§ 104E-10. Licensing of by-product, source, and special nuclear materials and other sources of ionizing radiation.

(a) The Governor, on behalf of this State, is authorized to enter into agreements with the federal government providing for discontinuance of certain of the responsibilities of the federal government with respect to sources of ionizing radiation and the assumption thereof by this State.

(b) Upon the signing of an agreement with the Nuclear Regulatory Commission or its successor as provided in subsection (a) above, the Commission shall provide by rule or regulation for general or specific licensing of persons to use, manufacture, produce, transport, transfer, receive, acquire, own, or possess by-product, source, or special nuclear materials or devices, installations, or equipment utilizing such materials. Such rule or regulation shall provide for amendment, suspension, renewal or revocation of licenses. Each application for a specific license shall be in writing on forms prescribed by the Commission and furnished by the Department and shall state, and be accompanied by, such information or documents, including, but not limited to plans, specifications and reports for new construction or material alterations as the Commission may determine to be reasonable and necessary to decide the qualifications of the applicant to protect the public health and safety. The Commission may require all applications or statements to be made under oath or affirmation. Each license shall be in such form and contain such terms and conditions as the Commission may deem necessary. No license issued under the authority of this Chapter and no right to possess or utilize sources of radiation granted by any license shall be assigned or in any manner disposed of; and the terms and conditions of all licenses shall be subject to amendment, revision, or modification by rules, regulations, or orders issued in accordance with the provisions of this Chapter.

(c) Any person who, on the effective date of an agreement under subsection (a) above, possesses a license issued by the federal government shall be deemed to possess the same pursuant to a license issued under this Chapter, which shall expire either 90 days after receipt from the Department of a notice of expiration of such license, or on the date of expiration specified in the federal license, whichever is earlier.
