtain or maintain at least two financial strength ratings from acceptable rating agencies will result in loss of eligibility for certification;

Ratings	Best	S&P	Moody's	Fitch
Secure – 1	A++	AAA	Aaa	AAA
Secure – 2	A+	AA+, AA, AA-	Aa1, Aa2, Aa3	AA+, AA, AA-

2. The business practices of the certified reinsurer in dealing with its ceding insurers, including its record of compliance with reinsurance contractual terms and obligations;

3. For certified reinsurers domiciled in the United States, a review of the most recent applicable NAIC Annual Statement Blank, either Schedule F for property/casualty reinsurers or Schedule S for life and health reinsurers;

4. For certified reinsurers not domiciled in the United States, a review annually of NAIC Form CR-F for property/casualty reinsurers or NAIC Form CR-S for life and health reinsurers;

5. The reputation of the certified reinsurer for prompt payment of claims under reinsurance agreements, based on an analysis of the ceding insurers' in the NAIC Annual Statement Blank Schedule F reporting of overdue reinsurance recoverables, including the proportion of obligations that are more than 90 days past due or are in dispute, with specific attention given to obligations payable to companies that are in administrative supervision or receivership. Based on the analysis conducted, the Commissioner may make appropriate adjustments in the security the certified reinsurer is required to post to protect its liabilities to United States ceding insurers, provided that the

Commissioner shall, at a minimum, increase the security the certified reinsurer is required to post by one rating level if the Commissioner finds that:

I. More than fifteen percent (15%) of the certified reinsurer's ceding insurance clients have overdue reinsurance recoverables on paid losses of 90 days or more which are not in dispute and which exceed one hundred thousand dollars ($100,000) for each cedent; or

II. The aggregate amount of reinsurance recoverables on paid losses which are not in dispute that are overdue by 90 days or more exceeds fifty million dollars ($50,000,000).

6. Regulatory actions against the certified reinsurer;

7. The report of the independent auditor on the financial statements of the insurance enterprise, on the basis described in sub-sub-subdivision d.8. of this subdivision;

8. For certified reinsurers not domiciled in the United States, audited United States generally accepted accounting principles basis financial statements, regulatory filings, and actuarial opinion as filed with the non-United States jurisdiction supervisor. Audited International Financial Reporting Standards basis statements are allowed but must include an audited footnote reconciling equity and net income to United States generally accepted accounting principles basis, or, with the permission of the Commissioner, audited International Financial Reporting Standards statements with reconciliation to United States generally accepted accounting principles certified by an officer of the company. Upon the initial application for certification, the Commissioner will consider audited financial statements for the last three years filed with its non-United States jurisdiction supervisor;

9. The liquidation priority of obligations to a ceding insurer in the certified reinsurer's domiciliary jurisdiction in the context of an insolvency proceeding;

10. A certified reinsurer's participation in any solvent scheme of arrangement, or similar procedure, which involves United States ceding insurers. The Commissioner shall receive prior notice from a certified reinsurer that proposes participation by the certified reinsurer in a solvent scheme of arrangement; and

11. Any other information deemed relevant by the Commissioner.

e. Credit allowed a ceding insurer. – The Commissioner shall allow credit for reinsurance ceded by a domestic insurer to an assuming insurer that has been certified as a reinsurer in this State at all times for which statutory financial statement credit for reinsurance is claimed under this subdivision. The credit allowed a ceding insurer shall be based upon the security held by or on behalf of the ceding insurer in accordance with the rating assigned to the certified reinsurer by the Commissioner pursuant to sub-subdivision d. of this subdivision. The security shall be maintained and in a form consistent with the provisions of G.S. 58-7-26. The amount of

security required in order for full credit to be allowed shall correspond with the following requirements:

1. Ratings — Security Required
   - Secure – 1 ..... 0%
   - Secure – 2 ..... 10%
   - Secure – 3 ..... 20%
   - Secure – 4 ..... 50%
   - Secure – 5 ..... 75%
   - Vulnerable – 6 ..... 100%
2. If a certified reinsurer maintains a trust to fully secure its obligations subject to subdivision (4) of this subsection, and chooses to secure its obligations incurred as a certified reinsurer in the form of a multibeneficiary trust, the certified reinsurer shall maintain separate trust accounts for its obligations incurred under reinsurance agreements issued or renewed as a certified reinsurer with reduced security, as permitted by this subdivision or comparable laws of other United States jurisdictions, and for its obligations subject to subdivision (4) of this subsection. It shall be a condition to the grant of certification under this subdivision that the certified reinsurer shall have bound itself, by the language of the trust and agreement with the insurance regulator with principal regulatory oversight of each such trust account, to fund, upon termination of any such trust account, out of the remaining surplus of such trust any deficiency of any other such trust account.
3. The minimum trusteed surplus requirements provided in subdivision (4) of this subsection are not applicable with respect to a multibeneficiary trust maintained by a certified reinsurer for the purpose of securing obligations incurred under this subdivision, except that such trust shall maintain a minimum trusteed surplus of ten million dollars ($10,000,000).
4. With respect to obligations incurred by a certified reinsurer under this subdivision, if the security is insufficient, the Commissioner shall reduce the allowable credit by an amount proportionate to the deficiency and has the discretion to impose further reductions in allowable credit upon finding that there is a material risk that the certified reinsurer's obligations will not be paid in full when due.
5. For purposes of this subdivision, a certified reinsurer whose certification has been terminated for any reason shall be treated as a certified reinsurer required to secure one hundred percent (100%) of its obligations.
   I. As used in this sub-sub-subdivision, the term "terminated" refers to revocation, suspension, voluntary surrender, and inactive status.
   II. If the Commissioner continues to assign a higher rating as permitted by other provisions of this subdivision, this requirement does not apply to a certified reinsurer in inactive status or to a reinsurer whose certification has been suspended.

6. Affiliated reinsurance transactions shall receive the same opportunity for reduced security requirements as all other reinsurance transactions.
7. The Commissioner shall require the certified reinsurer to post one hundred percent (100%), for the benefit of the ceding insurer or its estate, security upon the entry of an order of rehabilitation or liquidation or conservation against the ceding insurer.
8. In order to facilitate the prompt payment of claims, a certified reinsurer shall not be required to post security for catastrophe recoverables for a period of one year from the date of the first instance of a liability reserve entry by the ceding company insurer as a result of a loss from a catastrophic occurrence as recognized by the Commissioner. The one-year deferral period is contingent upon the certified reinsurer continuing to pay claims in a timely manner. Reinsurance recoverables for only the following lines of business as reported on the NAIC annual financial statement related specifically to the catastrophic occurrence will be included in the deferral:
   I. Line 1: Fire.
   II. Line 2: Allied lines.
   III. Line 3: Farmowners multiple peril.
   IV. Line 4: Homeowners multiple peril.
   V. Line 5: Commercial multiple peril.
   VI. Line 9: Inland marine.
   VII. Line 12: Earthquake.
   VIII. Line 21: Auto physical damage.
9. Credit for reinsurance under this sub-subdivision shall apply only to reinsurance contracts entered into or renewed on or after the effective date of the certification of the assuming insurer. Any reinsurance contract entered into prior to the effective date of the certification of the assuming insurer that is subsequently amended after the effective date of the certification of the assuming insurer, or a new reinsurance contract, covering any risk for which collateral was provided previously, shall only be subject to this sub-subdivision with respect to losses incurred and reserves reported from and after the effective date of the amendment or new contract.
10. Nothing in this sub-subdivision shall prohibit the parties to a reinsurance agreement from agreeing to provisions establishing security requirements that exceed the minimum security requirements established for certified reinsurers under this sub-subdivision.

f. Qualified jurisdictions. – The Commissioner shall create and publish a list of qualified jurisdictions under which an assuming insurer licensed and domiciled in such jurisdiction is eligible to be considered for certification by the Commissioner as a certified reinsurer.
   1. In order to determine whether the domiciliary jurisdiction of a non-United States assuming insurer is eligible to be recognized as a qualified jurisdiction, the Commissioner shall evaluate the appropriateness and effectiveness of the reinsurance supervisory system of the jurisdiction, both

initially and on an ongoing basis, and consider the rights, benefits, and the extent of reciprocal recognition afforded by the non-United States jurisdiction to reinsurers licensed and domiciled in the United States. A qualified jurisdiction must agree to share information and cooperate with the Commissioner with respect to all certified reinsurers domiciled within that jurisdiction. Additional factors to be considered in determining whether to recognize a qualified jurisdiction, in the discretion of the Commissioner, include, but are not limited to, the following:

I. The framework under which the assuming insurer is regulated.

II. The structure and authority of the domiciliary regulator with regard to solvency regulation requirements and financial surveillance.

III. The substance of financial and operating standards for assuming insurers in the domiciliary jurisdiction.

IV. The form and substance of financial reports required to be filed or made publicly available by reinsurers in the domiciliary jurisdiction and the accounting principles used.

V. The domiciliary regulator's willingness to cooperate with United States regulators in general and the Commissioner in particular.

VI. The history of performance by assuming insurers in the domiciliary jurisdiction.

VII. Any documented evidence of substantial problems with the enforcement of final United States judgments in the domiciliary jurisdiction. A jurisdiction will not be considered to be a qualified jurisdiction if the Commissioner has determined that it does not adequately and promptly enforce final United States judgments or arbitration awards.

VIII. Any relevant international standards or guidance with respect to mutual recognition of reinsurance supervision adopted by the International Association of Insurance Supervisors or successor organization.

IX. Any other matters deemed relevant by the Commissioner.

2. The Commissioner shall consider the list of qualified jurisdictions published by the NAIC in determining qualified jurisdictions. If the Commissioner approves a jurisdiction as qualified that does not appear on the NAIC's list of qualified jurisdictions, the Commissioner shall provide thoroughly documented justification with respect to the criteria provided under sub-sub-sub-subdivision f.1.I. through IX. of this subdivision.

3. United States jurisdictions that meet the requirement for accreditation under the NAIC financial standards and accreditation program shall be recognized as qualified jurisdictions.

