PREAMBLE

We, the people of the State of North Carolina, grateful to Almighty God, the Sovereign Ruler of Nations, for the preservation of the American Union and the existence of our civil, political and religious liberties, and acknowledging our dependence upon Him for the continuance of those blessings to us and our posterity, do, for the more certain security thereof and for the better government of this State, ordain and establish this Constitution.

ARTICLE I
DECLARATION OF RIGHTS

That the great, general, and essential principles of liberty and free government may be recognized and established, and that the relations of this State to the Union and government of the United States and those of the people of this State to the rest of the American people may be defined and affirmed, we do declare that:

Section 1. The equality and rights of persons.

We hold it to be self-evident that all persons are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, the enjoyment of the fruits of their own labor, and the pursuit of happiness.

Sec. 2. Sovereignty of the people.

All political power is vested in and derived from the people; all government of right originates from the people, is founded upon their will only, and is instituted solely for the good of the whole.

Sec. 3. Internal government of the State.

The people of this State have the inherent, sole, and exclusive right of regulating the internal government and police thereof, and of altering or abolishing their Constitution and form of government whenever it may be necessary to their safety and happiness; but every such right shall be exercised in pursuance of law and consistently with the Constitution of the United States.

Sec. 4. Secession prohibited.

This State shall ever remain a member of the American Union; the people thereof are part of the American nation; there is no right on the part of this State to secede; and all attempts, from whatever source or upon whatever pretext, to dissolve this Union or to sever this Nation, shall be resisted with the whole power of the State.

Sec. 5. Allegiance to the United States.

Every citizen of this State owes paramount allegiance to the Constitution and government of the United States, and no law or ordinance of the State in contravention or subversion thereof can have any binding force.

Sec. 6. Separation of powers.

The legislative, executive, and supreme judicial powers of the State government shall be forever separate and distinct from each other.

Sec. 7. Suspending laws.

All power of suspending laws or the execution of laws by any authority, without the consent of the representatives of the people, is injurious to their rights and shall not be exercised.

Sec. 8. Representation and taxation.

The people of this State shall not be taxed or made subject to the payment of any impost or duty without the consent of themselves or their representatives in the General Assembly, freely given.

Sec. 9. Frequent elections.

For redress of grievances and for amending and strengthening the laws, elections shall be often held.

Sec. 10. Free elections.

All elections shall be free.

Sec. 11. Property qualifications.

As political rights and privileges are not dependent upon or modified by property, no property qualification shall affect the right to vote or hold office.

Sec. 12. Right of assembly and petition.

The people have a right to assemble together to consult for their common good, to instruct their representatives, and to apply to the General Assembly for redress of grievances; but secret political societies are dangerous to the liberties of a free people and shall not be tolerated.

Sec. 13. Religious liberty.

All persons have a natural and inalienable right to worship Almighty God according to the dictates of their own consciences, and no human authority shall, in any case whatever, control or interfere with the rights of conscience.

Sec. 14. Freedom of speech and press.

Freedom of speech and of the press are two of the great bulwarks of liberty and therefore shall never be restrained, but every person shall be held responsible for their abuse.

Sec. 15. Education.

The people have a right to the privilege of education, and it is the duty of the State to guard and maintain that right.

Sec. 16. Ex post facto laws.

Retrospective laws, punishing acts committed before the existence of such laws and by them only declared criminal, are oppressive, unjust, and incompatible with liberty, and therefore no ex post facto law shall be enacted. No law taxing retrospectively sales, purchases, or other acts previously done shall be enacted.

Sec. 17. Slavery and involuntary servitude.

Slavery is forever prohibited. Involuntary servitude, except as a punishment for crime whereof the parties have been adjudged guilty, is forever prohibited.

Sec. 18. Court shall be open.

All courts shall be open; every person for an injury done him in his lands, goods, person, or reputation shall have remedy by due course of law; and right and justice shall be administered without favor, denial, or delay.

Sec. 19. Law of the land; equal protection of the laws.

No person shall be taken, imprisoned, or disseized of his freehold, liberties, or privileges, or outlawed, or exiled, or in any manner deprived of his life, liberty, or property, but by the law of

the land. No person shall be denied the equal protection of the laws; nor shall any person be subjected to discrimination by the State because of race, color, religion, or national origin.

Sec. 20. General warrants.

General warrants, whereby any officer or other person may be commanded to search suspected places without evidence of the act committed, or to seize any person or persons not named, whose offense is not particularly described and supported by evidence, are dangerous to liberty and shall not be granted.

Sec. 21. Inquiry into restraints on liberty.

Every person restrained of his liberty is entitled to a remedy to inquire into the lawfulness thereof, and to remove the restraint if unlawful, and that remedy shall not be denied or delayed. The privilege of the writ of habeas corpus shall not be suspended.

Sec. 22. Modes of prosecution.

Except in misdemeanor cases initiated in the District Court Division, no person shall be put to answer any criminal charge but by indictment, presentment, or impeachment. But any person, when represented by counsel, may, under such regulations as the General Assembly shall prescribe, waive indictment in noncapital cases.

Sec. 23. Rights of accused.

In all criminal prosecutions, every person charged with crime has the right to be informed of the accusation and to confront the accusers and witnesses with other testimony, and to have counsel for defense, and not be compelled to give self-incriminating evidence, or to pay costs, jail fees, or necessary witness fees of the defense, unless found guilty.

Sec. 24. Right of jury trial in criminal cases.

No person shall be convicted of any crime but by the unanimous verdict of a jury in open court, except that a person accused of any criminal offense for which the State is not seeking a sentence of death in superior court may, in writing or on the record in the court and with the consent of the trial judge, waive jury trial, subject to procedures prescribed by the General Assembly. The General Assembly may, however, provide for other means of trial for misdemeanors, with the right of appeal for trial de novo.

Sec. 25. Right of jury trial in civil cases.

In all controversies at law respecting property, the ancient mode of trial by jury is one of the best securities of the rights of the people, and shall remain sacred and inviolable.

Sec. 26. Jury service.

No person shall be excluded from jury service on account of sex, race, color, religion, or national origin.

Sec. 27. Bail, fines, and punishments.

Excessive bail shall not be required, nor excessive fines imposed, nor cruel or unusual punishments inflicted.

Sec. 28. Imprisonment for debt.

There shall be no imprisonment for debt in this State, except in cases of fraud.

Sec. 29. Treason against the State.

Treason against the State shall consist only of levying war against it or adhering to its enemies by giving them aid and comfort. No person shall be convicted of treason unless on the

testimony of two witnesses to the same overt act, or on confession in open court. No conviction of treason or attainder shall work corruption of blood or forfeiture.

Sec. 30. Militia and the right to bear arms.

A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed; and, as standing armies in time of peace are dangerous to liberty, they shall not be maintained, and the military shall be kept under strict subordination to, and governed by, the civil power. Nothing herein shall justify the practice of carrying concealed weapons, or prevent the General Assembly from enacting penal statutes against that practice.

Sec. 31. Quartering of soldiers.

No soldier shall in time of peace be quartered in any house without the consent of the owner, nor in time of war but in a manner prescribed by law.

Sec. 32. Exclusive emoluments.

No person or set of persons is entitled to exclusive or separate emoluments or privileges from the community but in consideration of public services.

Sec. 33. Hereditary emoluments and honors.

No hereditary emoluments, privileges, or honors shall be granted or conferred in this State.

Sec. 34. Perpetuities and monopolies.

Perpetuities and monopolies are contrary to the genius of a free state and shall not be allowed.

Sec. 35. Recurrence to fundamental principles.

A frequent recurrence to fundamental principles is absolutely necessary to preserve the blessings of liberty.

Sec. 36. Other rights of the people.

The enumeration of rights in this Article shall not be construed to impair or deny others retained by the people.

Sec. 37. Rights of victims of crime.

(1) Basic rights. Victims of crime, as prescribed by law, shall be entitled to the following basic rights:

(a) The right as prescribed by law to be informed of and to be present at court proceedings of the accused.

(b) The right to be heard at sentencing of the accused in a manner prescribed by law, and at other times as prescribed by law or deemed appropriate by the court.

(c) The right as prescribed by law to receive restitution.

(d) The right as prescribed by law to be given information about the crime, how the criminal justice system works, the rights of victims, and the availability of services for victims.

(e) The right as prescribed by law to receive information about the conviction or final disposition and sentence of the accused.

(f) The right as prescribed by law to receive notification of escape, release, proposed parole or pardon of the accused, or notice of a reprieve or commutation of the accused's sentence.

(g) The right as prescribed by law to present their views and concerns to the Governor or agency considering any action that could result in the release of the accused, prior to such action becoming effective.

(h) The right as prescribed by law to confer with the prosecution.

(2) No money damages; other enforcement. Nothing in this section shall be construed as creating a claim for money damages against the State, a county, a municipality, or any of the agencies, instrumentalities, or employees thereof. The General Assembly may provide for other remedies to ensure adequate enforcement of this section.

(3) No ground for relief in criminal case. The failure or inability of any person to provide a right or service provided under this section may not be used by a defendant in a criminal case, an inmate, or any other accused as a ground for relief in any trial, appeal, postconviction litigation, habeas corpus, civil action, or any similar criminal or civil proceeding.

ARTICLE II
LEGISLATIVE

Section 1. Legislative power.

The legislative power of the State shall be vested in the General Assembly, which shall consist of a Senate and a House of Representatives.

Sec. 2. Number of Senators.

The Senate shall be composed of 50 Senators, biennially chosen by ballot.

Sec. 3. Senate districts; apportionment of Senators.

The Senators shall be elected from districts. The General Assembly, at the first regular session convening after the return of every decennial census of population taken by order of Congress, shall revise the senate districts and the apportionment of Senators among those districts, subject to the following requirements:

(1) Each Senator shall represent, as nearly as may be, an equal number of inhabitants, the number of inhabitants that each Senator represents being determined for this purpose by dividing the population of the district that he represents by the number of Senators apportioned to that district;

(2) Each senate district shall at all times consist of contiguous territory;

(3) No county shall be divided in the formation of a senate district;

(4) When established, the senate districts and the apportionment of Senators shall remain unaltered until the return of another decennial census of population taken by order of Congress.

Sec. 4. Number of Representatives.

The House of Representatives shall be composed of 120 Representatives, biennially chosen by ballot.

Sec. 5. Representative districts; apportionment of Representatives.

The Representatives shall be elected from districts. The General Assembly, at the first regular session convening after the return of every decennial census of population taken by order of Congress, shall revise the representative districts and the apportionment of Representatives among those districts, subject to the following requirements:

(1) Each Representative shall represent, as nearly as may be, an equal number of inhabitants, the number of inhabitants that each Representative represents being determined for this purpose by dividing the population of the district that he represents by the number of Representatives apportioned to that district;

(2) Each representative district shall at all times consist of contiguous territory;

(3) No county shall be divided in the formation of a representative district;

(4) When established, the representative districts and the apportionment of Representatives shall remain unaltered until the return of another decennial census of population taken by order of Congress.

Sec. 6. Qualifications for Senator.

Each Senator, at the time of his election, shall be not less than 25 years of age, shall be a qualified voter of the State, and shall have resided in the State as a citizen for two years and in the district for which he is chosen for one year immediately preceding his election.

Sec. 7. Qualifications for Representative.

Each Representative, at the time of his election, shall be a qualified voter of the State, and shall have resided in the district for which he is chosen for one year immediately preceding his election.

Sec. 8. Elections.

The election for members of the General Assembly shall be held for the respective districts in 1972 and every two years thereafter, at the places and on the day prescribed by law.

Sec. 9. Term of office.

The term of office of Senators and Representatives shall commence on the first day of January next after their election.

Sec. 10. Vacancies.

Every vacancy occurring in the membership of the General Assembly by reason of death, resignation, or other cause shall be filled in the manner prescribed by law.

Sec. 11. Sessions.

(1) Regular Sessions. The General Assembly shall meet in regular session in 1973 and every two years thereafter on the day prescribed by law. Neither house shall proceed upon public business unless a majority of all of its members are actually present.

(2) Extra sessions on legislative call. The President of the Senate and the Speaker of the House of Representatives shall convene the General Assembly in extra session by their joint proclamation upon receipt by the President of the Senate of written requests therefor signed by three-fifths of all the members of the Senate and upon receipt by the Speaker of the House of Representatives of written requests therefor signed by three-fifths of all the members of the House of Representatives.

Sec. 12. Oath of members.

Each member of the General Assembly, before taking his seat, shall take an oath or affirmation that he will support the Constitution and laws of the United States and the Constitution of the State of North Carolina, and will faithfully discharge his duty as a member of the Senate or House of Representatives.

Sec. 13. President of the Senate.

The Lieutenant Governor shall be President of the Senate and shall preside over the Senate, but shall have no vote unless the Senate is equally divided.

Sec. 14. Other officers of the Senate.

(1) President Pro Tempore - succession to presidency. The Senate shall elect from its membership a President Pro Tempore, who shall become President of the Senate upon the failure of the Lieutenant Governor-elect to qualify, or upon succession by the Lieutenant

Governor to the office of Governor, or upon the death, resignation, or removal from office of the President of the Senate, and who shall serve until the expiration of his term of office as Senator.

(2) President Pro Tempore - temporary succession. During the physical or mental incapacity of the President of the Senate to perform the duties of his office, or during the absence of the President of the Senate, the President Pro Tempore shall preside over the Senate.

(3) Other officers. The Senate shall elect its other officers.

Sec. 15. Officers of the House of Representatives.

The House of Representatives shall elect its Speaker and other officers.

Sec. 16. Compensation and allowances.

The members and officers of the General Assembly shall receive for their services the compensation and allowances prescribed by law. An increase in the compensation or allowances of members shall become effective at the beginning of the next regular session of the General Assembly following the session at which it was enacted.

Sec. 17. Journals.

Each house shall keep a journal of its proceedings, which shall be printed and made public immediately after the adjournment of the General Assembly.

Sec. 18. Protests.

Any member of either house may dissent from and protest against any act or resolve which he may think injurious to the public or to any individual, and have the reasons of his dissent entered on the journal.

Sec. 19. Record votes.

Upon motion made in either house and seconded by one fifth of the members present, the yeas and nays upon any question shall be taken and entered upon the journal.

Sec. 20. Powers of the General Assembly.

Each house shall be judge of the qualifications and elections of its own members, shall sit upon its own adjournment from day to day, and shall prepare bills to be enacted into laws. The two houses may jointly adjourn to any future day or other place. Either house may, of its own motion, adjourn for a period not in excess of three days.

Sec. 21. Style of the acts.

The style of the acts shall be: "The General Assembly of North Carolina enacts:".

Sec. 22. Action on bills.

(1) Bills subject to veto by Governor; override of veto. Except as provided by subsections (2) through (6) of this section, all bills shall be read three times in each house and shall be signed by the presiding officer of each house before being presented to the Governor. If the Governor approves, the Governor shall sign it and it shall become a law; but if not, the Governor shall return it with objections, together with a veto message stating the reasons for such objections, to that house in which it shall have originated, which shall enter the objections and veto message at large on its journal, and proceed to reconsider it. If after such reconsideration three-fifths of the members of that house present and voting shall agree to pass the bill, it shall be sent, together with the objections and veto message, to the other house, by which it shall likewise be reconsidered; and if approved by three-fifths of the members of that house present and voting, it shall become a law notwithstanding the objections of the Governor. In all such cases the votes of both houses shall be determined by yeas and nays, and the names of the members voting shall be entered on the journal of each house respectively.

(2) Amendments to Constitution of North Carolina. Every bill proposing a new or revised Constitution or an amendment or amendments to this Constitution or calling a convention of the people of this State, and containing no other matter, shall be submitted to the qualified voters of this State after it shall have been read three times in each house and signed by the presiding officers of both houses.

(3) Amendments to Constitution of the United States. Every bill approving an amendment to the Constitution of the United States, or applying for a convention to propose amendments to the Constitution of the United States, and containing no other matter, shall be read three times in each house before it becomes law, and shall be signed by the presiding officers of both houses.

(4) Joint resolutions. Every joint resolution shall be read three times in each house before it becomes effective and shall be signed by the presiding officers of both houses.

(5) Other exceptions. Every bill:

(a) In which the General Assembly makes an appointment or appointments to public office and which contains no other matter;

(b) Revising the senate districts and the apportionment of Senators among those districts and containing no other matter;

(c) Revising the representative districts and the apportionment of Representatives among those districts and containing no other matter; or

(d) Revising the districts for the election of members of the House of Representatives of the Congress of the United States and the apportionment of Representatives among those districts and containing no other matter,

shall be read three times in each house before it becomes law and shall be signed by the presiding officers of both houses.

(6) Local bills. Every bill that applies in fewer than 15 counties shall be read three times in each house before it becomes law and shall be signed by the presiding officers of both houses. The exemption from veto by the Governor provided in this subsection does not apply if the bill, at the time it is signed by the presiding officers:

(a) Would extend the application of a law signed by the presiding officers during that two year term of the General Assembly so that the law would apply in more than half the counties in the State, or

(b) Would enact a law identical in effect to another law or laws signed by the presiding officers during that two year term of the General Assembly that the result of those laws taken together would be a law applying in more than half the counties in the State.

Notwithstanding any other language in this subsection, the exemption from veto provided by this subsection does not apply to any bill to enact a general law classified by population or other criteria, or to any bill that contains an appropriation from the State treasury.

(7) Time for action by Governor; reconvening of session. If any bill shall not be returned by the Governor within 10 days after it shall have been presented to him, the same shall be a law in like manner as if he had signed it, unless the General Assembly shall have adjourned:

(a) For more than 30 days jointly as provided under Section 20 of Article II of this Constitution; or

(b) Sine die

in which case it shall become a law unless, within 30 days after such adjournment, it is returned by the Governor with objections and veto message to that house in which it shall have originated. When the General Assembly has adjourned sine die or for more than 30 days jointly as provided under Section 20 of Article II of this Constitution, the Governor shall reconvene that session as provided by Section 5(11) of Article III of this Constitution for reconsideration of the bill, and if the Governor does not reconvene the session, the bill shall become law on the fortieth day after such adjournment. Notwithstanding the previous sentence, if the Governor prior to reconvening the session receives written requests dated no earlier than 30 days after

such adjournment, signed by a majority of the members of each house that a reconvened session to reconsider vetoed legislation is unnecessary, the Governor shall not reconvene the session for that purpose and any legislation vetoed in accordance with this section after adjournment shall not become law.

(8) Return of bills after adjournment. For purposes of return of bills not approved by the Governor, each house shall designate an officer to receive returned bills during its adjournment.

Sec. 23. Revenue bills.

No law shall be enacted to raise money on the credit of the State, or to pledge the faith of the State directly or indirectly for the payment of any debt, or to impose any tax upon the people of the State, or to allow the counties, cities, or towns to do so, unless the bill for the purpose shall have been read three several times in each house of the General Assembly and passed three several readings, which readings shall have been on three different days, and shall have been agreed to by each house respectively, and unless the yeas and nays on the second and third readings of the bill shall have been entered on the journal.

Sec. 24. Limitations on local, private, and special legislation.

(1) Prohibited subjects. The General Assembly shall not enact any local, private, or special act or resolution:

- (a) Relating to health, sanitation, and the abatement of nuisances;

- (j) Regulating labor, trade, mining, or manufacturing;
- (k) Extending the time for the levy or collection of taxes or otherwise relieving any collector of taxes from the due performance of his official duties or his sureties from liability;
- (l) Giving effect to informal wills and deeds;
- (m) Granting a divorce or securing alimony in any individual case;
- (n) Altering the name of any person, or legitimating any person not born in lawful wedlock, or restoring to the rights of citizenship any person convicted of a felony.

(2) Repeals. Nor shall the General Assembly enact any such local, private, or special act by the partial repeal of a general law; but the General Assembly may at any time repeal local, private, or special laws enacted by it.

(3) Prohibited acts void. Any local, private, or special act or resolution enacted in violation of the provisions of this Section shall be void.

(4) General laws. The General Assembly may enact general laws regulating the matters set out in this Section.

ARTICLE III

Section 1. Executive power.

The executive power of the State shall be vested in the Governor.

Sec. 2. Governor and Lieutenant Governor: election, term, and qualifications.

(1) Election and term. The Governor and Lieutenant Governor shall be elected by the qualified voters of the State in 1972 and every four years thereafter, at the same time and places as members of the General Assembly are elected. Their term of office shall be four years and shall commence on the first day of January next after their election and continue until their successors are elected and qualified.

(2) Qualifications. No person shall be eligible for election to the office of Governor or Lieutenant Governor unless, at the time of his election, he shall have attained the age of 30 years and shall have been a citizen of the United States for five years and a resident of this State for two years immediately preceding his election. No person elected to the office of Governor or Lieutenant Governor shall be eligible for election to more than two consecutive terms of the same office.

Sec. 3. Succession to office of Governor.

(1) Succession as Governor. The Lieutenant Governor-elect shall become Governor upon the failure of the Governor-elect to qualify. The Lieutenant Governor shall become Governor upon the death, resignation, or removal from office of the Governor. The further order of succession to the office of Governor shall be prescribed by law. A successor shall serve for the remainder of the term of the Governor whom he succeeds and until a new Governor is elected and qualified.

(2) Succession as Acting Governor. During the absence of the Governor from the State, or during the physical or mental incapacity of the Governor to perform the duties of his office, the Lieutenant Governor shall be Acting Governor. The further order of succession as Acting Governor shall be prescribed by law.

(3) Physical incapacity. The Governor may, by a written statement filed with the Attorney General, declare that he is physically incapable of performing the duties of his office, and may thereafter in the same manner declare that he is physically capable of performing the duties of his office.

(4) Mental incapacity. The mental incapacity of the Governor to perform the duties of his office shall be determined only by joint resolution adopted by a vote of two-thirds of all the members of each house of the General Assembly. Thereafter, the mental capacity of the Governor to perform the duties of his office shall be determined only by joint resolution adopted by a vote of a majority of all the members of each house of the General Assembly. In all cases, the General Assembly shall give the Governor such notice as it may deem proper and shall allow him an opportunity to be heard before a joint session of the General Assembly before it takes final action. When the General Assembly is not in session, the Council of State, a majority of its members concurring, may convene it in extra session for the purpose of proceeding under this paragraph.

(5) Impeachment. Removal of the Governor from office for any other cause shall be by impeachment.

Sec. 4. Oath of office for Governor.

The Governor, before entering upon the duties of his office, shall, before any Justice of the Supreme Court, take an oath or affirmation that he will support the Constitution and laws of the United States and of the State of North Carolina, and that he will faithfully perform the duties pertaining to the office of governor.

Sec. 5. Duties of Governor.

(1) Residence. The Governor shall reside at the seat of government of this State.

(2) Information to General Assembly. The Governor shall from time to time give the General Assembly information of the affairs of the State and recommend to their consideration such measures as he shall deem expedient.

(3) Budget. The Governor shall prepare and recommend to the General Assembly a comprehensive budget of the anticipated revenue and proposed expenditures of the State for the ensuing fiscal period. The budget as enacted by the General Assembly shall be administered by the Governor.

The total expenditures of the State for the fiscal period covered by the budget shall not exceed the total of receipts during that fiscal period and the surplus remaining in the State Treasury at the beginning of the period. To insure that the State does not incur a deficit for any fiscal period, the Governor shall continually survey the collection of the revenue and shall effect the necessary economies in State expenditures, after first making adequate provision for the prompt payment of the principal of and interest on bonds and notes of the State according to their terms, whenever he determines that receipts during the fiscal period, when added to any surplus remaining in the State Treasury at the beginning of the period, will not be sufficient to meet budgeted expenditures. This section shall not be construed to impair the power of the State to issue its bonds and notes within the limitations imposed in Article V of this Constitution, nor to impair the obligation of bonds and notes of the State now outstanding or issued hereafter.

(4) Execution of laws. The Governor shall take care that the laws be faithfully executed.

(5) Commander in Chief. The Governor shall be Commander in Chief of the military forces of the State except when they shall be called into the service of the United States.

(6) Clemency. The Governor may grant reprieves, commutations, and pardons, after conviction, for all offenses (except in cases of impeachment), upon such conditions as he may think proper, subject to regulations prescribed by law relative to the manner of applying for pardons. The terms reprieves, commutations, and pardons shall not include paroles.

(7) Extra sessions. The Governor may, on extraordinary occasions, by and with the advice of the Council of State, convene the General Assembly in extra session by his proclamation, stating therein the purpose or purposes for which they are thus convened.

(8) Appointments. The Governor shall nominate and by and with the advice and consent of a majority of the Senators appoint all officers whose appointments are not otherwise provided for.

(9) Information. The Governor may at any time require information in writing from the head of any administrative department or agency upon any subject relating to the duties of his office.

(10) Administrative reorganization. The General Assembly shall prescribe the functions, powers, and duties of the administrative departments and agencies of the State and may alter them from time to time, but the Governor may make such changes in the allocation of offices and agencies and in the allocation of those functions, powers, and duties as he considers necessary for efficient administration. If those changes affect existing law, they shall be set forth in executive orders, which shall be submitted to the General Assembly not later than the sixtieth calendar day of its session, and shall become effective and shall have the force of law upon adjournment sine die of the session, unless specifically disapproved by resolution of either house of the General Assembly or specifically modified by joint resolution of both houses of the General Assembly.

