§ 120-4.9. Retirement system established.

A Retirement System is established and placed under the Board of Trustees of the Teachers' and State Employees' Retirement System for administrative purposes. This Retirement System is a governmental plan, within the meaning of Section 414(d) of the Internal Revenue Code. Therefore, the nondiscrimination rules of Sections 401(a)(5) and 401(a)(26) of the Code do not apply.

The Retirement System shall have all the power and privileges of a corporation and shall be known as the "Legislative Retirement System of North Carolina." By this name all of its business shall be transacted, all of its funds invested and all of its cash and securities and other property held. All direction and policies concerning the Legislative Retirement System shall be vested in the Board of Trustees.

Consistent with Section 401(a)(1) of the Internal Revenue Code, all member employee and employer contributions to this Retirement System shall be made to funds held in trust through trust instruments that have the purposes of distributing trust principal and income to retired members and their beneficiaries and of paying other definitely determinable benefits under this Chapter, after meeting the necessary expenses of administering this Retirement System. Neither the trust corpus nor income from this trust can be used for purposes other than the exclusive benefit of members or their beneficiaries, except that employer contributions made to the trust under a good faith mistake of fact may be returned to an employer, where the refund can occur within less than one year after the mistaken contribution was made, consistent with the rule adopted by the Board of Trustees. The Retirement System shall have a consolidated Plan document, consisting of relevant statutory provisions in this Chapter, associated regulations in the North Carolina Administrative Code, substantive and procedural information on the official forms used by the Retirement System, and policies and minutes of the Board of Trustees. (1983, c. 761, s. 238; 2012-130, s. 7(a); 2013-287, s. 6.)

§ 120-4.10. Administration of retirement system.

The Board of Trustees of the Teachers' and State Employees' Retirement System shall be the trustee of the Retirement System. The provisions of this Article shall be administered by the Board of Trustees. (1983, c. 761, s. 238; 2013-287, s. 7.)

§ 120-4.11. Membership.

The following members of the General Assembly and former members of the General Assembly are eligible for membership in the Retirement System:

- (1) Members of the General Assembly who serve on and after June 15, 1983; and
- (2) Former members of the General Assembly who served prior to June 15, 1983; and
 - a. Who elect to transfer current and future entitlements, or contributions, from the Legislative Retirement Fund established by Chapter 1269 of the 1969 Session Laws; or

- b. Who have five or more years of service as a member of the General Assembly. (1983, c. 761, s. 238; 1983 (Reg. Sess., 1984), c. 1034, ss. 188, 189; 1985, c. 400, ss. 1, 7; 1987 (Reg. Sess., 1988), c. 1109; 2001-424, s. 32.30(a).)

§ 120-4.12. Creditable service.

(a) Creditable service at retirement consists of the membership service rendered by the member of the Retirement System and any prior service purchased or granted by this Article.

(b) Membership Service means the number of years served as a member of the General Assembly as of the establishment of the Retirement System and thereafter. One year of membership service is equal to 12 months for which a legislator received compensation.

(c) Prior service means:

- (1) The number of years a present member of the General Assembly served in the General Assembly prior to becoming a member of the Retirement System;
- (2) The number of years served by former members of the General Assembly who were vested in the Legislative Retirement Fund. One year of prior service is equal to 12 months for which a legislator received compensation.

(c1) On or before December 31, 2024, any member of the Retirement System who was a member of the General Assembly as of January 1985 may purchase prior service credit for the month of January 1985 based upon seven percent (7%) of the compensation received for that period.

(d) Recodified as G.S. 120-4.12B(a) by Session Laws 2024-10, s. 15(b), effective June 20, 2024.

(e) Repealed by Session Laws 2024-10, s. 15(c), effective June 20, 2024.

(f) If a member who has not vested in this System on July 1, 2007, is convicted of an offense listed in G.S. 120-4.33 for acts committed after July 1, 2007, then that member shall forfeit all benefits under this System. If a member who has vested in this System on July 1, 2007, is convicted of an offense listed in G.S. 120-4.33 for acts committed after July 1, 2007, then that member is not entitled to any creditable service that accrued after July 1, 2007, regardless of whether that creditable service was earned by virtue of membership in the System, accrued by conversion of sick leave at the point of the member's retirement, accrued by transfer of service from another retirement system, purchased by the member in accordance with this Article, or accrued by any other means. No member shall forfeit any benefit or creditable service earned from a position not as a member of the General Assembly. For purposes of this subsection, creditable service attributable to the conversion of sick leave accrues in this System on the date of retirement, service transferred to this System from another system accrues in this System on the effective date of the transfer, and purchased service accrues in this System on the date of the purchase.

(g) If a member who is a present member of the General Assembly and who has not vested in this System on December 1, 2012, is convicted of an offense listed in G.S. 120-4.33A for acts committed after December 1, 2012, then that member shall forfeit all benefits under this System, except for a return of member contributions plus interest. If a member who is a present member of the General Assembly and has vested in this System on December 1, 2012, is convicted of an offense listed in G.S. 120-4.33A for acts committed after December 1, 2012, then that member is not entitled to any creditable service that accrued after December 1, 2012, regardless of whether that creditable service was earned by virtue of membership in the System, accrued by conversion of sick leave at the point of the member's retirement, accrued by transfer of service from another

retirement system, purchased by the member in accordance with this Article, or accrued by any other means. For purposes of this subsection, creditable service attributable to the conversion of sick leave accrues in this System on the date of retirement, service transferred to this System from another system accrues in this System on the effective date of the transfer, and purchased service accrues in this System on the date of the purchase. (1983, c. 761, s. 238; 1983 (Reg. Sess., 1984), c. 1034, ss. 187, 190; 1989, c. 762, s. 1; 1993, c. 321, s. 71; 2007-179, s. 1(b); 2009-281, s. 1; 2011-183, s. 89; 2012-193, s. 8; 2020-48, s. 4.4(g), (h); 2024-10, ss. 15(b), (c), 17(b).)