4. If a certified reinsurer's domiciliary jurisdiction ceases to be a qualified jurisdiction, the Commissioner has the discretion to

suspend the reinsurer's certification indefinitely, in lieu of revocation.

g. Recognition of certification issued by an NAIC accredited jurisdiction. – If an applicant for certification has been certified as a reinsurer in an NAIC accredited jurisdiction, the Commissioner has the discretion to defer to that jurisdiction's certification and has the discretion to defer to the rating assigned by that jurisdiction, if the assuming insurer submits a properly executed NAIC Form CR-1 and such additional information as the Commissioner requires. The assuming insurer shall be considered to be a certified reinsurer in this State. Any change in the certified reinsurer's status or rating in the other jurisdiction shall apply automatically in this State as of the date it takes effect in the other jurisdiction. The certified reinsurer shall notify the Commissioner of any change in its status or rating within 10 days after receiving notice of the change. The Commissioner may withdraw recognition of the other jurisdiction's rating at any time and assign a new rating in accordance with sub-subdivision d. of this subdivision. The Commissioner may withdraw recognition of the other jurisdiction's certification at any time, with written notice to the certified reinsurer. Unless the Commissioner suspends or revokes the certified reinsurer's certification in accordance with sub-subdivision j. of this subdivision, the certified reinsurer's certification shall remain in good standing in this State for a period of three months, which shall be extended if additional time is necessary to consider the assuming insurer's application for certification in this State.

h. Inactive certified reinsurer. – A certified reinsurer that ceases to assume new business in this State may request to maintain its certification in inactive status in order to continue to qualify for a reduction in security for its in-force business. An inactive certified reinsurer shall continue to comply with all applicable requirements of this subdivision, and the Commissioner shall assign a rating that takes into account, if relevant, the reasons why the reinsurer is not assuming new business.

i. Change in rating or revocation of certification. –

1. In the case of a downgrade by a rating agency or other disqualifying circumstance, the Commissioner shall, upon written notice, assign a new rating to the certified reinsurer in accordance with the requirements of sub-subdivision d. of this subdivision.
2. The Commissioner shall have the authority to suspend, revoke, or otherwise modify a certified reinsurer's certification at any time if the certified reinsurer fails to meet its obligations or security requirements under this subdivision or, if other financial or operating results of the certified reinsurer, or documented significant delays in payment by the certified reinsurer, lead the Commissioner to reconsider the certified reinsurer's ability or willingness to meet its contractual obligations.
3. If the rating of a certified reinsurer is upgraded by the Commissioner, the certified reinsurer may meet the security requirements applicable to its new rating on a prospective basis, but the Commissioner shall require the certified reinsurer to post security under the previously applicable

security requirements as to all contracts in force on or before the effective date of the upgraded rating. If the rating of a certified reinsurer is downgraded by the Commissioner, the Commissioner shall require the certified reinsurer to meet the security requirements applicable to its new rating for all business it has assumed as a certified reinsurer.

4. Upon revocation of the certification of a certified reinsurer by the Commissioner, the assuming insurer shall be required to post security in accordance with G.S. 58-7-26 in order for the ceding insurer to continue to take credit for reinsurance ceded to the assuming insurer. If funds continue to be held in trust, in accordance with subdivision (4) of this subsection, the Commissioner may allow additional credit equal to the ceding insurer's pro rata share of such funds, discounted to reflect the risk of uncollectibility and anticipated expenses of trust administration. Notwithstanding the change of a certified reinsurer's rating or revocation of its certification, a domestic insurer that has ceded reinsurance to that certified reinsurer may not be denied credit for reinsurance for a period of three months for all reinsurance ceded to that certified reinsurer, unless the reinsurance is found by the Commissioner to be at high risk of uncollectibility.

j. Mandatory funding clause. – In addition to the clauses required by rule, reinsurance contracts entered into or renewed under this subdivision shall include a proper funding clause, which requires the certified reinsurer to provide and maintain security in an amount sufficient to avoid the imposition of any financial statement penalty on the ceding insurer under this subdivision for reinsurance ceded to the certified reinsurer.

k. NAIC reporting and notification requirements. – The Commissioner shall comply with all reporting and notification requirements that may be established by the NAIC with respect to certified reinsurers and qualified jurisdictions.

(5) Credit shall be allowed when the reinsurance is ceded to an assuming insurer not meeting the requirements of subdivisions (1), (2), (3), ~~or (4),~~(4), or (4a) of this subsection, but only with respect to the insurance of risks located in jurisdictions where the reinsurance is required by applicable law or regulation of that jurisdiction.

(6) If the assuming insurer is not licensed, ~~or accredited~~ accredited, or certified to transact insurance or reinsurance in this State, the credit permitted by subdivisions (3) and (4) of this subsection shall not be allowed unless the assuming insurer agrees in the reinsurance agreements:

a. That if the assuming insurer fails to perform its obligations under the terms of the reinsurance agreement, the assuming insurer, at the ceding insurer's request, shall submit to the jurisdiction of any court of competent jurisdiction in any state of the United States, shall comply with all requirements necessary to give the court jurisdiction, and shall abide by the final decision of the court or of any appellate court if there is an appeal; and

b. To designate the Commissioner or a designated attorney as its true and lawful attorney upon whom may be served any lawful process in any action, suit, or proceeding begun by or on behalf of the ceding ~~company.~~insurer.

This subdivision does not affect the obligation of the parties to a reinsurance agreement to arbitrate their disputes, if the obligation is created in the agreement.

(7) If the assuming insurer does not meet the requirements of subdivision (1), (2), or (3) of this subsection, the credit permitted by subdivision (4) or (4a) of this subsection shall not be allowed unless the assuming insurer agrees in the trust agreements to the following conditions:

a. Notwithstanding any other provisions in the trust instrument, if the trust fund is inadequate because it contains an amount less than the amount required by ~~sub-subdivision of this subsection,~~ sub-subdivision (4)c. of this subsection, or if the grantor of the trust has been declared insolvent or placed into receivership, rehabilitation, liquidation, or similar proceedings under the laws of its state or country of domicile, the trustee shall comply with an order of the public official with regulatory oversight over the trust or with an order of a court of competent jurisdiction directing the trustee to transfer to the public official with regulatory oversight all of the assets of the trust fund.

b. The assets shall be distributed by, and claims shall be filed with and valued by, the public official with regulatory oversight in accordance with the laws of the state in which the trust is domiciled that are applicable to the liquidation of domestic insurance companies.

c. If the public official with regulatory oversight determines that the assets of the trust fund or any part thereof are not necessary to satisfy the claims of the United States ceding insurers of the grantor of the trust, those assets shall be returned by the public official with regulatory oversight to the trustee for distribution in accordance with the trust agreement.

d. The grantor shall waive any right otherwise available to it under United States law that is inconsistent with this provision.

(8) Failure to meet requirements. – If an accredited or certified reinsurer ceases to meet the requirements for accreditation or certification, the Commissioner may suspend or revoke the reinsurer's accreditation or certification.

a. The Commissioner must give the reinsurer notice and opportunity for hearing. The suspension or revocation may not take effect until after the Commissioner's order on hearing, unless:

1. The reinsurer waives its right to hearing;

(2) Documents in reasonable detail the facts and data used in the analysis and their sufficiency and reliability.

(3) Employs generally accepted accounting, engineering, and planning methodologies, including the buy-in, incremental cost or marginal cost, and combined cost methods for each service, setting forth appropriate analysis as

to the consideration and selection of a method appropriate to the circumstances and adapted as necessary to satisfy all requirements of this Article.

That credit shall be determined based upon generally accepted calculations and shall reflect a deduction of either the outstanding debt principal or the present value of projected water and sewer revenues received by the local governmental unit for the capital improvements necessitated by and attributable to such new development, anticipated over the course of the planning horizon. In no case shall the credit be less than twenty-five percent (25%) of the aggregate cost of capital improvements.

(c) Construction or Contributions Credit. – In calculating the system development fee with respect to new development, the local governmental unit shall credit the value of costs in excess of the development's proportionate share of connecting facilities required to be oversized for use of others outside of the development. No credit shall be applied, however, for water or sewer capital improvements on-site or to connect new development to water or sewer facilities.

"**§ 162A-208. Reserved.**

"**§ 162A-209. Adoption and periodic review.**

For all other new development, the local governmental unit shall collect the system development fee at the time of application for connection of the individual unit of development to the service or facilities.

"**§ 162A-214. Reserved.**

"**§ 162A-215. Narrow construction.**

Notwithstanding G.S. 153A-4 and G.S. 160A-4, in any judicial action interpreting this Article, all powers conferred by this Article shall be narrowly construed to ensure that system development fees do not unduly burden new development."

Any surplus from operating revenues shall be set aside as a separate fund to be applied to the payment of interest on or to the retirement of bonds or bond anticipation notes. The sanitary district board may modify and adjust these service charges and rates.

AN ACT REPEALING AND REPLACING NORTH CAROLINA'S CURRENT NURSE LICENSURE COMPACT.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 90-171.80 through G.S. 90-171.94 are repealed.

SECTION 2. Article 9G of Chapter 90 of the General Statutes is amended by adding new sections to read:

"**§ 90-171.95. Findings and declaration of purpose.**

(a) The party states make the following findings:

(1) The health and safety of the public are affected by the degree of compliance with and the effectiveness of enforcement activities related to state nurse licensure laws.

(2) Violations of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public.

(3) The expanded mobility of nurses and the use of advanced communication technologies as part of our nation's health care delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation.

(4) New practice modalities and technology make compliance with individual state nurse licensure laws difficult and complex.

(5) The current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant for both nurses and states.

(6) Uniformity of nurse licensure requirements throughout the states promotes public safety and public health benefits.

(b) The general purposes of this Compact are as follows:

(1) Facilitate the states' responsibility to protect the public's health and safety.

(2) Ensure and encourage the cooperation of party states in the areas of nurse licensure and regulation.

(3) Facilitate the exchange of information between party states in the areas of nurse regulation, investigation, and adverse actions.

(4) Promote compliance with the laws governing the practice of nursing in each jurisdiction.

(5) Invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses.

(6) Decrease redundancies in the consideration and issuance of nurse licenses.

(7) Provide opportunities for interstate practice by nurses who meet uniform licensure requirements.

"**§ 90-171.95A. Definitions.**

As used in this Compact:

(a) Adverse Action. – Any administrative, civil, equitable, or criminal action permitted by a state's laws which is imposed by a licensing board or other authority against a nurse, including actions against an individual's license or multistate licensure privilege such as revocation, suspension, probation, monitoring of the licensee, limitation on the licensee's practice, or any other encumbrance on licensure affecting a nurse's authorization to practice, including issuance of a cease and desist action.

(b) Alternative Program. – A nondisciplinary monitoring program approved by a licensing board.

(c) Coordinated Licensure Information System. – An integrated process for collecting, storing, and sharing information on nurse licensure and enforcement activities related to nurse licensure laws that is administered by a nonprofit organization composed of and controlled by licensing boards.

(d) Current Significant Investigative Information. – Both of the following:

(1) Investigative information that a licensing board, after a preliminary inquiry that includes notification and an opportunity for the nurse to respond, if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction.

(2) Investigative information that indicates the nurse represents an immediate threat to public health and safety regardless of whether the nurse has been notified and had an opportunity to respond.

(e) Encumbrance. – A revocation or suspension of, or any limitation on, the full and unrestricted practice of nursing imposed by a licensing board.

(f) Home State. – The party state which is the nurse's primary state of residence.

(g) Licensing Board. – A party state's regulatory body responsible for issuing nurse licenses.

(h) Multistate License. – A license to practice as a registered or a licensed practical/vocational nurse (LPN/VN) issued by a home state licensing board that authorizes the licensed nurse to practice in all party states under a multistate licensure privilege.

(i) Multistate Licensure Privilege. – A legal authorization associated with a multistate license permitting the practice of nursing as either a registered nurse (RN) or LPN/VN in a remote state.

(j) Nurse. – RN or LPN/VN, as those terms are defined by each party state's practice laws.

(k) Party State. – Any state that has adopted this Compact.

(*l*) Remote State. – A party state, other than the home state.

(m) Single-State License. – A nurse license issued by a party state that authorizes practice only within the issuing state and does not include a multistate licensure privilege to practice in any other party state.

(n) State. – A state, territory, or possession of the United States and the District of Columbia.

(o) State Practice Laws. – A party state's laws, rules, and regulations that govern the practice of nursing, define the scope of nursing practice, and create the methods and grounds for imposing discipline. "State practice laws" do not include requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.