(11) Reconvened sessions. The Governor shall, when required by Section 22 of Article II of this Constitution, reconvene a session of the General Assembly. At such reconvened session, the General Assembly may only consider such bills as were returned by the Governor to that reconvened session for reconsideration. Such reconvened session shall begin on a date set by the Governor, but no later than 40 days after the General Assembly adjourned:

(a) For more than 30 days jointly as provided under Section 20 of Article II of this Constitution; or

(1) Officers. A Secretary of State, an Auditor, a Treasurer, a Superintendent of Public Instruction, an Attorney General, a Commissioner of Agriculture, a Commissioner of Labor, and a Commissioner of Insurance shall be elected by the qualified voters of the State in 1972 and every four years thereafter, at the same time and places as members of the General Assembly are elected. Their term of office shall be four years and shall commence on the first day of January next after their election and continue until their successors are elected and qualified.

(2) Duties. Their respective duties shall be prescribed by law.

(3) Vacancies. If the office of any of these officers is vacated by death, resignation, or otherwise, it shall be the duty of the Governor to appoint another to serve until his successor is elected and qualified. Every such vacancy shall be filled by election at the first election for members of the General Assembly that occurs more than 60 days after the vacancy has taken place, and the person chosen shall hold the office for the remainder of the unexpired term fixed in this Section. When a vacancy occurs in the office of any of the officers named in this Section and the term expires on the first day of January succeeding the next election for members of the General Assembly, the Governor shall appoint to fill the vacancy for the unexpired term of the office.

(4) Interim officers. Upon the occurrence of a vacancy in the office of any one of these officers for any of the causes stated in the preceding paragraph, the Governor may appoint an interim officer to perform the duties of that office until a person is appointed or elected pursuant to this Section to fill the vacancy and is qualified.

(5) Acting officers. During the physical or mental incapacity of any one of these officers to perform the duties of his office, as determined pursuant to this Section, the duties of his office shall be performed by an acting officer who shall be appointed by the Governor.

(6) Determination of incapacity. The General Assembly shall by law prescribe with respect to those officers, other than the Governor, whose offices are created by this Article, procedures for determining the physical or mental incapacity of any officer to perform the duties of his office, and for determining whether an officer who has been temporarily incapacitated has sufficiently recovered his physical or mental capacity to perform the duties of his office. Removal of those officers from office for any other cause shall be by impeachment.

(7) Special Qualifications for Attorney General. Only persons duly authorized to practice law in the courts of this State shall be eligible for appointment or election as Attorney General.

Sec. 8. Council of State.

The Council of State shall consist of the officers whose offices are established by this Article.

Sec. 9. Compensation and allowances.

The officers whose offices are established by this Article shall at stated periods receive the compensation and allowances prescribed by law, which shall not be diminished during the time for which they have been chosen.

Sec. 10. Seal of State.

There shall be a seal of the State, which shall be kept by the Governor and used by him as occasion may require, and shall be called "The Great Seal of the State of North Carolina". All grants or commissions shall be issued in the name and by the authority of the State of North Carolina, sealed with "The Great Seal of the State of North Carolina", and signed by the Governor.

Sec. 11. Administrative departments.

Not later than July 1, 1975, all administrative departments, agencies, and offices of the State and their respective functions, powers, and duties shall be allocated by law among and within not more than 25 principal administrative departments so as to group them as far as practicable according to major purposes. Regulatory, quasi-judicial, and temporary agencies may, but need not, be allocated within a principal department.

ARTICLE IV
JUDICIAL

Section 1. Judicial power.

The judicial power of the State shall, except as provided in Section 3 of this Article, be vested in a Court for the Trial of Impeachments and in a General Court of Justice. The General Assembly shall have no power to deprive the judicial department of any power or jurisdiction that rightfully pertains to it as a co-ordinate department of the government, nor shall it establish or authorize any courts other than as permitted by this Article.

Sec. 2. General Court of Justice.

The General Court of Justice shall constitute a unified judicial system for purposes of jurisdiction, operation, and administration, and shall consist of an Appellate Division, a Superior Court Division, and a District Court Division.

Sec. 3. Judicial powers of administrative agencies.

The General Assembly may vest in administrative agencies established pursuant to law such judicial powers as may be reasonably necessary as an incident to the accomplishment of the purposes for which the agencies were created. Appeals from administrative agencies shall be to the General Court of Justice.

Sec. 4. Court for the Trial of Impeachments.

The House of Representatives solely shall have the power of impeaching. The Court for the Trial of Impeachments shall be the Senate. When the Governor or Lieutenant Governor is impeached, the Chief Justice shall preside over the Court. A majority of the members shall be necessary to a quorum, and no person shall be convicted without the concurrence of two-thirds of the Senators present. Judgment upon conviction shall not extend beyond removal from and disqualification to hold office in this State, but the party shall be liable to indictment and punishment according to law.

Sec. 5. Appellate division.

The Appellate Division of the General Court of Justice shall consist of the Supreme Court and the Court of Appeals.

Sec. 6. Supreme Court.

(1) Membership. The Supreme Court shall consist of a Chief Justice and six Associate Justices, but the General Assembly may increase the number of Associate Justices to not more than eight. In the event the Chief Justice is unable, on account of absence or temporary incapacity, to perform any of the duties placed upon him, the senior Associate Justice available may discharge those duties.

(2) Sessions of the Supreme Court. The sessions of the Supreme Court shall be held in the City of Raleigh unless otherwise provided by the General Assembly.

Sec. 7. Court of Appeals.

The structure, organization, and composition of the Court of Appeals shall be determined by the General Assembly. The Court shall have not less than five members, and may be authorized to sit in divisions, or other than en banc. Sessions of the Court shall be held at such times and places as the General Assembly may prescribe.

Sec. 8. Retirement of Justices and Judges.

The General Assembly shall provide by general law for the retirement of Justices and Judges of the General Court of Justice, and may provide for the temporary recall of any retired Justice or Judge to serve on the court or courts of the division from which he was retired. The General Assembly shall also prescribe maximum age limits for service as a Justice or Judge.

Sec. 9. Superior Courts.

(1) Superior Court districts. The General Assembly shall, from time to time, divide the State into a convenient number of Superior Court judicial districts and shall provide for the election of one or more Superior Court Judges for each district. Each regular Superior Court Judge shall reside in the district for which he is elected. The General Assembly may provide by general law for the selection or appointment of special or emergency Superior Court Judges not selected for a particular judicial district.

(2) Open at all times; sessions for trial of cases. The Superior Courts shall be open at all times for the transaction of all business except the trial of issues of fact requiring a jury. Regular trial sessions of the Superior Court shall be held at times fixed pursuant to a calendar of courts promulgated by the Supreme Court. At least two sessions for the trial of jury cases shall be held annually in each county.

(3) Clerks. A Clerk of the Superior Court for each county shall be elected for a term of four years by the qualified voters thereof, at the same time and places as members of the General Assembly are elected. If the office of Clerk of the Superior Court becomes vacant otherwise than by the expiration of the term, or if the people fail to elect, the senior regular resident Judge of the Superior Court serving the county shall appoint to fill the vacancy until an election can be regularly held.

Sec. 10. District Courts.

The General Assembly shall, from time to time, divide the State into a convenient number of local court districts and shall prescribe where the District Courts shall sit, but a District Court must sit in at least one place in each county. District Judges shall be elected for each district for a term of four years, in a manner prescribed by law. When more than one District Judge is authorized and elected for a district, the Chief Justice of the Supreme Court shall designate one of the judges as Chief District Judge. Every District Judge shall reside in the district for which he is elected. For each county, the senior regular resident Judge of the Superior Court serving the county shall appoint from nominations submitted by the Clerk of the Superior Court of the county, one or more Magistrates who shall be officers of the District Court. The initial term of appointment for a magistrate shall be for two years and subsequent terms shall be for four years. The number of District Judges and Magistrates shall, from time to time, be determined by the General Assembly. Vacancies in the office of District Judge shall be

filled for the unexpired term in a manner prescribed by law. Vacancies in the office of Magistrate shall be filled for the unexpired term in the manner provided for original appointment to the office, unless otherwise provided by the General Assembly.

Sec. 11. Assignment of Judges.

The Chief Justice of the Supreme Court, acting in accordance with rules of the Supreme Court, shall make assignments of Judges of the Superior Court and may transfer District Judges from one district to another for temporary or specialized duty. The principle of rotating Superior Court Judges among the various districts of a division is a salutary one and shall be observed. For this purpose the General Assembly may divide the State into a number of judicial divisions. Subject to the general supervision of the Chief Justice of the Supreme Court, assignment of District Judges within each local court district shall be made by the Chief District Judge.

Sec. 12. Jurisdiction of the General Court of Justice.

(1) Supreme Court. The Supreme Court shall have jurisdiction to review upon appeal any decision of the courts below, upon any matter of law or legal inference. The jurisdiction of the Supreme Court over "issues of fact" and "questions of fact" shall be the same exercised by it prior to the adoption of this Article, and the Court may issue any remedial writs necessary to give it general supervision and control over the proceedings of the other courts. The Supreme Court also has jurisdiction to review, when authorized by law, direct appeals from a final order or decision of the North Carolina Utilities Commission.

(2) Court of Appeals. The Court of Appeals shall have such appellate jurisdiction as the General Assembly may prescribe.

(3) Superior Court. Except as otherwise provided by the General Assembly, the Superior Court shall have original general jurisdiction throughout the State. (5) Waiver. The General Assembly may by general law provide that the jurisdictional limits may be waived in civil cases.

(6) Appeals. The General Assembly shall by general law provide a proper system of appeals. Appeals from Magistrates shall be heard de novo, with the right of trial by jury as defined in this Constitution and the laws of this State.

Sec. 13. Forms of action; rules of procedure.

(1) Forms of action. There shall be in this State but one form of action for the enforcement or protection of private rights or the redress of private wrongs, which shall be denominated a civil action, and in which there shall be a right to have issues of fact tried before a jury. Every action prosecuted by the people of the State as a party against a person charged with a public offense, for the punishment thereof, shall be termed a criminal action.

(2) Rules of procedure. The Supreme Court shall have exclusive authority to make rules of procedure and practice for the Appellate Division. The General Assembly may make rules of procedure and practice for the Superior Court and District Court Divisions, and the General Assembly may delegate this authority to the Supreme Court. No rule of procedure or practice shall abridge substantive rights or abrogate or limit the right of trial by jury. If the General Assembly should delegate to the Supreme Court the rule-making power, the General Assembly may, nevertheless, alter, amend, or repeal any rule of procedure or practice adopted by the Supreme Court for the Superior Court or District Court Divisions.

Sec. 14. Waiver of jury trial.

In all issues of fact joined in any court, the parties in any civil case may waive the right to have the issues determined by a jury, in which case the finding of the judge upon the facts shall have the force and effect of a verdict by a jury.

Sec. 15. Administration.

The General Assembly shall provide for an administrative office of the courts to carry out the provisions of this Article.

Sec. 16. Terms of office and election of Justices of the Supreme Court, Judges of the Court of Appeals, and Judges of the Superior Court.

Justices of the Supreme Court, Judges of the Court of Appeals, and regular Judges of the Superior Court shall be elected by the qualified voters and shall hold office for terms of eight years and until their successors are elected and qualified. Justices of the Supreme Court and Judges of the Court of Appeals shall be elected by the qualified voters of the State. Regular Judges of the Superior Court may be elected by the qualified voters of the State or by the voters of their respective districts, as the General Assembly may prescribe.

Sec. 17. Removal of Judges, Magistrates and Clerks.

(1) Removal of Judges by the General Assembly. Any Justice or Judge of the General Court of Justice may be removed from office for mental or physical incapacity by joint resolution of two-thirds of all the members of each house of the General Assembly. Any Justice or Judge against whom the General Assembly may be about to proceed shall receive notice thereof, accompanied by a copy of the causes alleged for his removal, at least 20 days before the day on which either house of the General Assembly shall act thereon. Removal from office by the General Assembly for any other cause shall be by impeachment.

(2) Additional method of removal of Judges. The General Assembly shall prescribe a procedure, in addition to impeachment and address set forth in this Section, for the removal of a Justice or Judge of the General Court of Justice for mental or physical incapacity interfering with the performance of his duties which is, or is likely to become, permanent, and for the censure and removal of a Justice or Judge of the General Court of Justice for wilful misconduct in office, wilful and persistent failure to perform his duties, habitual intemperance, conviction of a crime involving moral turpitude, or conduct prejudicial to the administration of justice that brings the judicial office into disrepute.

(3) Removal of Magistrates. The General Assembly shall provide by general law for the removal of Magistrates for misconduct or mental or physical incapacity.

(4) Removal of Clerks. Any Clerk of the Superior Court may be removed from office for misconduct or mental or physical incapacity by the senior regular resident Superior Court Judge serving the county. Any Clerk against whom proceedings are instituted shall receive written notice of the charges against him at least 10 days before the hearing upon the charges. Any Clerk so removed from office shall be entitled to an appeal as provided by law.

Sec. 18. District Attorney and Prosecutorial Districts.

(1) District Attorneys. The General Assembly shall, from time to time, divide the State into a convenient number of prosecutorial districts, for each of which a District Attorney shall be chosen for a term of four years by the qualified voters thereof, at the same time and places as members of the General Assembly are elected. Only persons duly authorized to practice law in the courts of this State shall be eligible for election or appointment as a District Attorney. The District Attorney shall advise the officers of justice in his district, be responsible for the prosecution on behalf of the State of all criminal actions in the Superior Courts of his district, perform such duties related to appeals therefrom as the Attorney General may require, and perform such other duties as the General Assembly may prescribe.

(2) Prosecution in District Court Division. Criminal actions in the District Court Division shall be prosecuted in such manner as the General Assembly may prescribe by general law uniformly applicable in every local court district of the State.

Sec. 19. Vacancies.

Unless otherwise provided in this Article, all vacancies occurring in the offices provided for by this Article shall be filled by appointment of the Governor, and the appointees shall hold their places until the next election for members of the General Assembly that is held more than 60 days after the vacancy occurs, when elections shall be held to fill the offices. When the unexpired term of any of the offices named in this Article of the Constitution in which a vacancy has occurred, and in which it is herein provided that the Governor shall fill the vacancy, expires on the first day of January succeeding the next election for members of the General Assembly, the Governor shall appoint to fill that vacancy for the unexpired term of the office. If any person elected or appointed to any of these offices shall fail to qualify, the office shall be appointed to, held and filled as provided in case of vacancies occurring therein. All incumbents of these offices shall hold until their successors are qualified.

No poll or capitation tax shall be levied by the General Assembly or by any county, city or town, or other taxing unit.

Sec. 2. State and local taxation.

(1) Power of taxation. The power of taxation shall be exercised in a just and equitable manner, for public purposes only, and shall never be surrendered, suspended, or contracted away.

(2) Classification. Only the General Assembly shall have the power to classify property for taxation, which power shall be exercised only on a State-wide basis and shall not be delegated. No class of property shall be taxed except by uniform rule, and every classification shall be made by general law uniformly applicable in every county, city and town, and other unit of local government.

(3) Exemptions. Property belonging to the State, counties, and municipal corporations shall be exempt from taxation. The General Assembly may exempt cemeteries and property held for educational, scientific, literary, cultural, charitable, or religious purposes, and, to a value not exceeding $300, any personal property. The General Assembly may exempt from taxation not exceeding $1,000 in value of property held and used as the place of residence of the owner. Every exemption shall be on a State-wide basis and shall be made by general law uniformly applicable in every county, city and town, and other unit of local government. No taxing authority other than the General Assembly may grant exemptions, and the General Assembly shall not delegate the powers accorded to it by this subsection.

(4) Special tax areas. Subject to the limitations imposed by Section 4, the General Assembly may enact general laws authorizing the governing body of any county, city, or town to define territorial areas and to levy taxes within those areas, in addition to those levied throughout the county, city, or town, in order to finance, provide, or maintain services, facilities, and functions in addition to or to a greater extent than those financed, provided, or maintained for the entire county, city, or town.

(5) Purposes of property tax. The General Assembly shall not authorize any county, city or town, special district, or other unit of local government to levy taxes on property, except for purposes authorized by general law uniformly applicable throughout the State, unless the tax is approved by a majority of the qualified voters of the unit who vote thereon.

(6) Income tax. The rate of tax on incomes shall not in any case exceed ten percent, and there shall be allowed personal exemptions and deductions so that only net incomes are taxed.

(7) Contracts. The General Assembly may enact laws whereby the State, any county, city or town, and any other public corporation may contract with and appropriate money to any person, association, or corporation for the accomplishment of public purposes only.

Sec. 3. Limitations upon the increase of State debt.

(1) Authorized purposes; two-thirds limitation. The General Assembly shall have no power to contract debts secured by a pledge of the faith and credit of the State, unless approved by a majority of the qualified voters of the State who vote thereon, except for the following purposes:

(a) to fund or refund a valid existing debt;

(b) to supply an unforeseen deficiency in the revenue;

(c) to borrow in anticipation of the collection of taxes due and payable within the current fiscal year to an amount not exceeding 50 per cent of such taxes;

(d) to suppress riots or insurrections, or to repel invasions;

(e) to meet emergencies immediately threatening the public health or safety, as conclusively determined in writing by the Governor;

(f) for any other lawful purpose, to the extent of two-thirds of the amount by which the State's outstanding indebtedness shall have been reduced during the next preceding biennium.

(2) Gift or loan of credit regulated. The General Assembly shall have no power to give or lend the credit of the State in aid of any person, association, or corporation, except a corporation in which the State has a controlling interest, unless the subject is submitted to a direct vote of the people of the State, and is approved by a majority of the qualified voters who vote thereon.

(3) Definitions. A debt is incurred within the meaning of this Section when the State borrows money. A pledge of the faith and credit within the meaning of this Section is a pledge of the taxing power. A loan of credit within the meaning of this Section occurs when the State exchanges its obligations with or in any way guarantees the debts of an individual, association, or private corporation.

(4) Certain debts barred. The General Assembly shall never assume or pay any debt or obligation, express or implied, incurred in aid of insurrection or rebellion against the United States. Neither shall the General Assembly assume or pay any debt or bond incurred or issued

by authority of the Convention of 1868, the special session of the General Assembly of 1868, or the General Assemblies of 1868-69 and 1869-70, unless the subject is submitted to the people of the State and is approved by a majority of all the qualified voters at a referendum held for that sole purpose.

(5) Outstanding debt. Except as provided in subsection (4), nothing in this Section shall be construed to invalidate or impair the obligation of any bond, note, or other evidence of indebtedness outstanding or authorized for issue as of July 1, 1973.

Sec. 4. Limitations upon the increase of local government debt.

(1) Regulation of borrowing and debt. The General Assembly shall enact general laws relating to the borrowing of money secured by a pledge of the faith and credit and the contracting of other debts by counties, cities and towns, special districts, and other units, authorities, and agencies of local government.

(2) Authorized purposes; two-thirds limitation. The General Assembly shall have no power to authorize any county, city or town, special district, or other unit of local government to contract debts secured by a pledge of its faith and credit unless approved by a majority of the qualified voters of the unit who vote thereon, except for the following purposes:

(a) to fund or refund a valid existing debt;

(b) to supply an unforseen deficiency in the revenue;

(c) to borrow in anticipation of the collection of taxes due and payable within the current fiscal year to an amount not exceeding 50 per cent of such taxes;

(d) to suppress riots or insurrections;

(f) for purposes authorized by general laws uniformly applicable throughout the State, to the extent of two-thirds of the amount by which the unit's outstanding indebtedness shall have been reduced during the next preceding fiscal year.

(3) Gift or loan of credit regulated. No county, city or town, special district, or other unit of local government shall give or lend its credit in aid of any person, association, or corporation, except for public purposes as authorized by general law, and unless approved by a majority of the qualified voters of the unit who vote thereon.

(4) Certain debts barred. No county, city or town, or other unit of local government shall assume or pay any debt or the interest thereon contracted directly or indirectly in aid or support of rebellion or insurrection against the United States.

(5) Definitions. A debt is incurred within the meaning of this Section when a county, city or town, special district, or other unit, authority, or agency of local government borrows money. A pledge of faith and credit within the meaning of this Section is a pledge of the taxing power. A loan of credit within the meaning of this Section occurs when a county, city or town, special district, or other unit, authority, or agency of local government exchanges its obligations with or in any way guarantees the debts of an individual, association, or private corporation.

(6) Outstanding debt. Except as provided in subsection (4), nothing in this Section shall be construed to invalidate or impair the obligation of any bond, note, or other evidence of indebtedness outstanding or authorized for issue as of July 1, 1973.

Sec. 5. Acts levying taxes to state objects.

Every act of the General Assembly levying a tax shall state the special object to which it is to be applied, and it shall be applied to no other purpose.

Sec. 6. Inviolability of sinking funds and retirement funds.

(1) Sinking funds. The General Assembly shall not use or authorize to be used any part of the amount of any sinking fund for any purpose other than the retirement of the bonds for

which the sinking fund has been created, except that these funds may be invested as authorized by law.

(2) Retirement funds. Neither the General Assembly nor any public officer, employee, or agency shall use or authorize to be used any part of the funds of the Teachers' and State Employees' Retirement System or the Local Governmental Employees' Retirement System for any purpose other than retirement system benefits and purposes, administrative expenses, and refunds; except that retirement system funds may be invested as authorized by law, subject to the investment limitation that the funds of the Teachers' and State Employees' Retirement System and the Local Governmental Employees' Retirement System shall not be applied, diverted, loaned to, or used by the State, any State agency, State officer, public officer, or public employee.

Sec. 7. Drawing public money.

(1) State treasury. No money shall be drawn from the State treasury but in consequence of appropriations made by law, and an accurate account of the receipts and expenditures of State funds shall be published annually.

(2) Local treasury. No money shall be drawn from the treasury of any county, city or town, or other unit of local government except by authority of law.

Sec. 8. Health care facilities.

Notwithstanding any other provisions of this Constitution, the General Assembly may enact general laws to authorize the State, counties, cities or towns, and other State and local governmental entities to issue revenue bonds to finance or refinance for any such governmental entity or any nonprofit private corporation, regardless of any church or religious relationship, the cost of acquiring, constructing, and financing health care facility projects to be operated to serve and benefit the public; provided, no cost incurred earlier than two years prior to the effective date of this section shall be refinanced. Such bonds shall be payable from the revenues, gross or net, of any such projects and any other health care facilities of any such governmental entity or nonprofit private corporation pledged therefor; shall not be secured by a pledge of the full faith and credit, or deemed to create an indebtedness requiring voter approval of any governmental entity; and may be secured by an agreement which may provide for the conveyance of title of, with or without consideration, any such project or facilities to the governmental entity or nonprofit private corporation. The power of eminent domain shall not be used pursuant hereto for nonprofit private corporations.

Sec. 9. Capital projects for industry.

Nothwithstanding any other provision of this Constitution, the General Assembly may enact general laws to authorize counties to create authorities to issue revenue bonds to finance, but not to refinance, the cost of capital projects consisting of industrial, manufacturing and pollution control facilities for industry and pollution control facilities for public utilities, and to refund such bonds.

In no event shall such revenue bonds be secured by or payable from any public moneys whatsoever, but such revenue bonds shall be secured by and payable only from revenues or property derived from private parties. All such capital projects and all transactions therefor shall be subject to taxation to the extent such projects and transactions would be subject to taxation if no public body were involved therewith; provided, however, that the General Assembly may provide that the interest on such revenue bonds shall be exempt from income taxes within the State.

The power of eminent domain shall not be exercised to provide any property for any such capital project.

Sec. 10. Joint ownership of generation and transmission facilities.

In addition to other powers conferred upon them by law, municipalities owning or operating facilities for the generation, transmission or distribution of electric power and energy and joint agencies formed by such municipalities for the purpose of owning or operating facilities for the generation and transmission of electric power and energy (each, respectively, "a unit of municipal government") may jointly or severally own, operate and maintain works, plants and facilities, within or without the State, for the generation and transmission of electric power and energy, or both, with any person, firm, association or corporation, public or private, engaged in the generation, transmission or distribution of electric power and energy for resale (each, respectively, "a co-owner") within this State or any state contiguous to this State, and may enter into and carry out agreements with respect to such jointly owned facilities. For the purpose of financing its share of the cost of any such jointly owned electric generation or transmission facilities, a unit of municipal government may issue its revenue bonds in the manner prescribed by the General Assembly, payable as to both principal and interest solely from and secured by a lien and charge on all or any part of the revenue derived, or to be derived, by such unit of municipal government from the ownership and operation of its electric facilities; provided, however, that no unit of municipal government shall be liable, either jointly or severally, for any acts, omissions or obligations of any co-owner, nor shall any money or property of any unit of municipal government be credited or otherwise applied to the account of any co-owner or be charged with any debt, lien or mortgage as a result of any debt or obligation of any co-owner.

Sec. 11. Capital projects for agriculture.

Notwithstanding any other provision of the Constitution the General Assembly may enact general laws to authorize the creation of an agency to issue revenue bonds to finance the cost of capital projects consisting of agricultural facilities, and to refund such bonds.

