§ 90-171.85. (For repeal, see editor's note) Adverse actions.

(a) The licensing board of a remote state shall promptly report to the administrator of the coordinated licensure information system any remote state actions, including the factual and legal basis for the actions, if known. The licensing board of a remote state shall also promptly report any current significant investigative information yet to result in a remote state action. The administrator of the coordinated licensure information system shall promptly notify the home state of any such reports.

(b) The licensing board of a party state may complete any pending investigation of a licensee who changes his or her primary state of residence during the course of the investigation. It may also take appropriate action against a licensee and shall promptly report the conclusion of the investigation to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any action taken against a licensee.

(c) A remote state may take adverse action that affects the multistate licensure privilege to practice within that party state. However, only the home state may take adverse action that affects a license that was issued by the home state.

(d) For purposes of taking adverse action, the licensing board of the home state shall give to conduct reported by a remote state the same priority and effect that it would if the conduct had occurred within the home state. The board shall apply its own state laws to determine the appropriate action that should be taken against the licensee.

(e) The home state may take adverse action based upon the factual findings of the remote state if each state follows its own procedures for imposing the adverse action.

(f) This Compact does not prohibit a party state from allowing a licensee to participate in an alternative program instead of taking adverse action against the licensee. If required by the party state's laws, the licensee's participation in an alternative program shall be confidential information. Party states shall require licensees who enter alternative programs to agree not to practice in any other party state during the term of the alternative program without prior authorization from the other party state.
