§ 143B-437.50. Legislative findings and purpose.
The General Assembly finds that:

(1) It is the policy of the State of North Carolina to stimulate economic activity and to create new jobs for the citizens of the State by encouraging and promoting the expansion of existing business and industry within the State and by recruiting and attracting new business and industry to the State.

(2) Both short-term and long-term economic trends at the State, national, and international levels have made the successful implementation of the State's economic development policy and programs both more critical and more challenging; and the decline in the State's traditional industries, and the resulting adverse impact upon the State and its citizens, have been exacerbated in recent years by adverse national and State economic trends that contribute to the reduction in the State's industrial base and that inhibit the State's ability to sustain or attract new and expanding businesses.

(3) The economic condition of the State is not static and recent changes in the State's economic condition have created economic distress that requires a reevaluation of certain existing State programs and the enactment of a new program as provided in this Part that are designed to stimulate new economic activity and to create new jobs within the State.

(4) The enactment of this Part is necessary to stimulate the economy, facilitate economic recovery, and create new jobs in North Carolina; and this Part will promote the general welfare and confer, as its primary purpose and effect, benefits on citizens throughout the State through the creation of new jobs, an enlargement of the overall tax base, an expansion and diversification of the State's industrial base, and an increase in revenue to the State and its political subdivisions.

(5) The purpose of this Part is to stimulate economic activity and to create new jobs within the State.

(6) It is not the intent of the General Assembly that grants provided through this Part be used as venture capital funds, business incubator funds, or business start-up funds or to otherwise fund the initial capitalization needs of new businesses.

(7) Nothing in this Part shall be construed to constitute a guarantee or assumption by the State of any debt of any business or to authorize the taxing power or the full faith and credit of the State to be pledged. (2002-172, s. 2.1(a); 2003-416, s. 2.)