In no event shall such revenue bonds be secured by or payable from any public moneys whatsoever, but such revenue bonds shall be secured by and payable only from revenues or property derived from private parties. All such capital projects and all transactions therefor shall be subject to taxation to the extent such projects and transactions would be subject to taxation if no public body were involved therewith; provided, however, that the General Assembly may provide that the interest on such revenue bonds shall be exempt from income taxes within the State.

The power of eminent domain shall not be exercised to provide any property for any such capital project.

Sec. 12. Higher education facilities.

Notwithstanding any other provisions of this Constitution, the General Assembly may enact general laws to authorize the State or any State entity to issue revenue bonds to finance and refinance the cost of acquiring, constructing, and financing higher education facilities to be operated to serve and benefit the public for any nonprofit private corporation, regardless of any church or religious relationship provided no cost incurred earlier than five years prior to the effective date of this section shall be refinanced. Such bonds shall be payable from any revenues or assets of any such nonprofit private corporation pledged therefor, shall not be secured by a pledge of the full faith and credit of the State or such State entity or deemed to create an indebtedness requiring voter approval of the State or such entity, and, where the title to such facilities is vested in the State or any State entity, may be secured by an agreement which may provide for the conveyance of title to, with or without consideration, such facilities to the nonprofit private corporation. The power of eminent domain shall not be used pursuant hereto.

Sec. 13. Seaport and airport facilities.

(1) Notwithstanding any other provision of this Constitution, the General Assembly may enact general laws to grant to the State, counties, municipalities, and other State and local

governmental entities all powers useful in connection with the development of new and existing seaports and airports, and to authorize such public bodies:

(a) to acquire, construct, own, own jointly with public and private parties, lease as lessee, mortgage, sell, lease as lessor, or otherwise dispose of lands and facilities and improvements, including undivided interest therein;

(b) to finance and refinance for public and private parties seaport and airport facilities and improvements which relate to, develop or further waterborne or airborne commerce and cargo and passenger traffic, including commercial, industrial, manufacturing, processing, mining, transportation, distribution, storage, marine, aviation and environmental facilities and improvements; and

(c) to secure any such financing or refinancing by all or any portion of their revenues, income or assets or other available monies associated with any of their seaport or airport facilities and with the facilities and improvements to be financed or refinanced, and by foreclosable liens on all or any part of their properties associated with any of their seaport or airport facilities and with the facilities and improvements to be financed or refinanced, but in no event to create a debt secured by a pledge of the faith and credit of the State or any other public body in the State.

Sec. 14. Project development financing.

Notwithstanding Section 4 of this Article, the General Assembly may enact general laws authorizing any county, city, or town to define territorial areas in the county, city, or town and borrow money to be used to finance public improvements associated with private development projects within the territorial areas, as provided in this section. The General Assembly shall set forth by statute the method for determining the size of the territorial area and the issuing unit. This method is conclusive. When a territorial area is defined pursuant to this section, the county shall determine the current assessed value of taxable real and personal property in the territorial area. Thereafter, property in the territorial area continues to be subject to taxation to the same extent and in like manner as property not in the territorial area, but the net proceeds of taxes levied on the excess, if any, of the assessed value of taxable real and personal property in the territorial area at the time the taxes are levied over the assessed value of taxable real and personal property in the territorial area at the time the territorial area was defined may be set aside. The instruments of indebtedness authorized by this section shall be secured by these set-aside proceeds. The General Assembly may authorize a county, city, or town issuing these instruments of indebtedness to pledge, as additional security, revenues available to the issuing unit from sources other than the issuing unit's exercise of its taxing power. As long as no revenues are pledged other than the set-aside proceeds authorized by this section and the revenues authorized in the preceding sentence, these instruments of indebtedness may be issued without approval by referendum. The county, city, or town may not pledge as security for these instruments of indebtedness any property tax revenues other than the set-aside proceeds authorized in this section, or in any other manner pledge its full faith and credit as security for these instruments of indebtedness unless a vote of the people is held as required by and in compliance with the requirements of Section 4 of this Article.

Notwithstanding the provisions of Section 2 of this Article, the General Assembly may enact general laws authorizing a county, city, or town that has defined a territorial area pursuant to this section to assess property within the territorial area at a minimum value if agreed to by the owner of the property, which agreed minimum value shall be binding on the current owner and any future owners as long as the defined territorial area is in effect.

ARTICLE VI
SUFFRAGE AND ELIGIBILITY TO OFFICE

Section 1. Who may vote.

Every person born in the United States and every person who has been naturalized, 18 years of age, and possessing the qualifications set out in this Article, shall be entitled to vote at any election by the people of the State, except as herein otherwise provided.

Sec. 2. Qualifications of voter.

(1) Residence period for State elections. Any person who has resided in the State of North Carolina for one year and in the precinct, ward, or other election district for 30 days next preceding an election, and possesses the other qualifications set out in this Article, shall be entitled to vote at any election held in this State. Removal from one precinct, ward, or other election district to another in this State shall not operate to deprive any person of the right to vote in the precinct, ward, or other election district from which that person has removed until 30 days after the removal.

(2) Residence period for presidential elections. The General Assembly may reduce the time of residence for persons voting in presidential elections. A person made eligible by reason of a reduction in time of residence shall possess the other qualifications set out in this Article, shall only be entitled to vote for President and Vice President of the United States or for electors for President and Vice President, and shall not thereby become eligible to hold office in this State.

(3) Disqualification of felon. No person adjudged guilty of a felony against this State or the United States, or adjudged guilty of a felony in another state that also would be a felony if it had been committed in this State, shall be permitted to vote unless that person shall be first restored to the rights of citizenship in the manner prescribed by law.

Sec. 3. Registration.

Every person offering to vote shall be at the time legally registered as a voter as herein prescribed and in the manner provided by law. The General Assembly shall enact general laws governing the registration of voters.

Sec. 4. Qualification for registration.

Every person presenting himself for registration shall be able to read and write any section of the Constitution in the English language.

Sec. 5. Elections by people and General Assembly.

A contested election for any office established by Article III of this Constitution shall be determined by joint ballot of both houses of the General Assembly in the manner prescribed by law.

Sec. 6. Eligibility to elective office.

Every qualified voter in North Carolina who is 21 years of age, except as in this Constitution disqualified, shall be eligible for election by the people to office.

Sec. 7. Oath.

Before entering upon the duties of an office, a person elected or appointed to the office shall take and subscribe the following oath:

"I, _____, do solemnly swear (or affirm) that I will support and maintain the Constitution and laws of the United States, and the Constitution and laws of North Carolina not

inconsistent therewith, and that I will faithfully discharge the duties of my office as _____, so help me God."

Sec. 8. Disqualifications for office.

The following persons shall be disqualified for office:

First, any person who shall deny the being of Almighty God.

Second, with respect to any office that is filled by election by the people, any person who is not qualified to vote in an election for that office.

Third, any person who has been adjudged guilty of treason or any other felony against this State or the United States, or any person who has been adjudged guilty of a felony in another state that also would be a felony if it had been committed in this State, or any person who has been adjudged guilty of corruption or malpractice in any office, or any person who has been removed by impeachment from any office, and who has not been restored to the rights of citizenship in the manner prescribed by law.

Sec. 9. Dual office holding.

(1) Prohibitions. It is salutary that the responsibilities of self-government be widely shared among the citizens of the State and that the potential abuse of authority inherent in the holding of multiple offices by an individual be avoided. Therefore, no person who holds any office or place of trust or profit under the United States or any department thereof, or under any other state or government, shall be eligible to hold any office in this State that is filled by election by the people. No person shall hold concurrently any two offices in this State that are filled by election of the people. No person shall hold concurrently any two or more appointive offices or places of trust or profit, or any combination of elective and appointive offices or places of trust or profit, except as the General Assembly shall provide by general law.

(2) Exceptions. The provisions of this Section shall not prohibit any officer of the military forces of the State or of the United States not on active duty for an extensive period of time, any notary public, or any delegate to a Convention of the People from holding concurrently another office or place of trust or profit under this State or the United States or any department thereof.

Sec. 10. Continuation in office.

In the absence of any contrary provision, all officers in this State, whether appointed or elected, shall hold their positions until other appointments are made or, if the offices are elective, until their successors are chosen and qualified.

ARTICLE VII
LOCAL GOVERNMENT

Section 1. General Assembly to provide for local government.

The General Assembly shall provide for the organization and government and the fixing of boundaries of counties, cities and towns, and other governmental subdivisions, and, except as otherwise prohibited by this Constitution, may give such powers and duties to counties, cities and towns, and other governmental subdivisions as it may deem advisable.

The General Assembly shall not incorporate as a city or town, nor shall it authorize to be incorporated as a city or town, any territory lying within one mile of the corporate limits of any other city or town having a population of 5,000 or more according to the most recent decennial census of population taken by order of Congress, or lying within three miles of the corporate limits of any other city or town having a population of 10,000 or more according to the most recent decennial census of population taken by order of Congress, or lying within four miles of the corporate limits of any other city or town having a population of 25,000 or more according to the most recent decennial census of population taken by order of Congress, or lying within

Notwithstanding the foregoing limitations, the General Assembly may incorporate a city or town by an act adopted by vote of three-fifths of all the members of each house.

Sec. 2. Sheriffs.

In each county a Sheriff shall be elected by the qualified voters thereof at the same time and places as members of the General Assembly are elected and shall hold his office for a period of four years, subject to removal for cause as provided by law. No person is eligible to serve as Sheriff if that person has been convicted of a felony against this State, the United States, or another state, whether or not that person has been restored to the rights of citizenship in the manner prescribed by law. Convicted of a felony includes the entry of a plea of guilty; a verdict or finding of guilt by a jury, judge, magistrate, or other adjudicating body, tribunal, or official, either civilian or military; or a plea of no contest, nolo contendere, or the equivalent.

Sec. 3. Merged or consolidated counties.

Any unit of local government formed by the merger or consolidation of a county or counties and the cities and towns therein shall be deemed both a county and a city for the purposes of this Constitution, and may exercise any authority conferred by law on counties, or on cities and towns, or both, as the General Assembly may provide.

ARTICLE VIII

Section 1. Corporate charters.

No corporation shall be created, nor shall its charter be extended, altered, or amended by special act, except corporations for charitable, educational, penal, or reformatory purposes that are to be and remain under the patronage and control of the State; but the General Assembly shall provide by general laws for the chartering, organization, and powers of all corporations, and for the amending, extending, and forfeiture of all charters, except those above permitted by special act. All such general acts may be altered from time to time or repealed. The General Assembly may at any time by special act repeal the charter of any corporation.

Sec. 2. Corporations defined.

The term "corporation" as used in this Section shall be construed to include all associations and joint-stock companies having any of the powers and privileges of corporations not possessed by individuals or partnerships. All corporations shall have the right to sue and shall be subject to be sued in all courts, in like cases as natural persons.

(2) Local responsibility. The General Assembly may assign to units of local government such responsibility for the financial support of the free public schools as it may deem appropriate. The governing boards of units of local government with financial responsibility for public education may use local revenues to add to or supplement any public school or post-secondary school program.

Sec. 3. School attendance.

The General Assembly shall provide that every child of appropriate age and of sufficient mental and physical ability shall attend the public schools, unless educated by other means.

Sec. 4. State Board of Education.

(1) Board. The State Board of Education shall consist of the Lieutenant Governor, the Treasurer, and eleven members appointed by the Governor, subject to confirmation by the General Assembly in joint session. The General Assembly shall divide the State into eight educational districts. Of the appointive members of the Board, one shall be appointed from each of the eight educational districts and three shall be appointed from the State at large. Appointments shall be for overlapping terms of eight years. Appointments to fill vacancies shall be made by the Governor for the unexpired terms and shall not be subject to confirmation.

Sec. 5. Powers and duties of Board.

Sec. 6. State school fund.

The proceeds of all lands that have been or hereafter may be granted by the United States to this State, and not otherwise appropriated by this State or the United States; all moneys, stocks, bonds, and other property belonging to the State for purposes of public education; the net proceeds of all sales of the swamp lands belonging to the State; and all other grants, gifts, and devises that have been or hereafter may be made to the State, and not otherwise appropriated by the State or by the terms of the grant, gift, or devise, shall be paid into the State Treasury and, together with so much of the revenue of the State as may be set apart for that purpose, shall be faithfully appropriated and used exclusively for establishing and maintaining a uniform system of free public schools.

(b) The General Assembly may place in a State fund the clear proceeds of all civil penalties, forfeitures, and fines which are collected by State agencies and which belong to the public schools pursuant to subsection (a) of this section. Moneys in such State fund shall be faithfully appropriated by the General Assembly, on a per pupil basis, to the counties, to be used exclusively for maintaining free public schools.

Sec. 8. Higher education.

The General Assembly shall maintain a public system of higher education, comprising The University of North Carolina and such other institutions of higher education as the General

Assembly may deem wise. The General Assembly shall provide for the selection of trustees of The University of North Carolina and of the other institutions of higher education, in whom shall be vested all the privileges, rights, franchises, and endowments heretofore granted to or conferred upon the trustees of these institutions. Sec. 3. Mechanics' and laborers' liens.

The General Assembly shall provide by proper legislation for giving to mechanics and laborers an adequate lien on the subject-matter of their labor. The provisions of Sections 1 and 2 of this Article shall not be so construed as to prevent a laborer's lien for work done and performed for the person claiming the exemption or a mechanic's lien for work done on the premises.

Sec. 4. Property of married women secured to them.

The real and personal property of any female in this State acquired before marriage, and all property, real and personal, to which she may, after marriage, become in any manner entitled, shall be and remain the sole and separate estate and property of such female, and shall not be liable for any debts, obligations, or engagements of her husband, and may be devised and bequeathed and conveyed by her, subject to such regulations and limitations as the General Assembly may prescribe. Every married woman may exercise powers of attorney conferred upon her by her husband, including the power to execute and acknowledge deeds to property owned by herself and her husband or by her husband.

Sec. 5. Insurance.

A person may insure his or her own life for the sole use and benefit of his or her spouse or children or both, and upon his or her death the proceeds from the insurance shall be paid to or for the benefit of the spouse or children or both, or to a guardian, free from all claims of the representatives or creditors of the insured or his or her estate. Any insurance policy which insures the life of a person for the sole use and benefit of that person's spouse or children or both shall not be subject to the claims of creditors of the insured during his or her lifetime, whether or not the policy reserves to the insured during his or her lifetime any or all rights provided for by the policy and whether or not the policy proceeds are payable to the estate of the insured in the event the beneficiary or beneficiaries predecease the insured.

Delegates to the Convention shall be elected by the qualified voters at the time and in the manner prescribed in the act of submission. The Convention shall consist of a number of delegates equal to the membership of the House of Representatives of the General Assembly that submits the convention proposition and the delegates shall be apportioned as is the House of Representatives. The proposal shall be submitted at the time and in the manner prescribed by the General Assembly. If a majority of the votes cast thereon are in favor of the proposed new or revised Constitution or constitutional amendment or amendments, it or they shall become effective January first next after ratification by the voters unless a different effective date is prescribed in the act submitting the proposal or proposals to the qualified voters.

SESSION LAWS

OF THE

STATE OF NORTH CAROLINA

THIRD EXTRA SESSION 2016

Session Law 2016-124 **H.B. 2**

AN ACT TO ENACT THE DISASTER RECOVERY ACT OF 2016.

The General Assembly of North Carolina enacts:

PART I. TITLE OF ACT

SECTION 1.1. This act shall be known as "The Disaster Recovery Act of 2016."

PART II. LEGISLATIVE FINDINGS

DAMAGE CAUSED BY HURRICANE MATTHEW AND THE WILDFIRES IN THE WESTERN PART OF THE STATE

SECTION 2.1.(a) The General Assembly finds that Hurricane Matthew was one of the strongest hurricanes to form in the Atlantic Ocean in a decade and that it, along with Tropical Storms Julia and Hermine, caused widespread heavy rainfall, record flooding, and dozens of deaths in North Carolina. The General Assembly further finds that wildfires in the western part of the State burned tens of thousands of acres and destroyed hundreds of structures.

SECTION 2.1.(b) The General Assembly finds that as a result of Hurricane Matthew, the wildfires in western North Carolina, and Tropical Storms Julia and Hermine, the following has occurred:

(1) Central and eastern North Carolina endured record-breaking rainfall that created 1,000-year flood events that devastated the people, infrastructure, businesses, and schools of entire communities.

(2) At the height of Hurricane Matthew, 800,000 people were without power, nearly 3,750 were displaced from their homes, 635 roads were closed, 34 school systems were closed, and 28 people lost their lives.

(3) Riverine flooding began several days after Hurricane Matthew passed and lasted more than two weeks. Several larger rivers reached well above major flooding levels, including the Tar, Cape Fear, Cashie, Lumber, and Neuse. On October 24, 2016, the last river that had reached flood stages finally returned to normal levels.

(4) Forty-nine of the State's counties were declared a major disaster by the President of the United States under the Stafford Act (P.L. 93-288).

(5) People lost their loved ones, their homes, their communities, their houses of worship, their life savings, their jobs, their family mementos, their pets, and their ways of life.

(6) Entire towns were flooded to the rooftops as the water levels of rivers and streams throughout Eastern North Carolina crested at flood-stage heights far beyond those ever seen before in this State.

(7) Approximately 88,000 homes were damaged with a total loss of more than $967 million. Of these, 4,424 homes were completely destroyed. This damage represents an extraordinary economic loss as 68% of the damages, or $659 million, is not expected to be covered by insurance or FEMA assistance.

(8) More than 30,000 businesses suffered physical or economic damage. More than 400,000 employees were impacted.

(9) More than 8,000 businesses have requested assistance due to physical or economic impact loss as a result of the storm. As of November 28, 2016, 614 businesses have completed complex Small Business Administration loan applications. Only 143 of these loan applications have been approved. The numbers suggest both the numbers of businesses that suffered physical damage as a result of the hurricane and the inability of many businesses in the region to take on additional debt. Without additional assistance, many businesses may not be able to reopen and jobs will be lost.

(10) Caskets floated out of the saturated ground.

(11) Local governments have suffered loss of infrastructure, damage to public buildings, roads, wastewater treatment plants, and other facilities. Public Assistance projects are in planning stages to repair facilities and roads, remove debris, and otherwise affect cleanup and repair of local government facilities. In addition, the damage from the storms to property and businesses has eroded the tax base of the counties affected. These counties must bear a loss of revenue at the same time they are shouldering the costs of replacing and repairing the infrastructure and meeting the additional needs of the population struggling to recover from the effects of the hurricane.

(12) More than 62,000 total acres burned in North Carolina, including more than 25,000 acres on land protected by the State.

(13) More than 2,400 emergency responders responded to the wildfires and related events.

(14) Firefighters from 40 states joined North Carolina to assist in firefighting efforts, including teams from Florida, Idaho, Oregon, Utah, and Nevada.

(15) Starting just weeks after Hurricane Matthew on October 23, 2016, and continuing throughout November, 26 major and dozens of smaller fires impacted air quality across the State.

CRITICAL NEEDS NOT MET BY EXISTING STATE AND FEDERAL PROGRAMS AND FUNDS

SECTION 2.2.(a) The General Assembly finds that the State and federal disaster relief initiatives are not intended to make individuals whole after a loss; they are intended to assist the affected areas in recovering from the damage caused by Hurricane Matthew, the western wildfires, and Tropical Storms Julia and Hermine.

Without significant additional State assistance to the area devastated by these events, further deterioration of the economy, the environment, public health and safety, and quality of life in the region is likely to occur. Without additional State assistance:

(1) Many people in uninsured, damaged homes will either not qualify for federal housing assistance or not have the resources to take advantage of federal housing assistance.

(2) Local governments already overwhelmed with storm-related expenses may not have the resources to repair damaged infrastructure and provide the new infrastructure necessary for families relocating out of the flood and landslide zones and for businesses that are in the process of rebuilding.

(3) Jobs may be permanently lost because many cannot qualify for Small Business Administration loans.

(4) Many farmers who suffered significant losses may find it difficult to continue farming.

(5) Resources for drinking water protection, solid waste cleanup, hazardous waste cleanup, and remediation of high-risk storage tanks will be inadequate.

SECTION 2.2.(b) It is the intent of the General Assembly that the benefits of the projects and programs authorized by this act are for the common good and collective recovery of the people of this State following devastating natural disasters directly affecting a large portion of the State and indirectly affecting the entire State. The entire State faces a major loss if the counties that bore the major impact of these disasters are not offered the assistance provided by this act. The purpose of this act is to provide an ultimate net public benefit to the State through a successful recovery initiative.

PART III. COUNTIES COVERED BY THIS ACT

SECTION 3.1. Sections 2.1 through 4.4 of this act apply in the North Carolina counties that were any of the following:

(1) Declared a major disaster by the President of the United States under the Stafford Act (P.L. 93-288) as a result of Hurricane Matthew, wildfires in the western part of the State, Tropical Storm Julia, or Tropical Storm Hermine.

(2) Part of the emergency area set forth in any of the following gubernatorial executive orders: Executive Order No. 97 (September 1, 2016), Executive Order No. 103 (September 22, 2016), Executive Order No. 107 (October 3, 2016), Executive Order No. 115 (November 16, 2016), or Executive Order No. 116.

PART IV. FUNDING OF DISASTER RELIEF

APPROPRIATIONS AND ALLOCATIONS OF FUNDS FOR DISASTER RELIEF

SECTION 4.1. In addition to any other funds appropriated during the 2016-2017 fiscal year, there is appropriated from the Savings Reserve Account to the General Fund the sum of one hundred million nine hundred twenty-eight thousand three hundred seventy dollars ($100,928,370) in nonrecurring funds for the 2016-2017 fiscal year and there is appropriated from the unappropriated General Fund balance the sum of one hundred million dollars ($100,000,000) in nonrecurring funds for the 2016-2017 fiscal year. These funds shall be allocated as follows:

(1) $20,000,000 shall be allocated to the Housing Trust Fund for eligible projects under Chapter 122E of the General Statutes. Notwithstanding G.S. 122E-6, these funds shall directly benefit persons and families affected by Hurricane Matthew, the western wildfires, or Tropical Storms Julia and Hermine whose incomes do not exceed one hundred percent (100%) of the area's median income, with adjustments for family size, according to the latest figures available from the U.S. Department of Housing and Urban Development.

(2) $9,000,000 shall be allocated to the Division of Emergency Management to develop, implement and fund disaster assistance programs to meet the emergency sheltering and short-term housing needs of individuals affected by Hurricane Matthew, the western wildfires, and Tropical Storms Julia and Hermine.

(3) $11,500,000 shall be allocated to the Division of Emergency Management for resilient redevelopment planning. These funds shall be used to do the following:

a. Oversee and facilitate strategic resiliency planning meetings at each of the 49 counties that were declared a major disaster by the President of the United States as a result of Hurricane Matthew as

well as the five economic development regions that were affected by that storm.

b. Develop strategic, resilient redevelopment plans for each of these 49 counties.

c. Oversee the submission of county-approved strategic resiliency action plans for federal approval.

d. Provide redevelopment expertise, technical assistance, and administrative support to the 49 counties and economic regions throughout the planning, design, and implementation of action plans.

(4) $66,228,370 shall be allocated to the State Emergency Response and Disaster Relief Fund to provide the State match for federal disaster assistance programs.

(5) $10,000,000 shall be allocated to the State Emergency Response and Disaster Relief Fund to ensure that sufficient funds are available to provide relief and assistance from future emergencies, as authorized by G.S. 166A-19.42.

(6) $5,000,000 shall be allocated to The Golden L.E.A.F. (Long-Term Economic Advancement Foundation), Inc., a nonprofit corporation, for the purpose of providing grants to eligible entities capable of making loans to small businesses affected by Hurricane Matthew, the western wildfires, or Tropical Storms Julia and Hermine.

(7) $20,000,000 shall be allocated to The Golden L.E.A.F. (Long-Term Economic Advancement Foundation), Inc., a nonprofit corporation, to provide grants to local governments to construct new infrastructure required to support the development of new residential structures in areas outside the 100-year floodplain or repair or replace existing infrastructure. For purposes of this subdivision, infrastructure includes water, sewer, sidewalks, storm drainage, and other, similar projects that provide assistance or relief for Hurricane Matthew, the western wildfires, and Tropical Storms Julia and Hermine.

(8) $10,000,000 shall be allocated to the Department of Commerce to be further allocated to the Rural Economic Development Division to provide grants to local governments to construct new infrastructure required to support the development of new residential structures in areas outside the 100-year floodplain or repair or replace existing infrastructure. For purposes of this subdivision, infrastructure includes water, sewer, sidewalks, storm drainage, and other, similar projects that provide assistance or relief for Hurricane Matthew, the western wildfires, or Tropical Storms Julia and Hermine.

(9) $10,000,000 shall be allocated to the Department of Environmental Quality for disaster-related infrastructure and cleanup needs including, but not limited to, repair of wastewater and drinking water systems, dam safety, emergency permitting, and solid waste cleanup. The Department of Environmental Quality shall do all of the following:

a. Allocate a portion of these funds to assist local governments to mitigate the failure of burial sites and to take other steps necessary to protect the public health.

b. Use, in conjunction with the Department of Health and Human Services, a portion of these funds to provide grants to assist with the repair, replacement, or removal of septic tank systems related to damage caused by flooding.