§ 120-4.12A. Reciprocity of creditable service with other state-administered retirement systems.

(a) Only for the purpose of determining eligibility for benefits accruing under this Article, creditable service standing to the credit of a member of the Consolidated Judicial Retirement System, Teachers' and State Employees' Retirement System, or Local Governmental Employees' Retirement System shall be added to the creditable service standing to the credit of a member of this System; provided, that in the event a person is a retired member of any of the foregoing retirement systems, such creditable service standing to the credit of the retired member prior to retirement shall be likewise counted. In no instance shall service credits maintained in the aforementioned retirement systems be added to the creditable service in this System for application of this System's benefit accrual rate in computing a service retirement benefit unless specifically authorized by this Article.

(b) A person who was a former member of this System and who has forfeited his creditable service in this System by receiving a return of contributions and who has creditable service in the Consolidated Judicial Retirement System, Teachers' and State Employees' Retirement System, or the Local Governmental Employees' Retirement System may count such creditable service for the purpose of restoring the creditable service forfeited in this System under the terms and conditions as set forth in this Article and reestablish membership in this System.

(c) Creditable service under this section shall not be counted twice for the same period of time whether earned as a member, purchased, or granted as prior service credits. (1989 (Reg. Sess., 1990), c. 1066, s. 35(a).)

§ 120-4.12B. Purchase of creditable service for service in Armed Forces.

(a) On or before December 31, 2024, any member of the Retirement System who has eight or more years of creditable service as a member of the General Assembly may purchase prior service credit for service in the Armed Forces of the United States at the same rates and conditions as set forth in G.S. 120-4.14 and G.S. 120-4.16; provided that credit is allowed only for the initial period of active duty in the Armed Forces of the United States up to the time the member was first eligible to be separated or released therefrom, and subsequent periods of such active duty as required by the Armed Forces of the United States up to the date of first eligibility for separation or release therefrom.

(b) On or after January 1, 2025, any member or retired member with five or more years of membership service may purchase creditable service for service in the Armed Forces of the United States by paying a lump sum amount to the Annuity Savings Fund. The amount payable shall be equal to the full liability increase of the Retirement System due to the additional service credits purchased plus an administrative fee that is set by the Board of Trustees. The full liability increase shall be calculated on the basis of the same assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific

to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) there shall be assumed annual postretirement allowance increases set by the Board of Trustees upon the advice of the consulting actuary.

(c) Only periods of active service in the Armed Forces of the United States are eligible for the purchase of creditable service under this section, except that service in the National Guard or any reserve component of the Armed Forces of the United States shall be eligible. To make a purchase under this section, the member is required to submit satisfactory evidence of the claimed service in the Armed Forces of the United States. No purchase of service credit under this section shall be made if a benefit is allowable under another public retirement system as a result of the service in the Armed Forces of the United States. (2024-10, ss. 15(a), (b), 16.)

§ 120-4.13. Transfer of membership and benefits.

(a) The Board of Trustees shall set up procedures to transfer membership from the Legislative Retirement Fund to the Retirement System and to recompute benefits paid to retirees of the Legislative Retirement Fund who elect to transfer to the Retirement System.

(b) The accumulated contributions and creditable service of any member whose service as a member of the General Assembly has been or is terminated other than by retirement or death and who, while still a member of this Retirement System, became or becomes a member, as defined in G.S. 135-1(13), of the Teachers' and State Employees' Retirement System for a period of five or more years may, upon application of the member, be transferred from this Retirement System to the Teachers' and State Employees' Retirement System. In order to effect the transfer of a member's creditable service from the Legislative Retirement System to the Teachers' and State Employees' Retirement System, there shall be transferred from the Legislative Retirement System to the Teachers' and State Employees' Retirement System the sum of (i) the accumulated contributions of the member credited in the annuity savings fund and (ii) the amount of reserve held in the Legislative Retirement System as a result of previous contributions by the employer on behalf of the transferring member.

(c) The accumulated contributions and creditable service of any member whose service as a member of the General Assembly has been or is terminated other than by retirement or death and who, while still a member of this Retirement System, became or becomes a member, as defined in G.S. 135-53(11), of the Consolidated Judicial Retirement System for a period of five or more years may, upon application of the member, be transferred from this Retirement System to the Consolidated Judicial Retirement System. In order to effect the transfer of a member's creditable service from the Legislative Retirement System to the Consolidated Judicial Retirement System, there shall be transferred from the Legislative Retirement System to the Consolidated Judicial Retirement System the sum of (i) the accumulated contributions of the member credited in the annuity savings fund and (ii) the amount of reserve held in the Legislative Retirement System as a result of previous contributions by the employer on behalf of the transferring member. (1983, c. 761, s. 238; 2003-284, s. 30.18(a).)

