§ 159-36. Failure of local government to levy debt service taxes or provide for payment of debt.

(a) If any local government or public authority fails or refuses to levy taxes or allocate other revenues in an amount sufficient to meet all installments of principal and interest falling due on its debt during the budget year, or to adequately maintain its sinking funds, the Commission shall enter an order directing and commanding the governing board of the local government or public authority to enact a budget ordinance levying the necessary taxes or raising the necessary revenue by whatever means are legally available. If the governing board shall fail or refuse to comply with the Commission's order within 10 days, the order shall have the same legal force and effect as if the actions therein commanded had been taken by the governing board, and the appropriate officers and employees of the local government or public authority shall proceed to collect the tax levy or implement the plan for raising the revenue to the same extent as if such action had been authorized and directed by the governing board. Any officer, employee, or member of the governing board of any local government or public authority who willfully fails or refuses to implement an order of the Local Government Commission issued pursuant to this section forfeits his office or position.

(b) This section does not apply to contractual obligations undertaken by a unit of local government in a debt instrument issued pursuant to Chapter 159G of the General Statutes unless such debt instrument is secured by a pledge of the faith and credit of the unit of local government.