"**§ 90-171.95B. General provisions and jurisdiction.**

(a) A multistate license to practice registered or licensed practical/vocational nursing issued by a home state to a resident in that state will be recognized by each party state as authorizing a nurse to practice as a registered nurse (RN) or as a licensed practical/vocational nurse (LPN/VN), under a multistate licensure privilege, in each party state.

(b) A state must implement procedures for considering the criminal history records of applicants for initial multistate license or licensure by endorsement. Such procedures shall include the submission of fingerprints or other biometric-based information by applicants for the purpose of obtaining an applicant's criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state's criminal records.

(c) Each party state shall require all of the following for an applicant to obtain or retain a multistate license in the home state:

(1) Meets the home state's qualifications for licensure or renewal of licensure as well as all other applicable state laws.

(2) Either of the following:

a. Has graduated or is eligible to graduate from a licensing board-approved RN or LPN/VN prelicensure education program.

b. Has graduated from a foreign RN or LPN/VN pre-licensure education program that (a) has been approved by the authorized accrediting body in the applicable country and (b) has been verified by an independent credentials review agency to be comparable to a licensing board-approved pre-licensure education program.

(3) Has, if a graduate of a foreign pre-licensure education program not taught in English or if English is not the individual's native language, successfully passed an English proficiency examination that includes the components of reading, speaking, writing, and listening.

(4) Has successfully passed an NCLEX-RN® or NCLEX-PN® Examination or recognized predecessor, as applicable.

(5) Is eligible for or holds an active, unencumbered license.

(6) Has submitted, in connection with an application for initial licensure or licensure by endorsement, fingerprints or other biometric data for the purpose of obtaining criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state's criminal records.

(7) Has not been convicted or found guilty, or has entered into an agreed disposition, of a felony offense under applicable state or federal criminal law.

(8) Has not been convicted or found guilty, or has entered into an agreed disposition, of a misdemeanor offense related to the practice of nursing as determined on a case-by-case basis.

(9) Is not currently enrolled in an alternative program.

(10) Is subject to self-disclosure requirements regarding current participation in an alternative program.

(11) Has a valid United States Social Security number.

(d) All party states shall be authorized, in accordance with existing state due process law, to take adverse action against a nurse's multistate licensure privilege such as revocation, suspension, probation, or any other action that affects a nurse's authorization to practice under a multistate licensure privilege, including cease and desist actions. If a party state takes such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states.

(e) A nurse practicing in a party state must comply with the state practice laws of the state in which the client is located at the time service is provided. The practice of nursing is not limited to patient care but shall include all nursing practice as defined by the state practice laws of the party state in which the client is located. The practice of nursing in a party state under a multistate licensure privilege will subject a nurse to the jurisdiction of the licensing board, the courts, and the laws of the party state in which the client is located at the time service is provided.

(f) Individuals not residing in a party state shall continue to be able to apply for a party state's single-state license as provided under the laws of each party state. However, the single-state license granted to these individuals will not be recognized as granting the privilege to practice nursing in any other party state. Nothing in this Compact shall affect the requirements established by a party state for the issuance of a single-state license.

(g) Any nurse holding a home state multistate license, on the effective date of this Compact, may retain and renew the multistate license issued by the nurse's then-current home state, provided that:

(1) A nurse, who changes primary state of residence after this Compact's effective date, must meet all applicable requirements in subsection (c) of this section to obtain a multistate license from a new home state.

(2) A nurse who fails to satisfy the multistate licensure requirements in subsection (c) of this section due to a disqualifying event occurring after this Compact's effective date shall be ineligible to retain or renew a multistate license, and the nurse's multistate license shall be revoked or deactivated in accordance with applicable rules adopted by the Interstate Commission of Nurse Licensure Compact Administrators ("Commission").

"**§ 90-171.95C. Applications for licensure in a party state.**

(a) Upon application for a multistate license, the licensing board in the issuing party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held, or is the holder of, a license issued by any other state, whether there are any encumbrances on any license or multistate licensure privilege held by the applicant, whether any adverse action has been taken against any license or multistate licensure privilege

held by the applicant, and whether the applicant is currently participating in an alternative program.

(b) A nurse may hold a multistate license, issued by the home state, in only one party state at a time.

(c) If a nurse changes primary state of residence by moving between two party states, the nurse must apply for licensure in the new home state, and the multistate license issued by the prior home state will be deactivated in accordance with applicable rules adopted by the Commission. The following apply to nurses changing primary state of residence by moving between two party states:

(1) The nurse may apply for licensure in advance of a change in primary state of residence.

(2) A multistate license shall not be issued by the new home state until the nurse provides satisfactory evidence of a change in primary state of residence to the new home state and satisfies all applicable requirements to obtain a multistate license from the new home state.

(d) If a nurse changes primary state of residence by moving from a party state to a nonparty state, the multistate license issued by the prior home state will convert to a single-state license, valid only in the former home state.

"**§ 90-171.95D. Additional authorities invested in party state licensing boards.**

(a) In addition to the other powers conferred by state law, a licensing board may do all of the following:

(1) Take adverse action against a nurse's multistate licensure privilege to practice within that party state.

a. Only the home state shall have the power to take adverse action against a nurse's license issued by the home state.

b. For purposes of taking adverse action, the home state licensing board shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action.

(2) Issue cease and desist orders or impose an encumbrance on a nurse's authority to practice within that party state.

(3) Complete any pending investigations of a nurse who changes primary state of residence during the course of such investigations. The licensing board shall also have the authority to take appropriate action(s) and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions.

(4) Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses as well as the production of evidence. Subpoenas issued by a licensing board in a party state for the attendance and testimony of witnesses or the production of evidence from another party state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which the witnesses or evidence are located.

(5) Obtain and submit, for each nurse licensure applicant, fingerprint or other biometric-based information to the Federal Bureau of Investigation for criminal background checks, receive the results of the Federal Bureau of

Investigation record search on criminal background checks, and use the results in making licensure decisions.

(6) If otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse.

(7) Take adverse action based on the factual findings of the remote state, provided that the licensing board follows its own procedures for taking such adverse action.

(b) If adverse action is taken by the home state against a nurse's multistate license, the nurse's multistate licensure privilege to practice in all other party states shall be deactivated until all encumbrances have been removed from the multistate license. All home state disciplinary orders that impose adverse action against a nurse's multistate license shall include a statement that the nurse's multistate licensure privilege is deactivated in all party states during the pendency of the order.

(c) Nothing in this Compact shall override a party state's decision that participation in an alternative program may be used in lieu of adverse action. The home state licensing board shall deactivate the multistate licensure privilege under the multistate license of any nurse for the duration of the nurse's participation in an alternative program.

"**§ 90-171.95E. Coordinated licensure information system and exchange of information.**

(a) All party states shall participate in a coordinated licensure information system of all licensed registered nurses (RNs) and licensed practical/vocational nurses (LPNs/VNs). This system will include information on the licensure and disciplinary history of each nurse, as submitted by party states, to assist in the coordination of nurse licensure and enforcement efforts.

(b) The Commission, in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection, and exchange of information under this Compact.

(c) All licensing boards shall promptly report to the coordinated licensure information system any adverse action, any current significant investigative information, denials of applications (with the reasons for such denials), and nurse participation in alternative programs known to the licensing board regardless of whether such participation is deemed nonpublic or confidential under state law.

(d) Current significant investigative information and participation in nonpublic or confidential alternative programs shall be transmitted through the coordinated licensure information system only to party state licensing boards.

(e) Notwithstanding any other provision of law, all party state licensing boards contributing information to the coordinated licensure information system may designate information that may not be shared with nonparty states or disclosed to other entities or individuals without the express permission of the contributing state.

(f) Any personally identifiable information obtained from the coordinated licensure information system by a party state licensing board shall not be shared with nonparty states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.

(g) Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system.

(h) The Compact administrator of each party state shall furnish a uniform data set to the Compact administrator of each other party state, which shall include, at a minimum, all of the following:

(1) Identifying information.

(2) Licensure data.

(3) Information related to alternative program participation.

(4) Other information that may facilitate the administration of this Compact, as determined by Commission rules.

(i) The Compact administrator of a party state shall provide all investigative documents and information requested by another party state.

"**§ 90-171.95F. Establishment of the Interstate Commission of Nurse Licensure Compact Administrators.**

(a) Creation. – The party states hereby create and establish a joint public entity known as the Interstate Commission of Nurse Licensure Compact Administrators.

(1) The Commission is an instrumentality of the party states.

(2) Venue is proper, and judicial proceedings by or against the Commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.

(3) Nothing in this Compact shall be construed to be a waiver of sovereign immunity.

(b) Membership, Voting and Meetings. –

Any administrator may be removed or suspended from office as provided by the law of the state from which the Administrator is appointed. Any vacancy occurring in the Commission shall be filled in accordance with the laws of the party state in which the vacancy exists.

j. Matters specifically exempted from disclosure by federal or state statute.

(6) If a meeting, or portion of a meeting, is closed pursuant to this provision, the Commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision. The Commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefor, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the Commission or order of a court of competent jurisdiction.

(c) Bylaws. – The Commission shall, by a majority vote of the administrators, prescribe bylaws or rules to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of this Compact, including the following:

(1) Establishing the fiscal year of the Commission.

b. Governing any general or specific delegation of any authority or function of the Commission.

(3) Providing reasonable procedures for calling and conducting meetings of the Commission, ensuring reasonable advance notice of all meetings and providing an opportunity for attendance of such meetings by interested parties, with enumerated exceptions designed to protect the public's interest, the privacy of individuals, and proprietary information, including trade secrets. (3) A request for comments on the proposed rule from any interested person.

(4) The manner in which interested persons may submit notice to the Commission of their intention to attend the public hearing and any written comments.

(e) Prior to adoption of a proposed rule, the Commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

(f) The Commission shall grant an opportunity for a public hearing before it adopts a rule or amendment.

(g) The Commission shall publish the place, time, and date of the scheduled public hearing.

(1) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing. All hearings will be recorded, and a copy will be made available upon request.

(2) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

(h) If no one appears at the public hearing, the Commission may proceed with promulgation of the proposed rule.

(i) Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.

The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the Commission, prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

"**§ 90-171.95H. Oversight, dispute resolution, and enforcement.**

(1) Each party state shall enforce this Compact and take all actions necessary and appropriate to effectuate this Compact's purposes and intent.

(2) The Commission shall be entitled to receive service of process in any proceeding that may affect the powers, responsibilities, or actions of the Commission and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process in such proceeding to the Commission shall render a judgment or order void as to the Commission, this Compact, or promulgated rules.

(b) Default, Technical Assistance, and Termination. –

(1) If the Commission determines that a party state has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall do both of the following:

a. Provide written notice to the defaulting state and other party states of the nature of the default, the proposed means of curing the default, or any other action to be taken by the Commission.

b. Provide remedial training and specific technical assistance regarding the default.

(2) If a state in default fails to cure the default, the defaulting state's membership in this Compact may be terminated upon an affirmative vote of a majority of the administrators, and all rights, privileges, and benefits conferred by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(3) Termination of membership in this Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor of the defaulting state and to the executive officer of the defaulting state's licensing board and each of the party states.

