§ 153A-229.3. Inspection by facility employees.

(a) Inspections When a Female Incarcerated Person is in the State of Undress. – To the greatest extent practicable and consistent with safety and order in a local confinement facility, there shall be a limitation on inspections by male facility employees when a female incarcerated person is in a state of undress. Nothing in this section shall limit the ability of a male facility employee from conducting inspections when a female incarcerated person may be in a state of undress if no female facility employees are available within a reasonable period of time.

(b) Documentation Requirement. – If a male facility employee deems it is appropriate to conduct an inspection or search while a female incarcerated person is in a clear state of undress in an area such as the shower, the medical examination room, toilet areas, or while a female incarcerated person is having a body cavity search, the male local confinement facility employee shall submit a written report to the sheriff or administrator of the local confinement facility within five days following the inspection or search, containing the justification for a male facility employee to inspect the female incarcerated person while in a state of undress. (2021-143, s. 3(a).)
