EXECUTIVE ORDER NO. 117

ALLOWING FOR THE EXPEDITED MOVEMENT OF TEMPORARY HOUSING FOR SURVIVORS OF HURRICANE MATTHEW

WHEREAS, on October 3, 2016, I issued Executive Order No. 107 declaring a state of emergency due to the approach of Hurricane Matthew; and

WHEREAS, on October 3, 2016, with the concurrence of the Council of State, I also issued Executive Order No. 108, (extended by Executive Order 112), which suspended certain motor vehicle regulations and certain weight and size restrictions related to vehicles transporting supplies and equipment to support relief efforts for Hurricane Matthew; and

WHEREAS, under the provisions of N.C.G.S. § 166A-19.30(b)(3) the Governor, with the concurrence of the Council of State, may regulate and control the flow of vehicular traffic and the operation of transportation services; and

WHEREAS, with the concurrence of the Council of State, I have found that vehicles transporting manufactured housing units or other forms of temporary housing to provide shelter to persons in our impacted counties currently must adhere to the registration requirements of N.C.G.S. §§ 20-86.1 and 20-382, fuel tax requirements of N.C.G.S. §§ 105-449.45, 105-449.47, and 105-449.49, and the size and weight requirements of N.C.G.S. §§ 20-116, 20-118 and 20-119; and

WHEREAS, I have found that certain motor vehicle restrictions need to be waived to facilitate the expeditious movement of the temporary housing in the impacted counties.

NOW, THEREFORE, pursuant to the authority vested in me as Governor by the Constitution and the laws of the State of North Carolina, **IT IS ORDERED:**

Section 1.

The Department of Public Safety in conjunction with the Department of Transportation shall waive certain size and weight restrictions and penalties arising under N.C.G.S. §§ 20-116, 20-118 and 20-119, and certain registration requirements and penalties arising under N.C.G.S. §§ 20-86.1 and 20-382, and certain registration and filing requirements and penalties arising under N.C.G.S. §§ 105-449.45, 105-449.47, and 105-449.49 for the vehicles transporting manufactured homes or other forms of temporary housing along North Carolina roadways to our impacted counties.

Section 2.

Notwithstanding the waivers set forth above, size and weight restrictions and penalties have not been waived under the following conditions:

a. When the vehicle weight exceeds the maximum gross weight criteria established by the manufacturer (GVWR) or 90,000 pounds gross weight, whichever is less.

b. When the tandem axle weight exceeds 42,000 pounds and the single axle weight exceeds 22,000 pounds.

c. When a vehicle and vehicle combination exceeds 12 feet in width and a total overall vehicle combination length of 75 feet from bumper to bumper.

d. Vehicles and vehicle combinations subject to exemptions or permits by authority of this Executive Order shall not be exempt from the requirement of having a yellow banner on the front and rear measuring a total length of 7 feet by 18 inches bearing the legend "Oversized Load" in 10 inch black letters 1.5 inches wide and red flags measuring 18 inches square to be displayed on all sides at the widest point of the load. In addition, when operating between sunset and sunrise, a certified escort shall be required for loads exceeding 8 feet 6 inches in width.

Section 3.

Vehicles referenced under Sections 1 and 2 shall be exempt from the following registration requirements:

a. The requirement to obtain a temporary trip permit and pay the associated $50.00 fee listed in N.C.G.S. § 105-449.49 is waived for the vehicles described above. No filing of a quarterly fuel tax return is required because the exemption in N.C.G.S. § 105-449.45(b)(1) is recognized.

b. The registration requirements under N.C.G.S. § 20-382.1 concerning intrastate and N.C.G.S. § 20-382 concerning interstate for-hire authority is waived; however, vehicles shall maintain the required limits of insurance as required.

c. Non-participants in North Carolina's International Registration Plan and International Fuel Tax Agreement will be permitted into North Carolina in accordance with the exemptions identified by this Executive Order.

d. The fees listed in N.C.G.S. § 20-119 for an annual permit and a single trip permit to transport manufactured housing only applies to manufactured homes being transported under contract with the Federal Emergency Management Agency (FEMA) as part of the relief effort for Hurricane Matthew. Transporters moving manufactured housing under this section are exempted from the requirement to enter weigh stations as required under N.C.G.S. §20-118.1. However, these same transporters shall have in the transport vehicle a copy of the Transport Authorization letter from FEMA, the permit from the North Carolina Department of Transportation, and the manufacturer's bill of lading for the manufactured housing being transported. This does not exempt transporters from the requirements of the regulations regarding escorts, flags, signs, and other safety requirements. Movement of these manufactured housing required to obtain a permit shall be permitted from sunrise to sunset seven days a week.