(4) A state whose membership in this Compact has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(5) The Commission shall not bear any costs related to a state that is found to be in default or whose membership in this Compact has been terminated unless agreed upon in writing between the Commission and the defaulting state.

(6) The defaulting state may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district in which the Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

(c) Dispute Resolution. –

(1) Upon request by a party state, the Commission shall attempt to resolve disputes related to the Compact that arise among party states and between party and nonparty states.

(2) The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes, as appropriate.

(3) In the event the Commission cannot resolve disputes among party states arising under this Compact:

a. The party states may submit the issues in dispute to an arbitration panel, which will be comprised of individuals appointed by the Compact administrator in each of the affected party states and an individual mutually agreed upon by the Compact administrators of all the party states involved in the dispute.

b. The decision of a majority of the arbitrators shall be final and binding.

(d) Enforcement. –

(1) The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this Compact.

(2) By majority vote, the Commission may initiate legal action in the U.S. District Court for the District of Columbia or the federal district in which the Commission has its principal offices against a party state that is in default to enforce compliance with the provisions of this Compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

(3) The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

"**§ 90-171.95I. Effective date, withdrawal, and amendment.**

(a) This Compact shall become effective and binding on the earlier of the date of legislative enactment of this Compact into law by no less than 26 states or December 31, 2018. All party states to this Compact, that also were parties to the prior Nurse Licensure Compact superseded by this Compact ("Prior Compact"), shall be deemed to have withdrawn from said Prior Compact within six months after the effective date of this Compact.

(b) Each party state to this Compact shall continue to recognize a nurse's multistate licensure privilege to practice in that party state issued under the Prior Compact until such party state has withdrawn from the Prior Compact.

(c) Any party state may withdraw from this Compact by enacting a statute repealing the same. A party state's withdrawal shall not take effect until six months after enactment of the repealing statute.

(d) A party state's withdrawal or termination shall not affect the continuing requirement of the withdrawing or terminated state's licensing board to report adverse actions and significant investigations occurring prior to the effective date of such withdrawal or termination.

(e) Nothing contained in this Compact shall be construed to invalidate or prevent any nurse licensure agreement or other cooperative arrangement between a party state and a nonparty state that is made in accordance with the other provisions of this Compact.

(f) This Compact may be amended by the party states. No amendment to this Compact shall become effective and binding upon the party states unless and until it is enacted into the laws of all party states.

(g) Representatives of nonparty states to this Compact shall be invited to participate in the activities of the Commission, on a nonvoting basis, prior to the adoption of this Compact by all states.

"**§ 90-171.95J. Construction and severability.**

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable, and if any phrase, clause, sentence, or provision of this Compact is declared to be contrary to the constitution of any party state or of the United States, or if the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this Compact shall be held to be contrary to the constitution of any party state, this Compact shall remain in full force and effect as to the remaining party states and to all severable matters."

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 7A-223 is amended by adding a new subsection to read:

"**§ 7A-223. Practice and procedure in small claim actions for summary ejectment.**

(a) In any small claim action demanding summary ejectment or past due rent, or both, the complaint may be signed by an agent acting for the plaintiff who has actual knowledge of the facts alleged in the complaint. If a small claim action demanding summary ejectment is assigned to a magistrate, the practice and procedure prescribed for commencement, form and service of process, assignment, pleadings, and trial in small claim actions generally are observed, except that if the defendant by written answer denies the title of the plaintiff, the action is placed on the civil issue docket of the district court division for trial before a district judge. In such event, the clerk withdraws assignment of the action from the magistrate and immediately gives written notice of withdrawal, by any convenient means, to the plaintiff and the magistrate to whom the action has been assigned. The plaintiff, within five days after receipt of the notice, and the defendant, in his answer, may request trial by jury. Failure to request jury trial within the time limited is a waiver of the right to trial by jury.

(b) If either party in a small claim action for summary ejectment moves for a continuance, the magistrate shall render a decision on the motion in accordance with Rule 40(b) of the Rules of Civil Procedure. The magistrate shall not continue a matter for more than five days or until the next session of small claims court, whichever is longer, without the consent of both parties.

(b1) In any small claim action demanding summary ejectment and monetary damages, and where service of process has been achieved solely by first-class mail and affixing the summons and complaint to the premises pursuant to G.S. 42-29, the plaintiff, or an agent pursuant to subsection (a) of this section, may request that the claim for summary ejectment be severed from the claim for monetary damages. Upon a finding that personal service was not achieved for one or more defendants, the magistrate shall sever the claim for monetary damages and proceed with the claim for summary ejectment. If the magistrate severs the claim for monetary damages, the plaintiff may extend the action in accordance with G.S. 1A-1, Rule 4(d). The judgment of the magistrate in the severed claim for summary ejectment shall not prejudice the claims or defenses of any party in the severed claim for monetary damages.

(c) The Administrative Office of the Courts is directed to develop a form for parties in small claim actions for summary ejectment to inform them of the time line and process in summary ejectment actions. The clerk of superior court shall make the form available to the parties."

SECTION 1.(b) G.S. 143-215.27 reads as rewritten:

"**§ 143-215.27. Repair, alteration, or removal of dam.**

(a) Before commencing the repair, alteration or removal of a dam, application shall be made for written approval by the Department, except as otherwise provided by this Part. The application shall state the name and address of the applicant, shall adequately detail the changes it proposes to effect and shall be accompanied by maps, plans and specifications setting forth such details and dimensions as the Department requires. The Department may waive any such requirements. The application shall give such other information concerning the dam and reservoir required by the Department, such information concerning the safety of any change as it may require, and shall state the proposed time of commencement and completion of the work. When an application has been completed it may be referred by the Department for agency review and report, as provided by subsection (b) of G.S. 143-215.26 in the case of original construction. This subsection shall not apply to a professionally supervised dam removal.

…

(c) A professionally supervised dam removal is not subject to the procedures set forth in subsection (a) of this section, provided that the dam removal complies with all of the following:

(1) A qualified engineer determines, based on good engineering practices, that the removal of the dam can be accomplished safely, certifies that the dam is a low or intermediate hazard dam, and the removal plan reflects (i) the geomorphology of the streambed upriver and downriver from the dam site and (ii) the most desirable longitudinal profile for the post-removal stream channel that will minimize physical impacts on riparian landowners.

(2) The person who proposes to remove the dam notifies the director of the Division of Energy, Mineral, and Land Resources of the Department of the proposed removal no less than 60 days prior to removal. The notice shall include information identifying the dam, including the stream and county where the dam is located, the dam's height and impoundment capacity, a map showing the dam location and vicinity, the qualified engineer's name and North Carolina license number, and a notarized certification from the owner of the dam that the dam is a low or intermediate hazard dam not currently operated for the purposes of flood control or hydroelectric power generation. The notification and certification required by this subdivision may be provided electronically.

(3) The person who proposes to remove the dam notifies the North Carolina Floodplain Mapping Program of the Department of Public Safety, the North Carolina Department of Transportation, adjacent property owners of the dam and reservoir, and all impacted local governments of the proposed removal no less than 60 days prior to removal. The notice shall include a qualified engineer's determination that (i) the removal plan for the dam is based on the criteria set forth in subdivision (1) of this subsection and (ii) the removal

will lower or maintain water levels above the location of the dam and will not cause an increase in the risk of flood damage or impacts to downstream bridges or road crossings. For purposes of the notice required by this subdivision, an "impacted local government" shall mean any unit of local government that could experience changes to its base floodplain, as defined in G.S. 143-215.52, as a result of the dam removal."

SECTION 1.(c) G.S. 143-215.28A reads as rewritten:

"**§ 143-215.28A. Application fees.**

(a) In accordance with G.S. 143-215.3(a)(1a), the Commission may establish a fee schedule for processing applications for approvals of construction or removal of dams issued under this Part. In establishing the fee schedule, the Commission shall consider the administrative and personnel costs incurred by the Department for processing the applications and for related compliance activities. The total amount of fees collected in any fiscal year may not exceed one-third of the total personnel and administrative costs incurred by the Department for processing the applications and for related compliance activities in the prior fiscal year. An approval fee may not exceed the larger of two hundred dollars ($200.00) or two percent (2%) of the actual cost of construction or removal of the applicable dam. The fee for notification of a professionally supervised dam removal under G.S. 143-215.27(c)(1) shall be five hundred dollars ($500.00) and shall be paid to the Department. The provisions of G.S. 143-215.3(a)(1b) do not apply to these fees.

…."

SECTION 1.(d) G.S. 143-215.30 reads as rewritten:

"**§ 143-215.30. Notice of completion; certification of final approval; notice of transfer.**

(a) ~~Immediately~~ Except as set forth in subsection (d1) of this section, immediately upon completion, enlargement, repair, alteration or removal of a dam, notice of completion shall be given the Commission. As soon as possible thereafter supplementary drawings or descriptive matter showing or describing the dam as actually constructed shall be filed with the Department in such detail as the Commission may require.

…

(d1) The requirements of this section shall not apply to a professionally supervised dam removal under G.S. 143-215.27(c) if the person removing the dam provides confirmation of completion of dam removal to the Department within 10 days of completion of the removal.

(e) The owner of a dam shall provide written notice of transfer to the Department within 30 days after title to the dam has been legally transferred. The notice of transfer shall include the name and address of the new dam owner."

SECTION 1.(e) G.S. 143-215.56 is amended by adding a new subsection to read:

"**§ 143-215.56. Delineation of flood hazard areas and 100-year floodplains; powers of Department; powers of local governments and of the Department.**

…

(d) The Department may prepare a floodplain map that identifies the 100-year floodplain and base flood elevations for an area for the purposes of this Part if all of the following conditions apply:

(1) The 100-year floodplain and base flood elevations for the area are not identified on a floodplain map prepared pursuant to the National Flood Insurance Program within the previous five years.

(2) The Department determines that the 100-year floodplain and the base flood elevations for the area need to be identified and the use of the area regulated in accordance with the requirements of this Part in order to prevent damage from flooding.

(3) The Department prepares the floodplain map in accordance with the federal standards required for maps to be accepted for use in administering the National Flood Insurance Program.

(e) Prior to preparing a floodplain map pursuant to subsection (d) of this section, the Department shall advise each local government whose jurisdiction includes a portion of the area to be mapped.

(f) Upon completing a floodplain map pursuant to subsection (d) of this section, the Department shall both:

(1) Provide copies of the floodplain map to every local government whose jurisdiction includes a portion of the 100-year floodplain identified on the floodplain map.

(2) Submit the floodplain map to the Federal Emergency Management Agency for approval for use in administering the National Flood Insurance Program.

(g) Upon approval of a floodplain map prepared pursuant to subsection (d) of this section by the Federal Emergency Management Agency for use in administering the National Flood Insurance Program, it shall be the responsibility of each local government whose jurisdiction includes a portion of the 100-year floodplain identified in the floodplain map to incorporate the revised map into its floodplain ordinance.

(h) To the extent permitted by National Flood Insurance Program requirements, a professionally supervised dam removal, as defined in G.S. 143-215.25, that complies with the requirements of G.S. 143-215.27(c) shall not be required to submit a Letter of Map Revision to the Department."