(10) $37,950,000 shall be allocated to the Department of Agriculture and Consumer Services to be further allocated for the following purposes:

a. $25,500,000 to the North Carolina Forest Service for repairs and operational expenses at Claridge Nursery in Wayne County, wildfire response, and disaster-related timber restoration.
b. $12,200,000 to the Division of Soil and Water Conservation for stream debris removal and non-field farm road repairs and for supplemental funding of the Agricultural Water Resources Assistance Program to support disaster-related farm pond and dam repairs.
c. $250,000 to the Research Stations Division for dike repairs at the Cherry Research Farm in Wayne County.

(11) $1,000,000 shall be allocated to the Department of Insurance, Office of the State Fire Marshal, to provide grants to volunteer fire departments for repairs of damages caused by Hurricane Matthew, the wildfires in the western part of the State, and Tropical Storms Julia and Hermine that were not covered by federal assistance or by the proceeds of insurance policies.

(12) $250,000 shall be allocated to the Department of Commerce to assess, in consultation with the Economic Development Partnership of North Carolina, the need for business assistance funds for businesses affected by Hurricane Matthew, the western wildfires, and Tropical Storms Julia and Hermine. The Department may use funds allocated in this section to fund time-limited positions, as needed, within the Department or the Economic Development Partnership of North Carolina to conduct the assessment. On or before March 1, 2017, the Department shall submit a report detailing its findings and making recommendations for the best process to administer recovery assistance funds to the Chairs of the House Appropriations Committee, the Chairs of the Senate Appropriations/Base Budget Committee, and the Fiscal Research Division.

LIMITATIONS ON FUND USE

SECTION 4.2. The General Assembly finds that the scope of the immediate needs produced by the devastation wrought by recent natural disasters in this State warrants taking the steps in this act. The General Assembly further finds that efforts to assess and address the damage will need to continue when the General Assembly returns for the 2017 Regular Session. Because the 2017 General Assembly will convene shortly and has continuing authority to address the State's disaster relief needs, the 2015 General Assembly finds that broad executive expenditure flexibility over the funds appropriated in this act is not warranted. Accordingly, the Governor shall not use funds appropriated in this act to make budget adjustments under G.S. 143C-6-4 or to make reallocations under G.S. 166A-19.40(c). Nothing in this section shall be construed to prohibit the Governor from exercising the Governor's authority under these statutes with respect to funds other than those appropriated in this act.

EACH APPROPRIATION AND ALLOCATION IS MAXIMUM AND CONDITIONAL

SECTION 4.3. The appropriations and allocations made in this act are for maximum amounts necessary to implement this act. Savings shall be effected where the total amounts appropriated or allocated are not required to implement this act.

FUNDS DO NOT REVERT

SECTION 4.4. Funds appropriated in or allocated in this act shall remain available to implement the provisions of this act until the General Assembly directs the reversion of any unexpended and unencumbered funds. G.S. 143C-6-23(f1)(1) shall not apply to funds appropriated in this act.

PART V. IMPLEMENTATION OF ACT

AUTHORITY TO ESTABLISH TIME-LIMITED POSITIONS TO IMPLEMENT THIS ACT

SECTION 5.1. The Governor may establish part-time and full-time personnel positions to implement this act. Positions established under this section are time-limited and exempt from the State Human Resources Act.

AUTHORITY TO ESTABLISH ADVISORY COUNCILS TO ADVISE STATE AGENCIES ON RECOVERY EFFORTS

SECTION 5.2. The Governor shall establish advisory councils to advise relevant State agencies on hurricane relief and recovery efforts and to ensure input from representatives of affected communities and groups.

SUBROGATION BY STATE OF RIGHT TO INSURANCE COVERAGE FOR DAMAGED HOMES PURCHASED OR RELOCATED UNDER THE HAZARD MITIGATION PROGRAM

SECTION 5.3. If a person's home is relocated or purchased with funds from the Hazard Mitigation Grant Program or the State Acquisition and Relocation Fund, the State Emergency Response and Disaster Relief Fund is subrogated to the person's rights under any insurance coverage for the damage to the home, and any monies received from the insurance coverage shall be paid to the State Emergency Response and Disaster Relief Fund. The Division of Emergency Management shall ensure that those potentially affected by this section are notified of, and adhere to, its requirements.

INVOLVEMENT OF HISTORICALLY UNDERUTILIZED BUSINESSES

SECTION 5.4. It is the intent of the General Assembly that, during this time of rebuilding and relief efforts, each State agency should strive to acquire goods and services from historically underutilized business vendors, whether directly as principal contractors or indirectly as subcontractors or otherwise.

LEGISLATIVE REVIEW OF FEDERAL FUNDING AND REMAINING UNMET NEEDS

SECTION 5.5. It is the intent of the General Assembly to review in 2017 and 2018 the funds appropriated by Congress and to consider actions needed to address any remaining unmet needs. It is also the intent of the General Assembly to review the adequacy of the measures funded by subdivision (3) of Section 4.1 of this act at that time.

PROHIBITION ON USE OF STATE FUNDS TO CONSTRUCT CERTAIN RESIDENCES

SECTION 5.6.(a) No State funds appropriated in this act may be expended for the construction of any new residence within the 100-year floodplain unless the construction is in an area regulated by a unit of local government pursuant to a floodplain management ordinance and the construction complies with the ordinance. As used in this section, "100-year floodplain" means any area subject to inundation by a 100-year flood, as indicated on the most recent Flood Insurance Rate Map prepared by the Federal Emergency Management Agency under the National Flood Insurance Program.

SECTION 5.6.(b) Homeowners in the 100-year floodplain who receive homeowner's housing assistance pursuant to this act shall have in effect federal flood insurance, if available, as a precondition to receipt of State homeowner's housing assistance for losses resulting from future flooding.

SECTION 5.6.(c) Funds loaned to small and mid-sized businesses shall be used only for eligible purposes under the Small Business Administration (SBA) disaster loan

assistance program, as described in the Federal disaster declarations designated by the SBA as NC 14911 and NC 14912. Payments for economic losses shall be limited to documented business expenses necessary for the continued operation of the business.

FLEXIBILITY IN SCHOOL CALENDAR TO ACCOMMODATE EXTRAORDINARY CIRCUMSTANCES

SECTION 5.7.(a) Notwithstanding G.S. 115C-84.2(a)(1), if a local board of education closed any school in the local school administrative unit during the month of October 2016 due to unusual and extraordinary inclement weather conditions related to Hurricane Matthew for at least two consecutive school days, that school shall be deemed to have completed any scheduled instructional hours and days in excess of those two days missed due to Hurricane Matthew during the month of October 2016. Teachers and other school employees employed for a 10-month term are deemed to have been employed for the scheduled instructional days missed due to Hurricane Matthew in excess of those two days during the month of October 2016, and all other employees shall be compensated as if they had worked the scheduled instructional days missed due to Hurricane Matthew in excess of those two days during the month of October 2016.

SECTION 5.7.(b) Notwithstanding G.S. 115C-218.85(a)(1), if a charter school was closed during the months of October or November 2016 due to unusual and extraordinary inclement weather conditions related to Hurricane Matthew or to wildfires in the western part of the State for at least two consecutive school days, that charter school shall be deemed to have completed any scheduled instructional hours and days in excess of those two days missed due to Hurricane Matthew or to wildfires in the Western part of the State during the months of October or November 2016.

SECTION 5.7.(c) Notwithstanding G.S. 115C-238.53(d) and G.S. 115C-238.66(1)d., if a regional board of directors closed a regional school under that board's control during the month of October 2016 due to unusual and extraordinary inclement weather conditions related to Hurricane Matthew for at least two consecutive school days, that regional school shall be deemed to have completed any scheduled instructional hours and days in excess of those two days missed due to Hurricane Matthew during the month of October 2016. Teachers and other school employees employed for a 10-month term are deemed to have been employed for the scheduled instructional days missed due to Hurricane Matthew in excess of those two days during the month of October 2016, and all other employees shall be compensated as if they had worked the scheduled instructional days missed due to Hurricane Matthew in excess of those two days during the month of October 2016.

SECTION 5.7.(d) The Superintendent of Public Instruction shall report to the Chairs of the House of Representatives and Senate Appropriations Committees and to the Fiscal Research Division of the General Assembly on the implementation of this section by local school administrative units, charter schools, and regional schools by March 10, 2017, and shall also provide any additional reports or information requested by the Fiscal Research Division. Local school administrative units, charter schools, and regional schools shall provide information on implementation of this section in the form requested by the Superintendent of Public Instruction no later than February 10, 2017.

REPORTING REQUIREMENTS

SECTION 5.8. The Office of State Budget and Management shall report to the Chairs of the House of Representatives and Senate Appropriations Committees and to the Fiscal Research Division of the General Assembly on the implementation of this act on a monthly basis and shall also provide any additional reports or information requested by the Fiscal Research Division. Each report required by this section shall include information about all funds expended or encumbered pursuant to this act as of the date of the report, regardless of which State agency or non-State entity administers the funds. Non-State entities that administer

or receive any funds appropriated in this act shall assist and fully cooperate with the Office of State Budget and Management in meeting the Office's obligations under this section.

WAIVER OF CERTAIN DMV FEES

SECTION 5.9.(a) Notwithstanding G.S. 20-14, 20-37.7, 20-85, and 20-88.03, the Governor may waive any fees assessed by the Division of Motor Vehicles under those sections for the following:

(1) A duplicate drivers license, commercial drivers license, or special identification card.
(2) A special identification card issued to a person for the first time.
(3) An application for a duplicate or corrected certificate of title.
(4) A replacement registration plate.
(5) An application for a duplicate registration card.
(6) Late payment of a motor vehicle registration renewal fee.

SECTION 5.9.(b) The waiver authorized under subsection (a) of this section applies only to residents of counties impacted by Hurricane Matthew, as determined by the Governor.

SECTION 5.9.(c) This section is effective when it becomes law and applies to fees assessed or collected on or after October 1, 2016. This section expires December 1, 2016.

ADDITIONAL LIMITATIONS ON USE OF FUNDS

SECTION 5.10. The Governor shall ensure that funds appropriated in this act are expended in a manner that does not adversely affect any person's or entity's eligibility for federal funds that are made available, or that are anticipated to be made available, as a result of Hurricane Matthew, the western North Carolina wildfires, or Tropical Storms Julia and Hermine. The Governor shall also, to the extent practicable, avoid using State funds to cover costs that will be, or likely will be, covered by federal funds.

FACILITATE USE OF COMMUNITY DEVELOPMENT BLOCK GRANTS FOR DISASTER RELIEF

SECTION 5.11.(a) Notwithstanding any other provision of law, all Community Development Block Grant Disaster Recovery Program funds received by the Department of Commerce in response to the declarations and executive orders described in Section 3.1 of this act shall be transferred to the Emergency Management Division of the Department of Public Safety.

SECTION 5.11.(b) The Emergency Management Division shall assist the Department of Commerce in fulfilling any reporting requirements arising from receipt of the Disaster Recovery Program funds described in subsection (a) of this section.

THIRD EXTRA SESSION 2016

Suggestions for Use: Local legislation appears under the name of the particular county or municipality. Legislation that amends or repeals another session law appears under "Laws Amended or Repealed" and under the particular subject. General appropriations appear under "Appropriations". Specific appropriations or earmarks appear under the particular agency, entity, or subject. Committees, Commissions, Councils, and Boards appear as main entries. Numbers are alphabetized as spelled (i.e., 9 is listed alphabetically as "nine"). Session Law numbers (locators) are shown in standard citation format with the word "Section" replaced by the section symbol (§). Thus, "Session Law 145 Section 6A.10 subsection (a) through subsection (p)" would appear as "145§6A.10(a)-(p)", and "Session Law 145 Section 28.31 through Section 28.31A" would appear as "145§§28.31-28.31A". Noncontiguous Session Law sections are separated by a comma. Complete Session Law citations are separated by a semicolon.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 153A-27 reads as rewritten:

"**§ 153A-27. Vacancies on the board of commissioners.**

(a) If a vacancy occurs on the board of commissioners, the remaining members of the board shall appoint a qualified person to fill the vacancy. If the number of vacancies on the board is such that a quorum of the board cannot be obtained, the chairman of the board shall appoint enough members to make up a quorum, and the board shall then proceed to fill the remaining vacancies. If the number of vacancies on the board is such that a quorum of the board cannot be obtained and the office of chairman is vacant, the clerk of superior court of the county shall fill the vacancies upon the request of any remaining member of the board or upon the petition of any five registered voters of the county. If for any other reason the remaining members of the board do not fill a vacancy within 60 days after the day the vacancy occurs, the clerk shall immediately report the vacancy to the clerk of superior court of the county. The clerk of superior court shall, within 10 days after the day the vacancy is reported to him, fill the vacancy.

(b) If the member being replaced was serving a two-year term, or if the member was serving a four-year term and the vacancy occurs later than 60 days before the general election for county commissioner held after the first two years of the term, the appointment to fill the vacancy is for the remainder of the unexpired term. Otherwise, the term of the person appointed to fill the vacancy extends to the first Monday in December next following the first general election for county commissioner held more than 60 days after the day the vacancy occurs; at that general election, a person shall be elected to the seat vacated, either to the remainder of the unexpired term or, if the term has expired, to a full term.

(c) To be eligible for appointment to fill a vacancy, a person must (i) be a member of the same political party as the member being replaced, if that member was elected as the nominee of a political party, and (ii) be a resident of the same district as the member being replaced, if the county is divided into electoral districts. The board of commissioners or the clerk of superior court, as the case may be, shall consult the county executive committee of the appropriate political party before filling a vacancy, but neither the board nor the clerk of the superior court is bound by the committee's recommendation."

SECTION 2. G.S. 153A-27.1 reads as rewritten:

"**§ 153A-27.1. Vacancies on board of commissioners in certain counties.**

(a) If a vacancy occurs on the board of commissioners, the remaining members of the board shall appoint a qualified person to fill the vacancy. If the number of vacancies on the board is such that a quorum of the board cannot be obtained, the chairman of the board shall appoint enough members to make up a quorum, and the board shall then proceed to fill the remaining vacancies. If the number of vacancies on the board is such that a quorum of the board cannot be obtained and the office of chairman is vacant, the clerk of superior court of the county shall fill the vacancies upon the request of any remaining member of the board or upon the petition of any registered voters of the county.

(b) If the member being replaced was serving a two-year term, or if the member was serving a four-year term and the vacancy occurs later than 60 days before the general election

for county commissioner held after the first two years of the term, the appointment to fill the vacancy is for the remainder of the unexpired term. Otherwise, the term of the person appointed to fill the vacancy extends to the first Monday in December next following the first general election for county commissioner held more than 60 days after the day the vacancy occurs; at that general election, a person shall be elected to the seat vacated for the remainder of the unexpired term.

(c) To be eligible for appointment to fill a vacancy, a person must (i) be a member of the same political party as the member being replaced, if that member was elected as the nominee of a political party, and (ii) be a resident of the same district as the member being replaced, if the county is divided into electoral districts.

(d) If the member who vacated the seat was elected as a nominee of a political party, the board of commissioners, the chairman of the board, or the clerk of superior court, as the case may be, shall consult the county executive committee of the appropriate political party before filling the vacancy, and shall appoint the person recommended by the county executive committee of the political party of which the commissioner being replaced was a member, if the party makes a recommendation within 30 days of the occurrence of the vacancy.

(e) Whenever because of G.S. 153A-58(3)b. or because of any local act, only the qualified voters of an area which is less than the entire county were eligible to vote in the general election for the member whose seat is vacant, the appointing authority must accept the recommendation only if the county executive committee restricted voting to committee members who represent precincts all or part of which were within the territorial area of the district of the county commissioner.

(f) The provisions of any local act which provides that a county executive committee of a political party shall fill any vacancy on a board of county commissioners are repealed.

These determinations are subject to reconsideration, appeal, and review. An employer that makes the election allowed by this section may not deduct any amount due under this section from the remuneration of the individuals it employs.

(c) Reimbursable Amount. – An employer must reimburse the Unemployment Insurance Fund for the amount of benefits that are paid to an individual for weeks of unemployment that begin within a benefit year established during the effective period of the employer's election and are attributable to service that is covered by section 3309 of the Code and was performed in the employ of the employer. For regular benefits, the reimbursable amount is the amount of regular benefits paid. For extended benefits, the reimbursable amount is the amount not reimbursed by the federal government.

(d) Account. – The Division must establish a separate account for each reimbursing employer. The Division must credit payments made by the employer to the account. The Division must charge to the account benefits that are paid by the Unemployment Insurance Fund to individuals for weeks of unemployment that begin within a benefit year established during the effective period of the election and are attributable to service in the employ of the employer. All benefits paid must be charged to the employer's account except benefits paid through error.

The Division must furnish an employer with a statement of all credits and charges made to its account as of the computation date prior to January 1 of the succeeding year. The Division may, in its sole discretion, provide a reimbursing employer with informational bills or lists of charges on a basis more frequent than yearly if the Division finds it is in the best interest of the Division and the affected employer to do so.

(e) Annual Reconciliation. – A reimbursing employer must maintain an account balance equal to one percent (1%) of its taxable wages. The Division must determine the balance of each employer's account on the computation date. If there is a deficit in the account, the Division must bill the employer for the amount necessary to bring its account to one percent (1%) of its taxable wages for the immediate four quarters preceding July 1. ~~Any~~ Except as provided in subsection (j) of this section, any amount in the account in excess of the one percent (1%) of taxable wages will be retained in the employer's account as a credit and will not be refunded to the employer. The Division must send a bill as soon as practical. Payment is due within 30 days from the date a bill is mailed. Amounts unpaid by the due date accrue interest and penalties in the same manner as past-due contributions and are subject to the same collection remedies provided under G.S. 96-10 for past-due contributions.

(f) Quarterly Wage Reports. – A reimbursing employer must submit quarterly wage reports to the Division on or before the last day of the month following the close of the calendar quarter in which the wages are paid. During the first four quarters following an election to be a reimbursing employer, the employer must submit an advance payment with its quarterly report. The amount of the advance payment is equal to one percent (1%) of the taxable wages reported on the quarterly wage report. The Division must remit the payments to the Unemployment Insurance Fund and credit the payments to the employer's account.

(g) Change in Election. – The Division must close the account of an employer that has been paying contributions under G.S. 96-9.2 and that elects to change to a reimbursement basis under this section. A closed account may not be used in any future computation of a contribution rate. The Division must close the account of an employer that terminates its election to reimburse the Unemployment Insurance Fund in lieu of making contributions. An employer that terminates its election under this section is subject to the standard beginning rate.

(h) Noncompliance by Indian Tribes. – An Indian tribe that makes an election under this section and then fails to comply with this section is subject to the following consequences:

(1) An employer that fails to pay an amount due within 90 days after receiving a bill and has not paid this liability as of the computation date loses the option

to make reimbursable payments in lieu of contributions for the following calendar year. An employer that loses the option to make reimbursable payments in lieu of contributions for a calendar year regains that option for the following calendar year if it pays its outstanding liability and makes all contributions during the year for which the option was lost.

(2) Services performed for an employer that fails to make payments, including interest and penalties, required under this section after all collection activities considered necessary by the Division have been exhausted, are no longer treated as "employment" for the purpose of coverage under this Chapter. An employer that has lost coverage regains coverage under this Chapter for services performed if the Division determines that all contributions, payments in lieu of contributions, penalties, and interest have been paid. The Division must notify the Internal Revenue Service and the United States Department of Labor of any termination or reinstatement of coverage pursuant to this subsection.

(i) Expired January 1, 2016.

(j) Refund. – If a reimbursing employer erroneously remits an amount in excess of the amount due, the employer may apply to the Division for a refund of the excess amount remitted within the time limits in this subsection. The Division must determine that the requested refund was in excess of the amount due and was erroneously paid. The Division must refund, without interest, the excess amount but in no event will the refund result in an account balance less than one percent (1%) of the reimbursing employer's taxable wages. The refund application must be filed by the later of the following:

(1) Five years from the last day of the calendar year with respect to which a payment was made.

(2) One year from the date on which such payment was made."

PART IV. FEDERAL CONFORMING CHANGES

SECTION 4.(a) G.S. 96-11.7 reads as rewritten:

"**§ 96-11.7. ~~Acquisition of employer and transfer~~ Transfer of account to another employer.**

(a) ~~Mandatory Transfer.~~ Acquisition of a Business. – When an employer acquires all of the ~~organization, trade, or~~ business of another employer, the account of the predecessor must be transferred as of the date of the acquisition to the successor ~~employer~~ for use in the determination of the successor's contribution rate. This ~~mandatory transfer~~ subsection does not apply when there is no common ownership between the predecessor and the successor and the successor acquired the assets of the predecessor in a sale in bankruptcy. ~~In this circumstance, the successor's contribution rate is determined without regard to the predecessor's contribution rate.~~

(b) ~~Consent.~~ Acquisition of Portion of a Business. – When a distinct and severable portion of an employer's ~~organization, trade, or~~ business is transferred to a successor employer and the successor employer continues to operate the acquired ~~organization, trade, or~~ business, the portion of the account ~~of the transferring employer that related~~ attributable to the transferred business may, with the approval of the Division, be transferred by mutual consent ~~from the transferring employer~~ to the successor ~~employer.~~ employer as of the date of the transfer. A successor employer that is a related entity of the transferring employer is eligible for a transfer from the transferring employer's account only to the extent permitted by rules adopted by the Division. No transfer may be made to the account of an employer that has ceased to be an employer under G.S. 96-11.9.

If a transfer of part or all of an account is allowed ~~but is not mandatory,~~ under this subsection, the successor employer requesting the transfer may make a request for transfer by filing an application for transfer with the Division within two years after the date the business was ~~transferred or the date of notification by the Division of the right to request an account~~

~~transfer, whichever is later. If the application is approved and the application was filed within 60 days after notification from the Division of the right to request a transfer, the transfer is effective as of the date the business was transferred. If the application is approved and the application was filed later than 60 days after notification from the Division, the effective date of the transfer is the first day of the calendar quarter in which the application was filed.~~transferred.

~~If the effective date of a transfer of an account under this subsection is after the computation date in a calendar year, the Division must recalculate the contribution rate for the transferring employer and the successor employer based on their account balances on the effective date of the account transfer. The recalculated contribution rate applies for the calendar year beginning after the computation date.~~

(c) ~~Continuity of Control. – Any new employer that has continuity of control with an existing business enterprise shall continue to be the same employer as the existing business enterprise for the purposes of this Chapter as before the existence of the new employer. The Division shall assign any new employer with continuity of control to the account of the existing business enterprise. Any new employer with continuity of control shall not request or maintain an account with the Division other than the account of the existing business enterprise. If a new employer receives a new account and the Division subsequently finds that such new employer has continuity of control with an existing business enterprise, the Division shall recalculate the annual tax rates based on the combined annual account balances of the new employer and the existing business enterprise.~~Acquisition by Related Party. – If an employer transfers its business, or a portion thereof, to another person and, at the time of the transfer, there is substantially common ownership, management, or control of the predecessor employer and the transferee, then the portion of the account attributable to the transferred business must be transferred to the transferee as of the date of the transfer for use in the determination of the transferee's contribution rate.

~~Continuity of control~~ Substantially common ownership, management, or control exists if one or more persons, entities, or other organizations owning, managing, or controlling the business ~~enterprise remain in~~ maintain substantial ownership, management, or control of the ~~new employer.~~ transferee. Control may occur by means of ownership of the organization conducting the ~~business enterprise,~~ business, ownership of assets necessary to conduct the ~~business enterprise,~~ business, security arrangements or lease arrangements covering assets necessary to conduct the ~~business enterprise,~~ business, or a contract when the ownership, stated arrangements, or contract provide for or allow direction of the internal affairs or conduct of the ~~business enterprise.~~ business. Control is not affected by changes in the form of a ~~business enterprise,~~ business, reorganization of a ~~business enterprise,~~ business, or expansion of a ~~business enterprise.~~business.

(c1) Acquisition to Obtain Lower Contribution Rate. – The account of the predecessor employer will not be transferred if the Division finds that a person formed or acquired the business solely or primarily for the purpose of obtaining a lower contribution rate.

(d) Contribution Rate. – ~~Notwithstanding the other provisions in this section, when an account is transferred in its entirety to a successor employer, the transferring employer's contribution rate is the standard beginning rate.~~If the effective date of a transfer of an account under this section is after the computation date in a calendar year, the Division must recalculate the contribution rate for the predecessor employer and the successor employer based on their account balances on the effective date of the account transfer.

