§ 130A-309.09D. Responsibilities of generators of municipal solid waste owners and operators of privately owned solid waste management facilities and collectors of municipal solid waste.

(a) A generator of municipal solid waste shall not knowingly dispose of, a collector of municipal solid waste shall not knowingly collect for disposal, and the owner or operator of a privately owned or operated municipal solid waste management facility shall not knowingly dispose of, any type or form of municipal solid waste that is generated within the boundaries of a unit of local government that by ordinance:

(1) Prohibits generators or collectors of municipal solid waste from disposing of that type or form of municipal solid waste.

(2) Requires generators or collectors of municipal solid waste to recycle that type or form of municipal solid waste.

(b) On or before 1 August, the owner or operator of a privately owned solid waste management facility shall report to the Department, for the previous year beginning 1 July and ending 30 June, the amount by weight of the solid waste that was received at the facility and disposed of in a landfill, incinerated, or converted to fuel. To the maximum extent practicable, the reports shall indicate by weight the county of origin of all solid waste. The owner or operator shall transmit a copy of the report to the county in which the facility is located and to each county from which solid waste originated.

(c) A generator of industrial solid waste that owns and operates an industrial solid waste facility for the management of industrial solid waste generated by that generator shall develop a 10-year waste management plan. The plan shall be updated at least every three years. In order to assure compliance with this subsection, each generator to which this subsection applies shall provide the Department with a copy of its current plan upon request by the Department. Each generator to which this subsection applies shall file a report on its implementation of the plan required by this subsection with the Department by 1 August of each year. A generator to which this subsection applies may provide the Department with a copy of a current plan prepared pursuant to an ordinance adopted by a unit of local government or prepared for any other purpose if the plan meets the requirements of this subsection. The plan shall have the following components:

(1) A waste reduction goal established by the generator.

(2) Options for the management and reduction of wastes evaluated by the generator.

(3) A waste management strategy, including plans for waste reduction and waste disposal, for the 10-year period covered by the plan. (1991, c. 621, s. 11; 1995 (Reg. Sess., 1996), c. 594, s. 16.)