STREAMLINE ENVIRONMENTAL PERMITTING OF DAM REMOVAL

SECTION 2.(a) G.S. 143-214.7C reads as rewritten:

(a) Except as required by federal law, the Department of Environmental Quality shall not require mitigation for ~~impacts~~ any of the following:

(1) Impacts to an intermittent stream. For purposes of this section, "intermittent stream" means a well-defined channel that has all of the following characteristics:

~~(1)~~a. It contains water for only part of the year, typically during winter and spring when the aquatic bed is below the water table.

~~(2)~~b. The flow of water in the intermittent stream may be heavily supplemented by stormwater runoff.

~~(3)~~c. It often lacks the biological and hydrological characteristics commonly associated with the conveyance of water.

(2) Impacts associated with the removal of a dam when the removal complies with the requirements of Part 3 of this Article.

(b) Except as required by federal law, the Department of Environmental Quality shall not require mitigation for losses of 300 linear feet or less of stream bed."

SECTION 2.(b) The Division of Water Resources of the Department of Environmental Quality shall develop a water quality general certification under section 401 of the Clean Water Act for short-term sediment releases associated with the construction phase of a dam removal when all of the following occur:

(1) The removal meets the definition and requirements of a professionally supervised dam removal under G.S. 143-215.27, as amended by Section 1 of this act.

(2) The applicant for the water quality general certification demonstrates that the sediment to be released has similar or lower level of contamination than sediment sampled from downstream of the dam.

STUDY FURTHER STREAMLINING OF DAM REMOVAL

SECTION 3. The Department of Environmental Quality and the Department of Public Safety shall jointly study the dam removal process in North Carolina and recommend

further changes in statutes or rules to reduce regulatory barriers to the removal of obsolete and unwanted dams and consolidate duplicative permit processes. As part of its study, the Departments shall review the dam removal permitting processes in New Hampshire, Massachusetts, and Pennsylvania and other states as the Department finds relevant. The Departments shall jointly submit its report to the Environmental Review Commission no later than March 1, 2020.

SECTION 1. G.S. 20-288(a1)(2) reads as rewritten:

"(2) Proof that the applicant, within the last 12 months, has completed a 12-hour licensing course approved by the Division if the applicant is seeking an initial license and a six-hour course approved by the Division if the applicant is seeking a renewal license. The requirements of this subdivision do not apply to a used motor vehicle dealer the primary business of which is the sale of salvage vehicles on behalf of insurers or to a manufactured home dealer licensed under G.S. 143-143.11 who complies with the continuing education requirements of G.S. 143-143.11B. The requirement of this subdivision does not apply to persons age 62 or older as of July 1, 2002, who are seeking a renewal license. This subdivision also does not apply to an applicant who holds a license as a new motor vehicle dealer as defined in G.S. 20-286(13) and operates from an established showroom ~~20 miles or less from~~located in an area within a radius of 30 miles around the location of the established showroom for which the applicant seeks a used motor vehicle dealer license. An applicant who also holds a license as a new motor vehicle dealer may designate a representative to complete the licensing course required by this subdivision."

SECTION 2. G.S. 20-305(30) reads as rewritten:

"(30) To vary the price charged to any of its franchised new motor vehicle dealers located in this State for new motor vehicles based on the dealer's purchase of new facilities, supplies, tools, equipment, or other merchandise from the manufacturer, the dealer's relocation, remodeling, repair, or renovation of existing dealerships or construction of a new facility, the dealer's participation in training programs sponsored, endorsed, or recommended by

the manufacturer, whether or not the dealer is dualed with one or more other line makes of new motor vehicles, or the dealer's sales penetration. Except as provided in this subdivision, it shall be unlawful for any manufacturer, factory branch, distributor, or distributor branch, or any field representative, officer, agent, or any representative whatsoever of any of them to vary the price charged to any of its franchised new motor vehicle dealers located in this State for new motor vehicles based on the dealer's sales volume, the dealer's level of sales or customer service satisfaction, the dealer's purchase of advertising materials, signage, nondiagnostic computer hardware or software, communications devices, or furnishings, or the dealer's participation in used motor vehicle inspection or certification programs sponsored or endorsed by the manufacturer.

The price of the vehicle, for purposes of this subdivision shall include the manufacturer's use of rebates, credits, or other consideration that has the effect of causing a variance in the price of new motor vehicles offered to its franchised dealers located in the State.

Notwithstanding the foregoing, nothing in this subdivision shall be deemed to preclude a manufacturer from establishing sales contests or promotions that provide or award dealers or consumers rebates or incentives; provided, however, that the manufacturer complies with all of the following conditions:

a. With respect to manufacturer to consumer rebates and incentives, the manufacturer's criteria for determining eligibility shall:
    1. Permit all of the manufacturer's franchised new motor vehicle dealers in this State to offer the rebate or incentive; and
    2. Be uniformly applied and administered to all eligible consumers.
b. With respect to manufacturer to dealer rebates and incentives, the rebate or incentive program shall:
    1. Be based solely on the dealer's actual or reasonably anticipated sales volume or on a uniform per vehicle sold or leased basis;
    2. Be uniformly available, applied, and administered to all of the manufacturer's franchised new motor vehicle dealers in this State; and
    3. Provide that any of the manufacturer's franchised new motor vehicle dealers in this State may, upon written request, obtain the method or formula used by the manufacturer in establishing the sales volumes for receiving the rebates or incentives and the specific calculations for determining the required sales volumes of the inquiring dealer and any of the manufacturer's other franchised new motor vehicle dealers located within 75 miles of the inquiring dealer.

Nothing contained in this subdivision shall prohibit a manufacturer from providing assistance or encouragement to a franchised dealer to remodel, renovate, recondition, or relocate the dealer's existing facilities, provided that this assistance, encouragement, or rewards are not determined on a per vehicle basis.

It is unlawful for any manufacturer to charge or include the cost of any program or policy prohibited under this subdivision in the price of new motor vehicles that the manufacturer sells to its franchised dealers or purchasers located in this State.

In the event that as of October 1, 1999, a manufacturer was operating a program that varied the price charged to its franchised dealers in this State in a manner that would violate this subdivision, or had in effect a documented policy that had been conveyed to its franchised dealers in this State and that varied the price charged to its franchised dealers in this State in a manner that would violate this subdivision, it shall be lawful for that program or policy, including amendments to that program or policy that are consistent with the purpose and provisions of the existing program or policy, or a program or policy similar thereto implemented after October 1, 1999, to continue in effect as to the manufacturer's franchised dealers located in this State until June 30, ~~2018.~~2022.

In the event that as of June 30, 2001, a manufacturer was operating a program that varied the price charged to its franchised dealers in this State in a manner that would violate this subdivision, or had in effect a documented policy that had been conveyed to its franchised dealers in this State and that varied the price charged to its franchised dealers in this State in a manner that would violate this subdivision, and the program or policy was implemented in this State subsequent to October 1, 1999, and prior to June 30, 2001, and provided that the program or policy is in compliance with this subdivision as it existed as of June 30, 2001, it shall be lawful for that program or policy, including amendments to that program or policy that comply with this subdivision as it existed as of June 30, 2001, to continue in effect as to the manufacturer's franchised dealers located in this State until June 30, ~~2018.~~2022.

Any manufacturer shall be required to pay or otherwise compensate any franchise dealer who has earned the right to receive payment or other compensation under a program in accordance with the manufacturer's program or policy.

The provisions of this subdivision shall not be applicable to multiple or repeated sales of new motor vehicles made by a new motor vehicle dealer to a single purchaser under a bona fide fleet sales policy of a manufacturer, factory branch, distributor, or distributor branch."

SECTION 3. G.S. 20-305.1(b) reads as rewritten:

"(b) Notwithstanding the terms of any franchise agreement, it is unlawful for any motor vehicle manufacturer, factory branch, distributor, or distributor branch to fail to perform any of its warranty obligations with respect to a motor vehicle, to fail to fully compensate its motor vehicle dealers licensed in this State for warranty parts ~~other than parts used to repair the living facilities of recreational vehicles,~~ other than parts used to repair the living facilities of recreational vehicles, including motor homes, travel trailers, fifth-wheel trailers, camping trailers, and truck campers as defined in G.S. 20-4.01(32b), at the prevailing retail rate according to the factors in subsection (a) of this section, or, in service in accordance with the schedule of compensation provided the dealer pursuant to subsection (a) above, or to otherwise recover all or any portion of its costs for compensating its motor vehicle dealers licensed in this State for warranty parts and service either by reduction in the amount due to the dealer, or by separate charge, surcharge, or other imposition, and to fail to indemnify and hold harmless its franchised dealers licensed in this State against any judgment for damages or settlements agreed to by the manufacturer, including, but not limited to, court costs and reasonable attorneys' fees of the motor vehicle dealer, arising out of complaints, claims or lawsuits including, but not limited to, strict liability, negligence, misrepresentation, express or implied warranty, or recision or revocation of acceptance of the sale of a motor vehicle as defined in G.S. 25-2-608, to the extent that the judgment or settlement relates to the alleged defective negligent manufacture, assembly or design of new motor vehicles, parts or accessories or other functions by the manufacturer, factory branch, distributor or distributor branch, beyond the

control of the dealer. Any audit for warranty parts or service compensation shall only be for the 12-month period immediately following the date of the payment of the claim by the manufacturer, factory branch, distributor, or distributor branch. Any audit for sales incentives, service incentives, rebates, or other forms of incentive compensation shall only be for the 12-month period immediately following the date of the payment of the claim by the manufacturer, factory branch, distributor, or distributor branch pursuant to a sales incentives program, service incentives program, rebate program, or other form of incentive compensation program. Provided, however, these limitations shall not be effective in the case of fraudulent claims."

SECTION 4. G.S. 20-305.5 reads as rewritten:

"**§ 20-305.5. ~~Sections 20-305, subdivisions (4) through (28), and 20-305.1 to 20-305.4 not applicable to certain manufacturers and dealers.~~Recreational vehicle manufacturer warranty recall obligations.**

(a) ~~The provisions of G.S. 20-305(4) through G.S. 20-305(28) and 20-305.1 to 20-305.4 shall not apply to manufacturers of, or dealers in, mobile or manufactured type housing or recreational trailers.~~It is unlawful for any manufacturer, factory branch, distributor, or distributor branch that manufactures or distributes recreational vehicles to fail to fully compensate its dealers located in this State in accordance with this section for warranty or recall work performed by the dealers related to the living facilities of the vehicle, including all labor and parts used to repair such living facilities and any equipment, plumbing, appliances, and other options included by the manufacturer, factory branch, distributor, or distributor branch in the purchase price paid by the dealer for the vehicle. For purposes of this section, the term "recreational vehicle" includes motor homes, travel trailers, fifth-wheel trailers, camping trailers, and truck campers as defined by G.S. 20-4.01(32b). With respect to those portions of the living facilities of recreational vehicles and any equipment, plumbing, appliances, and other options that are part of such living facilities and that are included by the recreational vehicle manufacturer, factory branch, distributor, or distributor branch in the purchase price paid by the dealer for the vehicle, the term "warrantor" shall mean any manufacturer or distributor of such living facilities or any equipment, plumbing, appliances, and other options that are part of such living facilities that offers a warranty in writing to either the recreational vehicle dealer or to the ultimate purchaser of the recreational vehicle. The term "warrantor" does not include a person that provides a service contract, mechanical or other insurance, or an extended warranty sold for separate consideration by a dealer or other person not controlled by a warrantor. Notwithstanding the terms or conditions of any contract or agreement, it is unlawful for any recreational vehicle manufacturer, factory branch, distributor, or distributor branch to fail to fully and timely compensate any of its franchised recreational vehicle dealers located in this State in accordance with this section for all parts and labor used by such franchised dealers in making warranty or recall repairs to such living facilities of recreational vehicles, including any equipment, plumbing, appliances, and other options included by the recreational vehicle manufacturer, factory branch, distributor, or distributor branch in the purchase price paid by the dealer for the vehicle, to the extent that the individual components of such living facilities are not separately warranted by the manufacturers or distributors of such components. Notwithstanding the terms or conditions of any warranty, contract, or agreement, it is unlawful for any warrantor, as defined in this subdivision, to fail to fully and timely compensate any franchised recreational vehicle dealer located in this State in accordance with this section for all parts and labor used by such franchised recreational vehicle dealer in making warranty or recall repairs to any component parts of the living facilities of recreational vehicles manufactured or distributed by such warrantor, including any equipment, plumbing, appliances, and other options included by a recreational vehicle manufacturer, factory branch, distributor, or distributor branch in the purchase price paid by the dealer for the vehicle.

