§ 143B-1361. Information technology procurement policy; reporting requirements.

(a) Policy. – In order to further the policy of the State to encourage and promote the use of small, minority, physically handicapped, and women contractors in State purchasing of goods and services, all State agencies shall cooperate with the Department in efforts to encourage the use of small, minority, physically handicapped, and women contractors in achieving the purposes of this Article, which is to provide for the effective and economical acquisition, management, and disposition of information technology.

(b) Bids. – A vendor submitting a bid shall disclose in a statement, provided contemporaneously with the bid, where services will be performed under the contract sought, including any subcontracts and whether any services under that contract, including any subcontracts, are anticipated to be performed outside the United States. Nothing in this section is intended to contravene any existing treaty, law, agreement, or regulation of the United States. The State CIO shall retain the statements required by this subsection regardless of the State entity that awards the contract and shall report annually to the Secretary of Administration on the number of contracts which are anticipated to be performed outside the United States.

(c) Reporting. – Every State agency that makes a direct purchase of information technology using the services of the Department shall report directly to the Department of Administration all information required by G.S. 143-48(b).

(d) Data from Department of Administration. – The Department of Administration shall collect and compile the data described in this section and report it annually to the Department of Information Technology, the Joint Legislative Oversight Committee on Information Technology, and the Fiscal Research Division. (2015-241, s. 7A.2(b).)