~~Notwithstanding the other provisions in this section, if a successor employer to whom an account is transferred was an employer as of the date of the business transfer, the account transfer does not affect the successor employer's contribution rate for the calendar year in which the business was transferred. If the successor employer was not an employer as of the date of the business transfer, the successor employer's contribution rate for the year in which the business transfer occurs is the standard beginning rate unless one of the following applies:~~

~~(1) The account transfer is a mandatory transfer, in which case the contribution rate of the successor employer is the contribution rate of the transferring employer.~~

~~(2) The account transfer is by consent and the successor employer filed an application within 60 days of the business transfer, in which case the contribution rate of the successor employer is the contribution rate of the transferring employer. If the business was transferred from more than one employer and the transferring employers had different contribution rates, the contribution rate of the successor employer is the rate calculated as of the effective date of the account transfers.~~

(e) Liability for Contributions. – An employer that, by operation of law, purchase, or otherwise is the successor to an employer liable for contributions becomes liable for contributions on the day of the succession. This ~~provision~~ subsection does not affect the successor's liability as otherwise prescribed by law for unpaid contributions due from the predecessor.

(f) Deceased or Insolvent Employer. – When the ~~organization, trade, or~~ business of a deceased person or of an insolvent debtor is taken over and operated by an administrator, executor, receiver, or trustee in bankruptcy, the new employer automatically succeeds to the account and contribution rate of the deceased person or insolvent debtor without the necessity of filing an application for the transfer of the account.

(g) Continuation of Existing Account. – Any transferee subject to a complete transfer of account under this section must not request or maintain an account with the Division other than the account of the existing business. If a transferee receives a new account and the Division subsequently finds that the transferee is subject to a complete transfer of account under this section, the Division must recalculate the annual tax rates based on the combined annual account balances of the new employer and the existing business."

A public agency that provides access to public records under this subsection is not required to provide access to the public records in the computer database in any other way; provided, however, that a public agency that provides access to public records in computer databases shall also allow inspection of any of such public records that the public agency also maintains in a nondigital medium.

Electronic databases compiled or created prior to the date by which the index must be created in accordance with this subsection may be indexed at the public agency's option. The form, content, language, and guidelines for the index and the databases to be indexed shall be developed by the Office of Archives and History in consultation with officials at other public agencies.~~

(c) Nothing in this section shall require a public agency to create a computer database that the public agency has not otherwise created or is not otherwise required to be created. Nothing in this section requires a public agency to disclose security features of its electronic data processing systems, information technology systems, telecommunications networks, or electronic security systems, including hardware or software security, passwords, or security standards, procedures, processes, configurations, software, and codes.

As used herein, "custodian" does not mean an agency that holds the public records of other agencies solely for purposes of storage or safekeeping or solely to provide data processing.

(a1) A public agency or custodian may satisfy the requirements in subsection (a) of this section by making public records available online in a format that allows a person to view the public record and print or save the public record to obtain a copy. If the public agency or custodian maintains public records online in a format that allows a person to view and print or save the public records to obtain a copy, the public agency or custodian is not required to provide copies to these public records in any other way.

(b) No person requesting to inspect and examine public records, or to obtain copies thereof, shall be required to disclose the purpose or motive for the request.

Once the State, a local government, or the specific business has announced a commitment by the business to expand or locate a specific project in this State or the business has made a final decision not to do so, of which the State or local government agency involved with the project knows or should know, the provisions of this subsection allowing public records to be withheld by the agency no longer apply. Once the provisions of this subsection no longer apply, the agency shall disclose as soon as practicable, and within 25 business days, public records requested for the announced project that are not otherwise made confidential by law. Once a specific location for the project has been determined, local government records must be disclosed, upon request, in accordance with the provisions of this section. For purposes of this section, "local government records" include records maintained by the State that relate to a local government's efforts to attract the project.

(1) Unless controlled by another subdivision of this subsection, the records may be withheld if their inspection, examination, or copying would frustrate the purpose for which the records were created.

(2) If no discretionary incentives pursuant to Chapter 143B of the General Statutes are requested for a project and if the specific business decides to expand or locate the project in the State, then the records relating to the project shall not be disclosed.

(3) If the specific business has requested discretionary incentives for a project pursuant to Chapter 143B of the General Statutes and if either the business decides not to expand or locate the project in the State or the project does not receive the discretionary incentives, then the only records relating to the project that may be disclosed are the requests for discretionary incentives pursuant to Chapter 143B of the General Statutes and any information submitted to the Department by the contracted entity.

(4) If the specific business receives a discretionary incentive for a project pursuant to Chapter 143B of the General Statutes and the State or the specific business announces a commitment to expand or locate the project in this State, all records requested for the announced project, not otherwise made confidential by law, shall be disclosed as soon as practicable and within 25 days from the date of announcement.

(e) The application of this Chapter is subject to the provisions of Article 1 of Chapter 121 of the General Statutes, the North Carolina Archives and History Act.

The report shall include:

(1) A map or maps of the district and adjacent territory showing the present and proposed boundaries of the district; the existing major sewer interceptors and outfalls; and the proposed extension of such interceptors and outfalls.

(2) A statement setting forth the plans of the district for extending sewerage services to the territory proposed to be included, which plans shall:

a. Provide for extending sewerage service to the territory included on substantially the same basis and in the same manner as such services are provided within the rest of the district prior to inclusion of the new territory.

b. Set forth a proposed time schedule for extending sewerage service to the territory proposed to be included.

c. Set forth the estimated cost of extending sewerage service to the territory proposed to be included; the method by which the district proposes to finance the extension; the outstanding existing indebtedness of the district, if any; and the valuation of assessable property within the district and within the territory proposed to be included.

…

(i) Immediately following the inclusion of any additional political subdivision within an existing district, members representing such additional political subdivision shall be appointed to the district board in the manner provided in this section:

(1) Any additional unincorporated area that is included within an existing district shall be represented by the members representing the county in which the unincorporated area lies as follows:

a. If inclusion of the additional unincorporated area extends the district into more than one county, members representing the unincorporated area in the new county shall be appointed immediately following the inclusion of the additional area. Upon the inclusion of the additional area, the board members appointed in accordance with G.S. 162A-67(a)(1) or G.S. 162A-67(a)(1a) shall continue to serve on the district board. The board of commissioners of the county in which the largest portion of the district lies shall appoint qualified voters residing in the county and district as their successors such that the county in which the largest portion of the district lies shall always have three members on the district board. The board of commissioners of the county in which the lesser portion of the district lies shall appoint to the district board two qualified voters residing in the county and district to serve a term of three years and

shall appoint qualified voters residing in the county and district as their successors such that the county in which the lesser portion of the district lies shall always have two members on the district board. For purposes of this subdivision, the county in which the largest portion and lesser portion of the district lies shall be determined with reference to the land area of the district lying within the county as a percentage of land area of the entire district at the time such appointment or reappointment is made.

AN ACT TO MODERNIZE AND MAKE CHANGES TO THE RECORDING REQUIREMENTS FOR PLATS AND SUBDIVISIONS AND TO ELIMINATE THE USE OF CONTROL CORNERS IN FAVOR OF GRID CONTROL IN THE PREPARATION OF PLATS AND SUBDIVISIONS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 47-30 reads as rewritten:

"**§ 47-30. Plats and subdivisions; mapping requirements.**

(a) Size Requirements. – All land plats presented to the register of deeds for recording in the registry of a county in North Carolina after September 30, 1991, having an outside marginal size of either 18 inches by 24 inches, 21 inches by 30 inches, or 24 inches by 36 inches, ~~and~~ and, for landscape format, having a minimum one and one-half inch border on the left side or, for portrait format, one and one-half inch border on the top side and a minimum

one-half inch border on the other sides shall be deemed to meet the size requirements for recording under this section. Where size of land areas, or suitable scale to assure legibility require, plats may be placed on two or more sheets with appropriate match lines. Counties may specify either:

(1) Only 18 inches by 24 inches;
(2) A combination of 18 inches by 24 inches and 21 inches by 30 inches;
(3) A combination of 18 inches by 24 inches and 24 inches by 36 inches; or
(4) A combination of all three sizes.

Provided, that all registers of deeds where specific sizes other than the combination of all three sizes have been specified, shall be required to submit said size specifications to the North Carolina Association of Registers of Deeds for inclusion on a master list of all such counties. The list shall be available in each register of deeds office by October 1, 1991. For purposes of this section, the terms "plat" and "map" are synonymous.

(b) Plats to Be Reproducible. – Each plat presented for recording shall be a reproducible plat, either original ink on polyester film (mylar), or a reproduced drawing, transparent and archival (as defined by the American National Standards Institute), and submitted in this form. The recorded plat must be such that the public may obtain legible copies. A direct or photographic copy of each recorded plat shall be placed in the plat book or plat file maintained for that purpose and properly indexed for use. In those counties in which the register has made a security copy of the plat from which legible copies can be made, the original plat may be submitted in the form of black line on white paper instead of transparent and archival and may be returned to the person indicated on the plat.

(c) Information Contained in Title of Plat. – The title of each plat shall contain the following information:

(1) The property ~~designation,~~ designation.
(2) The name of ~~owner (the~~ the owner; provided, however, that the name of owner shall be shown for indexing purposes only and is not to be construed as title ~~certification), location~~ certification.
(3) The location, to include ~~township, county and state, the~~ county and State, and the township or city, if applicable.
(4) The date or dates the survey was ~~made;~~ made.
(5) The scale or scale ratio in words or figures and bar ~~graph;~~ graph.
(6) The name and address of surveyor ~~or firm~~ preparing the ~~plat.~~plat, including the firm name and firm license number, if applicable.
(7) The dates and descriptions of revisions made after original signing.

The information required pursuant to this subsection shall be listed prominently on the plat. Information listed in the notes contained on the plat does not satisfy the requirements of this subsection.

(d) Certificate; Form. – There shall appear on each plat a certificate by the person under whose supervision the survey or plat was made, stating the ~~origin of~~ reference source for the boundary information for the surveyed property shown on the plat, including recorded deed and plat references shown thereon. The ratio of precision or positional accuracy before any adjustments must be shown. Any lines on the plat that were not actually surveyed must be clearly indicated and a statement included revealing the source of information. Where a plat consists of more than one sheet, only one sheet must contain the certification and all other sheets must be signed and sealed. Multiple sheet plats shall be identified as a map set.

The certificate required above shall include (i) the source of information for the ~~survey and~~ survey, (ii) data indicating the ratio of precision or positional accuracy of the survey before ~~adjustments~~ adjustments, and (iii) the seal and signature pursuant to Chapter 89C of the General Statutes, and shall be in substantially the following form:

"I, _____, certify that this plat was drawn under my supervision from an actual survey made under my supervision (deed description recorded in Book ____, page ____, etc.) (other); that the boundaries not surveyed are clearly indicated as drawn from information found in Book

____, page ____; that the ratio of precision or positional accuracy as calculated is ~~1:~~ ____; that this plat was prepared in accordance with G.S. 47-30 as amended. Witness my original signature, ~~registration~~ license number and seal this ____ day of ____, A.D., ____.

Seal or Stamp

_____

Professional Land Surveyor

~~Registration~~ License Number"

Nothing in this requirement shall prevent the recording of a map that was prepared in accordance with a previous version of G.S. 47-30 as amended, properly signed, and notarized under the statutes applicable at the time of the signing of the map. However, it shall be the responsibility of the person presenting the map to prove that the map was so prepared. The presence of the personal signature and seal of a professional land surveyor shall constitute a certification that the map conforms to the standards of practice for land surveying in this State as defined in the rules of the North Carolina State Board of Examiners for Engineers and Surveyors.

(e) Method of Computation. – An accurate method of computation shall be used to determine the acreage and either the ratio of precision or the positional accuracy shown on the plat. Area by estimation is not acceptable nor is area by planimeter, area by scale, or area copied from another source, except in the case of tracts containing inaccessible sections or areas. In such case the surveyor may make use of aerial photographs or other appropriate aids to determine the acreage of any inaccessible areas when the areas are bounded by natural and visible monuments. In such case the methods used must be stated on the plat and all accessible areas of the tract shall remain subject to all applicable standards of this section.

(f) Plat to Contain Specific Information. – Every plat shall contain the following specific information:

(1) An accurately positioned north arrow coordinated with any bearings shown on the plat. Indication shall be made as to whether the north index is true, magnetic, North Carolina grid ~~("NAD 83" or "NAD 27"),~~ ("NAD 83," "NAD 27," or other published horizontal datum), or is referenced to old deed or plat bearings. If the north index is magnetic or referenced to old deed or plat bearings, the date and the source (if known) the index was originally determined shall be clearly indicated. North Carolina grid reference shall include the horizontal datum and the realization reference.

(2) The azimuth or course and distance of every property line surveyed shall be shown. Distances shall be in U.S. Survey feet or meters and decimals thereof. The number of decimal places shall be appropriate to the class of survey required.

(3) All plat distances shall be by horizontal ground or horizontal grid measurements. All lines shown on the plat shall be correctly plotted to the scale shown. Enlargement of portions of a plat are acceptable in the interest of clarity, where shown as inserts. Where the North Carolina grid system is used the combined grid factor shall be shown on the face of the plat. If grid distances are used, it must be ~~shown~~ indicated on the plat.

…

(6) ~~Where control corners have been established in compliance with G.S. 39-32.1, 39-32.2, 39-32.3, and 39-32.4, as amended, the location and pertinent information as required in the reference statute shall be plotted on the plat.~~ All ~~other~~ corners which are marked by monument or natural object shall be so identified on all plats, and where practical all corners of adjacent owners along the boundary lines of the subject tract which are marked by monument or natural object shall be shown.

(7) The names of adjacent landowners, or lot, block, parcel, subdivision name designations or other legal ~~reference~~ reference, where applicable, shall be shown where they could be determined by the surveyor.

(8) All visible and apparent rights-of-way, watercourses, utilities, roadways, and other such improvements shall be accurately located where crossing or forming any boundary line of the property shown. Nothing in this subdivision shall be construed to modify the notification responsibility of persons engaged in excavation or demolition pursuant to G.S. 87-122.

(9) Where the plat is the result of a survey, one or more corners ~~shall, by a system of azimuths or courses and distances, be accurately tied to and coordinated with a horizontal control monument of some United States or State Agency survey system, such as the North Carolina Geodetic Survey where the monument is within 2,000 feet of the subject property. Where the North Carolina Grid System coordinates of the monument are on file in the North Carolina Geodetic Survey Section in the Division of Emergency Management of the Department of Public Safety, the coordinates of both the referenced corner and the monuments used shall be shown in X (easting) and Y (northing) coordinates on the plat. The coordinates shall be identified as based on "NAD 83," indicating North American Datum of 1983, or as "NAD 27," indicating North American Datum of 1927. The tie lines to the monuments shall also be sufficient to establish true north or grid north bearings for the plat if the monuments exist in pairs. Within a previously recorded subdivision that has been tied to grid control, control monuments within the subdivision may be used in lieu of additional ties to grid control. Within a previously recorded subdivision that has not been tied to grid control, if horizontal control monuments are available within 2,000 feet, the above requirements shall be met; but in the interest of bearing consistency with previously recorded plats, existing bearing control should be used where practical. In the absence of grid control, other appropriate natural monuments or landmarks shall be used.~~shall be labeled with coordinates on the plat, shown as "X" (easting) and "Y" (northing) coordinates, traceable to a published geodetic datum or the North Carolina State Plane Coordinate System, or both. The plat should include, at a minimum, the referenced horizontal datum and realization (i.e., "NAD 83 (2011)") as well as the data or method used to establish those coordinates, or both. If the bearings shown on the map are not referenced to the same datum as the grid coordinates shown, then either (i) the coordinates of a second point shall be labeled and the two labeled points tied together by a single azimuth or course and distance or (ii) the plat shall include, in written and graphical form, the conversion from plat bearings to reference bearings. Control monuments within a previously recorded subdivision may be used in lieu of grid control. In the interest of consistency with previously recorded plats, existing bearing control may be used where practical. Where no horizontal control monument of any United States or State agency survey system, such as the North Carolina Geodetic Survey, is located within 2,000 feet of the subject property, ties to other appropriate natural monuments or landmarks may be used in lieu of grid coordinates.** In all cases, the tie lines shall be sufficient to ~~accurately~~ reproduce the subject lands from the control or reference points used.

(10) A vicinity map (location map) and legend shall appear on the plat.

(11) Notwithstanding any other provision contained in this section, it is the duty of the surveyor, by a certificate on the face of the plat, to certify to one of the following:

a. That the survey creates a subdivision of land within the area of a county or municipality that has an ordinance that regulates parcels of ~~land;~~land.

b. That the survey is located in a portion of a county or municipality that is unregulated as to an ordinance that regulates parcels of ~~land;~~land.

c. Any one of the following:

1. That the survey is of an existing parcel or parcels of land or one or more existing easements and does not create a new street or change an existing ~~street;~~street. For the purposes of this subsection, an "existing parcel" or "existing easement" is an area of land described in a single, legal description or legally recorded subdivision that has been or may be legally conveyed to a new owner by deed in its existing configuration.

2. That the survey is of an existing feature, such as a building or other structure, or natural feature, such as a ~~watercourse; or~~watercourse.

3. That the survey is a control survey. For the purposes of this subsection, a "control survey" is a survey that provides horizontal or vertical position data for support or control of other surveys or for mapping. A control survey, by itself, cannot be used to define or convey rights or ownership.

4. That the survey is of a proposed easement for a public utility as defined in G.S. 62-3.

d. That the survey is of another category, such as the recombination of existing parcels, a court-ordered survey, or other exemption or exception to the definition of ~~subdivision;~~subdivision.

e. That the information available to the surveyor is such that the surveyor is unable to make a determination to the best of the surveyor's professional ability as to provisions contained in (a) through (d) above.

If the plat contains the certificate of a surveyor as stated in sub-subdivisions b. or c. of this subdivision, nothing shall prevent the recordation of the plat if all other provisions have been met. However, if the plat contains the certificate of a surveyor as stated in sub-subdivisions a., d., or e. ~~above,~~ of this subdivision, then the plat shall have, in addition to said surveyor's certificate, a certification of approval, or no approval required, as may be required by local ordinance from the appropriate government authority and the county review officer as provided in G.S. 47-30.2 before the plat is presented for recordation. ~~If the plat contains the certificate of a surveyor as stated in b. or c. above, nothing shall prevent the recordation of the plat if all other provisions have been met.~~The signing and sealing of the certification as required in subsection (d) of this section shall satisfy the certification requirement contained in this subsection.

…

(h) Nothing in this section shall be deemed to prevent the filing of any plat prepared by a ~~registered~~ professional land surveyor but not recorded prior to the death of the ~~registered~~ professional land surveyor. However, it is the responsibility of the person presenting the map to the Review Officer pursuant to G.S. 47-30.2 to prove that the plat was so prepared. For preservation these plats may be filed without signature, notary acknowledgement or probate, in a special plat file.

…

(j) The provisions of this section shall not apply to boundary plats of State lines, county lines, areas annexed by ~~municipalities~~ municipalities, nor to plats of municipal boundaries, whether or not required by law to be recorded.

…

(m) Maps attached to deeds or other instruments and submitted for recording in that form must be no larger than 8 1/2 inches by 14 inches and comply with either this subsection or subsection (n) of this section. ~~Such a map shall either (i) have the original signature of a registered land surveyor and the surveyor's seal as approved by the State Board of Registration for Professional Engineers and Land Surveyors, or (ii) be a copy of a map, already on file in the public records, that is certified by the custodian of the public record to be a true and accurate copy of a map bearing an original personal signature and original seal. The presence of the original personal signature and seal shall constitute a certification that the map conforms to the standards of practice for land surveying in North Carolina, as defined in the rules of the North Carolina State Board of Registration for Professional Engineers and Land Surveyors.~~A map submitted for recording pursuant to this subsection shall conform to one the following standards:

(1) An original map that meets the requirements of subsections (c) through (f) of this section and that bears the signature of a professional land surveyor and the surveyor's seal as approved by the State Board of Examiners for Engineers and Surveyors.

(2) A copy of a previously recorded map that is certified by the custodian of the public record to be a true and accurate copy of the map.

(n) A map that does not meet the requirements of subsection (m) of this section may be attached to a deed or other instrument submitted for recording in that form for illustrative purposes only if it meets both of the following requirements:

(1) It is no larger than 8 1/2 inches by 14 inches.

(2) It is conspicuously labelled, "THIS MAP ~~IS~~ MAY NOT BE A CERTIFIED SURVEY AND HAS NOT BEEN REVIEWED BY A LOCAL GOVERNMENT AGENCY FOR COMPLIANCE WITH ANY APPLICABLE LAND DEVELOPMENT ~~REGULATIONS."~~REGULATIONS AND HAS NOT BEEN REVIEWED FOR COMPLIANCE WITH RECORDING REQUIREMENTS FOR PLATS."

(3) Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

Session Law 2017-41 **H.B. 630**

AN ACT TO ESTABLISH SOCIAL SERVICES REGIONAL SUPERVISION AND COLLABORATION; REFORM THE CHILD WELFARE SYSTEM IN THIS STATE; IMPROVE ACCOUNTABILITY AND STATE OVERSIGHT OF THE CHILD WELFARE SYSTEM; REQUIRE WRITTEN AGREEMENTS, CORRECTIVE ACTION, AND STATE INTERVENTION WITH SOCIAL SERVICES DEPARTMENTS; CREATE REGIONAL SOCIAL SERVICE DEPARTMENTS; ESTABLISH A CHILD WELL-BEING TRANSFORMATION COUNCIL; ESTABLISH A DRIVERS LICENSE PILOT PROJECT; ESTABLISH A PILOT PROGRAM TO AUTHORIZE A WAIVER OF THE EMPLOYMENT REQUIREMENT FOR FOSTER PARENTS OF CHILDREN RECEIVING INTENSIVE ALTERNATIVE FAMILY TREATMENT; REDUCE THE TIME FRAME A PARENT HAS TO APPEAL FROM A TERMINATION OF PARENTAL RIGHTS ORDER; REDUCE THE TIME FRAME FOR LICENSURE APPROVAL REGARDING FOSTER CARE; AND REQUIRE CHILD PROTECTIVE SERVICE OBSERVATION BEFORE PHYSICAL CUSTODY OF CHILD MAY BE RETURNED.

Whereas, the children and families involved in North Carolina's child welfare system are among our most vulnerable children and most fragile families; and

Whereas, the recent federal Child and Family Services Review (CFSR) and the North Carolina Statewide Child Protective Services Evaluation of the State's Child Protective Services (CPS) program identified troubling gaps and flaws in North Carolina's child welfare system that are allowing too many of those vulnerable children and fragile families to fall through the cracks; and

Whereas, transforming the child welfare system to better ensure the safety, permanency, and well-being of children and families is the right thing to do; and

Whereas, county social services agencies are facing significant resource and administration challenges in areas other than child welfare, such as public assistance and adult services; and

Whereas, a recent audit by the North Carolina State Auditor of Medicaid eligibility determinations by county departments of social services concluded that most of the county departments reviewed in the audit did not consistently meet standards for timeliness and accuracy; and

Whereas, a recent report by the Program Evaluation Division reached similar conclusions regarding county administration of Medicaid eligibility determinations; and

Whereas, North Carolina's Aging Services Plan and a recent report on Alzheimer's and related dementias by the North Carolina Institute of Medicine emphasize the tremendous growth of the aging population and anticipate relying heavily on social services agencies to support the needs of this population; and

Whereas, it has been challenging for the State to effectively supervise administration of complex social services programs in 100 counties and it would be more efficient and effective for the State to supervise fewer local agencies; and

Whereas, it is our charge to spend public dollars wisely and effectively on administration of public assistance; and

Whereas, for the aforementioned reasons, North Carolina requires a plan of action to systematically reform the child welfare system and reduce the number of departments of social

services to allow for better supervision and administration of social services programs; Now, therefore,

The General Assembly of North Carolina enacts:

Intervention includes, but is not limited to, the following activities:~~Secretary shall give the board of county commissioners, the department of social services, the county manager, and the board of social services at least 30 days' notice that the Secretary, through the appropriate regional social services office, intends to temporarily assume all or part of the department's socials services administration in accordance with subsection (c) of this section. In a regional department of social services, notice shall be provided to boards of county commissioners and county managers for all counties served by the region.

~~If within 60 days of completion of the intervention activities, the Secretary finds that the county department of social services is not providing in accordance with State laws and applicable rules the particular service or services for which intervention was initiated, or has not demonstrated reasonable efforts to do so, the Secretary shall withhold State and federal child welfare services administrative funds until the particular service or services are provided in accordance with State laws and applicable rules.~~

(c) ~~If the Secretary determines that a county department of social services is not providing child protective, foster care, or adoption services in accordance with State law and with applicable rules adopted by the Social Services Commission, or fails to demonstrate reasonable efforts to do so, and the failure to provide the services poses a substantial threat to the safety and welfare of children in the county who receive or are eligible to receive the services, then the Secretary, after providing written notification of intent to the chair of the county board of commissioners, to the chair of the county board of social services, and to the county director of social services, and after providing them with an opportunity to be heard, shall withhold funding for the particular service or services in question and shall ensure the provision of these services through contracts with public or private agencies or by direct operation by the Department of Health and Human Services.~~Notwithstanding any provision of law to the contrary, if a department of social services fails to successfully complete its joint corrective action plan, the Secretary shall direct the appropriate regional office to, within 30 calendar days, temporarily assume all or part of the department's social services administration upon giving notice as required by subsection (b) of this section. During the period the Secretary assumes administration of the social services program, the following shall occur:

(c1) Upon the Secretary's determination that the department of social services is able to meet performance requirements and that program administration responsibilities should be restored to the department of social services, the Secretary shall notify the board of county commissioners, the department of social services, the county manager, and the board of social services that the temporary assumption of program administration will be terminated and the effective date of the termination. Upon termination, the department of social services shall resume its full authority to administer the program or programs that were assumed.