§ 120-4.14. Purchase of prior service.

Purchase of prior service rendered by a member of the General Assembly before becoming a member of the Retirement System that is not service that may be transferred pursuant to G.S. 120-4.12 shall be at the rate of one month of service for each month for which a legislator received compensation, computed as follows:

- (1) For final legislative terms beginning with the 1975 General Assembly, seven percent (7%) of the highest legislative compensation at the time of purchase plus an administrative fee to be paid in lump sum.
- (2) Repealed by Session Laws 2018-85, s. 5, effective June 25, 2018. (1983, c. 761, s. 238; c. 923, s. 217; 1983 (Reg. Sess., 1984), c. 1034, s. 191; 1985, c. 400, s. 2; 2018-85, s. 5.)

§ 120-4.15. Repayment of contributions.

(a) On or before December 31, 2021, repayment of contributions withdrawn from the Legislative Retirement Fund and System shall be at the rate of seven percent (7%) of the highest monthly compensation received as a legislator at the time of purchase for each month of creditable service restored plus an administrative fee to be paid in lump sum.

(b) On and after January 1, 2022, but before January 1, 2025, repayment of contributions withdrawn from the Legislative Retirement Fund and System shall be in an amount equal to the full liability increase due to the additional service credits on the basis of the assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) assumed annual postretirement allowance increases as set by the Board of Trustees of the Teachers' and State Employees' Retirement System upon the advice of the consulting actuary. The calculation of the amount payable shall also include an administrative fee to be set by the Board of Trustees of the Teachers' and State Employees' Retirement System.

(c) On or after January 1, 2025, any member who withdrew his or her contributions in accordance with the provisions of G.S. 120-4.25 and who subsequently returns to service and completes at least five years of service, may, while in service, purchase creditable service in an amount up to the total amount of membership service associated with the withdrawn contributions, but not to exceed a total of five years. Creditable service shall be purchased under this subsection by paying a lump sum amount to the Annuity Savings Fund. The amount payable shall be equal to the full liability increase of the Retirement System due to the additional service credits purchased plus an administrative fee that is set by the Board of Trustees. The full liability increase shall be calculated on the basis of the same assumptions used for the purposes of the actuarial valuation of the liabilities of the Retirement System, except for the following assumptions specific to this calculation: (i) the allowance shall be assumed to commence at the earliest age at which the member could retire on an unreduced retirement allowance and (ii) there shall be assumed annual postretirement allowance increases set by the Board of Trustees upon the advice of the consulting actuary. (1983, c. 761, s. 238; c. 923, s. 217; 1983 (Reg. Sess., 1984), c. 1034, s. 192; 2020-29, s. 1(f); 2024-10, s. 17(c).)

§ 120-4.16. Repayments and purchases.

(a) Repealed by Session Laws 2024-10, s. 17(d), effective June 20, 2024.

(b) Purchase of Service Credits Through Rollover Contributions From Certain Other Plans.
– Notwithstanding any other provision of this Article to the contrary, subject to the requirements of this subsection and any rules adopted, or policies established, by the Board of Trustees and without regard to any limitations on contributions otherwise set forth in this Article, payments or repayments made for membership or creditable service allowed under this Article may be made by

a member through rollover contributions to the Annuity Savings Fund from any of the following sources:

- (1) An annuity contract described in Section 403(b) of the Internal Revenue Code.

- (4) A qualified plan described in Section 401(a) or 403(a) of the Internal Revenue Code.

No rollover contribution shall be made under this section, and the Retirement System shall not accept any amount as a rollover contribution, unless the amount required for the payment or repayment is eligible to be rolled over to a qualified trust in accordance with applicable law and the member provides evidence satisfactory to the Retirement System that the amount qualifies for rollover treatment. Unless received by the Retirement System in the form of a direct rollover, the rollover contribution must be paid to the Retirement System on or before the 60th day after the date it was received by the member.

(b1) Repealed by Session Laws 2024-10, s. 17(d), effective June 20, 2024.

(c) Purchase of Service Credits Through Plan-to-Plan Transfers. – Notwithstanding any other provision of this Article to the contrary, subject to the requirements of this section and any rules adopted, or policies established, by the Board of Trustees and without regard to any limitations on contributions otherwise set forth in this Article, payments or repayments made for membership or creditable service allowed under this Article may be made by a member through a direct transfer to the Annuity Savings Fund of funds from any of the following sources:

- (1) An annuity contract described in Section 403(b) of the Internal Revenue Code.
- (2) An eligible plan under Section 457(b) of the Internal Revenue Code that is maintained by a state, a political subdivision of a state, or any agency or instrumentality of a state or a political subdivision of a state.
- (3) Supplemental Retirement Income Plans A, B, or C of North Carolina.
- (4) Any other defined contribution plan qualified under Section 401(a) of the Internal Revenue Code that is maintained by the State of North Carolina, a political subdivision of the State or any other state, or any agency or instrumentality of the State or any other state or political subdivision of the State or any other state. (1983, c. 761, s. 238; 1987, c. 738, s. 31(b); 2002-71, s. 1; 2017-102, s. 18; 2020-29, s. 1(g); 2024-10, s. 17(d).)

§ 120-4.17. Assets of retirement system.

(a) All of the assets of the Retirement System shall be credited according to the purpose for which they are held to one of two funds, either the Annuity Savings Fund or the Pension Accumulation Fund.