(b) Each warrantor as defined in this subdivision and each recreational vehicle manufacturer, factory branch, distributor, and distributor branch that sells or distributes recreational vehicles in this State shall specify in writing to each recreational vehicle dealer

licensed in this State who sells products manufactured or distributed by such warrantor or such recreational vehicle manufacturer, factory branch, distributor, or distributor branch, the recreational vehicle dealer's obligations for preparation, delivery, and warranty and recall service on its products, the schedule of compensation to be paid such dealers for parts, work, and service in connection with warranty or recall service, and the time allowances for the performance of such work and service. In no event shall such schedule of compensation fail to include reasonable compensation for diagnostic work and associated administrative requirements as well as repair service, labor, and transportation provided by the dealer to transport a recreational vehicle to and from a location at which the repairs can be made. Provided, however, that with respect to reimbursement for a recreational vehicle dealer's transportation expenses, the dealer is required to obtain the prior written authorization of the affected warrantor before incurring any transportation expenses, which authorization shall not be unreasonably denied by the warrantor, and provided further that any such request for transportation reimbursement must be denied by the warrantor within 5 business days of the warrantor's receipt of the dealer's request for reimbursement or the request shall be deemed authorized and allowed. Time allowances for the performance of warranty work and service shall be reasonable and adequate for the work to be performed. The compensation which must be paid under this section must be reasonable; provided, however, that under no circumstances may the reasonable compensation under this section be in an amount less than the recreational vehicle dealer's current retail labor rate for nonwarranty work of like kind, provided such amount is competitive with the retail rates charged for parts and labor by other franchised recreational dealers within the dealer's market.

(c) A warrantor may not require a dealer to establish the rate customarily charged by the recreational vehicle dealer for labor by an unduly burdensome or time-consuming method or by requiring information that is unduly burdensome or time-consuming to provide, including, but not limited to, part-by-part or transaction-by-transaction calculations.

(d) For any part, equipment, plumbing system or device, or appliance or option, a warrantor shall reimburse the dealer the cost of the part, equipment, plumbing system or device, appliance or option, plus a minimum of a thirty percent (30%) handling charge and pay the cost, if any, of freight to return the part, equipment, appliance, or option to the warrantor.

(e) If a warrantor furnishes a part or component to a dealer, at reduced or no cost, to use in performing repairs under a warranty or recall repair, the warrantor shall compensate the dealer for the part or component in the same manner as warranty parts compensation under this section, by compensating the dealer on the basis of a thirty percent (30%) handling charge for the part or component as listed in the warrantor's price schedule less the cost for the part or component.

(f) Notwithstanding the terms of any warranty, contract, or agreement, all claims made by recreational dealers pursuant to this section for compensation for delivery, preparation, warranty and recall work, and transportation costs, including labor, parts, and other expenses, shall be paid by the affected warrantor within 30 days after receipt of claim from the dealer. When any claim is disapproved, the dealer shall be notified in writing of the grounds for disapproval. Any claim not specifically disapproved in writing within 30 days after receipt shall be considered approved and payment is due immediately. No claim which has been approved and paid may be charged back to the dealer unless it can be shown that the claim was false or fraudulent, that the repairs were not properly made or were unnecessary to correct the defective condition, or the dealer failed to reasonably substantiate the claim either in accordance with the manufacturer's reasonable written procedures or by other reasonable means. A warrantor shall not deny a claim or reduce the amount to be reimbursed to the dealer as long as the dealer has provided reasonably sufficient documentation that the dealer (i) made a good-faith attempt to perform the work in compliance with the written policies and procedures of the warrantor and (ii) actually performed the work.

Notwithstanding the foregoing, a warrantor shall not fail to fully compensate a dealer for warranty or recall work or make any chargeback to the dealer's account based on the dealer's

failure to comply with the warrantor's claim documentation procedure or procedures unless both of the following requirements have been met:

(1) The dealer has, within the previous 12 months, failed to comply with the same specific claim documentation procedure or procedures.

(2) The warrantor has, within the previous 12 months, provided a written warning to the dealer by certified United States mail, return receipt requested, identifying the specific claim documentation procedure or procedures violated by the dealer.

(a) In a power of attorney, a principal may nominate a guardian of the principal's estate, or guardian of the principal's person, or general guardian for consideration by the clerk of superior court if protective proceedings for the principal's estate or person are begun after the

principal executes the power of attorney. Except for good cause shown or disqualification, the clerk of superior court shall make its appointment in accordance with the principal's most recent nomination. If a guardian of the principal's person is nominated in a health care power of attorney, that nomination shall control over the nomination, if any, in a power of attorney.

(b) If, after a principal executes a power of attorney, the clerk of superior court appoints a guardian of the principal's estate, or general guardian or other fiduciary charged with the management of some or all of the principal's property, the agent is accountable to the guardian or the fiduciary as well as to the principal. The power of attorney is not terminated and the agent's authority continues unless limited, suspended, or terminated by the court in accordance with this Chapter.

"**§ 32C-1-109. When power of attorney effective.**

(a) A power of attorney is effective when executed unless the principal provides in the power of attorney that it becomes effective at a future date or upon the occurrence of a future event or contingency.

(b) If a power of attorney becomes effective upon the occurrence of a future event or contingency, the principal, in the power of attorney, may authorize one or more persons to determine in a writing or other record that the event or contingency has occurred.

(c) If a power of attorney becomes effective upon the principal's incapacity and the principal has not authorized a person to determine whether the principal is incapacitated, or the person authorized is unable or unwilling to make the determination, the power of attorney becomes effective upon a determination in a writing or other record in one of the following manners:

(1) After a personal examination of the principal, by two individuals who are either a physician, a licensed psychologist, or both, that the principal is incapacitated within the meaning of G.S. 32C-1-102(5)a.

(2) By an attorney-at-law, a judge, or an appropriate governmental official that the principal is incapacitated within the meaning of G.S. 32C-1-102(5)b.

Notwithstanding the subsequent capacity of the principal to manage property or business affairs, a power of attorney which becomes effective under this subsection shall remain effective until its termination pursuant to G.S. 32C-1-110(a) or the agent's authority terminates pursuant to G.S. 32C-1-110(b).

(d) A person authorized by the principal in the power of attorney to determine that the principal is incapacitated may act as the principal's personal representative pursuant to the Health Insurance Portability and Accountability Act, §§ 1171 through 1179 of the Social Security Act, 42 U.S.C. § 1320d, as amended, and applicable regulations, to obtain access to the principal's health care information and communicate with the principal's health care provider.

(b) An agent's authority terminates when any of the following occur:

(1) The principal revokes the authority in writing.

(4) The power of attorney terminates.

(5) A guardian of the principal's estate or general guardian terminates the authority.

(c) Unless the power of attorney otherwise provides, an agent's authority is exercisable until the authority terminates under subsection (b) of this section, notwithstanding a lapse of time since the execution of the power of attorney.

(d) Termination of an agent's authority or of a power of attorney is not effective as to the agent or another person that, without actual knowledge of the termination, acts in good faith under the power of attorney. An act so performed, unless otherwise invalid or unenforceable, binds the principal and the principal's successors in interest.

(e) Incapacity of the principal of a power of attorney that is not durable does not revoke or terminate the power of attorney as to an agent or other person that, without actual knowledge of the incapacity, acts in good faith under the power of attorney. An act so performed, unless otherwise invalid or unenforceable, binds the principal and the principal's successors in interest.

(f) The execution of a power of attorney does not revoke a power of attorney previously executed by the principal unless the subsequent power of attorney provides that the previous power of attorney is revoked or that all other powers of attorney are revoked.

(g) A principal may revoke a power of attorney in one of the following manners:

(1) If the power of attorney has been registered in an office of the register of deeds in this State, it shall be revoked by registration in that office by an instrument of revocation executed and acknowledged by the principal while the principal is not incapacitated with proof of service on the agent in the manner prescribed for service under Rule 5 of the North Carolina Rules of Civil Procedure.

(2) If the power of attorney has not been registered in an office of the register of deeds in this State, it may be revoked by one of the following methods:

a. A subsequent written revocatory document executed and acknowledged while not incapacitated.

b. Being burnt, torn, canceled, obliterated, or destroyed, with the intent and for the purpose of revoking it, by the principal or by another person in the principal's presence and at the principal's direction, while the principal is not incapacitated.

(h) A guardian of the principal's estate or general guardian terminates a power of attorney that has been registered in an office of the register of deeds in this State by registering in that office an instrument of revocation executed and acknowledged by such guardian and with proof of service on the agent in the manner prescribed for service under Rule 5 of the North Carolina Rules of Civil Procedure.

"**§ 32C-1-111. Coagents and successor agents.**

(a) A principal may designate two or more persons to act as coagents. A principal may expressly require in the power of attorney that coagents act jointly. If a principal does not expressly require that coagents act jointly, each coagent may exercise the coagents' authority independently without the knowledge, consent, or joinder of any other coagent or coagents. Unless the power of attorney otherwise provides and if any one or more coagents resigns, dies, becomes incapacitated, or otherwise fails to act, the remaining agent or coagents may continue to act.

(b) A principal may designate one or more successor agents to act if an agent resigns, dies, becomes incapacitated, is not qualified to serve, or declines to serve. A principal may grant authority to designate one or more successor agents to an agent or other person designated by name, office, or function. Unless the power of attorney otherwise provides, a successor agent shall have the following powers and limitations:

(1) The successor agent has the same authority as that granted to the original agent.

(2) The successor agent may not act until all predecessor agents have resigned, died, become incapacitated, are no longer qualified to serve, or have declined to serve.

(c) Except as otherwise provided in the power of attorney, an agent that does not participate in or conceal a breach of fiduciary duty committed by another agent, including a predecessor agent, is not liable for the actions of the other agent.

(d) An agent that has actual knowledge of a breach or imminent breach of fiduciary duty by another agent shall notify the principal and, if the principal is incapacitated, take any action reasonably appropriate in the circumstances to safeguard the principal's best interest. An agent that fails to notify the principal or take action as required by this subsection is liable for the reasonably foreseeable damages that could have been avoided if the agent had notified the principal or taken such action.

