

§ 130A-450. Asbestos containing material removal permit fees.

An applicant for an asbestos containing material removal permit is subject to a fee payable to the Department. The fee is a departmental receipt of the Department and must be used to offset the cost of the asbestos hazard management program. An applicant for a permit must indicate whether the asbestos is to be removed as part of a renovation or a demolition. If the asbestos is to be removed as part of a renovation, the fee is the amount set by the Department and may not exceed one percent (1%) of the contracted price or twenty cents (\$.20) per square foot or linear foot of asbestos containing material to be removed, whichever is greater. If the asbestos is to be removed as part of a demolition, the fee is the greater of the following, not to exceed one thousand five hundred dollars (\$1,500):

- (1) One percent (1%) of the contracted price.
- (2) An amount set by the Department not to exceed twenty cents (\$.20) per square foot or linear foot of asbestos containing material to be removed.