(b) The Annuity Savings Fund is the fund to which all members' contributions, and regular interest allowances provided for as in G.S. 135-7(b), shall be credited. From this fund shall be paid the accumulated contributions of a member.

(c) Upon the retirement of a member, his accumulated contributions shall be transferred from the Annuity Savings Fund to the Pension Accumulation Fund. In the event that a retired

former member should subsequently again become a member of the Retirement System as provided for in G.S. 120-4.11, any excess of his accumulated contributions at his date of retirement over the sum of the retirement allowance payments received by him since his date of retirement shall be transferred from the Pension Accumulation Fund to the Annuity Savings Fund and shall be credited to his individual account in the Annuity Savings Fund.

(d) The Pension Accumulation Fund is the fund in which accumulated contributions by the State and amounts transferred from the Annuity Savings Fund in accordance with subsection (c) of this section and to which all income from the invested assets of the Retirement System are credited. From this fund is paid retirement allowances and any other benefits provided for under this Article except payments of accumulated contributions as provided in G.S. 120-4.14.

(e) The regular interest allowance on the members' accumulated contributions provided for as in G.S. 135-7(b) shall be transferred each year from the Pension Accumulation Fund to the Annuity Savings Fund. (1983, c. 761, s. 238.)

§ 120-4.18. Management of funds.

The Board of Trustees shall manage the fund established by G.S. 120-4.17 pursuant to G.S. 135-7. (1983, c. 761, s. 238.)

§ 120-4.19. Contributions by the members.

Effective upon convening of the 1985 Regular Session of the General Assembly, each member shall contribute by payroll deduction for each pay period for which he receives compensation seven percent (7%) of his compensation for the period.

Anything within this Article to the contrary notwithstanding, the State, pursuant to the provisions of Section 414(h)(2) of the Internal Revenue Code of 1954 as amended, shall pick up and pay the contributions which would be payable by the members under this section with respect to the services of such members rendered after the effective date of this paragraph. The members' contributions picked up by the State shall be designated for all purposes of the Retirement System as member contributions, except for the determination of tax upon a distribution from the System. These contributions shall be credited to the Annuity Savings Fund and accumulated within the Fund in a member's account which shall be separately established for the purpose of accounting for picked-up contributions. Member contributions picked up by the State shall be payable from the same source of funds used for the payment of compensation to a member. A deduction shall be made from a member's compensation equal to the amount of his contributions picked up by the State. This deduction, however, shall not reduce a member's compensation as defined in G.S. 120-4.8. Picked-up contributions shall be transmitted to the Retirement System monthly for the preceding month by means of a warrant drawn by the State payable to the Retirement System and shall be accompanied by a schedule of the picked-up contributions on such forms as may be prescribed. (1983, c. 761, s. 238; 1985, c. 400, s. 8; 2024-10, s. 18(f).)

§ 120-4.20. Contributions by the State.

(a) Effective upon convening of the 1985 Regular Session of the General Assembly, the State shall contribute annually an amount equal to the sum of the "normal contribution" and the "accrued liability contribution."

(b) The normal contribution for any period shall be determined as a percentage, equal to the normal contribution rate, of the total compensation of the members for the period. The normal contribution rate shall be determined as the percentage represented by the ratio of (i) the annual

normal cost to provide the benefits of the Retirement System, computed in accordance with recognized actuarial principles on the basis of methods and assumptions approved by the Board of Trustees, in excess of the part thereof provided by the members' contributions, to (ii) the total annual compensation of the members of the Retirement System.

(c) The accrued liability contribution for any period shall be determined as a percentage, equal to the accrued liability contribution rate, of the total compensation of the members for the period. The accrued liability contribution rate shall be determined as the percentage represented by the ratio of (i) the level annual contribution necessary to amortize the unfunded accrued liability over a period of 15 years, computed in accordance with recognized actuarial principles on the basis of methods and assumptions approved by the Board of Trustees, to (ii) the total annual compensation of the members of the Retirement System.

(d) The unfunded accrued liability as of any date shall be determined, in accordance with recognized actuarial principles on the basis of methods and assumptions approved by the Board of Trustees, as the excess of (i) the then present value of the benefits to be provided under the Retirement System in the future over (ii) the sum of the assets of the Retirement System then currently on hand in the Annuity Savings Fund and the Pension Accumulation Fund, plus the then present value of the stipulated contributions to be made in the future by the members, plus the then present value of the normal contributions expected to be made in the future by the State.

(e) The normal contribution rate and the accrued liability contribution rate shall be determined after each annual valuation of the Retirement System and shall remain in effect until a new valuation is made.

(f) The annual contributions by the State for any year shall be at least sufficient, when combined with the amount held in the Pension Accumulation Fund at the start of the year, to provide the retirement allowances and other benefits payable out of the fund during the current year. (1983, c. 761, s. 238.)

Any member may retire with reduced benefits who has reached the age of 50 years with 20 years of creditable service or 60 years with five years of creditable service. The member shall make electronic submission or written application to the Board of Trustees to retire on a service retirement allowance on the first day of the particular calendar month he designates. The designated date shall be no less than one day nor more than 120 days from the filing of the application. During this period of notification, a member may separate from service without forfeiting his retirement benefits.

- (2) For a member whose retirement date occurs on or after his 60th and before his 65th birthday and upon completion of five years of creditable service, computation as in subdivision (1) of this subsection, reduced by one-fourth of one percent ($\frac{1}{4}$ of 1%) for each month his retirement date precedes his 65th birthday.

