§ 90-113.58. Commission authority to control pseudoephedrine products.

(a) The Commission may add or delete a specific pseudoephedrine product from requirements of this Article on the petition of any interested party, or its own motion. In addition, the Commission may modify the specific storage, security, transaction limit, and record-keeping requirements applicable to a particular product upon such terms and conditions as they deem appropriate. In every case, the Commission shall give notice of and hold a public hearing pursuant to Chapter 150B of the General Statutes prior to adding or deleting a product. A petition by the Commission or the North Carolina Department of Justice to add or delete a specific product from requirements of this Article shall be placed on the agenda for consideration at the next regularly scheduled meeting of the Commission, as a matter of right. In making a determination regarding a specific product, the Commission shall consider whether or not there is substantial evidence that the specific product would be used to manufacture methamphetamine in the State.

(b) In making a determination, the Commission shall make findings with respect thereto and shall issue an order adding or deleting the specific product from requirements of this Article. The order shall be published in the North Carolina Register at least 60 days prior to the time that the addition or deletion of a specific product from the requirements of this Article becomes effective.

(c) The Commission may adopt temporary and permanent rules in accordance with this section. (2005-434, s. 1.)
