§ 58-33A-35. Nonresident license reciprocity.

(a) Unless denied licensure pursuant to G.S. 58-33A-45, a nonresident person shall receive a nonresident public adjuster license if the person meets all of the following criteria:

1. The person is currently licensed as a resident public adjuster and in good standing in his or her home state.
2. The person has submitted the proper request for licensure, has paid the fees required by G.S. 58-33-125, and has provided proof of financial responsibility as required in G.S. 58-33A-50.
3. The person has submitted or transmitted to the Commissioner the appropriate completed application for licensure.
4. The person's home state awards nonresident public adjuster licenses to residents of this State on the same basis.

(b) The Commissioner may verify the public adjuster's licensing status through the producer database maintained by the NAIC, its affiliates, or subsidiaries.

(c) As a condition to continuation of a public adjuster license issued under this section, the licensee shall maintain a resident public adjuster license in his or her home state. The nonresident public adjuster license issued under this section shall terminate and be surrendered immediately to the Commissioner if the home state public adjuster license terminates for any reason, unless the public adjuster has been issued a license as a resident public adjuster in his or her new home state. Notification to the state or states where nonresident license is issued must be made as soon as possible, yet no later than 30 days after change in new state resident license. Licensee shall include new and old address. A new state resident license is required for nonresident licenses to remain valid. The new state resident license must have reciprocity with the licensing nonresident state(s) for the nonresident license not to terminate. (2009-565, s. 1.)