No election may be made after the first payment becomes normally due and the first payment date has occurred, nor may an election be revoked or a nomination changed, except as provided for by this section.

(b) If a member dies after the effective date of retirement for which the member has been approved, then one of the following shall apply:

- (1) If the Board of Trustees has received an election of benefits under this section that is properly filed and acknowledged by the member and the member dies before the date when the first payment on account of any benefit normally becomes due and the first benefit payment has occurred, then the retirement benefit shall be payable as provided for by the member's election of benefits.
- (2) If the member dies prior to the receipt by the Board of Trustees of an election of benefits under this section that is properly filed and acknowledged by the member, then one of the following shall apply:
 - a. If the member has no designated beneficiary for a return of accumulated contributions, then the administrator or executor of the member's estate shall elect an option under this section and name the beneficiary or beneficiaries.
 - b. If the member has only one designated beneficiary for a return of accumulated contributions, then that beneficiary may elect to receive the benefit.

- c. If the member has more than one designated beneficiary for a return of accumulated contributions, then the administrator or executor of the member's estate shall elect an option under this section and name the beneficiary or beneficiaries.

(c) The election of Option 2 or Option 3 or the nomination of the person under either of those options shall be revoked if the person nominated dies prior to the date the first payment becomes normally due and the first payment date has occurred. The election may be revoked by the member prior to the date the first payment becomes normally due and the first payment date has occurred.

(d) If a member has elected Option 2 or Option 3 and nominated his or her spouse to receive a retirement allowance upon the member's death, and the spouse predeceases the member after the first payment becomes normally due or the first payment date has occurred and the member remarries, then, within 90 days of the remarriage, the member may nominate a new spouse to receive the retirement allowance under the previously elected option. The new nomination shall be effective on the first day of the month in which it is made and shall provide for a retirement allowance computed to be the actuarial equivalent of the retirement allowance in effect immediately prior to the effective date of the new nomination.

(e) Any member having elected Options 2 or 3 and nominated his or her spouse to receive a retirement allowance upon the member's death may, after divorce from that spouse, revoke the nomination and elect a new option, effective on the first day of the month in which the new option is elected, providing for a retirement allowance computed to be the actuarial equivalent to the retirement allowance in effect immediately prior to the effective date of the new option.

(f) The benefit payment options under this section are as follows:

- (1) Option 1. – For Members Retiring Prior to July 1, 1993. – If a member dies within 10 years from the member's retirement date, an amount equal to the member's accumulated contributions at retirement, less one-one hundred twentieth (1/120) for each month for which the member has received a retirement allowance payment, shall be paid to the member's legal representative or to the person the member nominates by written designation acknowledged and filed with the Board of Trustees.
- (2) Option 2. – Upon a member's death, the member's reduced retirement allowance shall be continued throughout the life of and paid to the person the member nominates by written designation duly acknowledged and filed with the Board of Trustees at the time of the member's retirement. If the person selected is other than the member's spouse, then the reduced retirement allowance payable to the member shall not be less than one half of the retirement allowance without optional modification which would otherwise be payable to the member.
- (3) Option 3. – Upon a member's death, one half of the member's reduced retirement allowance shall be continued throughout the life of and paid to the person the member nominates by written designation duly acknowledged and filed with the Board of Trustees at the time of the member's retirement. (1983, c. 761, s. 238; 1985, c. 649, s. 9; 1993, c. 321, s. 74.1(a); 1998-212, s. 28.26(a); 2023-105, s. 5.3; 2024-8, s. 4(a).)

§ 120-4.26A. Benefits on death after retirement.

In the event of the death of a retired member while in receipt of a retirement allowance under the provisions of this Article, there shall be paid to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, a death benefit equal to the excess, if any, of the accumulated contributions of the retiree at the date of retirement over the total of the retirement allowances paid prior to the death of the retiree.

In the event that a retirement allowance becomes payable to the designated survivor of a retired member under the provisions of G.S. 120-4.26 and such retirement allowance to the survivor shall terminate upon the death of the survivor before the total of the retirement allowances paid to the retiree and the designated survivor combined equals the amount of the accumulated contributions of the retiree at the date of retirement, the excess, if any, of such accumulated contributions over the total of the retirement allowances paid to the retiree and the survivor combined shall be paid in a lump sum to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time such payment falls due, otherwise to the retiree's legal representative. (1993, c. 321, s. 74.1(b); 2009-66, s. 11(l).)

The designated beneficiary of a member who dies while in service after completing one year of creditable service shall receive a lump-sum payment of an amount equal to the deceased member's highest annual salary, to a maximum of fifteen thousand dollars (\$15,000). For purposes of this death benefit "in service" means currently serving as a member of the North Carolina General Assembly. "In service" also means service in the Uniformed Services, as that term is defined in section 4303(16) of the Uniformed Services Employment and Reemployment Rights Act, Public Law 103-353, if that service begins during the member's term of office. If the participant does not return immediately after that service to employment with a covered employer in this System, then the participant shall be deemed "in service" until the date on which the participant was first eligible to be separated or released from his or her involuntary military service.

