§ 90B-26. Reissuance of a multistate license by a new home state.

(2) Upon receipt of an application to reissue a multistate license, the new home state shall verify that the multistate license is active, unencumbered, and eligible for reissuance under the terms of the Compact and the rules of the Commission. The multistate license issued by the prior home state will be deactivated and all member states notified in accordance with the applicable rules adopted by the Commission.

(3) Prior to the reissuance of the multistate license, the new home state shall conduct procedures for considering the criminal history records of the licensee. Such procedures shall include the submission of fingerprints or other biometric-based information by applicants for the purpose of obtaining an applicant's criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state's criminal records.

(a) In addition to the other powers conferred by state law, a remote state shall have the authority, in accordance with existing state due process law, to do the following:

(1) Take adverse action against a regulated social worker's multistate authorization to practice only within that member state, and issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses as well as the production of evidence. Subpoenas issued by a licensing authority in a member state for the attendance and testimony of witnesses or the production of evidence from another member state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which the witnesses or evidence are located.

(2) Only the home state shall have the power to take adverse action against a regulated social worker's multistate license.

In so doing, the home state shall apply its own state laws to determine appropriate action.

(c) The home state shall complete any pending investigations of a regulated social worker who changes their home state during the course of the investigations. The home state shall also have the authority to take appropriate action and shall promptly report the conclusions of the investigations to the administrator of the data system. The administrator of the data system shall promptly notify the new home state of any adverse actions.

(d) A member state, if otherwise permitted by state law, may recover from the affected regulated social worker the costs of investigations and dispositions of cases resulting from any adverse action taken against that regulated social worker.

(e) A member state may take adverse action based on the factual findings of another member state, provided that the member state follows its own procedures for taking the adverse action.

(f) Joint investigations:

(1) In addition to the authority granted to a member state by its respective social work practice act or other applicable state law, any member state may participate with other member states in joint investigations of licensees.

(2) Member states shall share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under the Compact.

(g) If adverse action is taken by the home state against the multistate license of a regulated social worker, the regulated social worker's multistate authorization to practice in all other member states shall be deactivated until all encumbrances have been removed from the multistate license. All home state disciplinary orders that impose adverse action against the license of a regulated social worker shall include a statement that the regulated social worker's multistate authorization to practice is deactivated in all member states until all conditions of the decision, order, or agreement are satisfied.

(h) If a member state takes adverse action, it shall promptly notify the administrator of the data system. The administrator of the data system shall promptly notify the home state and all other member states of any adverse actions by remote states.

(i) Nothing in this Compact shall override a member state's decision that participation in an alternative program may be used in lieu of adverse action. Nothing in this Compact shall authorize a member state to demand the issuance of subpoenas for attendance and testimony of witnesses or the production of evidence from another member state for lawful actions within that member state.

(j) Nothing in this Compact shall authorize a member state to impose discipline against a regulated social worker who holds a multistate authorization to practice for lawful actions within another member state. (2025-7, s. 2.)

However, all receipts and disbursements of funds handled by the Commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the Commission.

(g) Qualified Immunity; Defense; Indemnification. – The members, officers, executive director, employees, and representatives of the Commission shall be immune from suit and liability, both personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person. The procurement of insurance of any type by the Commission shall not in any way compromise or limit the immunity granted hereunder.

The Commission shall defend any member, officer, executive director, employee, or representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or as determined by the Commission that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel at their own expense; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

The Commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

Nothing herein shall be construed as a limitation on the liability of any licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable state laws. Nothing in this Compact shall be interpreted to waive or otherwise abrogate a member state's state action immunity or state action affirmative defense with respect to antitrust claims under the

Sherman Act, Clayton Act, or any other state or federal antitrust or anticompetitive law or regulation. Nothing in this Compact shall be construed to be a waiver of sovereign immunity by the member states or by the Commission. (2025-7, s. 2.)

§ 90B-30. Data system.

(a) The Commission shall provide for the development, maintenance, operation, and utilization of a coordinated database and reporting system containing licensure, adverse action, and the presence of current significant investigative information on all licensed individuals in member states.

(b) The Commission shall assign each applicant for a multistate license a unique identifier, as determined by the rules of the Commission.

(c) Notwithstanding any other provision of state law to the contrary, a member state shall submit a uniform data set to the data system on all individuals to whom this Compact is applicable, as required by the rules of the Commission, including all of the following:

- (1) Identifying information.
- (2) Licensure data.
- (3) Adverse actions against a license and information related thereto.
- (4) Nonconfidential information related to alternative program participation, the beginning and ending dates of such participation, and other information related to such participation not made confidential under member state law.
- (5) Any denial of application for licensure and the reasons for such denial.
- (6) Other information that may facilitate the administration of this Compact, as determined by the rules of the Commission.
- (7) Current significant investigative information.

