Memo

To: Joint Legislative Commission on Governmental Operations
Fiscal Research Division
Department of Commerce

From: Melissa Hendrick
SVP of Administration & Chief Financial Officer

Date: January 31, 2014

Re: FY 2012-2013 Annual Report

The purpose of this memorandum and accompanying attachments is to fulfill the reporting requirements for regional economic development commissions per Section 158-8.5 of House Bill 1417 ([Attachment 1](#)). The Charlotte Regional Partnership (“CRP”) is one of seven economic development commissions in North Carolina that receives funding from the state for the purpose of marketing the 12-county Charlotte region for new investment and jobs. Per Section 158-8.5 of House Bill 1417, the following is the CRP’s report for fiscal year 2012-2013 ending June 30, 2013.

Section 158-8.5 (1): A summary of the preceding year's program activities, objectives, and accomplishments.

During FY 2012-2013, the CRP’s activities were guided by a comprehensive Program of Work (POW, [Attachment 2](#)) which placed heavy emphasis on face-to-face, business-to-business communication with key clients such as site selection consultants and company representatives that are active in key target sectors. Last year, we contracted with Garner Economics to perform an economic analysis to validate our current target sectors. It was determined that the targets we had been pursuing were indeed valid and still suitable for our economy. The POW was drafted with this analysis in mind, adding input from the Economic Development Advisory Committee (EDAC) and the Business Development & Marketing Advisory Committee. The POW was written to reflect the goals of the

organizational Balanced Scorecard ([Attachment 4](#)). These goals are organized to address each area of our mission: *position* the Charlotte USA brand so we are best poised for future investment opportunities, *increase* CRP public and private stakeholder engagement and communication, and *responsibly manage* our organization's resources to maximize private investment and be good stewards of public funds.

[Attachment 3](#) is the CRP's Annual Report which outlines our accomplishments for FY 2012-2013. The business development team traveled to 9 U.S. states, plus Germany, Canada, United Kingdom, Brazil, Austria and France, to tout the benefits of operating a business within Charlotte USA. We also attended 14 trade shows in key industries and spoke to corporate decision makers about expanding or relocating to our region. Site location consultants were flown in to experience our region firsthand, and gain a better understanding of Charlotte USA's assets, including how we can help make a sound business case for their clients. Our marketing team sent monthly communications to keep key contacts up to date on our activities.

[Attachment 4](#) is the CRP's Balanced Scorecard for FY2012-2013 which measures the extent to which our annual goals have been achieved. Metrics include the number of qualified capital investment projects that have been generated by CRP activity, as well as the number of total client visits that have come to pass through our efforts directly. In addition, we track the number of projects we generate of international origin, and the number of projects generated from our social media efforts and web presence. Funding levels, film project activity and customer satisfaction surveys of location advisors, public and private investors are also calculated for the final score. For fiscal year end 2013, the CRP's final score was 91%, a significant increase from the previous year's score of 87%.

Section 158-8.5 (2): The preceding fiscal year's itemized expenditures and fund sources.

[Attachment 5](#) contains the CRP's FYE 2013 Expenses by Department; Profit & Loss Statement at June 30th containing actuals compared to budget, State Trial Balance, Combined Trial Balance, as well as an itemized Transaction Detail by Account of expenditures for state funding. The June 30, 2013 Audited Financial Statement ([Attachment 7](#)) contains the itemized list of expenditures and funding sources for FYE 2013.

Section 158-8.5 (3): Demonstration of how the commission's regional economic development and marketing strategy aligns with the State's overall economic development and marketing strategies.

The CRP acknowledges and accepts both the need for and the benefits and advantages of the strategic alignment contemplated by Subsection (3). And, like our sister economic development partnerships throughout the state, we are committed to the success of North Carolina's economic growth and stability.

This goal is continuously achieved and ensured through the programs and activities of the North Carolina Partnership for Economic Development (NCPED). NCPED is a nonprofit 501(c)(3) consortium consisting of the North Carolina Department of Commerce (NCDOC) and all seven regional economic development partnerships. Operationally,

NCPED functions as an information-sharing and best practices clearinghouse for economic development professionals and private sector volunteers throughout the state.

NCPED's guiding principle is "statewide consistency; regional flexibility," an approach that permits each region to market and promote its own local and unique business assets and advantages, but also ensures that North Carolina's powerful, consistent, and compelling economic development message is communicated and reinforced throughout the United States and around the world. While the primary and legislatively-mandated function and responsibility of each regional partnership is to develop and execute a regional marketing plan and program of work that fits that particular region's needs, when it comes to marketing the State of North Carolina itself, the seven regions without hesitation look to and depend upon NCDOC for leadership and direction.