The death benefit provided by this section shall be designated a group life insurance benefit payable under an employee welfare benefit plan that is separate and apart from the Retirement System but under which the members of the Retirement System shall participate and be eligible for group life insurance benefits. The Board of Trustees is authorized to provide the death benefit in the form of group life insurance either by purchasing a contract or contracts of group life insurance with any life insurance company or companies licensed and authorized to transact business in the State of North Carolina for the purpose of insuring the lives of qualified members in service, or by establishing or affiliating with a separate trust fund.

This death benefit

shall be a lump-sum payment in the amount of five thousand dollars (\$5,000) upon the completion of twenty-four months of contributions required under this subsection. Should death occur before the completion of twenty-four months of contributions required under this subsection, the deceased retired member's surviving spouse or legal representative if not survived by a spouse shall be paid the sum of the retired member's contributions required by this subsection plus interest to be determined by the Board of Trustees.

Upon receipt of proof, satisfactory to the Board of Trustees, of the death of a retired member of the Retirement System or Retirement Fund on or after January 1, 1999, but before July 1, 2004, there shall be paid a death benefit to the surviving spouse of a deceased retired member, or to the deceased retired member's legal representative if not survived by a spouse; provided the retired member has elected, when first eligible, to make, and has continuously made, in advance of his death required contributions as determined by the Retirement System on a fully contributory basis, through retirement allowance deductions or other methods adopted by the Retirement System, to a group death benefit trust fund administered by the Board of Trustees separate and apart from the Retirement System's Annuity Savings Fund and Pension Accumulation Fund. This death benefit shall be a lump-sum payment in the amount of six thousand dollars (\$6,000) upon the completion of 24 months of contributions required under this subsection. Should death occur before the completion of 24 months of contributions required under this subsection, the deceased retired member's surviving spouse or legal representative if not survived by a spouse shall be paid the sum of the retired member's contributions required by this subsection plus interest to be determined by the Board of Trustees.

This death benefit shall be a lump-sum payment in the amount of nine thousand dollars (\$9,000) upon the completion of 24 months of contributions required under this subsection. Should death occur before the completion of 24 months of contributions required under this subsection, the deceased retired member's surviving spouse or legal representative if not survived by a spouse shall be paid the sum of the retired member's contributions required by this subsection plus interest to be determined by the Board of Trustees.

Upon receipt of proof, satisfactory to the Board of Trustees, of the death of a retired member of the Retirement System or Retirement Fund on or after July 1, 2007, but before January 1, 2015, there shall be paid a death benefit to the surviving spouse of a deceased retired member, or to the deceased retired member's legal representative if not survived by a spouse; provided the retired member has elected, when first eligible, to make, and has continuously made, in advance of his death required contributions as determined by the Retirement System on a fully contributory basis, through retirement allowance deductions or other methods adopted by the Retirement System, to a group death benefit trust fund administered by the Board of Trustees separate and apart from the Retirement System's Annuity Savings Fund and Pension Accumulation Fund. This death benefit shall be a lump-sum payment in the amount of ten thousand dollars (\$10,000) upon the completion

of 24 months of contributions required under this subsection. Should death occur before the completion of 24 months of contributions required under this subsection, the deceased retired member's surviving spouse or legal representative if not survived by a spouse shall be paid the sum of the retired member's contributions required by this subsection plus interest to be determined by the Board of Trustees.

Employer and non-employer contributions to the Benefit Trust and earnings on those contributions are irrevocable. The assets of the Benefit Trust are dedicated to providing benefits to members and beneficiaries in accordance with the Plan's benefit terms. The assets of the Benefit Trust are not subject to the claims of creditors of the employees and non-employees making contributions to the Benefit Trust, are not subject to the claims of any creditors of the Benefit Trust's trustees and administrators, and are not subject to the claims of creditors of members and beneficiaries. Benefit Trust assets may be used for reasonable expenses to administer benefits provided by the Fund as approved by the Board of Trustees.

§ 120-4.28. Survivor's alternate benefit.

The designated beneficiary of a member who dies in service before retirement but after age 60 and after completing five years of creditable service or after completing 12 years of creditable service is entitled to Option 2 prescribed by G.S. 120-4.26.

In the event that a retirement allowance becomes payable to the principal beneficiary designated to receive a return of accumulated contributions pursuant to this subsection and that beneficiary dies before the total of the retirement allowances paid equals the amount of those accumulated contributions over the total of the retirement allowances paid to the beneficiary, the allowance shall be paid in a lump sum to the person or persons the member has designated as the contingent beneficiary for return of accumulated contributions, if the person or persons are living at the time the payment falls due, otherwise to the principal beneficiary's legal representative. In the event that a retirement allowance becomes payable to the contingent beneficiary designated to receive a return of accumulated contributions pursuant to subsection (m) of this section and that beneficiary dies before the total of the retirement allowances paid equals the amount of the

accumulated contributions of the member at the date of the member's death, the excess of those accumulated contributions over the total of the retirement allowances paid to the beneficiary shall be paid in a lump sum to the contingent beneficiary's legal representative. (1983, c. 761, s. 238; 1983 (Reg. Sess., 1984), c. 1034, s. 199; 1985, c. 400, s. 3; 1987, c. 738, ss. 31(d), 37(c); 2012-130, s. 5; 2023-105, s. 7.3.)

§ 120-4.29. Exemption from garnishment, attachment.

