

§ 62-265. Emergency operating authority.

To meet unforeseen emergencies, the Commission may, upon its own initiative, or upon written request by any person, department or agency of the State, or of any county, city or town, with or without a hearing, grant appropriate authority to any owner of a duly licensed vehicle or vehicles, whether such owner holds a certificate or not, to transport passengers or household goods between such points, or within such area during the period of the emergency and to the extent necessary to relieve the same, as the Commission may fix in its order granting such authority; provided, that unless the emergency is declared by the General Assembly or under its authority, the Commission shall find from such request, or from its own knowledge or conditions, that a real emergency exists and that relief to the extent authorized in its order is immediate, pressing and necessary in the public interest, and that the carrier so authorized has the necessary equipment and is willing to perform the emergency service as prescribed by the order. In all cases, under this section, the Commission shall first afford the holders of certificates operating in the territory affected an opportunity to render the emergency service. Upon the termination of the emergency, the operating privileges so granted shall automatically expire and the Commission shall forthwith withdraw all operating privileges granted to any person under this section.