"**§ 32C-1-112. Reimbursement and compensation of agent.**

(a) If the terms of the power of attorney specify the amount or the way the compensation is to be determined, the agent is entitled to the compensation as specified.

(b) If the terms of the power of attorney do not specify the amount or the way the compensation is to be determined, and the principal thereafter becomes incapacitated, then subsequent to the principal's incapacity the agent is entitled to receive reasonable compensation as determined by the clerk of superior court in accordance with G.S. 32-59.

(c) Unless the power of attorney otherwise provides, an agent is entitled to be reimbursed for expenses properly incurred on behalf of the principal.

"**§ 32C-1-113. Agent's acceptance.**

Except as otherwise provided in the power of attorney, a person accepts appointment as an agent under a power of attorney by exercising authority or performing duties as an agent or by any other assertion or conduct indicating acceptance.

"**§ 32C-1-114. Agent's duties.**

(a) Notwithstanding provisions in the power of attorney, an agent that has accepted appointment, when exercising a power under the power of attorney shall do all of the following:

(3) Act only within the scope of authority granted in the power of attorney.

(b) Except as otherwise provided in the power of attorney, an agent that has accepted appointment has no affirmative duty to exercise the powers or to continue to exercise the powers granted to the agent by the power of attorney, but if the agent exercises any of the granted powers, the agent shall, in the exercise of such powers, do all of the following:

(1) Act loyally for the principal's benefit.

(2) Act so as not to create a conflict of interest that impairs the agent's ability to act impartially in the principal's best interest.

(3) Act with the care, competence, and diligence ordinarily exercised by agents in similar circumstances.

(4) Keep a record of all receipts, disbursements, and transactions made on behalf of the principal.

(5) Cooperate with a person that has authority to make health care decisions for the principal to carry out the principal's reasonable expectations to the extent actually known by the agent and, otherwise, act in the principal's best interest.

(6) Attempt to preserve the principal's estate plan, to the extent actually known by the agent, if preserving the plan is consistent with the principal's best interest based on all relevant factors, including the following:

a. The value and nature of the principal's property.

b. The principal's foreseeable obligations and need for maintenance.

c. Minimization of taxes, including income, estate, inheritance, generation-skipping transfer, and gift taxes.

d. Eligibility for a benefit, a program, or assistance under a statute or regulation.

(7) Account to the principal or a person designated by the principal in the power of attorney.

(c) When exercising a power under the power of attorney, an agent that acts in good faith is not liable to any beneficiary of the principal's estate plan for failure to preserve the plan.

(e) Reserved.

(f) Absent a breach of duty to the principal, an agent is not liable if the value of the principal's property declines.

(g) An agent that exercises authority to delegate to another person the authority granted by the principal or that engages another person on behalf of the principal is not liable for an act, error of judgment, or default of that person if the agent exercises care, competence, and diligence in selecting and monitoring the person.

(h) Except as otherwise provided in the power of attorney, an agent is not required to disclose receipts, disbursements, or transactions conducted on behalf of the principal unless ordered by a court or requested by the principal, a guardian of the estate, general guardian, or, upon the death of the principal, by the personal representative or successor in interest of the principal's estate.

"**§ 32C-1-115. Exoneration of agent.**

A provision in a power of attorney relieving an agent of liability for breach of duty is binding on the principal and the principal's successors in interest except to the extent the provision relieves the agent of liability for breach of duty committed (i) in bad faith or (ii) with reckless indifference to the purposes of the power of attorney or the best interest of the principal.

"**§ 32C-1-116. Judicial relief.**

(a) The clerks of superior court of this State shall have original jurisdiction of proceedings under this Chapter. Except as provided in subdivision (4) of this subsection, the clerk of superior court's jurisdiction is exclusive. The following proceedings are included:

(1) To compel an accounting by the agent, including the power to compel the production of evidence substantiating any expenditure made by the agent from the principal's assets.

(2) To terminate a power of attorney or to limit, suspend, or terminate the authority of an agent where a guardian of the estate or a general guardian has been appointed.

d. To authorize the agent to do an act described in G.S. 32C-2-201(a), other than the act to make a gift, under G.S. 32C-2-219.

Any party may file a notice of transfer of a proceeding pursuant to this subdivision to the superior court division of the General Court of Justice as provided in G.S. 28A-2-6(h). In the absence of a removal to superior court, Article 26 of Chapter 1 of the General Statutes shall apply to a proceeding commenced under this Chapter to the extent consistent with this subsection.

(b) Without otherwise limiting the jurisdiction of the superior court division of the General Court of Justice, the clerk of superior court shall not have jurisdiction under this subsection over the following actions:

(1) To modify or amend a power of attorney instrument.

(2) By or against creditors or debtors of an agent or principal.

(3) Involving claims for monetary damages, including claims for breach of fiduciary duty, fraud, and negligence.

(5) For the recovery of property transferred or conveyed by an agent on behalf of a principal with intent to hinder, delay, or defraud the principal's creditors.

(e) Nothing in this section shall affect the right of a person to file an action in the Superior Court Division of the General Court of Justice for declaratory relief under Article 26 of Chapter 1 of the General Statutes.

(f) Upon motion by the principal, the clerk of superior court shall dismiss a petition filed under subsection (a) of this section, unless the clerk of superior court determines the principal is incapacitated within the meaning of G.S. 32C-1-102(5).

"**§ 32C-1-117. Agent's liability.**

(b) To remedy a breach of fiduciary duty that has occurred or may occur involving a power of attorney, the court may do the following:

(9) Order any other appropriate relief.

(c) The court may, for good cause shown, relieve an agent from liability for any breach of fiduciary duty under a power of attorney, or wholly or partly excuse an agent who has acted honestly and reasonably from liability for a breach of fiduciary duty under a power of attorney.

(d) An agent who commits a breach of fiduciary duty under a power of attorney is liable for the following:

(1) The amount required to restore the value of the property subject to the power of attorney and distributions from that property to what they would have been had the breach not occurred; and

(2) The profit the agent made by reason of the breach.

(e) Except as otherwise provided in this subsection, if more than one agent is liable for a breach of fiduciary duty under a power of attorney, an agent is entitled to contribution from the other agent or agents. An agent is not entitled to contribution if the agent was substantially more at fault than another agent or if the agent committed the breach of fiduciary duty in bad faith or with reckless indifference to the purposes of the power of attorney or the best interests of the principal. An agent who received a benefit from the breach of fiduciary duty is not entitled to contribution from another agent to the extent of the benefit received.

(f) An agent is liable for any profit made by the agent arising from dealings with property subject to the power of attorney, even absent a breach of fiduciary duty. Nothing in this section limits an agent's right to compensation under G.S. 32C-1-112.

(g) Absent a breach of fiduciary duty under a power of attorney, an agent is not liable for a loss or depreciation in the value of property subject to the power of attorney or for not having made a profit.

(h) In a judicial proceeding involving a claim for breach of fiduciary duty under a power of attorney, the court may award costs and expenses, including reasonable attorneys' fees, as provided in G.S. 6-21(2).

(2) If the principal is incapacitated, to (i) the guardian of the principal's estate, the guardian of the principal's person, or general guardian, if one has been appointed, and (ii) any coagent or, if none, the successor agent next designated.

"**§ 32C-1-119. Acceptance of and reliance upon power of attorney.**

(a) For purposes of this section and G.S. 32C-1-120, the term "acknowledged" means purportedly verified before a notary public or other individual authorized to take acknowledgements.

(b) A person that in good faith accepts an acknowledged power of attorney without actual knowledge that the signature is not genuine may rely upon the presumption under G.S. 32C-1-105 that the signature is genuine.

(c) A person that in good faith accepts a power of attorney without actual knowledge that the power of attorney is void, invalid, or terminated, that the purported agent's authority is

void, invalid, or terminated, or that the agent is exceeding or improperly exercising the agent's authority (i) may rely upon the power of attorney as if the power of attorney were genuine, valid and still in effect, the agent's authority were genuine, valid and still in effect, and the agent had not exceeded and had properly exercised the authority and (ii) shall not be held responsible for any breach of fiduciary duty by the agent, including any breach of loyalty, any act of self-dealing, or any misapplication of money or other property paid or transferred as directed by the agent. This subsection applies without regard to whether or not the person dealing with the agent demands or receives a certification under subsection (d) of this section.

(d) A person that is asked to accept a power of attorney may request, and rely upon, without further investigation, any one or more of the following:

(1) A certification executed by the agent to the effect that the agent did not have actual knowledge at the time of the presentation of the power of attorney to the person (i) that the power of attorney is void, invalid, or terminated; (ii) that the agent's authority is void, invalid, or terminated; or (iii) of facts that would cause the agent to question the authenticity or validity of the power of attorney. A certification meeting the requirements of this subdivision shall be sufficient proof to the requesting person that (i) the power of attorney is authentic and valid and has not been terminated, (ii) the agent's authority is valid and has not been terminated, and (iii) other factual matters stated in the certification regarding the principal, agent, or power of attorney are true. If the exercise of the power of attorney requires execution and delivery of an instrument that is recordable, the person accepting the certification may require that the certification be prepared and executed so as to be recordable. A certification in the form described in G.S. 32C-3-302 shall be deemed to meet the requirements of this subsection but shall not be the sole means of meeting those requirements.

(2) An English translation of the power of attorney if the power of attorney contains, in whole or in part, language other than English.

(3) An opinion of counsel as to any matter of law concerning the power of attorney if the person making the request provides in a writing or other record the reason for the request.

(e) An English translation or an opinion of counsel requested under this section must be provided at the principal's expense unless the request is made more than seven business days after the power of attorney is presented for acceptance.

(f) For purposes of this section and G.S. 32C-1-120, a person that conducts activities through employees is without actual knowledge of a fact relating to a power of attorney, a principal, or an agent if the employee conducting the transaction involving the power of attorney is without actual knowledge of the fact.

(g) This section does not affect any provision in a power of attorney for its termination by expiration of time or occurrence of an event other than an express revocation or a change in the principal's capacity.

"**§ 32C-1-120. Liability for refusal to accept acknowledged power of attorney.**

(a) A person is not required to accept, and is not liable for refusing to accept, a power of attorney that has not been duly acknowledged.

(b) Except as otherwise provided in this section:

(1) No later than seven business days after presentation of an acknowledged power of attorney for acceptance, a person shall (i) accept the power of attorney; (ii) refuse to accept the power of attorney pursuant to subsections (c) and (d) of this section; or (iii) request a certification, a translation, or an opinion of counsel pursuant to G.S. 32C-1-119(d).

(2) If a person requests a certification, a translation, or an opinion of counsel pursuant to G.S. 32C-1-119(d), then within five business days after receipt of the requested items in reasonably satisfactory form, the person shall either

(i) accept the power of attorney or (ii) refuse to accept the power of attorney pursuant to subsections (c) and (d) of this section.

(3) A person may not require an additional or different form of power of attorney if the power of attorney presented reasonably appears to authorize the agent to conduct the business the agent desires to conduct.

(c) A person is not required to accept an acknowledged power of attorney if any of the following circumstances exist:

(1) The person is not otherwise required to engage in a transaction with the principal in the same circumstances.

(2) Engaging in a transaction with the agent or the principal in the same circumstances would be inconsistent with applicable federal law.