Except for the applications of the provisions of G. S. 110-136, and in connection with a court-ordered equitable distribution under G.S. 50-20, the right of a person to a pension, annuity, or retirement allowance, to the return of contributions, or to the receipt of the pension, annuity or retirement allowance itself, any optional benefit or any other right accrued or accruing to any person under the provisions of this Article, and the moneys in the various funds created by this Article, are exempt from levy and sale, garnishment, attachment, or any other process whatsoever, and shall be unassignable except as this Article specifically provides. Notwithstanding any provisions to the contrary, any overpayment of benefits or erroneous payments to a member in a State-administered retirement system, the Disability Salary Continuation Plan, or the Disability Income Plan of North Carolina, including any benefits paid to, or State Health Plan premiums or claims paid on behalf of, any member who is later determined to have been ineligible for those benefits or unentitled to those amounts, may be offset against any retirement allowance, return of contributions, or any other right accruing under this Article to the same person, the person's estate, or designated beneficiary. (1983, c. 761, s. 238; 1985, c. 402; c. 649, s. 5; 1989, c. 792, s. 2.2; 1991, c. 636, s. 13; 2017-135, s. 9(c).)

§ 120-4.30. Termination or partial termination; discontinuance of contributions.

In the event of the termination or partial termination of the Retirement System or in the event of complete discontinuance of contributions under the Retirement System, the rights of all affected members to benefits accrued to the date of such termination, partial termination, or discontinuance, to the extent funded as of such date, or the amounts credited to the members' accounts, shall be nonforfeitable and fully vested. (1987, c. 177, s. 1(a), (b).)

§ 120-4.31. Internal Revenue Code compliance.

(a) Notwithstanding any other provisions of law to the contrary, compensation for any calendar year after 1988 in which employee or employer contributions are made and for which annual compensation is used for computing any benefit under this Article shall not exceed the higher of two hundred thousand dollars (\$200,000) or the amount determined by the Commissioner of Internal Revenue as the limitation for calendar years after 1989; provided the imposition of the limitation shall not reduce a member's benefit below the amount determined as of December 31, 1988.

Effective January 1, 1996, the annual compensation of a member taken into account for determining all benefits provided under this Article shall not exceed one hundred fifty thousand dollars (\$150,000), as adjusted pursuant to section 401(a)(17)(B) of the Internal Revenue Code and any regulations issued under the Code. However, with respect to a person who became a member of the Retirement System prior to January 1, 1996, the imposition of this limitation on compensation shall not reduce the amount of compensation which may be taken into account for determining the benefits of that member under this Article below the amount of compensation which would have been recognized under the provisions of this Article in effect on July 1, 1993.

Effective January 1, 2002, the annual compensation of a person, who became a member of the Retirement System on or after January 1, 1996, taken into account for determining all benefits accruing under this Article for any plan year after December 31, 2001, shall not exceed two hundred thousand dollars (\$200,000) or the amount otherwise set by the Internal Revenue Code or determined by the Commissioner of Internal Revenue as the limitation for calendar years after 2002.

All the provisions in this subsection have been enacted to make clear that the Plan shall not base contributions or Plan benefits on annual compensation in excess of the limits prescribed by Section 401(a)(17) of the Internal Revenue Code, as adjusted from time to time, subject to certain federal grandfathering rules.

(b) Notwithstanding any other provisions of law to the contrary, the annual benefit payable on behalf of a member shall, if necessary, be reduced to the extent required by Section 415(b) and with respect to calendar years commencing prior to January 1, 2000, Section 415(e) of the Internal Revenue Code, as adjusted by the Secretary of the Treasury or his delegate pursuant to Section 415(d) of the Code. If a member is a participant under any qualified defined contributions plan that is required to be taken into account for the purposes of the limitation contained in Section 415 of the Internal Revenue Code, the annual benefit payable under this Article shall be reduced to the extent required by Section 415(e) prior to making any reduction under the defined contribution plan provided by the employer. However, with respect to a member who has benefits accrued under this Article but whose benefit had not commenced as of December 31, 1999, the combined plan limitation contained in Section 415(e) of the Internal Revenue Code shall not be applied to such member for calendar years commencing on or after January 1, 2000.

(c) On and after September 8, 2009, and for all Plan years to which the minimum distribution rules of the Internal Revenue Code are applicable, with respect to any member who has terminated employment, the Plan shall comply with federal income tax minimum distribution rules by applying a reasonable and good faith interpretation to Section 401(a)(9) of the Internal Revenue Code.

(c1) A member who has contributions in this System and is not eligible for a retirement benefit as set forth in G.S. 120-4.21 shall be paid his or her contributions in a lump sum as provided in G.S. 120-4.25 by April 1 of the calendar year following the later of the calendar year in which the member (i) attains the applicable age under section 401(a)(9)(C)(v) of the Internal Revenue Code or (ii) has ceased to be a member of the General Assembly, except by death. If the member fails, following reasonable notification, to complete a refund application by the required date, then the requirement that a refund application be completed shall be waived and the refund shall be paid without a refund application as a single lump-sum payment with applicable required North Carolina and federal income taxes withheld.

A member who has contributions in this System and is eligible for a retirement benefit as set forth in G.S. 120-4.21 shall begin to receive a monthly benefit no later than April 1 of the calendar year following the later of the calendar year in which the member (i) attains the applicable age under section 401(a)(9)(C)(v) of the Internal Revenue Code or (ii) has ceased to be a member of the General Assembly, except by death. If the member fails, following reasonable notification, to complete the retirement process under this Article by the required beginning date, then the requirement that a retirement application and an election of payment plan form be completed shall be waived and the retirement allowance shall be paid as a single life annuity. The single life annuity shall be calculated and processed in accordance with G.S. 120-4.21.