NCPED has, over time, developed operational systems and procedures that are intended to achieve a high level of strategic alignment with NCDOC's statewide marketing initiatives, while simultaneously informing NCDOC of the various marketing and promotional programs underway in the seven regions. For example:

- The Chairman of an elected partnership and NCDOC serve as co-chairs
- Regional Partnership Presidents meet monthly with NCDOC representatives
- Chairs meet quarterly, with NCDOC Secretary and senior staff
- NCDOC and partnership research officers meet frequently
- Marketing Council, consisting of the marketing executives from all seven regional partnerships and the NCDOC, meet regularly

The CRP is an active participant in the collaboration, planning, and execution of the activities that coincide with the strategies of NCDOC. The following represents a summary of key strategies and activities for economic development put forth in the CRP's FY2012-2013 Program of Work ([Attachment 2](#)).

- **Target & Segment:**
 - CRP continues to target sectors that align with state initiatives and leverage local strengths to attract capital investment. Key sectors are identified within Healthcare/Life Sciences, Energy/Environment, Defense/Aerospace, Motorsports, Finance and Film sectors. Each of these sectors meet important criteria that we believe will make them excellent investments for future growth potential. These sectors are sustainable, diversified, largely insulated from low-cost competition, and their demand remains relatively inelastic with few substitutes. For a complete list of target industries, please refer to our Target Sectors Outline ([Attachment 2](#)).
 - Identify and expand list of potential domestic and international companies to track for new project development. Our research team continues to mine lists from conferences, trade associations and trade publications for companies in expansion mode. Extra consideration is made for companies with ties to the Carolinas and in sectors most compatible with our assets throughout the region.
 - Conducting an aggressive e-marketing campaign specific to target sectors, using content and verbiage relevant to those markets to build the Charlotte USA brand; to date one e-campaign for each sector is sent quarterly to each targeted audience,

touting local assets, success stories and suitable real estate options for expanding and relocating companies, while reaching hundreds of contacts with each click of the ‘send’ button. Approximately six to eight e-campaigns are conducted quarterly.

- Leveraging relationships with foreign owned firms operating locally for additional contacts/companies abroad that would be a good fit for the region and the local international community. More interaction within the international community through speaking engagements and assistance with various dignitary events has proven to be a useful tool in gaining insight, as well as new contacts for potential future investment. Collaborative agreements and partnerships with organizations such as AmCham in Brazil have proven to be beneficial in reaching the right audience in foreign markets. We continue to pursue such arrangements.
- Marketing collateral, including electronic and hard copy versions, have been updated specific to our target audiences, and is provided to State representatives to convey the strengths of our region and represent the Charlotte region at State-attended events or meetings.

● **Position & Promote:**

- Business travel has been specifically targeted to promote face-to-face meetings with international business executives, site location advisors and media contacts to communicate the competitive advantages of operating a business in the Charlotte region.
- The CRP continues to work closely with NCDOC as the Charlotte USA brand is reinforced among firms seeking consolidation or relocation to the Southeast, taking advantage of the large pool of available talent in our region, and synergy among similar firms.
- Targeted geographies include major East coast/West coast/Midwest markets in U.S., Western European countries such as Germany, France, United Kingdom and Austria, as well as South America, specifically Brazil. Nonstop flights to business destinations in those countries provide reason to visit these markets on a regular basis. The following list represents markets the CRP business development team has visited during FY2012-2013.

- Atlanta, GA
- Boston, MA
- Chicago, IL
- Charleston, SC
- Dallas / Ft Worth, TX
- Greenville, SC
- Jacksonville, FL
- Los Angeles, CA
- New York, NY
- New Orleans, LA
- Naples, FL
- San Francisco, CA
- St. Louis, MO
- Beverly Hills, CA
- Orlando, FL
- Phoenix, AZ
- United Kingdom

- Germany
- Austria
- Canada
- Brazil
- France
- Industry conferences and tradeshows to promote the Charlotte region are integral to the Charlotte USA marketing campaign. The concentration of companies and/or consultants found at these events provides a cost effective approach to reach as many decision makers as possible. The following list represents a list of trade shows and events the CRP business development team has attended.
 - Farnborough Air Show – Hampshire, England
 - CORENET Summit – Orlando, FL
 - Area Development Consultants Forum – Jacksonville, FL
 - Power-Gen International, Orlando, FL
 - Food Automation and Manufacturing Conference – Naples, FL
 - Site Selector Guild Event – New Orleans, LA
 - SPEEDNews Conference – California
 - Area Development Consultants Forum – Minneapolis, MN
 - IAMC Fall Forum – Omaha, NE
 - IAMC Professional Forum – Charleston, SC
 - Aviation Week/Civil Aviation Mfg Conference – Charlotte, NC
 - Paris Airshow – Paris, France
- Hosting site location advisors to the region provides the CRP with opportunities to showcase assets within the region, build relationships with valuable contacts and highlight recent successes.
- Hosting business executives/consultants whose expertise lies in our key sectors to educate our constituents and address today's trends.
- Hosting two legislators' receptions to convene local elected officials with state and local leadership to discuss issues that impact the region.
- Hosting special events such as investor breakfasts and investor luncheons that allow us to have one-on-one communication with local stakeholders and discuss trends we are seeing while getting feedback regarding their respective industries.
- For the third consecutive year, sponsoring Energy Inc, in collaboration with the Charlotte Business Journal and Duke Energy, to further promote our region as the New Energy Capital. National and international reporters were in town for the PR initiative media tour and attended the breakfast event, garnering additional coverage. Also, a group of German energy-related firms attended with our assistance.
- Our website, www.charlotteusa.com continues to be updated, using feedback from those who use the website most, as guidance on key navigation and content issues. As a result, the website continues to be very focused on industry/market data most pertinent to contacts in these key sectors.
- Social marketing efforts have gained momentum as LinkedIn groups for each target sector have been created, daily posts are shared via Twitter and blogs are written monthly to provide insight regarding industry assets and company case studies. Facebook has proven an invaluable tool for sharing photos of our events with current and potential investors.

