

**§ 160D-1108. Conflicts of interest.**

Staff members, agents, or contractors responsible for building inspections shall comply with G.S. 160D-109(c). No member of an inspection department shall be financially interested or employed by a business that is financially interested in the furnishing of labor, material, or appliances for the construction, alteration, or maintenance of any building within the local government's planning and development regulation jurisdiction or any part or system thereof, or in the making of plans or specifications therefor, unless he is the owner of the building. No member of an inspection department or other individual or an employee of a company contracting with a local government to conduct building inspections shall engage in any work that is inconsistent with his or her duties or with the interest of the local government, as determined by the local government. The local government must find a conflict of interest if any of the following is the case:

- (1) If the individual, company, or employee of a company contracting to perform building inspections for the local government has worked for the owner, developer, contractor, or project manager of the project to be inspected within the last two years.
- (2) If the individual, company, or employee of a company contracting to perform building inspections for the local government is closely related to the owner, developer, contractor, or project manager of the project to be inspected.
- (3) If the individual, company, or employee of a company contracting to perform building inspections for the local government has a financial or business interest in the project to be inspected.

The provisions of this section do not apply to a firefighter whose primary duties are fire suppression and rescue but who engages in some fire inspection activities as a secondary responsibility of the firefighter's employment as a firefighter, except no firefighter may inspect any work actually done, or materials or appliances supplied, by the firefighter or the firefighter's business within the preceding six years.