(d) The records and information provided to a member state pursuant to this Compact or through the data system, when certified by the Commission or an agent thereof, shall constitute the authenticated business records of the Commission and shall be entitled to any associated hearsay exception in any relevant judicial, quasi-judicial, or administrative proceedings in a member state.

(e) Current significant investigative information pertaining to a licensee in any member state will only be available to other member states. It is the responsibility of the member states to report any adverse action against a licensee and to monitor the database to determine whether adverse action has been taken against a licensee. Adverse action information pertaining to a licensee in any member state will be available to any other member state.

(f) Member states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing state.

(g) Any information submitted to the data system that is subsequently required to be expunged by federal law or the laws of the member state contributing the information shall be removed from the data system. (2025-7, s. 2.)

§ 90B-31. Rulemaking.

(a) The Commission shall promulgate reasonable rules in order to achieve the purposes of the Compact effectively and efficiently. A rule shall be invalid and have no force or effect only if a court of competent jurisdiction holds that the rule is invalid because the Commission exercised its rulemaking authority in a manner that is beyond the scope and purposes of the Compact, or the powers granted hereunder, or based upon another applicable standard of review.

(b) The rules of the Commission shall have the force of law in each member state, provided, however, that where the rules of the Commission conflict with the laws of the member state that establish the member state's laws, regulations, and applicable standards that govern the practice of social work as held by a court of competent jurisdiction, the rules of the Commission shall be ineffective in that state to the extent of the conflict.

(c) The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules shall become binding on the day following adoption or the date specified in the rule or amendment, whichever is later.

(d) If a majority of the legislatures of the member states rejects a rule or a portion of a rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within four years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.

(e) Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

(f) Prior to adoption of a proposed rule, the Commission shall hold a public hearing and allow persons to provide oral and written comments, data, facts, opinions, and arguments.

(g) Prior to promulgation and adoption of rule by the Commission, and at least 30 days in advance of the meeting at which the Commission will hold a public hearing on the proposed rule, the Commission shall provide a notice of proposed rulemaking (i) on the website of the Commission or other publicly accessible platform, (ii) to persons who have requested notice of the Commission's notices of proposed rulemaking, and (iii) in such other ways as the Commission may, by rule, specify.

(h) The notice of proposed rulemaking shall include all of the following:

- (1) The time, date, and location of the public hearing at which the Commission will hear public comments on the proposed rule and, if different, the proposed time, date, and location of the meeting in which the rule will be considered and voted upon.
- (2) If the hearing is held via telecommunication, video conference, or other electronic means, the Commission shall include the mechanism for access to the hearing in the notice of proposed rulemaking.
- (3) The text of the proposed rule or amendment and the reason for the proposed rule.
- (4) A request for comments on the proposed rule from any interested person.
- (5) The manner in which interested persons may submit written comments.

(i) All hearings will be recorded. A copy of the recording and all written comments and documents received by the Commission in response to the proposed rule shall be available to the public.

(j) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

(k) The Commission shall, by majority vote of all members, take final action on the proposed rule based on the rulemaking record and the full text of the rule.

- (1) The Commission may adopt changes to the proposed rule provided the changes do not enlarge the original purpose of the proposed rule.
- (2) The Commission shall provide an explanation of the reasons for substantive changes made to the proposed rule as well as reasons for substantive changes not made that were recommended by commenters.

- (3) The Commission shall determine a reasonable effective date for the rule. Except for an emergency as provided in this section, the effective date of the rule shall be no sooner than 30 days after issuing the notice that it adopted or amended the rule.

(l) Upon determination that an emergency exists, the Commission may consider and adopt an emergency rule with 48 hours' notice, with opportunity for comment, provided that the usual rulemaking procedures provided in the Compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to (i) meet an imminent threat to public health, safety, or welfare, (ii) prevent a loss of Commission or member state funds, (iii) meet a deadline for the promulgation of an administrative rule that is established by federal law or rule, or (iv) protect public health and safety.

(m) The Commission or an authorized committee of the Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

(n) No member state's rulemaking requirements shall apply under this Compact. (2025-7, s. 2.)

§ 90B-32. Oversight; dispute resolution; enforcement.

(a) The executive and judicial branches of state government in each member state shall enforce this Compact and take all actions necessary and appropriate to implement the Compact.

(b) Except as otherwise provided in this Compact, venue is proper and judicial proceedings by or against the Commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a licensee for professional malpractice, misconduct, or any such similar matter.

(c) The Commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the Compact and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the Commission shall render a judgment or order void as to the Commission, this Compact, or promulgated rules.

(d) If the Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall do all of the following:

- (1) Provide written notice to the defaulting state and other member states of the nature of default, the proposed means of curing the default, and any other action to be taken by the Commission.
- (2) Provide remedial training and specific technical assistance regarding the default.