~~(d) In the event that the Secretary assumes control of service delivery pursuant to subsection (c) of this section, the county director of social services shall be divested of all service delivery powers conferred upon the director by G.S. 108A-14 and other applicable State law as the powers pertain to the services in question. PART IV. REGIONAL SOCIAL SERVICES DEPARTMENTS

SECTION 4.1. Article 1 of Chapter 108A of the General Statutes is amended by adding the following new Part to read:

"Part 2B. Regional Social Services Departments.

(d) The regional social services departments may include more than one judicial district. To promote judicial efficiency, a regional social services department shall make every effort to include complete judicial districts rather than dividing a judicial district across departments.

(e) The regional social services department shall have centralized administrative operations that are geographically located in one county but maintain a physical presence for delivery of social services in every county served by the region.

(f) A county that joins a regional social services department shall be required to contribute financially to the regional department pursuant to rules adopted by the Commission.

(g) A regional social services department shall be a public authority as defined in G.S. 159-7(b)(10).

"**§ 108A-15.3B. Regional board of social services.**

(a) A regional social services department shall be governed by a regional board of social services. A regional board of social services shall have the same powers and duties as a county social services board, including the appointment of the regional director of social services, with respect to those services or programs that have been assigned to the regional social services department.

(b) A regional board of social services shall be composed of 12 members. However, a regional board of social services may be increased up to a maximum number of 18 members by agreement of the boards of county commissioners in all counties that comprise the region. The agreement shall be evidenced by concurrent resolutions adopted by the affected boards of county commissioners.

(c) The county board of commissioners of each county in the region shall appoint two members to the regional board of social services, one of whom may be a county commissioner. If more than eight counties join the regional social services department, the board of county commissioners of each county in the region shall appoint one member to the regional board of social services who may be a county commissioner. The Social Services Commission shall appoint two members. The members of the regional social services board shall appoint members to fill any remaining vacancies. The composition of the board shall reasonably reflect the population makeup of the entire region and provide equitable region-wide representation. All members shall be residents of the region.

(d) Except as provided in this subsection, members of a regional board of social services shall serve terms of three years. Two of the original members shall serve terms of one year, and two of the original members shall serve terms of two years. No member shall serve more than three consecutive three-year terms. County commissioner members shall serve only as long as the member is a county commissioner.

(e) Whenever a county shall join or withdraw from an existing regional social services department, the regional board of social services shall be dissolved and a new board shall be appointed as provided in subsection (c) of this section.

(f) Vacancies shall be filled by the appointing authority for any unexpired portion of a term.

(l) A regional board of social services is authorized to provide liability insurance for the members of the board and the employees of the regional social services department. A regional board of social services is also authorized to contract for the services of an attorney to represent the board, the regional social services department, and its employees, as appropriate. The purchase of liability insurance pursuant to this subsection waives both the regional board

of social services' and the regional social services department's governmental immunity, to the extent of insurance coverage, for any act or omission occurring in the exercise of a governmental function. By entering into a liability insurance contract with the regional board of social services, an insurer waives any defense based upon the governmental immunity of the regional board of social services or the regional social services department.

"**§ 108A-15.3C. Dissolution of a regional social services department.**

(a) Whenever the board of commissioners of each county constituting a regional social services department determines that the department is not operating in the best interests of the respective counties, they may direct that the regional social services department be dissolved.

(d) Notwithstanding the provisions of subsection (a) of the section, no regional social services department shall be dissolved without prior written notification to the Department.

(e) Any budgetary surplus available to a regional social services department at the time of its dissolution shall be distributed to those counties comprising the region on the same pro rata basis that the counties appropriated and contributed funds to the regional social services department budget during the current fiscal year. Distribution to the counties shall be determined on the basis of an audit of the financial record of the regional social services department. The regional board of social services shall select a certified public accountant or an accountant who is subsequently certified by the Local Government Commission to conduct the audit. The audit shall be performed in accordance with G.S. 159-34. The same method of distribution of funds described above shall apply when one or more counties of a regional social services department withdraw from a region.

"**§ 108A-15.3D. Regional social services director.**

PART V. CHILD WELL-BEING TRANSFORMATION COUNCIL

SECTION 5.1. Chapter 143 of the General Statutes is amended by adding a new Article to read:

"Article 82.

"Child Well-Being Transformation Council.

"**§ 143-775. Child Well-Being Transformation Council established; membership; qualifications; vacancies.**

(a) Purpose; Findings. – The welfare of North Carolina's children is a priority. There are many public and private agencies and organizations across the State involved with promoting the welfare of children and protecting them from harm, such as those involving child care, education, health care, social services, and juvenile justice. Though these agencies and organizations provide important services, they often fail to collaborate, coordinate, and communicate about those services. A more systematic and coordinated approach to services will help ensure that the State achieves the best possible outcomes for children. Therefore, the General Assembly finds that it is essential that a single body serve as a means for coordination, collaboration, and communication among agencies and organizations involved in providing public services to children.

(b) Creation and Membership. – There is established the North Carolina Child Well-Being Transformation Council (Council). The Council shall be located administratively in

the General Assembly. The Council shall consist of 17 members serving staggered terms. In making appointments, each appointing authority shall select members who have appropriate experience and knowledge of the issues to be examined by the Council and shall strive to ensure members are appointed who represent the geographical, political, gender, and racial diversity of this State. The initial Council members shall be appointed on or after July 1, 2018, as follows:

(1) Four members shall be appointed by the General Assembly upon the recommendation of the President Pro Tempore of the Senate. Of the members appointed under this subdivision, one shall be a member of the Senate who shall serve for a term of two years, one shall be a representative from the Administrative Office of the Courts who shall serve for a term of three years, one shall be a representative from a child welfare private provider organization who shall serve for a term of two years, and one shall be a representative from the North Carolina Pediatric Society who shall serve a one-year term.

(2) Four members shall be appointed by the General Assembly upon the recommendation of the Speaker of the House of Representatives. Of the members appointed under this subdivision, one shall be a member of the House of Representatives who shall serve for a term of two years, one shall be a representative from the Department of Public Instruction who shall serve for a term of three years, one shall be a representative from Indigent Defense Services who shall serve for a term of two years, and one shall be a representative of the Hospital Association who shall serve a one-year term.

(3) Nine members shall be appointed by the Governor. Of the members appointed under this subdivision, one shall be a representative from the Department of Health and Human Services, Division of Child Development and Early Education, who shall serve for a term of three years, one shall be a representative from the Department of Health and Human Services, Division of Social Services, who shall serve for a term of three years, one shall be a representative from the Department of Public Safety, Division of Juvenile Justice, who shall serve for a term of two years, one shall be a representative from the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, who shall serve for a term of three years, one shall be a representative from the Guardian ad Litem program who shall serve a term of two years, one shall be a representative from Disability Rights NC who shall serve a one-year term, one shall be a representative from a local management entity/managed care organization (LME/MCO) who shall serve a one-year term, one shall be a representative from the Department of Health and Human Services, Division of Public Health, with expertise in substance abuse disorders who shall serve for a term of two years, and one shall be a director of a county department of social services who shall serve a one-year term.

(c) Terms; Vacancies. – Upon the expiration of the terms of the initial Council members, each member shall be appointed for a term of four years and shall serve until a successor is appointed. No member may serve more than two consecutive full terms. A vacancy shall be filled within 30 days by the authority making the initial appointment.

(d) Organization. – The Council shall elect from its membership a chair and vice-chair to each serve one-year terms. The Council shall meet on a quarterly basis each year upon the call of the chair. A quorum of the Council is nine members. No action may be taken except by a majority vote at a meeting at which a quorum is present. The Open Meetings Law, Article 33C of Chapter 143 of the General Statutes, and the Public Records Act, Chapter 132 of the General Statutes, shall apply to the Council.

(e) Funding. – From funds available to the General Assembly, the Legislative Services Commission shall allocate monies to fund the work of the Committee. Members of the Committee shall receive subsistence and travel expenses as provided in G.S. 120-3.1 and G.S. 138-5.

(f) Staff. – The Legislative Services Commission, through the Legislative Services Officer, shall assign professional staff to assist the Council in its work. Upon the direction of the Legislative Services Commission, the Director of Legislative Assistants of the Senate and of the House of Representatives shall assign clerical staff to the Council. The expenses for clerical employees shall be borne by the Council.

"**§ 143-776. Powers and duties.**

(a) Upon its establishment, the Council shall direct its initial focus on the following initiatives:

(1) Mapping the network of child-serving agencies and organizations in the State.

(2) Cataloging examples of failures in coordination, collaboration, and communication in the context of child welfare.

(b) Beginning March 1, 2020, the Council shall:

(1) Monitor changes in the social services and child welfare system associated with reform and regional supervision.

(2) Identify gaps in coordination, collaboration, and communication related to all publicly funded child serving programs.

(3) Recommend changes in law, policy, or practice necessary to remedy gaps or problems impacting coordination, collaboration, and communication among publicly funded child-serving agencies.

(c) The Council shall submit a report to the chairs of the Senate Appropriations Committee on Health and Human Services, the chairs of the House of Representatives Appropriations Committee on Health and Human Services, the Joint Legislative Oversight Committee on Health and Human Services, and the Fiscal Research Division by June 30 of each year. The report shall include a summary of the Council's work for the previous year, any findings and recommendations for change, and a work plan for the upcoming year.

(d) The Council is authorized to accept gifts or grants from other sources to support administration of the Council."

SECTION 5.2. This part becomes effective July 1, 2017.

PART VI. DRIVERS LICENSE PILOT PROJECT

SECTION 6.1.(a) The General Assembly recognizes that not having a drivers license is a barrier to education, employment, health care, and other community-based activities for older youth in foster care, as defined in G.S. 131D-10.2(9), working toward independence. One of the biggest barriers to accessing a drivers license for such youth is the ability to obtain insurance. Therefore, to assist in this effort, the Department of Health and Human Services, Division of Social Services, shall establish a two-year pilot program that shall reimburse, on a first-come, first-served basis, youth and caregivers' costs associated with drivers license education, drivers license fees, insurance costs, and any other costs associated with obtaining a drivers license. The Division shall take appropriate steps to ensure proper advertising of the pilot program.

SECTION 6.1.(b) The Division of Social Services shall report on the pilot project to the Joint Legislative Oversight Committee on Health and Human Services by March 1, 2018.

SECTION 6.2. This part becomes effective July 1, 2017.

PART VII. PILOT WAIVER FOR IAFT FOSTER PARENTS

SECTION 7.(a) The General Assembly has determined that in an effort to maximize funding, local management entities/managed care organizations (LME/MCOs) are

utilizing Intensive Alternative Family Treatment (IAFT), which is a means of cost-effective, specialized foster care treatment service that is being used for many youth who would have previously been treated in Medicaid congregate care, such as psychiatric residential treatment facilities. The General Assembly finds that these higher-need youth are often (i) suspended or expelled from school or day programs and (ii) require multiple appointments on a weekly basis to address needs, such as therapy, medication management, and school individual education plans (IEPs). Further, in accordance with rules, foster parents are required to maintain outside employment while providing foster care, but the constant demands of meeting the needs of these foster youth often lead to disruption in placement as the foster parent is unable to meet those needs while maintaining the parent's employment obligations.

SECTION 7.(b) To that end, the Department of Health and Human Services, Division of Social Services (Division), shall establish a pilot program that will allow the Division to waive the employment requirement for foster parents with children utilizing the Intensive Alternative Family Treatment (IAFT). The Division shall solicit participation in the pilot program from interested local management entities/managed care organizations (LME/MCOs). The participating LME/MCOs shall conduct comparison measures between existing IAFT outcomes and those of pilots to determine any impact the waiver may have on outside employment. LME/MCOs shall measure progress of the pilot waivers based on the expectation of meeting the following outcomes:

(1) Improved placement stability with less than twenty percent (20%) of moves of youth occurring due to therapeutic foster parent request.

(2) Seventy-five percent (75%) of youth and families meeting their treatment goals within the projected time frame.

(3) No more than a ten percent (10%) increase in higher-level hospital bed days.

SECTION 7.(c) LME/MCOs participating in the IAFT pilot waiver program shall provide a report on the outcomes of the pilots, along with any recommendations, to the Division. The Division shall then submit a report on the pilot waiver program to the Joint Legislative Oversight Committee on Health and Human Services by December 1, 2018.

COOPERATIVE INNOVATIVE HIGH SCHOOL FUNDING CHANGES

SECTION 7.22.(a) Legislative Findings. – The General Assembly finds the following in regard to the State's long-term, ongoing investment in providing high school students with opportunities to obtain postsecondary credit and career credentials at no cost to the student in order to maximize cost savings to students in obtaining a postsecondary education:

(1) Dual enrollment opportunities for high school students have been available in the State for many years but began to significantly grow in the early- to mid-2000s as a result of the General Assembly's enactment of the Innovative Education Initiatives Act and the establishment of the cooperative innovative high school program pursuant to Part 9 of Article 16 of Chapter 115C of the General Statutes. This act demonstrated the State's commitment in prioritizing cooperative efforts between secondary schools and institutions of higher education so as to reduce the high school dropout rate, increase high school and college graduation rates, decrease the need for remediation in institutions of higher education, and raise certificate, associate, and bachelor degree completion rates.

(2) To ensure continued efficiency in the investment of State funds to provide postsecondary dual enrollment programs for high school students, the General Assembly directed the State Board of Education and the State Board of Community Colleges to jointly establish the Career and College Promise Program pursuant to Section 7.1A of S.L. 2011-145, effective January 1, 2012, to consolidate existing cooperative efforts between secondary schools and institutions of higher education by providing (i) for specific pathways for obtaining college credit that is transferable to community colleges and institutions of higher education, (ii) for college credit leading to a subject-area certificate, diploma, or degree, and (iii) through enrollment at a

cooperative innovative high school, enabling students to concurrently obtain a high school diploma and to begin or complete an associate degree program, master a certificate or vocational program, or earn up to two years of college credit within five years.

(3) The recent growth in the establishment of cooperative innovative high school programs has resulted in a steady increase in full-time equivalent (FTE) student enrollment at community colleges due to the maturation of those programs, including an increase of one hundred forty percent (140%) in FTE enrollment for these students between 2008-2009 and 2013-2014.

(4) The implementation of other Career and College Promise pathways enabling certain traditional high school students to concurrently enroll in postsecondary courses leading to a defined academic goal has also resulted in a recent rise in student enrollment at community colleges with a thirty percent (30%) increase in the College Transfer pathway and a twenty-one percent (21%) increase in the Career and Technical Education pathway between 2012-2013 and 2013-2014.

(5) For the 2013-2014 academic year, the General Assembly appropriated fifty-seven million dollars ($57,000,000) in State funds to cover community college FTE for 11,389 students during the first year of full implementation of the Career and College Promise Program.

(6) For the 2015-2016 fiscal year, the General Assembly appropriated the following amounts to cover the cost of cooperative innovative high schools and other Career and College Promise programs:

a. For the cooperative innovative high school allotment, the sum of twenty-five million four hundred eighty-eight thousand seven hundred twenty-five dollars ($25,488,725).

b. For community college FTE for the following:

1. For students enrolled in cooperative innovative high schools, the sum of forty-two million two hundred ninety-one thousand three hundred eighty-six dollars ($42,291,386).

2. For students enrolled in courses that count toward the College Transfer pathway, the sum of twenty-one million three hundred forty-three thousand five hundred seven dollars ($21,343,507).

3. For students enrolled in courses that count toward the Career and Technical Education pathway, the sum of twenty-one million seven hundred eight thousand nine hundred thirty-two dollars ($21,708,932).

c. For the reimbursement of tuition for constituent institutions of The University of North Carolina as a partner institution of higher education to a cooperative innovative high school, the sum of one million nine hundred forty-five thousand two hundred one dollars ($1,945,201).

d. For the reimbursement of tuition for private colleges located in North Carolina that are a partner institution of higher education to a cooperative innovative high school, the sum of four hundred fifty-seven thousand six hundred thirty-nine dollars ($457,639).

(7) Since considerable State funds have been appropriated on an ongoing basis to cover the cost of high school student enrollment at community colleges, constituent institutions, and approved private colleges pursuant to G.S. 115C-238.54 and G.S. 115D-5(b)(12) as part of the Career and College Promise programs, it is necessary to examine the total cost of these programs and prioritize the appropriation of State funds to achieve the General

SECTION 7.26.(c) G.S. 115C-83.15 reads as rewritten:

"**§ 115C-83.15. School achievement, growth, performance scores, and grades.**

(a) School Scores and Grades. – The State Board of Education shall award school achievement, growth, and performance scores and an associated performance grade as required by G.S. 115C-12(9)c1., and calculated as provided in this section. The State Board of Education shall enter all necessary data into the Education Value-Added Assessment System (EVAAS) in order to calculate school performance scores and grades.

(b) Calculation of the School Achievement Score. – In calculating the overall school achievement score earned by schools, the State Board of Education shall total the sum of points earned by a school as follows:

(1) For schools serving any students in kindergarten through eighth grade, the State Board shall assign points on ~~all of~~ the following ~~indicators that are measured~~measures available for that school:

~~(1)~~a. One point for each percent of students who score at or above proficient on annual assessments for mathematics in grades three through eight. For the purposes of this Part, an annual assessment for mathematics shall include any mathematics course with an end-of-course test.

~~(2)~~b. One point for each percent of students who score at or above proficient on annual assessments for reading in grades three through eight.

~~(3)~~c. One point for each percent of students who score at or above proficient on annual assessments for science in grades five and eight.

d. One point for each percent of students who progress in achieving English language proficiency on annual assessments in grades three through eight.

(2) For schools serving any students in ninth through twelfth grade, the State Board shall assign points on the following measures available for that school:

~~(4)~~a. One point for each percent of students who score at or above proficient on either the Algebra I or Integrated Math I end-of-course ~~test.~~test or, for students who completed Algebra I or Integrated Math I before ninth grade, another mathematics course with an end-of-course test.

~~(5)~~b. One point for each percent of students who score at or above proficient on the English II end-of-course test.

~~(6)~~c. One point for each percent of students who score at or above proficient on the Biology end-of-course test.

~~(7)~~d. One point for each percent of students who complete Algebra II or Integrated Math III with a passing grade.

~~(8)~~e. One point for each percent of students who achieve the minimum score required for admission into a constituent institution of The University of North Carolina on a nationally normed test of college readiness.

~~(9)~~f. One point for each percent of students enrolled in Career and Technical Education courses who meet the standard when scoring at Silver, Gold, or Platinum levels on a nationally normed test of workplace readiness.

~~(10)~~g. One point for each percent of students who graduate within four years of entering high school.

h. One point for each percent of students who progress in achieving English language proficiency.

In calculating the overall school achievement score earned by schools, the State Board of Education shall (i) use a composite approach to weigh the achievement elements based on the number of students measured by any given achievement element and (ii) proportionally adjust the scale to account for the absence of a school achievement element for award of scores to a school that does not have a measure of one of the school achievement elements annually assessed for the grades taught at that school. The overall school achievement score shall be translated to a 100-point scale and used for school reporting purposes as provided in G.S. 115C-12(9)c1., 115C-218.65, 115C-238.66, and 116-239.8.

(c) Calculation of the School Growth ~~Score.~~Score as a Measure of School Quality and Student Success. – Using EVAAS, the State Board shall calculate the overall growth score earned by ~~schools.~~schools as a measure of school quality and student success. In calculating the total growth score earned by schools, the State Board of Education shall weight student growth on the achievement indicators as provided in subsection (b) of this section that have available growth values. The numerical values used to determine whether a school has met, exceeded, or has not met expected growth shall be translated to a 100-point scale and used for school reporting purposes as provided in G.S. 115C-12(9)c1., 115C-218.65, 115C-238.66, and 116-239.8.

(d) Calculation of the Overall School Performance Scores and Grades. – The State Board of Education shall use EVAAS to calculate the overall school performance score by adding the school achievement score, as provided in subsection (b) of this section, and the school growth score, as provided in subsection (c) of this section, earned by a school. The school achievement score shall account for eighty percent (80%), and the school growth score shall account for twenty percent (20%) of the total sum. ~~If a school has met expected growth and inclusion of the school's growth score reduces the school's performance score and grade, a school may choose to use the school achievement score solely to calculate the performance score and grade.~~ For all schools, the total school performance score shall be converted to a 100-point scale and used to determine ~~a~~ an overall school performance ~~grade~~grade. The overall school performance grade shall be based on the following ~~scale:~~scale and shall not be modified to add any other designation related to other performance measures, such as a "plus" or "minus":

(1) A school performance score of at least 90 is equivalent to an overall school performance grade of A.

(2) A school performance score of at least 80 is equivalent to an overall school performance grade of B.

(3) A school performance score of at least 70 is equivalent to an overall school performance grade of C.

(4) A school performance score of at least 60 is equivalent to an overall school performance grade of D.

(5) A school performance score of less than 60 points is equivalent to an overall school performance grade of F.

(1) Economically disadvantaged students.

(2) Students from major racial and ethnic groups.

(3) Children with disabilities.

(4) English learners.

(d2) Calculation of the School Performance Scores and Grades for Certain Subgroups of Students Served by a School. – In addition to the overall school performance scores and grades awarded under this section, for each school that serves a minimum number of students in a subgroup of students listed in subsection (d1) of this section, the State Board of Education shall use EVAAS to calculate school performance scores and shall determine a corresponding school performance grade for each subgroup using the same method as set forth in subsection (d) of this section. School performance scores for subgroups of students shall not be included in the calculation of the overall school performance scores and grades under subsection (d) of this section.

(d3) Report of Subgroup Performance Scores and Grades. – The subgroup performance scores and grades shall be reported separately on the annual school report card provided under G.S. 115C-12(9)c1., 115C-218.65, 115C-238.66, and 116-239.8 in a way that provides the following information:

(e) Elementary and Middle School Reading and Math Achievement Scores. – For schools serving students in kindergarten through eighth grade, the school achievement scores in reading and mathematics, respectively, shall be reported separately on the annual school report card provided under G.S. 115C-12(9)c1., 115C-218.65, 115C-238.66, and 116-239.8.

(f) Indication of Growth. – In addition to awarding the overall school scores for achievement, growth, and performance and the performance grade, using EVAAS, the State Board shall designate that a school has met, exceeded, or has not met expected growth. The designation of student growth shall be clearly displayed in the annual school report card provided under G.S. 115C-12(9)c1., 115C-218.65, 115C-238.66, and 116-239.8.

(g) Access to Annual Report Card Information on the Department's Web Site. – Beginning with data collected in the 2017-2018 school year, the State Board of Education shall provide user-friendly access to the public on the annual report cards issued for local school administrative units and individual schools provided under G.S. 115C-12(9)c1., 115C-218.65, 115C-238.66, and 116-239.8 through the Department of Public Instruction's Web site. ESTABLISH BOARD OF POSTSECONDARY EDUCATION CREDENTIALS

SECTION 9.11.(a) Chapter 115D of the General Statutes is amended by adding a new Article to read:

"Article 9.

"Postsecondary Education Credentials.

"**§ 115D-100. Board of Postsecondary Education Credentials.**

(a) Findings. – The General Assembly finds that, in today's economy, opportunities for North Carolina's citizens to reach the middle class with a high school level education or even less have significantly decreased. To be competitive and obtain better paying jobs that lead to a better quality of life in the State's current and future economy, most citizens will need some type of postsecondary education that qualifies them for employment. The General Assembly recognizes the importance of bringing together potential employers and providers of postsecondary education for the purpose of identifying workforce skills and training needs and developing courses of study and vocational training that meet the standards expected and required by industries, corporations, and other employers. The General Assembly further finds that the establishment of a permanent board with members who are knowledgeable about postsecondary education and workforce training needs will enable providers of postsecondary education to prepare and design training programs that are responsive to workforce needs and that will assist the State's citizens in securing the credentials required to obtain better paying jobs.

The General Assembly recognizes that postsecondary education opportunities should be easily available and accessible to all citizens. Therefore, the General Assembly encourages State educators, when designing the method and manner for delivering postsecondary educational programs, to take into account the varying income levels and economic circumstances of the State's citizens, transportation needs, and other unique challenges in both urban and rural areas of the State that affect accessibility to postsecondary education opportunities and to make genuine efforts to accommodate and address those factors.

The General Assembly also finds that most employers consider postsecondary credentials such as academic degrees and high-quality, nondegree certifications awarded by institutions of higher education when determining whether a person has the expertise and skills required for a job. However, high-quality credentials may also be obtained through other alternative models such as open-source online programs, on-the-job training, and military experience. Therefore, it is essential that a system also be devised in which the meaning and validity of postsecondary credentials is clear and understandable to educators, employers, and students and that accurately conveys the knowledge, skills, and training obtained by an individual however and wherever it is obtained.

