In any action or proceeding for the collection of the inspection tax for kerosene oil or motor fuel and/or any penalties or interest imposed in connection therewith, an assessment by the Secretary of Revenue of the amount of tax due, and/or interest and/or penalties due to the State, shall constitute prima facie evidence of the claim of the State; and the burden of proof shall be upon the person to show that the assessment was incorrect and contrary to law; and the Secretary of Revenue may institute action therefor in the Superior Court of Wake County, regardless of the residence of such person or the place where the default occurred. After the adoption and publication of said standards it shall be unlawful to sell or offer for sale or exchange or use in this State any products which do not comply with the standards so adopted. The said Gasoline and Oil Inspection Board shall, from time to time after a public hearing, have the right to amend, alter, or change said standards. Three members of said Board shall constitute a quorum. (1937, c. 425, s. 9; 1941, c. 220; 1949, c. 1167; 1961, c. 961; 1969, c. 445, s. 2.)

or exposed for sale until the Director of the Gasoline and Oil Inspection Division has been fully satisfied that the gasoline offered or exposed for sale has been blended or rerefined or properly labeled to meet the requirements of this Article and the owners of said gasoline have been notified in writing of this fact by said Director and, provided, further, that the permitting of blending, rerefining or properly labeling of confiscated gasoline shall not be construed to in any manner affect any indictment which may be brought for violation of this section. (1937, c. 425, s. 11; 1939, c. 276, s. 1; 1941, c. 220; 1993, c. 539, s. 905; 1994, Ex. Sess., c. 24, s. 14(c).)

(a) The Gasoline and Oil Inspection Board shall adopt rules to require labels for all dispensing pumps and other dispensing devices that offer ethanol-blended gasoline for retail sale in North Carolina. The Board shall require the use of labels to indicate that the gasoline offered for retail sale contains either of the following:

- (1) Ten percent (10%) or less ethanol by volume.
- (2) Greater than ten percent (10%) ethanol by volume.

(b) Rules adopted pursuant to subsection (a) of this section may include information as to the ethanol content of blended gasoline that is more specific than the information required by subsection (a) of this section. (2011-25, s. 1.)

§ 119-28. Regulations for sale of substitutes.

All materials, fluids, or substances offered or exposed for sale, purporting to be substitutes for or motor fuel improvers, shall, before being sold, exposed or offered for sale, be submitted to the Commissioner of Agriculture for examination and inspection, and shall only be sold or offered for sale when properly labeled with a label, the form and contents of which label has been approved by the said Commissioner of Agriculture in writing. (1937, c. 425, s. 12; 1949, c. 1167.)

§ 119-29. Rules and regulations of Board available to interested parties.

§ 119-31. Payment for samples taken for inspection.

The gasoline and oil inspectors shall pay at the regular market price, at the time the sample is taken, for each sample obtained for inspection purposes when request for payment is made: Provided, however, that no payment shall be made any retailer or distributor unless said retailer or distributor or his agent shall sign a receipt furnished by the Commissioner of Agriculture showing that payment has been made as requested. (1937, c. 425, s. 15; 1949, c. 1167.)

§ 119-32. Powers and authority of inspectors.