(e) If a state in default fails to cure the default, the defaulting state may be terminated from the Compact upon an affirmative vote of a majority of delegates of the member states, and all rights, privileges, and benefits conferred by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(f) Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting state's legislature, the defaulting state's state licensing authority and each of the member states' state licensing authority. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(g) Upon the termination of a state's membership from this Compact, that state shall immediately provide notice to all licensees within that state of such termination. The terminated state shall continue to recognize all licenses granted pursuant to this Compact for a minimum of six months after the date of said notice of termination.

(h) The Commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting state.

(i) The defaulting state may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

(j) Upon request by a member state, the Commission shall attempt to resolve disputes related to the Compact that arise among member states and between member and nonmember states. The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

(k) By majority vote, the Commission may initiate legal action in the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices against a member state in default to enforce compliance with the provisions of the Compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or the defaulting member state's law.

(l) A member state may initiate legal action in the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices against the Commission to enforce compliance with the provisions of the Compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

(m) No person other than a member state shall enforce this Compact against the Commission. (2025-7, s. 2.)

§ 90B-33. Effective date; withdrawal; amendment.

(a) The Compact shall come into effect on the date on which the Compact statute is enacted into law in the seventh member state. On or after the effective date of the Compact, the Commission shall convene and review the enactment of each of the first seven member states (charter member states) to determine if the statute enacted by each such charter member state is materially different than the model Compact statute.

(b) A charter member state whose enactment is found to be materially different from the model Compact statute shall be entitled to the default process set forth in this Article. If any member state is found to be in default, or is terminated or withdraws from the Compact, the Commission shall remain in existence and the Compact shall remain in effect even if the number of member states should be less than seven.

(c) Member states enacting the Compact subsequent to the seven initial charter member states shall be subject to the process set forth in this Article to determine if their enactments are materially different from the model Compact statute and whether they qualify for participation in the Compact.

(d) All actions taken for the benefit of the Commission or in furtherance of the purposes of the administration of the Compact prior to the effective date of the Compact or the Commission coming into existence shall be considered to be actions of the Commission unless specifically repudiated by the Commission.

(e) Any state that joins the Compact subsequent to the Commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the Compact becomes law in that state. Any rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that state.

(f) Any member state may withdraw from this Compact by enacting a statute repealing the same. A member state's withdrawal shall not take effect until six months after enactment of the repealing statute. Withdrawal shall not affect the continuing requirement of the withdrawing state's licensing authority to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal. Upon the enactment of a statute withdrawing from this Compact, a state shall immediately provide notice of such withdrawal to all licensees within that state. Notwithstanding any subsequent statutory enactment to the contrary, such withdrawing state shall continue to recognize all licenses granted pursuant to this Compact for a minimum of six months after the date of such notice of withdrawal.

(g) Nothing contained in this Compact shall be construed to invalidate or prevent any licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this Compact.

(h) This Compact may be amended by the member states. No amendment to this Compact shall become effective and binding upon any member state until it is enacted into the laws of all member states. (2025-7, s. 2.)

§ 90B-34. Construction and severability.

This Compact and the Commission's rulemaking authority shall be liberally construed so as to effectuate the purposes, and the implementation and administration of the Compact. Provisions of the Compact expressly authorizing or requiring the promulgation of rules shall not be construed to limit the Commission's rulemaking authority solely for those purposes. The provisions of this Compact shall be severable, and if any phrase, clause, sentence, or provision of this Compact is held by a court of competent jurisdiction to be contrary to the constitution of any member state, a state seeking participation in the Compact, or the United States, or the applicability thereof to any

government, agency, person, or circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity of the remainder of this Compact and the applicability thereof to any other government, agency, person, or circumstance shall not be affected thereby.

Notwithstanding this section, the Commission may deny a state's participation in the Compact or, in accordance with the requirements of this Article, terminate a member state's participation in the Compact, if it determines that a constitutional requirement of a member state is a material departure from the Compact. Otherwise, if this Compact shall be held to be contrary to the constitution of any member state, the Compact shall remain in full force and effect as to the remaining member states and in full force and effect as to the member state affected as to all severable matters. (2025-7, s. 2.)

§ 90B-35. Consistent effect and conflict with other state laws.

A licensee providing services in a remote state under a multistate authorization to practice shall adhere to the laws and regulations, including laws, regulations, and applicable standards, of the remote state where the client is located at the time care is rendered. Nothing herein prevents the enforcement of any other law of a member state that is not inconsistent with the Compact. Any laws, statutes, regulations, or other legal requirements in a member state in conflict with the Compact are superseded to the extent of the conflict. All permissible agreements between the Commission and the member states are binding in accordance with their terms. (2025-7, s. 2.)