(b) Board Established. – There is established the Board of Postsecondary Education Credentials to be located administratively under the Community Colleges System Office; however, the Board shall exercise all its prescribed powers independently of the Community Colleges System Office. The Board shall consist of the following members:

(1) The Lieutenant Governor.
(2) The President of The University of North Carolina or the President's designee.
(3) The President of the North Carolina Community College System or the President's designee.
(4) The Superintendent of Public Instruction or the Superintendent's designee.
(5) The Commissioner of Labor or the Commissioner's designee.
(6) The Secretary of Commerce or the Secretary's designee.
(7) The President of North Carolina Independent Colleges and Universities or the President's designee.
(8) The Executive Director of the Office of Proprietary Schools or the Executive Director's designee.
(9) The President of the North Carolina Hospital Association or the President's designee.
(10) The Executive Director of the North Carolina State Education Assistance Authority or the Executive Director's designee.

(c) Purpose. – The purpose of the Board is to review and make recommendations for the development of a statewide system of postsecondary education that links industry,

corporations, and businesses in this State with educators, government, and community organizations to identify workforce skills and training needs and to ensure that appropriate courses of study and vocational training are available to North Carolinians, including those preparing to pursue postsecondary education, entering the workforce, or seeking to update skills and training for purposes of retaining employment and advancing in the workforce.

In addition, the Board shall identify alternative ways in which people gain valuable workforce skills and experience, such as on-the-job training, that are not represented by four-year or two-year degrees and the types of credentials used to signify competence of a certain level upon successful completion of the alternative training experience. The Board shall review and make recommendations on those criteria to be used to determine the value of a nondegree credential, the competencies that it represents, and how it should be compared and valued with regard to other types of postsecondary credentials.

(d) Duties. – The duties of the Board include the following:

(1) Recommend State goals and a framework for achieving those goals among educators to ensure that, by 2025, the appropriate percentage, as recommended by the Board, of the State's adult citizens will hold degrees, certificates, or other high-quality postsecondary credentials. The Board shall recommend a division of responsibility among The University of North Carolina System, the State's Community College System, and any other providers of postsecondary education credentials for achieving the goals recommended by the Board. The Board shall periodically review the progress made toward the recommended goals, evaluate the strategies developed and used toward attaining those goals, and may make additional recommendations.

(2) Identify the credentials that are acceptable for meeting those recommended goals and recommend how the responsibility for providing the courses of study and training for those credentials should be assigned among the State's educators and others. In making these recommendations, consideration shall be given to the fact that the individuals who need these courses of study and training are of various economic levels and are also located in rural areas and metropolitan areas across the State. These factors shall be taken into account with regard to the location and delivery of the courses of study and training programs.

(3) Address the issue of postsecondary credentials, the various levels of skill and knowledge those credentials signify, and how to accurately convey that information to employers, students and trainees, and providers of postsecondary education. The Board shall consider procedures and methods for recognizing skills and training needed in the workforce that an individual may have obtained through military experience, through on-the-job and employee-proved training, or through other life experiences.

(e) Chair. – The Lieutenant Governor shall serve as Chair of the Board.

(f) Hire Staff and Consultants. – To the extent of funds available, the Chair of the Board may, with the approval of the Board, hire staff or consultants to assist the Board in carrying out its purpose and duties.

(g) Travel and Subsistence. – Members, staff, and consultants of the Board shall receive travel and subsistence expenses in accordance with the provisions of G.S. 138-5 or G.S. 138-6, as appropriate.

(h) Meeting Space. – With the approval of the Legislative Services Commission, space in the Legislative Building and the Legislative Office Building may be made available to the Board.

(i) Frequency of Meetings and Quorum. – The Board shall meet upon the call of the Chair and shall have its first meeting no later than October 1, 2017. The Board shall meet at

least quarterly. A majority of the members of the Board shall constitute a quorum for the transaction of business.

(j) Reporting Requirement. – The Board shall submit to the Joint Legislative Education Oversight Committee an initial report no later than March 1, 2018, regarding the goals recommended by the Board pursuant to this section and the progress made toward meeting those goals. The Board shall submit a progress report to the Committee no later than March 1, 2019, regarding the progress made toward meeting the goals. Boys and Girls Clubs shall be required to seek future funding through the competitive grants process in accordance with subsection (b) of this section.

SECTION 11A.14.(f) Funds appropriated pursuant to this section that have been awarded but not yet disbursed or encumbered at the end of each fiscal year shall not revert but shall remain available for expenditure.

Eligibility determinations for NC Pre-K participants may continue through local education agencies and local North Carolina Partnership for Children, Inc., partnerships.

Other than developmental disabilities or other chronic health issues, the Division shall not consider the health of a child as a factor in determining eligibility for participation in the NC Pre-K program.

SECTION 11B.1.(b) Multiyear Contracts. – The Division of Child Development and Early Education shall require the NC Pre-K contractor to issue multiyear contracts for licensed private child care centers providing NC Pre-K classrooms.

SECTION 11B.1.(b1) Building Standards. – Notwithstanding G.S. 110-91(4), private child care facilities and public schools operating NC Pre-K classrooms shall meet the building standards for preschool students as provided in G.S. 115C-521.1.

(4) The results of an annual evaluation of the NC Pre-K program.

SECTION 11B.1.(f) Audits. – The administration of the NC Pre-K program by local partnerships shall be subject to the financial and compliance audits authorized under G.S. 143B-168.14(b).

STATE AGENCY CONTINUED COLLABORATION ON EARLY CHILDHOOD EDUCATION/TRANSITION FROM PRESCHOOL TO KINDERGARTEN

SECTION 11B.2.(a) The Department of Health and Human Services, in consultation with the Department of Public Instruction and any other agencies or organizations that administer, support, or study early education in this State, and within resources currently available, shall continue to collaborate on an ongoing basis in the development and implementation of a statewide vision for early childhood education. In collaborating in this effort, the agencies shall continue developing a comprehensive approach to early childhood education, birth through third grade, including creating cross agency accountability with a comprehensive set of data indicators, including consideration of the NC Pathways to Grade-Level Reading, to monitor and measure success of the early childhood education systems.

SECTION 11B.2.(b) The Department of Health and Human Services, the Department of Public Instruction, and any other agencies or organizations that administer, support, or study early education programs in this State shall submit a follow-up report of their findings and recommendations, including any legislative proposals, on the statewide vision for early childhood education pursuant to subsection (a) of this section to the Joint Legislative Oversight Committee on Health and Human Services and the Joint Legislative Education Oversight Committee on or before January 1, 2018, and may make any subsequent reports, annually, on or before January 1, as needed to those same committees.

SECTION 11B.2.(c) The Department of Health and Human Services, in consultation with the Department of Public Instruction, shall continue developing a standardized program to transition children from preschool to kindergarten. In developing this standardized transition program, the Department of Health and Human Services shall identify, at a minimum:

(1) Methods to standardize student transition information such that it is quantifiable.

(2) Recommendations for sharing data contained in a student's transition plan between preschool teachers and either kindergarten teachers or the schools that receive the incoming kindergarten students.

(3) Recommendations for sharing data contained in a student's transition plan between preschool teachers and the parents or guardians of the child who is transitioning to kindergarten.

(4) Recommendations for preschool teacher training and continuing education to support their role in completing transition plans for preschool children.

(5) Recommendations for baseline information that should be compiled in transition plans for students transitioning to kindergarten.

(6) Procedures for the management of transition plan documents, including recommendations for the length of records retention, provisions for confidentiality, and proper disposal.

SECTION 11B.2.(d) The Department of Health and Human Services shall report on the development of the standardized transition program required pursuant to subsection (c) of this section, including any findings and recommendations and any legislative proposals, to the Joint Legislative Oversight Committee on Health and Human Services and the Joint Legislative Education Oversight Committee on or before January 1, 2018.

CHILD CARE SUBSIDY RATES

SECTION 11B.3.(a) The maximum gross annual income for initial eligibility, adjusted biennially, for subsidized child care services shall be determined based on a percentage of the federal poverty level as follows:

AGE	**INCOME PERCENTAGE LEVEL**
0 – 5	200%
6 – 12	133%

The eligibility for any child with special needs, including a child who is 13 years of age or older, shall be two hundred percent (200%) of the federal poverty level.

SECTION 11B.3.(b) Fees for families who are required to share in the cost of care are established based on ten percent (10%) of gross family income. When care is received at the blended rate, the co-payment shall be eighty-three percent (83%) of the full-time co-payment. Co-payments for part-time care shall be seventy-five percent (75%) of the full-time co-payment.

SECTION 11B.3.(c) Payments for the purchase of child care services for low-income children shall be in accordance with the following requirements:

(1) Religious sponsored child care facilities operating pursuant to G.S. 110-106 and licensed child care centers and homes that meet the minimum licensing standards that are participating in the subsidized child care program shall be paid the one-star county market rate or the rate they charge privately paying parents, whichever is lower, unless prohibited by subsection (f) of this section.

(2) Licensed child care centers and homes with two or more stars shall receive the market rate for that rated license level for that age group or the rate they charge privately paying parents, whichever is lower, unless prohibited by subsection (g) of this section.

(3) Nonlicensed homes shall receive fifty percent (50%) of the county market rate or the rate they charge privately paying parents, whichever is lower.

(4) No payments shall be made for transportation services or registration fees charged by child care facilities.

(5) Payments for subsidized child care services for postsecondary education shall be limited to a maximum of 20 months of enrollment.

(6) The Department of Health and Human Services shall implement necessary rule changes to restructure services, including, but not limited to, targeting benefits to employment.

SECTION 11B.3.(d) Provisions of payment rates for child care providers in counties that do not have at least 50 children in each age group for center-based and home-based care are as follows:

(1) Except as applicable in subdivision (2) of this subsection, payment rates shall be set at the statewide or regional market rate for licensed child care centers and homes.

(2) If it can be demonstrated that the application of the statewide or regional market rate to a county with fewer than 50 children in each age group is lower than the county market rate and would inhibit the ability of the county to purchase child care for low-income children, then the county market rate may be applied.

SECTION 11B.3.(e) A market rate shall be calculated for child care centers and homes at each rated license level for each county and for each age group or age category of enrollees and shall be representative of fees charged to parents for each age group of enrollees within the county. The Division of Child Development and Early Education shall also calculate a statewide rate and regional market rate for each rated license level for each age category.

SECTION 11B.3.(f) The Division of Child Development and Early Education shall continue implementing policies that improve the quality of child care for subsidized children, including a policy in which child care subsidies are paid, to the extent possible, for child care in the higher quality centers and homes only. The Division shall define higher quality, and subsidy funds shall not be paid for one- or two-star rated facilities. For those counties with an inadequate number of four- and five-star rated facilities, the Division shall continue a transition period that allows the facilities to continue to receive subsidy funds while the facilities work on the increased star ratings. The Division may allow exemptions in counties where there is an inadequate number of four- and five-star rated facilities for non-star rated programs, such as religious programs.

SECTION 11B.3.(g) Facilities licensed pursuant to Article 7 of Chapter 110 of the General Statutes and facilities operated pursuant to G.S. 110-106 may participate in the program that provides for the purchase of care in child care facilities for minor children of needy families. Except as authorized by subsection (f) of this section, no separate licensing requirements shall be used to select facilities to participate. In addition, child care facilities shall be required to meet any additional applicable requirements of federal law or regulations. Child care arrangements exempt from State regulation pursuant to Article 7 of Chapter 110 of the General Statutes shall meet the requirements established by other State law and by the Social Services Commission.

County departments of social services or other local contracting agencies shall not use a provider's failure to comply with requirements in addition to those specified in this subsection as a condition for reducing the provider's subsidized child care rate.

SECTION 11B.3.(h) Payment for subsidized child care services provided with Temporary Assistance for Needy Families Block Grant funds shall comply with all regulations and policies issued by the Division of Child Development and Early Education for the subsidized child care program.

SECTION 11B.3.(i) Noncitizen families who reside in this State legally shall be eligible for child care subsidies if all other conditions of eligibility are met. If all other conditions of eligibility are met, noncitizen families who reside in this State illegally shall be eligible for child care subsidies only if at least one of the following conditions is met:

(1) The child for whom a child care subsidy is sought is receiving child protective services or foster care services.

(2) The child for whom a child care subsidy is sought is developmentally delayed or at risk of being developmentally delayed.

(3) The child for whom a child care subsidy is sought is a citizen of the United States.

SECTION 11B.3.(j) The Department of Health and Human Services, Division of Child Development and Early Education, shall require all county departments of social services to include on any forms used to determine eligibility for child care subsidy whether the family waiting for subsidy is receiving assistance through the NC Pre-K Program or Head Start.

SECTION 11B.3.(k) Department of Defense-certified child care facilities licensed pursuant to G.S. 110-106.2 may participate in the State-subsidized child care program that provides for the purchase of care in child care facilities for minor children in needy families, provided that funds allocated from the State-subsidized child care program to Department of Defense-certified child care facilities shall supplement and not supplant funds allocated in accordance with G.S. 143B-168.15(g). Payment rates and fees for military families who choose Department of Defense-certified child care facilities and who are eligible to receive subsidized child care shall be as set forth in this section.

CHILD CARE SUBSIDY MARKET RATE INCREASES/CERTAIN AGE GROUPS AND COUNTIES

SECTION 11B.4.(a) Beginning October 1, 2017, the Department of Health and Human Services, Division of Child Development and Early Education (Division), shall increase the child care subsidy market rates to the rates recommended by the 2015 Child Care Market Rate Study for school-aged children in three-, four-, and five-star-rated child care centers and homes in tier one and tier two counties.

SECTION 11B.4.(b) Beginning October 1, 2017, the Division shall increase the child care subsidy market rates to the rates recommended by the 2015 Child Care Market Rate Study for children birth through two years of age in three-, four-, and five-star-rated child care centers and homes in tier three counties.

SECTION 11B.4.(c) For purposes of this section, tier one, tier two, and tier three counties shall have the same designations as those established by the N.C. Department of Commerce's 2015 County Tier Designations.

CHILD CARE ALLOCATION FORMULA

SECTION 11B.5.(a) The Department of Health and Human Services, Division of Child Development and Early Education (Division), shall allocate child care subsidy voucher funds to pay the costs of necessary child care for minor children of needy families. The mandatory thirty percent (30%) North Carolina Partnership for Children, Inc., subsidy allocation under G.S. 143B-168.15(g) shall constitute the base amount for each county's child care subsidy allocation. The Department of Health and Human Services shall use the following method when allocating federal and State child care funds, not including the aggregate mandatory thirty percent (30%) North Carolina Partnership for Children, Inc., subsidy allocation:

(1) Funds shall be allocated to a county based upon the projected cost of serving children under age 11 in families with all parents working who earn less than the applicable federal poverty level percentage set forth in Section 11B.3(a) of this act.

(2) The Division may withhold up to two percent (2%) of available funds from the allocation formula for (i) preventing termination of services throughout the fiscal year and (ii) repayment of any federal funds identified by counties as overpayments, including overpayments due to fraud. The Division shall allocate to counties any funds withheld before the end of the fiscal year when the Division determines the funds are not needed for the purposes described in this subdivision. The Division shall submit a report to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division, which report shall include each of the following:

a. The amount of funds used for preventing termination of services and the repayment of any federal funds.

b. The date the remaining funds were distributed to counties.

c. As a result of funds withheld under this subdivision and after funds have been distributed, any counties that did not receive at least the amount the counties received the previous year and the amount by which funds were decreased.

The Division shall submit a report in each year of the 2017-2019 fiscal biennium 30 days after the funds withheld pursuant to this subdivision are distributed but no later than April 1 of each respective year.

(3) The Division shall set aside four percent (4%) of child care subsidy allocations for vulnerable populations, which include a child identified as having special needs and a child whose application for assistance indicates that the child and the child's family is experiencing homelessness or is in a temporary living situation. A child identified by this subdivision shall be given priority for receiving services until such time as set-aside allocations for vulnerable populations are exhausted.

SECTION 11B.5.(b) The Division may reallocate unused child care subsidy voucher funds in order to meet the child care needs of low-income families. Any reallocation of funds shall be based upon the expenditures of all child care subsidy voucher funding, including North Carolina Partnership for Children, Inc., funds within a county. Counties shall manage service levels within the funds allocated to the counties. A county with a spending coefficient over one hundred percent (100%) shall submit a plan to the Division for managing the county's allocation before receiving any reallocated funds.

SECTION 11B.5.(c) When implementing the formula under subsection (a) of this section, the Division shall include the market rate increase in the formula process rather than calculating the increases outside of the formula process. Additionally, the Department shall do the following:

(1) Implement the final one-third change in a county's allocation beginning fiscal year 2018-2019. A county's initial allocation shall be the county's expenditure in the previous fiscal year or a prorated share of the county's previous fiscal year expenditures if sufficient funds are not available. With the exception of market rate increases consistent with any increases approved by the General Assembly, a county whose spending coefficient is less than ninety-two percent (92%) in the previous fiscal year shall receive its prior year's expenditure as its allocation and shall not receive an increase in its allocation in the following year. A county whose spending coefficient is at least ninety-two percent (92%) in the previous fiscal year shall receive, at a minimum, the amount it expended in the previous fiscal year and may receive additional funding, if available. The Division may waive this requirement and allow an increase if the spending coefficient is below ninety-two percent (92%) due to extraordinary circumstances, such as a State or federal disaster declaration in the affected county. By October 1 of each year, the Division shall report to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division the counties that received a waiver pursuant to this subdivision and the reasons for the waiver.

(2) Effective immediately following the next new decennial census data release, implement (i) one-third of the change in a county's allocation in the year following the data release, (ii) an additional one-third of the change in a county's allocation beginning two years after the initial change under this subdivision, and (iii) the final one-third change in a county's allocation beginning the following two years thereafter.

CODIFY CERTAIN CHILD CARE SUBSIDY PROVISIONS

SECTION 11B.6. Article 3 of Chapter 143B of the General Statutes is amended by adding a new Part to read:

"Part 10C. Child Care Subsidy.

"**§ 143B-168.25. Child care funds matching requirements.**

No local matching funds may be required by the Department of Health and Human Services as a condition of any locality's receiving its initial allocation of child care funds unless federal law requires a match. If the Department reallocates additional funds above twenty-five thousand dollars ($25,000) to local purchasing agencies beyond their initial allocation, local purchasing agencies must provide a twenty percent (20%) local match to receive the reallocated funds. Matching requirements shall not apply when funds are allocated because of an emergency as defined in G.S. 166A-19.3(6).

"**§ 143B-168.26. Child care revolving loan.**

Notwithstanding any law to the contrary, funds budgeted for the Child Care Revolving Loan Fund may be transferred to and invested by the financial institution contracted to operate the Fund. The principal and any income to the Fund may be used to make loans, reduce loan interest to borrowers, serve as collateral for borrowers, pay the contractor's cost of operating the Fund, or pay the Department's cost of administering the program.

"**§ 143B-168.27. Administrative allowance for county departments of social services; use of subsidy funds for fraud detection.**

(a) The Department of Health and Human Services, Division of Child Development and Early Education (Division), shall fund the allowance that county departments of social services may use for administrative costs at four percent (4%) of the county's total child care subsidy funds allocated in the Child Care and Development Fund Block Grant plan or eighty thousand dollars ($80,000), whichever is greater.

(b) Each county department of social services may use up to two percent (2%) of child care subsidy funds allocated to the county for fraud detection and investigation initiatives.

(c) The Division may adjust the allocations in the Child Care and Development Fund Block Grant according to (i) the final allocations for local departments of social services under subsection (a) of this section and (ii) the funds allocated for fraud detection and investigation initiatives under subsection (b) of this section. The Division shall submit a report on the final adjustments to the allocations of the four percent (4%) administrative costs to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division no later than September 30 of each year."

CHILD CARE SUBSIDY RECIPIENTS TO COOPERATE WITH CHILD SUPPORT SERVICES/DEMONSTRATION PROJECT

SECTION 11B.7.(a) Beginning January 1, 2018, or 30 days from the date the U.S. Department of Health and Human Services, Office of Child Care, approves the revised Child Care and Development Fund (CCDF) plan, or whichever occurs later, the Department of Health and Human Services, the Division of Child Development and Early Education (DCDEE) and the Division of Social Services (DSS), shall implement a one-year statewide demonstration project in accordance with S.L. 2015-51 requiring a custodial parent or other relative or person with primary custody of the child who is receiving child care subsidy payments to cooperate with the county child support services program as a condition of receiving child care subsidy payments. DCDEE and DSS shall conduct the demonstration project in at least three counties, but no more than six, that represent the three regions of the State in both rural and urban settings. DCDEE and DSS may solicit counties to volunteer for the demonstration project. In selecting counties to participate in the demonstration project, DCDEE and DSS shall (i) consider the various methods counties employ in receiving and processing child care subsidy applications and (ii) compare the data from the counties participating in the demonstration project to counties that are similarly sized and situated that do not participate in the demonstration project.

SECTION 11B.7.(b) The statewide demonstration project shall include, at a minimum, the components described in Section 1(a) of S.L. 2015-51, as well as any criteria DCDEE and DSS identified in its report as submitted to the Joint Legislative Oversight Committee on Health and Human Services dated February 1, 2016. Specifically, as identified in that report, DCDEE and DSS shall consider, at a minimum, each of the following factors in evaluating the demonstration project:

(1) The number and percentage of applicants for whom the requirement to participate in child support services was presented who actually submitted a child support application and applied for and received subsidized child care assistance.

(2) The number and percentage of families exempted from the requirement under subdivision (1) of this subsection through good-cause exceptions.

(3) The number and percentage of families that initially receive child support payments but become ineligible for subsidized child care assistance as a result of their increased income or family status.

(4) The number and percentage of families enrolled in the subsidized child care assistance program at the beginning of the demonstration project that exit the program due to imposed requirements for child support cooperation.

(5) The number and percentage of applicants who declined to apply or withdrew their application as a result of the requirement to cooperate with child support services.

(6) The number and percentage of child care subsidy recipients who begin receiving child support or, if receiving child support, the average increase in the recipients' child support received due to imposed requirements for child support cooperation.

SECTION 11B.7.(c) The Division of Child Development and Early Education and the Division of Social Services shall report on the results of the demonstration project to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division no later than March 1, 2019, or if the CCDF plan is approved after January 1, 2018, no later than three months from the date the one-year demonstration project is completed, whichever occurs later. The report shall include, at a minimum, each of the following:

(1) The factors evaluated under subsection (a) of this section.

(2) A detailed project plan and any costs associated with implementing the plan, specifically, any technology needs.

(3) Any recommendations for or challenges with sustaining the plan long term.

SMART START INITIATIVES

SECTION 11B.8.(a) Policies. – The North Carolina Partnership for Children, Inc., and its Board shall ensure policies focus on the North Carolina Partnership for Children, Inc.'s mission of improving child care quality in North Carolina for children from birth to five years of age. North Carolina Partnership for Children, Inc.-funded activities shall include assisting child care facilities with (i) improving quality, including helping one-, two-, and three-star-rated facilities increase their star ratings, and (ii) implementing prekindergarten programs. State funding for local partnerships shall also be used for evidence-based or evidence-informed programs for children from birth to five years of age that do the following:

(1) Increase children's literacy.

(2) Increase the parents' ability to raise healthy, successful children.

(3) Improve children's health.

(4) Assist four- and five-star-rated facilities in improving and maintaining quality.

SECTION 11B.8.(b) Administration. – Administrative costs shall be equivalent to, on an average statewide basis for all local partnerships, not more than eight percent (8%) of the total statewide allocation to all local partnerships. For purposes of this subsection,

administrative costs shall include costs associated with partnership oversight, business and financial management, general accounting, human resources, budgeting, purchasing, contracting, and information systems management. The North Carolina Partnership for Children, Inc., shall continue using a single statewide contract management system that incorporates features of the required standard fiscal accountability plan described in G.S. 143B-168.12(a)(4). All local partnerships are required to participate in the contract management system and, directed by the North Carolina Partnership for Children, Inc., to collaborate, to the fullest extent possible, with other local partnerships to increase efficiency and effectiveness.

SECTION 11B.8.(c) Salaries. – The salary schedule developed and implemented by the North Carolina Partnership for Children, Inc., shall set the maximum amount of State funds that may be used for the salary of the Executive Director of the North Carolina Partnership for Children, Inc., and the directors of the local partnerships. The North Carolina Partnership for Children, Inc., shall base the schedule on the following criteria:

(1) The population of the area serviced by a local partnership.
(2) The amount of State funds administered.
(3) The amount of total funds administered.
(4) The professional experience of the individual to be compensated.
(5) Any other relevant factors pertaining to salary, as determined by the North Carolina Partnership for Children, Inc.

The salary schedule shall be used only to determine the maximum amount of State funds that may be used for compensation. Nothing in this subsection shall be construed to prohibit a local partnership from using non-State funds to supplement an individual's salary in excess of the amount set by the salary schedule established under this subsection.

