§ 143B-437.56A. Multilocation projects.

(a) Except as provided in subsection (b) of this section, if a project will be located in more than one development tier area, the location with the highest area designation determines the standards applicable under this Part to the project.

(b) For purposes of G.S. 143B-437.56(d), if a project will be located in more than one development tier area, the location with the lowest area designation determines the percentage of the annual grant approved for disbursement payable to the Utility Account pursuant to G.S. 143B-437.61 if (i) the project will have at least one location in a development tier three area, (ii) the project will have at least one location in a development tier one or two area, and (iii) at least sixty-six percent (66%) of the number of eligible positions created or the total benefits of the project to the State, as calculated pursuant to G.S. 143B-437.52, or both are located in the lowest area designation. (2016-94, s. 15.7(b).)
