§ 156-138.1. Acquisition and disposition of lands; lease to or from federal or State government or agency thereof.

The district may acquire any lands necessary or convenient to enable it to accomplish the purposes for which the district was established. If the lands cannot be acquired by agreement as to the purchase price, then the power of eminent domain is hereby conferred and the lands may be condemned by the procedure set out in G.S. 156-67 and Chapter 40A of the General Statutes. The land so acquired may be used in a manner and for the purposes the commissioners of the district deem best. If, in the opinion of the drainage commission of the district the lands should be sold, leased or rented, the board may do so, subject to the approval of the clerk of the superior court.

The commissioners of the district may, in their discretion, convey or lease to the State or federal governments, or any of their agencies, with or without consideration, any properties, real or personal, belonging to the district, if in their opinion it is necessary to enable the district to receive State or federal funds available to the district. The terms of a conveyance or lease shall be subject to the approval of the clerk of the superior court of the county in which the district was established.

The commissioners of the district may lease from the State or federal governments any real or personal property needed by the district to enable it to efficiently operate and maintain the district for the purposes for which it was established. The terms of a lease shall be subject to the approval of the clerk of the superior court of the county in which the district was established.