For purposes of this subsection, a member shall not be considered to have ceased to be a member of the General Assembly if the member is actively contributing to the Teachers' and State Employees' Retirement System, Local Governmental Employees' Retirement System, or Consolidated Judicial Retirement System. A retirement benefit or lump-sum refund shall not be paid under this subsection if the member is actively contributing to the Teachers' and State Employees' Retirement System, Local Governmental Employees' Retirement System, or Consolidated Judicial Retirement System.

(d) This subsection applies to distributions and rollovers from the Plan. The Plan does not have mandatory distributions within the meaning of Section 401(a)(31) of the Internal Revenue Code. With respect to distributions from the Plan and notwithstanding any other provision of the Plan to the contrary that would otherwise limit a distributee's election under this Article, a distributee (including, after December 31, 2006, a non-spouse beneficiary if that non-spouse beneficiary elects a direct rollover only to an inherited traditional or Roth IRA as permitted under applicable federal law) may elect, at the time and in the manner prescribed by the Plan administrator, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover. As used in this subsection, an "eligible retirement plan" means an individual retirement account described in Section 408(a) of the Code, an individual retirement annuity described in Section 408(b) of the Code, an annuity plan described in Section 403(a) of the Code, on and after January 1, 2009, a Roth IRA, or a qualified trust described in Section 401(a) of the Code, that accepts the distributee's eligible rollover distribution. Effective on and after January 1, 2002, an eligible retirement plan also means an annuity contract described in Section 403(b) of the Code and an eligible plan under Section 457(b) of the Code that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into that plan from this Plan. As used in this subsection, a "direct rollover" is a payment by the Plan to the eligible retirement plan specified by the distributee. Provided, an eligible rollover distribution is any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution shall not include: any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee's designated beneficiary, or for a specified period of 10 years or more; any distribution to the extent such distribution is required under section 401(a)(9) of the Code; and the portion of any distribution that is not includible in gross income (determined without regard to the exclusion for net realized appreciation with respect to employer securities). Effective as of January 1, 2002, and notwithstanding the exclusion of any after-tax portion from such a rollover distribution in the preceding sentence, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions that are not includible in gross income. That portion may be transferred, pursuant to applicable federal law, to an individual retirement account or annuity described in Section 408(a) or (b) of the Code, to a qualified defined benefit plan, or to a qualified defined contribution plan described in Section 401(a), 403(a), or 403(b) of the Code that agrees to separately account for amounts so transferred, including separately accounting for the portion of such distribution which is includible in gross income and the portion of such distribution which is not so includible. The definition of eligible retirement plan shall also apply in the case of a distribution to surviving spouse, or to a spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code, or a court-ordered

equitable distribution of marital property, as provided under G.S. 50-20.1. Effective on and after January 1, 2007, notwithstanding any other provision of this subsection, a nonspouse beneficiary of a deceased member may elect, at the time and in the manner prescribed by the administrator of the Board of Trustees of this Retirement System, to directly roll over any portion of the beneficiary's distribution from the Retirement System; however, such rollover shall conform with the provisions of section 402(c)(11) of the Code. (1989, c. 276, s. 1; 1993, c. 531, s. 2; 1995, c. 361, s. 4; 2002-71, s. 2; 2009-66, s. 1(c); 2012-130, s. 4(a); 2015-164, s. 10(d); 2020-48, s. 1.2(d); 2024-9, s. 3(d).)

§ 120-4.32. Deduction for payments allowed.

(a) Any beneficiary who is a member of a domiciled employees' or retirees' association that has at least 2,000 members, the majority of whom are active or retired employees of the State or public school employees, may authorize, in writing, the periodic deduction from the beneficiary's retirement benefits a designated lump sum to be paid to the employees' or retirees' association. The authorization shall remain in effect until revoked by the beneficiary. A plan of deductions pursuant to this section shall become void if the employees' or retirees' association engages in collective bargaining with the State, any political subdivision of the State, or any local school administrative unit.

(b) Any beneficiary eligible for coverage under the State Health Plan may also authorize, in writing, the monthly deduction from the beneficiary's retirement benefits of a designated lump sum to be paid to the State Health Plan for any dependent whom the beneficiary wishes to cover under the State Health Plan. In the event that the beneficiary's own State Health Plan coverage is contributory, in whole or in part, the beneficiary may also authorize a designated lump sum to be paid to the State Health Plan on behalf of the beneficiary. In addition, a beneficiary may similarly authorize the deduction for supplemental voluntary insurance benefits, provided that the deduction is authorized by the Department of State Treasurer and is payable to a company with which the Department of State Treasurer has or had an exclusive contractual relationship. Any such authorization shall remain in effect until revoked by the beneficiary. (2002-126, s. 6.4(d); 2012-178, s. 4(a).)

§ 120-4.33. Forfeiture of retirement benefits for certain felonies.

(a) Except as provided in G.S. 120-4.12(f), the Board of Trustees shall not pay any retirement benefits or allowances, except for a return of member contributions plus interest, to any member who is convicted of any felony under the federal laws listed in subsection (b) of this section or the laws of this State listed in subsection (c) of this section if all of the following apply:
