

§ 83A-13. Exemptions.

(a) Nothing in this Chapter shall be construed to prevent the practice of general contracting under the provisions of Article 1 of Chapter 87, or the practice by any person who is qualified under law as a "registered professional engineer" of such architectural work as is incidental to engineering projects or utilities, or the practice of any other profession under the applicable licensure provisions of the General Statutes.

This subdivision shall not limit or change any other exemptions to this Chapter or to the practice of engineering under Chapter 89C of the General Statutes;
- (6) The preparation and use of details and shop drawings, assembly or erection drawings, or graphic descriptions utilized to detail or illustrate a portion of the work required to construct the project in accordance with the plans and specifications prepared or to be prepared under the requirements or exemptions of this Chapter.