The gasoline and oil inspectors shall have the right of access to the premises and records of any place where petroleum products are stored for the purpose of examination, inspection and/or drawing of samples, and said inspectors are hereby vested with the authority and powers of peace and police officers in the enforcement of motor fuel tax and inspection laws throughout the State, including the authority to arrest, with or without warrants, and take offenders before the several courts of the State for prosecution or other proceedings, and seize or hold or deliver to the sheriff of the proper county all motor or other vehicles and all containers used in transporting motor fuels and/or other liquid petroleum products in violation of or without complying with the provisions of this Article or the rules, regulations or requirements of the Commissioner of Agriculture and/or the Gasoline and Oil Inspection Board and also all motor fuels contained therein. Said inspectors shall have power and authority on the public highways or any other place to stop and detain for inspection and investigation any vehicle containing any motor fuel and/or other liquid petroleum products in excess of 100 gallons or commonly used in the transportation of such fuels and the driver or person in charge thereof, and to require the production by such driver or person in charge of all records, documents and papers required by law to be carried and exhibited by persons in charge of vehicles engaged in transporting such fuels; and whenever said inspectors shall find or see any person engaged in handling, selling, using, or transporting any fuels in violation of any of the provisions of the motor fuel tax or inspection laws of this State, or whenever any such person shall fail or refuse to exhibit to said inspectors, upon demand therefor, any records, documents or papers required by law to be kept subject to inspection or to be exhibited by such person, said person shall be guilty of a Class 1 misdemeanor, and it shall be the duty of said inspectors to immediately arrest such violator and take him before some proper peace officer of the county in which the offense was committed and institute proper prosecution. Inspectors of weights and measures appointed and maintained by the various counties and cities of the State shall have the same power and authority given by this section to inspectors under the supervision of the Commissioner of Agriculture. In all cases where it is found, after inspection, that the measuring equipment used in connection with the distribution of such products is inaccurate, the inspector shall condemn and seize all incorrect devices which in his best judgment cannot be satisfactorily repaired, but measuring equipment, that in the judgment of the inspector may be repaired, shall be marked or tagged as "condemned for repairs" in a manner prescribed by the Commissioner of Agriculture. After notice in writing the owners or users of such measuring devices which have been condemned for repairs shall have the devices repaired and corrected within 10 days by a registered petroleum device technician, and neither the owners nor the users of the devices shall use or dispose of the measuring devices in any manner, but shall hold the devices at the disposal of the gasoline and oil inspector. The inspector shall confiscate and destroy all measuring devices which have been condemned for repairs and have not been repaired as required by this Article. The gasoline and oil inspectors shall officially seal all dispensing pumps or other dispensing devices found to be accurate on inspection. The finding, upon inspection at a later date, that any pump is inaccurate and the seal broken, shall constitute prima facie evidence of intent to defraud by giving inaccurate measure, and (i) the owner, (ii) the user, or (iii) both of them shall be guilty of a Class 2 misdemeanor. Any person other than a registered petroleum device technician who removes or breaks any seal placed upon a measuring or dispensing device by any oil and gas inspector until the provisions of this section have been complied with shall be guilty of a Class 2 misdemeanor. Any person, firm, or corporation who sells or has in his possession for the purpose of selling or using any measuring device to be used or calculated to be used to falsify any measure shall be guilty of a Class 1 misdemeanor.

(b) The Gasoline and Oil Inspection Board may adopt rules to provide for the registration of petroleum device technicians. The rules may establish qualifications for registration and may also establish grounds for the suspension or revocation of registration. The annual fee for registration of a petroleum device technician shall be twenty dollars (\$20.00). (1937, c. 425, s. 17; 1949, c. 1167; 1993, c. 539, s. 907; 1994, Ex. Sess., c. 24, s. 14(c); 2013-344, s. 1.)

§ 119-34. Responsibility of retailers for quality of products.

The retail dealer shall be held responsible for the quality of the petroleum products he sells or offers for sale: Provided, however, that the retail dealer shall be released if the results of analysis of a sealed sample taken in a manner prescribed by the Commissioner of Agriculture at the time of delivery, and in the presence of the distributor or his agent, show that the product delivered by

the distributor was of inferior quality. It shall be the duty of the distributor or his agent to assist in sampling the product delivered. (1937, c. 425, s. 18; 1949, c. 1167.)

§ 119-35. Adulteration of products offered for sale.

It shall be unlawful for any person, firm, or corporation who has purchased gasoline or other liquid motor fuel upon which a road tax has been paid to in anywise adulterate the same by the addition thereto of kerosene or any other liquid substance and sell or offer for sale the same. Any person violating the provisions of this section shall be guilty of a Class 1 misdemeanor. (1937, c. 425, s. 19; 1993, c. 539, s. 908; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 119-36. Certified copies of official tests admissible in evidence.

A certified copy of the official test of the analysis of any petroleum product, under the seal of the Commissioner of Agriculture, shall be admissible as evidence of the fact therein stated in any of the courts of this State on the trial of any issue involving the qualities of said product. (1937, c. 425, s. 20; 1949, c. 1167.)

§ 119-37. Retail dealers required to keep copies of invoices and delivery tickets.