e. The requirement of a permit shall be waived for transporters under contract with the Federal Emergency Management Agency (FEMA) as part of the relief effort for Hurricane Matthew whose overall combination tractor and manufactured housing units do not exceed 14 feet wide, 13 feet 6 inches high, and a length of 105 feet. This does not exempt transporters from the requirements of the regulations regarding escorts, flags, signs, and other safety requirements. Movement of these manufactured housing units shall be permitted from sunrise to sunset seven days a week.

Section 4.

The size and weight exemptions for vehicles set out herein will be allowed on all routes designated by the North Carolina Department of Transportation, except those routes designated as light traffic roads under N.C.G.S. § 20-118. This Order shall not apply on bridges posted pursuant to N.C.G.S. § 136-72.

WHEREAS, due to the approach and potential impacts of an upcoming winter storm, vehicles bearing equipment and supplies for utility restoration and debris removal, carrying essentials such as food and medicine, transporting livestock and poultry and feed for livestock and poultry need to be moved on the highways of North Carolina; and

WHEREAS, I have declared that a state of emergency as defined in N.C.G.S. §§ 166A-19.3(6) and 166A-19.3(19) exists due to the approaching winter storm and its likely impact in this State. WHEREAS, the uninterrupted supply of electricity, fuel oil, diesel oil, gasoline, kerosene, propane, liquid petroleum gas, food, water, livestock and poultry feed, and medical supplies to residential and commercial establishments is essential before, during and after the winter storm and any interruption in the delivery of those commodities threatens the public welfare; and

WHEREAS, the prompt restoration of utility services to citizens is essential to their safety and well-being; and

WHEREAS, with the concurrence of the Council of State, I have found that vehicles bearing equipment and supplies for utility restoration, carrying essentials and for debris removal must adhere to the registration requirements of N.C.G.S. § 20-86.1 and 20-382, fuel tax requirements of N.C.G.S. §§ 105-449.45, 105-449.47, and 105-449.49, and the size and weight requirements of N.C.G.S. §§ 20-116, 20-118 and 20-119. I have further found that citizens in this State may suffer losses and will likely suffer imminent further widespread damage within the meaning of N.C.G.S § 166A-19.3(3) and N.C.G.S. § 166A-19.21(b); and

WHEREAS, pursuant to N.C.G.S. § 166A-19.70(g) on the recommendation of the Commissioner of Agriculture, upon a finding that there is an imminent threat of severe economic loss of livestock or poultry, the Governor shall direct the Department of Public Safety to temporarily suspend weighing those vehicles used to transport livestock and poultry; and

WHEREAS, 49 CFR § 390.23 allows the Governor of a state to suspend the rules and regulations under 49 CFR Parts 390-399 for up to 30 days if the Governor determines that an emergency condition exists; and

WHEREAS, under N.C.G.S. § 166A-19.70, the Governor may declare that the health, safety, or economic well-being of persons or property requires that the maximum hours of service for drivers prescribed by N.C.G.S. § 20-381 should be waived for persons transporting essential fuels, food, water, medical supplies, feed for livestock and poultry, transporting livestock and poultry and for vehicles used in the restoration of utility services.

INDEX TO SESSION LAWS
2017 GENERAL ASSEMBLY
REGULAR SESSION 2017

Suggestions for Use: Local legislation appears under the name of the particular county, municipality, or Local Government. Legislation that amends or repeals another session law appears under "Laws Amended or Repealed" and under the particular subject. General appropriations appear under "Appropriations". Specific appropriations or earmarks appear under the particular agency, entity, or subject. Committees, Commissions, Councils, and Boards appear as main entries. Numbers are alphabetized as spelled (i.e., 9 is listed alphabetically as "nine"). Session Law numbers (locators) are shown in standard citation format with the word "Section" replaced by the section symbol (§). Thus, "Session Law 145 Section 6A.10 subsection (a) through subsection (p)" would appear as "145§6A.10(a)-(p)", and "Session Law 145 Section 28.31 through Section 28.31A" would appear as "145§§28.31-28.31A". Noncontiguous Session Law sections are separated by a comma. Complete Session Law citations are separated by a semicolon.
