Original Objectives: Plan, prepare and deliver two 3 day summer workshops for NC Teachers.

2011 Accomplishments: A total of 22 elementary teachers attended the Ag in the Classroom workshop held at Chowan University, June 25, 2012. Utilizing the expertise and experience of four actively-employed teachers-all either nationally certified or holding masters' degrees in education led the workshop.

1. Were introduced to agriculture, the leading industry in North Carolina.
2. Made familiar with a body of curricula aligned with Common Core and Essential Standards stressing real world learning experiences.
3. Visited a local farming operation.
4. Became familiar with local resources available to teachers and their students.