(3) The person has actual knowledge of the termination of the agent's authority or of the power of attorney before exercise of the power.

(4) A request for a certification, a translation, or an opinion of counsel pursuant to G.S. 32C-1-119(d) is refused.

(5) The person requesting a certification, a translation, or an opinion of counsel pursuant to G.S. 32C-1-119(d) does not receive the requested items in reasonably satisfactory form within a reasonable period of time.

(6) The person in good faith believes that the power is not valid or that the agent does not have the authority to perform the act requested, whether or not a certification, a translation, or an opinion of counsel pursuant to G.S. 32C-1-119(d) has been requested or provided.

(7) The person has reasonable cause to question the authenticity or validity of the power of attorney or the appropriateness of its exercise by the agent.

(8) The agent or principal has previously breached any agreement with the person, whether in an individual or fiduciary capacity.

(9) The person makes, or has actual knowledge that another person has made, a report to the local adult protective services office or law enforcement stating a good faith belief that the principal may be subject to physical or financial abuse, neglect, exploitation, or abandonment by the agent or a person acting for or with the agent.

(d) Without limiting the generality of subsection (c) of this section, nothing in this Chapter requires a person to do any of the following:

(1) Open an account for a principal at the request of an agent if the principal is not currently a customer of the person.

(2) Make a loan to the principal at the request of the agent.

(3) Permit an agent to conduct business not authorized by the terms of the power of attorney, or otherwise not permitted by applicable statute or regulation.

(e) A person that refuses in violation of this section to accept an acknowledged power of attorney is subject to all of the following:

(1) A court order mandating acceptance of the power of attorney.

(2) Liability for reasonable attorney's fees and costs incurred in any action or proceeding that mandates acceptance of the power of attorney.

(3) Any other remedy available under applicable law.

(f) The principal, the agent, or a person presented with a power of attorney may initiate a proceeding to determine whether and to what extent acceptance of a power of attorney shall be mandated. The court may award costs and expenses, including reasonable attorneys' fees in its discretion, but may award attorneys' fees to the agent only where the proceeding has substantial merit.

(g) Nothing in this Chapter amends or modifies the rights of banks and other depository institutions to terminate any deposit account in accordance with applicable law.

(h) A person who is presented with a power of attorney shall not be deemed to have unreasonably refused to accept the power of attorney solely on the basis of failure to accept the power of attorney within seven business days.

(i) A person who promptly requests a certification, a translation, or an opinion of counsel pursuant to G.S. 32C-1-119(d) is not deemed to have unreasonably refused to accept a power of attorney prior to receipt of the requested items in reasonably acceptable form.

"**§ 32C-1-123. Remedies under other law.**

The remedies under this Chapter are not exclusive and do not abrogate any right or remedy under the law of this State, other than this Chapter.

(b) Notwithstanding a grant of authority to do an act described in subsection (a) of this section, an agent may exercise such authority only as the agent determines is consistent with the principal's objectives if actually known by the agent and, if unknown, as the agent determines is consistent with the principal's best interest based on all relevant factors, which may include the following:

(1) The value and nature of the principal's property.
(2) The principal's foreseeable obligations and need for maintenance.
(3) Minimization of taxes, including income, estate, inheritance, generation-skipping transfer, and gift taxes.

I. Structural considerations, such as identifying positions, departments, courses, programs, operations, and other areas where there are (i) less essential, duplicative, or excess personnel; (ii) job responsibility and position inefficiencies; (iii) opportunities for combined work functions; and (iv) decreased student or other demands for curriculum, programs, operations, or other services.

Within the 15-day period after receipt of the notice, the career employee may file with the superintendent a written request for a hearing before the board within 10 days. If the career employee requests a hearing before the board, the hearing procedures provided in G.S. 115C-325(j3) shall be followed. If no request is made within the 15-day period, the superintendent may file his or her recommendation with the board. If, after considering the recommendation of the superintendent and the evidence adduced at the hearing if there is one, the board concludes that the grounds for the recommendation are true and substantiated by a preponderance of the evidence, the board, if it sees fit, may by resolution order such dismissal. Provisions of this section which permit a hearing by a hearing officer shall not apply to a dismissal or demotion recommended pursuant to G.S. 115C-325(e)(1)*l*.

When a career employee is dismissed pursuant to G.S. 115C-325(e)(1)*l.*, above, his or her name shall be placed on a list of available career employees to be maintained by the board.

(3) Inadequate Performance. – In determining whether the professional performance of a career employee is adequate, consideration shall be given to regular and special evaluation reports prepared in accordance with the published policy of the employing local school administrative unit and to any published standards of performance which shall have been adopted by the board. Failure to notify a career employee of an inadequacy or deficiency in performance shall be conclusive evidence of satisfactory performance. Inadequate performance for a ~~teacher~~ career employee shall mean (i) the failure to perform at a proficient level on any standard of the evaluation instrument or (ii) otherwise performing in a manner that is below standard. ~~However, for a probationary teacher, a performance rating below proficient may or may not be deemed adequate at that stage of development by a superintendent or designee.~~ For a career ~~teacher,~~employee, a performance rating below proficient shall constitute inadequate performance unless the principal noted on the instrument that the ~~teacher~~career employee is making adequate progress toward proficiency given the circumstances.

(4) Three-Year Limitation on Basis of Dismissal or Demotion. – Dismissal or demotion under subdivision (1) above, except paragraphs g. and o. thereof,

shall not be based on conduct or actions which occurred more than three years before the written notice of the superintendent's intention to recommend dismissal or demotion is mailed to the career employee. The three-year limitation shall not apply to dismissals or demotions pursuant to subdivision (1)b. above when the charge of immorality is based upon a career employee's sexual misconduct toward or sexual harassment of students or staff.

(f) (1) Suspension without Pay. – If a superintendent believes that cause exists for dismissing a career employee for any reason specified in G.S. 115C-325(e)(1) and that immediate suspension of the career employee is necessary, the superintendent may suspend the career employee without pay. Before suspending a career employee without pay, the superintendent shall meet with the career employee and give him or her written notice of the charges against ~~him,~~him or her, an explanation of the bases for the charges, and an opportunity to respond. Within five days after a suspension under this paragraph, the superintendent shall initiate a dismissal, demotion, or disciplinary suspension without pay as provided in this section. (2) Disciplinary Suspension Without Pay. – A career employee recommended for disciplinary suspension without pay ~~pursuant to G.S. 115C-325(a)(4a)~~ may request a hearing before the board. If no request is made within 15 days, the superintendent may file his or her recommendation with the board. If, after considering the recommendation of the superintendent and the evidence adduced at the hearing if one is held, the board concludes that the grounds for the recommendation are true and substantiated by a preponderance of the evidence, the board, if it sees fit, may by resolution order such suspension.

a. Board hearing for disciplinary suspensions for more than 10 days or for certain types of intentional misconduct. – The procedures for a board hearing under G.S. 115C-325(j3) shall apply if any of the following circumstances exist:

1. The recommended disciplinary suspension without pay is for more than 10 days; or
2. The disciplinary suspension is for intentional misconduct, such as inappropriate sexual or physical conduct, immorality, insubordination, habitual or excessive alcohol or nonmedical use of a controlled substance as defined in Article 5 of Chapter 90 of the General Statutes, any cause that constitutes grounds for the revocation of the ~~teacher's or school administrator's~~career employee's license, or providing false information.

b. Board hearing for disciplinary suspensions of no more ~~that~~than 10 days. – The procedures for a board hearing under G.S. 115C-325(j2) shall apply to all disciplinary suspensions of no more than 10 days that are not for intentional misconduct as specified in ~~G.S. 115C-325(f)(2)a.2.~~sub-sub-subdivision a.2. of this subdivision.

The superintendent shall notify the board of education within two days of his or her action and shall notify the career employee within two days of the action and the reasons for it. If the superintendent has not initiated dismissal or demotion proceedings against the career employee within the 90-day period, the career employee shall be reinstated to his or her duties immediately and all records of the suspension with pay shall be removed from the career employee's personnel file at his or her request. However, if the superintendent and the employee agree to extend the 90-day period, the superintendent may initiate dismissal or demotion proceedings against the career employee at any time during the period of the extension.

~~(f2) Procedure for Demotion of Career School Administrator. – If a superintendent intends to recommend the demotion of a career school administrator, the superintendent shall give written notice to the career school administrator by certified mail or personal delivery and shall include in the notice the grounds upon which the superintendent believes the demotion is justified. The notice shall include a statement that if the career school administrator requests a hearing within 15 days after receipt of the notice, the administrator shall be entitled to have the grounds for the proposed demotion reviewed by the local board of education. If the career school administrator does not request a board hearing within 15 days, the superintendent may file the recommendation of demotion with the board. If, after considering the superintendent's recommendation and the evidence presented at the hearing if one is held, the board concludes that the grounds for the recommendation are true and substantiated by a preponderance of the evidence, the board may by resolution order the demotion. The procedures for a board hearing under G.S. 115C-325(j3) shall apply to all demotions of career school administrators.~~

The superintendent also shall meet with the career employee and provide written notice of the charges against the career employee, an explanation of the basis for the charges, and an opportunity to respond if the career employee has not done so under G.S. 115C-325(f)(1). The notice shall include a statement to the effect that if the career employee within 14 days after the date of receipt of the notice requests a review, he or she may request to have the grounds for the proposed recommendations of the superintendent reviewed by an impartial hearing officer appointed by the Superintendent of Public Instruction as provided for in G.S. 115C-325(h)(7). A copy of G.S. 115C-325 shall also be sent to the career employee. If the career employee does not request a hearing before a hearing officer within the 14 days provided, the superintendent may submit his or her recommendation to the board.

(3) Within the 14-day period after receipt of the notice, the career employee may file with the superintendent a written request for either (i) a hearing on the grounds for the superintendent's proposed recommendation by a hearing officer or (ii) a hearing within 10 days before the board on the superintendent's recommendation. If the career employee requests an immediate hearing before the board, he or she forfeits his or her right to a

hearing by a hearing officer. If no request is made within that period, the superintendent may file his or her recommendation with the board. The board, if it sees fit, may by resolution (i) reject the superintendent's recommendation or (ii) accept or modify the superintendent's recommendation and dismiss, demote, reinstate, or suspend the career employee without pay. (5) Repealed by Session Laws 2011-348, s. 1, effective July 1, 2011, and applicable to persons recommended for dismissal or demotion on or after that date.

(7) Within five days of being notified of the request for a hearing before a hearing officer, the Superintendent of Public Instruction shall submit to both parties a list of hearing officers trained and approved by the State Board of Education. Within five days of receiving the list, the parties may jointly select a hearing officer from that list, or, if the parties cannot agree to a hearing officer, each party may strike up to one-third of the names on the list and submit its strikeout list to the Superintendent of Public Instruction. The Superintendent of Public Instruction shall then appoint a hearing officer from those individuals remaining on the list. Further, the parties may jointly agree on another hearing officer not on the State Board of Education's list, provided that individual is available to proceed in a timely manner and is willing to accept the terms of appointment required by the State Board of Education. No person eliminated by the career employee or superintendent shall be designated as the hearing officer for that case.

(8) The superintendent and career employee shall serve a copy to the other party of all documents submitted to the Superintendent of Public Instruction and to the designated hearing officer and include a signed certificate of service similar to that required in court pleadings.
