§ 131E-157. Standards for equipment; inspection of equipment and supplies required for ambulances.

(a) The Commission shall adopt rules specifying equipment, sanitation, supply and design requirements for ambulances.

(b) The Department shall inspect each ambulance for compliance with the requirements set forth by the Commission and this Article when it deems an inspection is necessary. The Department shall maintain a record of the inspection.

(c) Upon a determination, based upon an inspection, that an ambulance fails to meet the requirements of this Article or rules adopted under this Article, the Department may deny, suspend, or revoke the permit for the ambulance concerned until these requirements are met.
