

§ 28A-22-10. Distribution of assets of inoperative trust.

When the facts at the time of distribution of property to a trust are such that the trust would be inoperative under the terms of the instrument creating the trust for any reason, including the death of a beneficiary, renunciation by a beneficiary, the exercise of a right to withdraw the property by a beneficiary, or the attainment of a stipulated age by a beneficiary, the personal representative or the trustee authorized or required to make the distribution of that property to the trust may distribute the property directly to the person or persons entitled to it under the terms of the instrument creating the trust without the interposition of the establishment of the trust. If only a portion of the trust would be inoperative, the property distributable to that portion of the trust may be distributed directly to the person or persons entitled to the property under the terms of the instrument creating the trust.