Every person, firm, or corporation engaged in the retail business of dispensing gasoline and/or other petroleum products to the public shall keep on the premises of said place of business, for a period of one year, duplicate original copies of invoices or delivery tickets of each delivery received, showing the name and address of the party to whom delivery is made, the date of delivery, the kind and amount of each delivery received, and the name and address of the distributor. Each delivery ticket or invoice shall be signed by the retailer or his agent and the distributor or his agent. Such records shall be subject to inspection at any time by the gasoline and oil inspectors. (1937, c. 425, s. 21.)

§ 119-38. Prosecution of offenders.

All prosecutions for fines and penalties under the provisions of this Article shall be by indictment in a court of competent jurisdiction in the county in which the violation occurred. (1937, c. 425, s. 22.)

§ 119-39. Violation a misdemeanor.

Unless another penalty is provided in this Article, any person violating any of the provisions of this Article or any of the rules and regulations of the Secretary of Revenue or the Commissioner of Agriculture and/or the Gasoline and Oil Inspection Board shall be guilty of a Class 1 misdemeanor. (1937, c. 425, s. 23; 1949, c. 1167; 1973, c. 476, s. 193; 1993, c. 539, s. 909; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 119-39.1. Civil Penalties.

The Commissioner of Agriculture may assess a civil penalty of not more than five thousand dollars (\$5,000) against any person who violates a provision of this Article or any rule promulgated thereunder. In determining the amount of the penalty, the Commissioner shall consider the degree and extent of harm caused by the violation.

The clear proceeds of civil penalties assessed pursuant to this section shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2. (1995, c. 516, s. 4; 1998-215, s. 24.)

Every person hauling, transporting or conveying into, out of, or between points in this State any motor fuel and/or any liquid petroleum product that is or may hereafter be made subject to the inspection laws of this State over either the public highways or waterways of this State, shall, during the entire time he is so engaged, have in his possession an invoice, or bill of sale, or bill of lading showing the true name and address of the person from whom he has received the motor fuel and/or other liquid petroleum products, the kind, and the number of gallons so originally received by him, and the true name and address of every person to whom he has made deliveries of said motor fuel and/or other liquid petroleum products or any part thereof and the number of gallons so delivered to each said person. Such person engaged in transporting said motor fuels and/or other petroleum products shall, at the request of any agent of the Commissioner of Agriculture, exhibit for inspection such papers or documents immediately, and if said person fails to produce said papers or documents or if, when produced, they fail to clearly disclose said information, the agent of the Commissioner of Agriculture shall hold for investigation the vehicle and contents thereof. If investigation shows that said motor fuels and/or other petroleum products are being transported in violation of or without compliance with the motor fuel tax and/or inspection laws of this State such fuels and/or other petroleum products and the vehicle used in the transportation thereof are hereby declared common nuisances and contraband, and shall be seized and sold and the proceeds shall go to the common school fund of the State: Provided, however, that this Article shall not be construed to include the carrying of motor fuel in the supply tank of vehicles which is regularly connected with the carburetor of the engine of the vehicle, except when said fuel supply tank shall have a capacity of more than 100 gallons: And, provided further, that this section shall not be construed to include the carrying of motor fuel in the supply tank which is regularly connected with the carburetor of the engine of any vehicle operated by franchise carriers engaged solely in the transportation of passengers to, from and between points in North Carolina. (1937, c. 425, s. 25; 1939, c. 276, s. 3; 1949, c. 1167.)

Such dealers shall not deliver kerosene oil in any barrel, cask, can, or other container which has not been stenciled or labeled as hereinbefore provided. Every person purchasing gasoline for use or sale shall procure and keep the same only in tanks, barrels, casks, cans, or other containers stenciled or labeled as hereinbefore provided: Provided, that nothing in this section shall prohibit the delivery of gasoline

by hose or pipe from a tank directly into the tank of any automobile or any other motor vehicle: Provided further, that in case gasoline or other inflammable liquid is sold in bottles, cans, or packages of not more than one gallon for cleaning and other similar purposes, the label shall also bear the words "Unsafe when exposed to heat or fire." All moneys collected for such analyses shall be paid into the State treasury to the credit of the Gasoline and Oil Inspection Fund. (1937, c. 425, s. 29; 1973, c. 476, s. 193.)