SECTION 11B.8.(d) Match Requirements. – The North Carolina Partnership for Children, Inc., and all local partnerships shall, in the aggregate, be required to match one hundred percent (100%) of the total amount budgeted for the program in each fiscal year of the 2017-2019 biennium. Of the funds the North Carolina Partnership for Children, Inc., and the local partnerships are required to match, contributions of cash shall be equal to at least thirteen percent (13%) and in-kind donated resources shall be equal to no more than six percent (6%) for a total match requirement of nineteen percent (19%) for each year of the 2017-2019 fiscal biennium. The North Carolina Partnership for Children, Inc., may carry forward any amount in excess of the required match for a fiscal year in order to meet the match requirement of the succeeding fiscal year. Only in-kind contributions that are quantifiable shall be applied to the in-kind match requirement. Volunteer services may be treated as an in-kind contribution for the purpose of the match requirement of this subsection. Volunteer services that qualify as professional services shall be valued at the fair market value of those services. All other volunteer service hours shall be valued at the statewide average wage rate as calculated from data compiled by the Division of Employment Security of the Department of Commerce in the Employment and Wages in North Carolina Annual Report for the most recent period for which data are available. Expenses, including both those paid by cash and in-kind contributions, incurred by other participating non-State entities contracting with the North Carolina Partnership for Children, Inc., or the local partnerships also may be considered resources available to meet the required private match. In order to qualify to meet the required private match, the expenses shall:

(1) Be verifiable from the contractor's records.
(2) If in-kind, other than volunteer services, be quantifiable in accordance with generally accepted accounting principles for nonprofit organizations.
(3) Not include expenses funded by State funds.
(4) Be supplemental to and not supplant preexisting resources for related program activities.

(5) Be incurred as a direct result of the Early Childhood Initiatives Program and be necessary and reasonable for the proper and efficient accomplishment of the Program's objectives.
(6) Be otherwise allowable under federal or State law.
(7) Be required and described in the contractual agreements approved by the North Carolina Partnership for Children, Inc., or the local partnership.
(8) Be reported to the North Carolina Partnership for Children, Inc., or the local partnership by the contractor in the same manner as reimbursable expenses.

Failure to obtain a nineteen-percent (19%) match by June 30 of each year of the 2017-2019 fiscal biennium shall result in a dollar-for-dollar reduction in the appropriation for the Program for a subsequent fiscal year. The North Carolina Partnership for Children, Inc., shall be responsible for compiling information on the private cash and in-kind contributions into a report that is submitted to the Joint Legislative Oversight Committee on Health and Human Services in a format that allows verification by the Department of Revenue. The same match requirements shall apply to any expansion funds appropriated by the General Assembly.

SECTION 11B.8.(e) Bidding. – The North Carolina Partnership for Children, Inc., and all local partnerships shall use competitive bidding practices in contracting for goods and services on contract amounts as follows:

(1) For amounts of five thousand dollars ($5,000) or less, the procedures specified by a written policy as developed by the Board of Directors of the North Carolina Partnership for Children, Inc.
(2) For amounts greater than five thousand dollars ($5,000), but less than fifteen thousand dollars ($15,000), three written quotes.
(3) For amounts of fifteen thousand dollars ($15,000) or more, but less than forty thousand dollars ($40,000), a request for proposal process.
(4) For amounts of forty thousand dollars ($40,000) or more, a request for proposal process and advertising in a major newspaper.

SECTION 11B.8.(f) Allocations. – The North Carolina Partnership for Children, Inc., shall not reduce the allocation for counties with less than 35,000 in population below the 2012-2013 funding level.

SECTION 11B.8.(g) Performance-Based Evaluation. – The Department of Health and Human Services shall continue to implement the performance-based evaluation system.

SECTION 11B.8.(h) Expenditure Restrictions. – The Department of Health and Human Services and the North Carolina Partnership for Children, Inc., shall ensure that the allocation of funds for Early Childhood Education and Development Initiatives for the 2017-2019 fiscal biennium shall be administered and distributed in the following manner:

(1) Capital expenditures are prohibited for the 2017-2019 fiscal biennium. For the purposes of this section, "capital expenditures" means expenditures for capital improvements as defined in G.S. 143C-1-1(d)(5).
(2) Expenditures of State funds for advertising and promotional activities are prohibited for the 2017-2019 fiscal biennium.

For the 2017-2019 fiscal biennium, local partnerships shall not spend any State funds on marketing campaigns, advertising, or any associated materials. Local partnerships may spend any private funds the local partnerships receive on those activities.

SMART START EARLY LITERACY INITIATIVE/DOLLY PARTON'S IMAGINATION LIBRARY

SECTION 11B.9.(a) Funds allocated to the North Carolina Partnership for Children, Inc., from the Department of Health and Human Services, shall be used to increase access to Dolly Parton's Imagination Library, an early literacy program that mails age-appropriate books on a monthly basis to children registered for the program, with the intent that, upon full implementation, access to the program shall be statewide.

EVERY WEEK COUNTS DEMONSTRATION PROJECT

SECTION 11E.12.(a) The General Assembly finds that preterm birth is the major driver of infant mortality in the United States and the leading cause of long-term neurological disabilities in children. It further finds that the counties in North Carolina with the highest infant mortality rates are multiply burdened by high rates of preterm birth and high rates of poverty and also tend to be counties that are also disproportionately composed of racial minorities. It is the intent of the General Assembly to reduce the incidence of preterm birth and infant mortality by funding and supporting for a period of at least three years a demonstration project in two counties of Perinatal Care Region V of North Carolina to study (i) the extent to which a home-based prenatal care model can reduce the rate of preterm birth among multiparous women and (ii) whether multiparous women without a prior preterm birth, but with multiple risk factors for preterm birth in the current pregnancy, may benefit from 17 Alpha-Hydroxyprogesterone Caproate (17P) therapy.

SECTION 11E.12.(b) To that end, funds in the amount of two million two hundred thousand dollars ($2,200,000) in nonrecurring funds from the federal Maternal and Child Health Block Grant funds referenced in Section 11L.1 of this act shall be allocated to the Department of Health and Human Services, Division of Public Health, for the 2017-2018 fiscal year and for the 2018-2019 fiscal year to conduct a demonstration project in Robeson and Columbus counties to do the following:

(1) Investigate the effectiveness of in-home prenatal care for the prevention of preterm birth among multiparous women of low income.

(2) Conduct a nested randomized controlled trial of 17P for preterm birth prevention among women without a prior preterm birth, but with a significant constellation of risk factors that increases their likelihood of having a preterm birth in the current pregnancy.

Multiparous women at or below one hundred eighty-five percent (185%) of the federal poverty level and primaparous women at or below two hundred percent (200%) of the federal poverty level, who are in the early stages of pregnancy, ideally prior to 17 weeks gestation, are eligible to participate in the demonstration project regardless of age or medical

history. Faculty at the University of North Carolina at Chapel Hill shall supervise the demonstration project.

SECTION 11E.12.(c) The demonstration project shall consist of at least all of the following components:

(1) An Every Week Counts enrollment visit that includes an early ultrasound assessment and a complete medical examination to ascertain baseline health characteristics, presence of reproductive tract infections, and other risk factors for preterm birth including reproductive history and other relevant factors. The enrollment visit shall also include a detailed interview to ascertain the social and psychological state of the program participant.

(2) Women enrolled in Every Week Counts shall receive home visits during pregnancy that combine a home-based prenatal care model with social interventions focused on addressing barriers to completing educational goals, obtaining employment, identifying reliable and high-quality child care, and addressing the health and safety needs of the growing family.

(3) Women enrolled in Every Week Counts shall receive home visits during the first two years of their child's life. Program participants and their infants will be followed until the child's second birthday. In these monthly visits, the child's health, growth, and development will be tracked; the mother will be provided with information on nutritional, health, and developmental needs; and children in need of Early Intervention Services will be identified to ensure school readiness. Primary health care in addition to targeted education in early childhood development and health needs will be provided to participants in a home setting. In order to track the development of these children, standardized tests will be administered periodically to assess cognitive, psychomotor, and behavioral development.

(4) There shall be a randomized clinical trial of 17P within Every Week Counts in a population of women enriched for preterm birth susceptibility. Eligible women that choose to enroll in this intervention trial will be randomized to a weekly 17P injection after 16-20 weeks' gestation or a sham injection. Women who choose to participate in the 17P intervention trial will be co-enrolled in Every Week Counts and will receive all the same home-based prenatal care and child development services, but will receive weekly visits from the Nurse Practitioner after 16-20 weeks' gestation in order to deliver the 17P intramuscular injection.

SECTION 11E.12.(d) Not later than six months after the conclusion of the demonstration project, the University of North Carolina at Chapel Hill shall submit a final report on the demonstration project to the Department that addresses at least all of the following:

(1) For the Every Week Counts part of the demonstration project:

a. Percent preterm and low birth weight relative to overall county statistics in current and prior years using vital statistics data, within categories of race/ethnicity and parity.

b. Percent initiating breastfeeding at delivery and the average duration of breastfeeding.

c. Percent reporting active smoking at the time of delivery.

d. Uptake of contraception postpartum.

e. Average length of interpregnancy interval.

f. Percent of children meeting developmental milestones in the first year.

g. Number of emergency room visits related to child health in the first two years.

(2) For the 17P Intervention Trial, relative risk of preterm birth in treated versus untreated program participants.

SECTION 11E.12.(e) Not later than three months after the Department receives the report due under subsection (d) of this section, the Department shall submit a final report to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division evaluating the demonstration project. At a minimum, the report shall include all of the following:

(1) An estimate of the cost to expand the program incrementally and statewide.

(2) An estimate of any potential savings of State funds associated with expansion of the program.

(3) If expansion of the program is recommended, a time line for expanding the program.

SECTION 11E.12.(f) The demonstration project authorized under this section shall terminate upon the submission of the report due under subsection (d) of this section by the University of North Carolina at Chapel Hill.

By March 1, 2018, the Secretary of Health and Human Services shall submit to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division a proposal for any adjustments to the specified recurring reductions among the LME/MCOs for future fiscal years. The proposal must include a detailed explanation supporting any proposed changes.

During each year of the 2017-2019 fiscal biennium, each LME/MCO shall offer at least the same level of service utilization as during the 2014-2015 fiscal year across the LME/MCO's catchment area. This requirement shall not be construed to require LME/MCOs to authorize or maintain the same level of services for any specific individual whose services were paid for with single-stream funding. Further, this requirement shall not be construed to create a private right of action for any person or entity against the State of North Carolina or the Department of Health and Human Services or any of its divisions, agents, or contractors and shall not be used as authority in any contested case brought pursuant to Chapter 108C or 108D of the General Statutes.

SECTION 11F.2.(c) The Department of Health and Human Services shall continue to use the monthly reporting package submitted by the LME/MCOs to the Department, as modified pursuant to Section 12F.2(c) of S.L. 2015-241, to include revenues and expenditures for the State funding sources for single-stream, intellectual and developmental disability, and substance abuse services on Schedule D2. Additionally, the Department shall continue to use appropriate schedules in the LME/MCO monthly reporting package, as modified pursuant to Section 12F.2(c) of S.L. 2015-241, to include unduplicated recipients and encounters in the same level of detail included in each D schedule for each source of funding for the reporting for the current and previous year's month and year-to-date periods. The Department shall continue to submit these reports to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division by the third Monday of each month.

SECTION 11F.2.(d) If, on or after June 1, 2018, the Office of State Budget and Management (OSBM) certifies a Medicaid budget surplus in funds 1310 and 1311 and sufficient cash in Budget Code 14445 to meet total obligations for the 2017-2018 fiscal year, then the Department of Health and Human Services, Division of Medical Assistance (DMA), may transfer to the DMH/DD/SAS funds not to exceed the amount of the certified surplus or thirty million dollars ($30,000,000), whichever is less, to offset the reduction in single-stream funding required by this section.

If, on or after June 1, 2019, the OSBM certifies a Medicaid budget surplus in funds 1310 and 1311 and sufficient cash in Budget Code 14445 to meet total obligations for fiscal year 2018-2019, then the DMA may transfer to the DMH/DD/SAS funds not to exceed the

amount of the certified surplus or thirty million dollars ($30,000,000), whichever is less, to offset the reduction in single-stream funding required by this section.

The DMH/DD/SAS shall allocate funds transferred pursuant to this subsection among the LME/MCOs based on the individual LME/MCO's percentage of nonrecurring reductions in single-stream funding for the fiscal year, as required by subsection (b) of this section. These funds shall be allocated as prescribed by June 30 of each State fiscal year.

SECTION 11F.2.(e) The Department of Health and Human Services shall develop a maintenance of effort (MOE) spending requirement for all mental health and substance abuse services which must be maintained using nonfederal, State appropriations on an annual basis in order to meet MOE requirements for federal block grant awards. LME/MCOs shall ensure the MOE spending requirement is met using State appropriations.

SECTION 11F.2.(f) Beginning July 1, 2017, and quarterly thereafter, the Secretary of Health and Human Services shall evaluate the financial position of each LME/MCO relative to the solvency standards to be developed by the Department and included in the statewide Strategic Plan for Behavioral Health Services pursuant to Section 12F.10(b)(4) of S.L. 2016-94 (approved solvency standards).

If, at any time, the Secretary determines an LME/MCO is at risk of failing financially in the ensuing two-year period, based on the approved solvency standards, the Secretary shall immediately meet with that LME/MCO for the purpose of evaluating the reasons for the LME/MCO's vulnerable financial position, including reasons attributable to trends in performance management and utilization of services. Within 30 days after meeting with an LME/MCO pursuant to this section, the Secretary shall submit a written report of its evaluation to the LME/MCO. By October 1, 2017, the Secretary shall submit an initial report to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division on each LME/MCO determined to be at risk of failing financially, identifying the reasons for each LME/MCO's vulnerable financial position.

Within 45 days after receiving the Secretary's report, the LME/MCO shall develop and submit to the Secretary, in writing, a proposed plan of corrective action with specific initiatives and actions to be implemented by the LME/MCO in order to bring its financial position into compliance with the approved solvency standards, along with a projected time line for completing each identified initiative or action and a deadline for achieving full compliance with the approved solvency standards. At a minimum, the proposed plan of corrective action shall address (i) rates paid to the LME/MCO and its providers for services, contracts, and administrative costs; (ii) utilization of services; (iii) management of the operations of the LME/MCO; and (iv) financial risk to the State.

Within 14 days after receiving the LME/MCO's proposed plan of corrective action, the Secretary shall make any changes to the proposed plan of corrective action it deems necessary for the LME/MCO to bring its financial position into compliance with the approved solvency standards and submit a final, Secretary-approved plan of corrective action to the LME/MCO, the Joint Legislative Oversight Committee on Health and Human Services, and the Fiscal Research Division.

The LME/MCO shall submit monthly reports to the Secretary on its progress under the final, Secretary-approved plan of corrective action. The Secretary shall submit monthly reports to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division evaluating the LME/MCO's progress under the final, Secretary-approved plan of corrective action, identifying any variance from the corrective plan of action that could be an obstacle to the LME/MCO achieving full compliance with the approved solvency standards by the deadline included in the final, Secretary-approved corrective plan of action.

MEDICAID SUBROGATION RIGHTS CONFORMING CHANGES

SECTION 11H.23. If Section 202(b) of the Bipartisan Budget Act of 2013, P.L. 113-67, takes effect on October 1, 2017, as provided in Section 202(c) of that act, as amended by Section 211 of the Protecting Access to Medicare Act of 2014, P.L. 113-93, and Section 220 of the Medicare Access and CHIP Reauthorization Act of 2015, P.L. 114-10, then G.S. 108A-57 reads as rewritten:

"**§ 108A-57. Subrogation rights; withholding of information a misdemeanor.**

(a) As used in this section, the term "beneficiary" means (i) the beneficiary of medical assistance, including a minor beneficiary, (ii) the medical assistance beneficiary's parent, legal guardian, or personal representative, (iii) the medical assistance beneficiary's heirs, and (iv) the administrator or the executor of the medical assistance beneficiary's estate.

Notwithstanding any other provisions of the law, to the extent of payments under this Part, the State shall be subrogated to all rights of recovery, contractual or otherwise, of ~~the~~ a beneficiary ~~of this assistance, or of the beneficiary's personal representative, heirs, or the administrator or executor of the estate,~~ against any person. A personal injury or wrongful death claim brought by a ~~medical assistance~~ beneficiary against a third party shall include a claim for all medical assistance payments for health care items or services furnished to the ~~medical assistance~~ beneficiary as a result of the injury, hereinafter referred to as the "Medicaid claim." Any personal injury or wrongful death claim brought by a ~~medical assistance~~ beneficiary against a third party that does not state the Medicaid claim shall be deemed to include the Medicaid claim.

(a1) ~~If the amount of the Medicaid claim does not exceed one-third of the medical assistance beneficiary's gross recovery, it is presumed that the gross recovery includes compensation for the full amount of the Medicaid claim. If the amount of the Medicaid claim exceeds one-third of the medical assistance beneficiary's gross recovery, it is presumed that one-third of the gross recovery represents compensation for the Medicaid claim.~~The Medicaid claim shall be a lien upon any recovery that a beneficiary obtains. The amount of the lien shall be equal to the total amount of the Medicaid claim but shall not exceed one-third of the gross amount of the recovery obtained.

If a beneficiary has claims against more than one third party related to the same injury, then the payment of the Medicaid lien on any individual recovery shall reduce the total balance of the Medicaid claim. The remaining balance of the Medicaid claim shall be applied as a lien on any subsequent recovery, provided that the lien on each recovery shall not exceed one-third of the gross amount of each recovery obtained.

~~(a2) A medical assistance beneficiary may dispute the presumptions established in subsection (a1) of this section by applying to the court in which the medical assistance beneficiary's claim against the third party is pending, or if there is none, then to a court of competent jurisdiction, for a determination of the portion of the beneficiary's gross recovery that represents compensation for the Medicaid claim. An application under this subsection shall be filed with the court and served on the Department pursuant to the Rules of Civil Procedure no later than 30 days after the date that the settlement agreement is executed by all parties and, if required, approved by the court, or in cases in which judgment has been entered, no later than 30 days after the date of entry of judgment. The court shall hold an evidentiary hearing no sooner than 30 days after the date the action was filed. All of the following shall apply to the court's determination under this subsection:~~

~~(1) The medical assistance beneficiary has the burden of proving by clear and convincing evidence that the portion of the beneficiary's gross recovery that~~

~~represents compensation for the Medicaid claim is less than the portion presumed under subsection (a1) of this section.~~

~~(2) The presumption arising under subsection (a1) of this section is not rebutted solely by the fact that the medical assistance beneficiary was not able to recover the full amount of all claims.~~

~~(3) If the beneficiary meets its burden of rebutting the presumption arising under subsection (a1) of this section, then the court shall determine the portion of the recovery that represents compensation for the Medicaid claim and shall order the beneficiary to pay the amount so determined to the Department in accordance with subsection (a5) of this section. In making this determination, the court may consider any factors that it deems just and reasonable.~~

~~(4) If the beneficiary fails to rebut the presumption arising under subsection (a1) of this section, then the court shall order the beneficiary to pay the amount presumed pursuant to subsection (a1) of this section to the Department in accordance with subsection (a5) of this section.~~

~~(a3) Notwithstanding the presumption arising pursuant to subsection (a1) of this section, the medical assistance beneficiary and the Department may reach an agreement on the portion of the recovery that represents compensation for the Medicaid claim. If such an agreement is reached after an application has been filed pursuant to subsection (a2) of this section, a stipulation of dismissal of the application signed by both parties shall be filed with the court.~~

(a4) Within 30 days of receipt of the proceeds of a settlement or judgment related to a claim described in subsection (a) of this section, the ~~medical assistance~~ beneficiary or any attorney retained by the beneficiary shall notify the Department of the receipt of the proceeds.

(a5) ~~The medical assistance~~ Within 30 days of receipt of the proceeds of a settlement or judgment related to a claim described in subsection (a) of this section, a beneficiary or any attorney retained by the beneficiary ~~shall, out of the proceeds obtained by or on behalf of the beneficiary by settlement with, judgment against, or otherwise from a third party by reason of injury or death,~~ shall distribute to the Department ~~the amount due pursuant to this section as follows:~~an amount sufficient to fully satisfy the Department's Medicaid lien as provided in subsection (a1) of this section. The Department's right to payment under this subsection shall be a right to first recovery and shall not be prorated with or otherwise reduced by the claims of any other persons or entities having medical subrogation or medical liens against the amount received or recovered by the beneficiary.

~~(1) If, upon the expiration of the time for filing an application pursuant subsection (a2) of this section, no application has been filed, then the amount presumed pursuant to subsection (a1) of this section, as prorated with the claims of all others having medical subrogation rights or medical liens against the amount received or recovered, shall be paid to the Department within 30 days of the beneficiary's receipt of the proceeds, in the absence of an agreement pursuant to subsection (a3) of this section.~~

~~(2) If an application has been filed pursuant to subsection (a2) of this section and no agreement has been reached pursuant to subsection (a3) of this section, then the Department shall be paid as follows:~~

~~a. If the beneficiary rebuts the presumption arising under subsection (a1) of this section, then the amount determined by the court pursuant to subsection (a2) of this section, as prorated with the claims of all others having medical subrogation rights or medical liens against the amount received or recovered, shall be paid to the Department within 30 days of the entry of the court's order.~~

~~b. If the beneficiary fails to rebut the presumption arising under subsection (a1) of this section, then the amount presumed pursuant to subsection (a1) of this section, as prorated with the claims of all~~

~~others having medical subrogation rights or medical liens against the amount received or recovered, shall be paid to the Department within 30 days of the entry of the court's order.~~

~~(3) If an agreement has been reached pursuant to subsection (a3) of this section, then the agreed amount, as prorated with the claims of all others having medical subrogation rights or medical liens against the amount received or recovered, shall be paid to the Department within 30 days of the execution of the agreement by the medical assistance beneficiary and the Department.~~

(a6) The United States and the State of North Carolina shall be entitled to shares in each net recovery by the Department under this section. Their shares shall be promptly paid under this section and their proportionate parts of such sum shall be determined in accordance with the matching formulas in use during the period for which assistance was paid to the recipient.

(b) It is a Class 1 misdemeanor for any person seeking or having obtained assistance under this ~~Part~~ Part, for ~~himself~~ himself or herself or ~~another~~ for another, to willfully fail to disclose to the county department of social services or its attorney and to the Department the identity of any person or organization against whom the recipient of assistance has a right of recovery, contractual or otherwise.

(c) This section applies to the administration of and claims payments made by the Department of Health and Human Services under the NC Health Choice Program established under Part 8 of this Article.

(d) As required to ensure compliance with this section, the Department may apply to the court in which the ~~medical assistance~~ beneficiary's claim against the third party is pending, or if there is none, then to a superior court of competent jurisdiction for enforcement of this section."

SECTION 11L.1.(b) Information to Be Included in Block Grant Plans. – The Department of Health and Human Services shall submit a separate plan for each Block Grant received and administered by the Department, and each plan shall include the following:

(1) A delineation of the proposed allocations by program or activity, including State and federal match requirements.
(2) A delineation of the proposed State and local administrative expenditures.
(3) An identification of all new positions to be established through the Block Grant, including permanent, temporary, and time-limited positions.
(4) A comparison of the proposed allocations by program or activity with two prior years' program and activity budgets and two prior years' actual program or activity expenditures.
(5) A projection of current year expenditures by program or activity.
(6) A projection of federal Block Grant funds available, including unspent federal funds from the current and prior fiscal years.

SECTION 11L.1.(c) Changes in Federal Fund Availability. – If the Congress of the United States increases the federal fund availability for any of the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall allocate the increase proportionally across the program and activity appropriations identified for that Block Grant in this section. In allocating an increase in federal fund availability, the Office of State Budget and Management shall not approve funding for new programs or activities not appropriated in this section.

If the Congress of the United States decreases the federal fund availability for any of the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall develop a plan to adjust the Block Grants based on reduced federal funding.

Notwithstanding the provisions of this subsection, for fiscal years 2017-2018 and 2018-2019, increases in the federal fund availability for the Temporary Assistance to Needy Families (TANF) Block Grant shall be used only for the North Carolina Child Care Subsidy program to pay for child care in four- or five-star rated facilities for four-year-old children and shall not be used to supplant State funds.

Prior to allocating the change in federal fund availability, the proposed allocation must be approved by the Office of State Budget and Management. If the Department adjusts the allocation of any Block Grant due to changes in federal fund availability, then a report shall be made to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division.

SECTION 11L.1.(d) Except as otherwise provided, appropriations from federal Block Grant funds are made for each year of the fiscal biennium ending June 30, 2019, according to the schedule enacted for State fiscal years 2017-2018 and 2018-2019 or until a new schedule is enacted by the General Assembly.

SECTION 11L.1.(e) All changes to the budgeted allocations to the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services that are not specifically addressed in this section

shall be approved by the Office of State Budget and Management, and the Office of State Budget and Management shall consult with the Joint Legislative Oversight Committee on Health and Human Services for review prior to implementing the changes. The report shall include an itemized listing of affected programs, including associated changes in budgeted allocations. All changes to the budgeted allocations to the Block Grants shall be reported immediately to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division. This subsection does not apply to Block Grant changes caused by legislative salary increases and benefit adjustments.

SECTION 11L.1.(f) Except as otherwise provided, the Department of Health and Human Services shall have flexibility to transfer funding between the Temporary Assistance for Needy Families (TANF) Block Grant and the TANF Emergency Contingency Funds Block Grant so long as the total allocation for the line items within those block grants remains the same.
