

§ 7B-1407.6. Review of infant deaths.

The State Office shall consult with perinatal health experts as well as participants in reviews of infant deaths to develop criteria to be used by Local Teams to identify at least a subset of additional infant deaths subject to review that fall outside the categories of required reviews specified in subdivisions (1) through (9) of G.S. 7B-1406.5(c). The criteria shall take into account leading causes of infant death, including short gestation, low birthweight, and perinatal complications, and shall be updated at least biannually based on emerging information and data.
