
(a) A donor may make an anatomical gift by any of the following methods:
   (1) By authorizing that a statement or symbol be imprinted on the donor's
drivers license or identification card indicating that the donor has made an
anatomical gift. Anatomical gifts made by this method shall not include a
donation of tissue or the donor's body.
   (2) In a will.
   (3) During a terminal illness or injury of the donor, by any form of
communication addressed to at least two adults, at least one of whom is a
disinterested witness.
   (4) As provided in subsection (b) of this section.

(b) A donor or other person authorized to make an anatomical gift under G.S.
130A-412.6 may make a gift by a signed donor card or other record signed by the donor or
other person making the gift or by authorizing that a statement or symbol indicating that the
donor has made an anatomical gift be included on a donor registry. If the donor or other person
is physically unable to sign a record, the record may be signed by another individual at the
direction of the donor or other person and must:
   (1) Be witnessed by at least two adults, at least one of whom is a disinterested
witness, who have signed at the request of the donor or the other person; and
   (2) State that it has been signed and witnessed as provided in subdivision (1) of
this subsection.

(c) Revocation, suspension, expiration, or cancellation of a drivers license or
identification card upon which an anatomical gift is indicated does not invalidate the gift.

(d) An anatomical gift made by will takes effect upon the donor's death whether or not
the will is probated. Invalidation of the will after the donor's death does not invalidate the gift.