- **Measure & Communicate**

- CRP developed an organizational balance scorecard ([Attachment 4](#)) to internally measure progress each quarter. Scorecard metrics include project development, site visits, and customer service surveys to gauge the sentiments of location advisors and their clients and public/private stakeholders, as well as tracking the organization's levels of public and private funding.
- CRP communicates weekly via email to our investors and partners regarding local news, new company announcements and/or closings and business development missions and industry markets the CRP is targeting. This vehicle provides a powerful tool to keep our allies in the region up to date with our activities and aware of upcoming events.
- CRP meets monthly with the Economic Development Advisory Committee (EDAC) and invites private sector experts in marketing and business development to these meetings for added perspective. Monthly dashboards are presented to inform committees of our year-to-date progress.
- Return on Investment reports are forwarded to public sector partners twice each year to provide information regarding services and resources we made available to partner communities throughout the year.
- Quarterly finance and investor relations reports are disseminated to the board to communicate fiscal responsibility and organizational achievements.

CRP continues to stay involved with State marketing activities and actively participates in strategy development and resource allocation discussions that take place within the NC Marketing Council.

Section 158-8.5 (4): A demonstration of how the commission's or partnership's involvement in promotion activities has generated leads.

Because the CRP provides research, data, and marketing materials to clients that wish to remain anonymous, it is sometimes impossible to know the full extent to which the CRP's involvement affected the generation of a lead or the location of a business. Through missions, events, marketing, and strategic partnerships, the CRP has promoted the Charlotte region both domestically and internationally to generate opportunity and investment for the region.

The CRP's Annual Review ([Attachment 3](#)) details the list of major accomplishments for fiscal year 2012-2013, and outlines the extent to which the CRP is involved in promotional activities.

As a result of our 2012-2013 marketing and business development activities, the Partnership generated 66 new qualified capital investment projects during this difficult economic climate. Additionally, the CRP facilitated 39 total visits by these companies (sometimes companies visit more than once prior to making a final decision). With 27 of the new qualified projects being of domestic origin, the recession halted or delayed a significant number of final location decisions. We continue to see significant interest from firms overseas as they continue to view the U.S. market as a stable market for their investments. The Partnership played a significant role in the site location process for companies that chose to expand or relocated in the Charlotte region such as Reedy

International, Bed, Bath and Beyond, Midway Aircraft Instrument Co, Paumac Tubing, August Hildebrand, Schleich, Kubler, MetLife, Probot Protection Systems and Exel.

Section 158-8.5 (5): The most recent audited financial statement regarding State funds.

Attachment 7 provides a copy of the most recent CRP audited financial statements regarding the use of State funds.

A demonstration of the commission's efforts to obtain funds from local, private, and federal sources. (2006-263, s. 1; 2007-323, s. 13.7(g).

Attachment 6 provides additional information regarding the CRP's sources of funding for the year. The CRP is truly a regional public-private economic development organization with funding sources that support this collaboration. In addition to the funding received from the State of North Carolina (15% of total revenues), the Partnership also receives contributions from each of the counties that we represent based on a 30 cent per capita allocation county. County contributions account for roughly 26% of total revenues with the private-sector investors contributing another 59%. We have continued to increase both the number of private-sector investors and the total revenues generated. The CRP has also added to the revenue stream with grants and sponsorships, including our annual awards luncheon fund raiser which combined accounted from an additional 15% of total revenues. While the Partnership continues to look for ways to generate additional revenues, the State funds are extremely important as 100 percent of the funds received from both the State and the county 30 cent per capita allocations are put back into the Business Development and Marketing activities of the Partnership with no contributions towards overhead or administrative expenses.

Thank you very much for the opportunity to inform you about the success of the Charlotte Regional Partnership and the growth and prosperity of the Charlotte region. Please let me know if you have any questions about the enclosed materials.

Best Regards,

Melissa Hendrick
SVP of Administration & Chief Financial Officer
Charlotte Regional Partnership

TAB 1

HOUSE BILL 1417

**GENERAL ASSEMBLY OF NORTH CAROLINA
SESSION 2005**

**SESSION LAW 2006-263
HOUSE BILL 1417**

AN ACT RELATING TO REGIONAL ECONOMIC DEVELOPMENT COMMISSIONS.

The General Assembly of North Carolina enacts:

SECTION 1. Article 2 of Chapter 158 of the General Statutes is amended by adding the following new sections to read:

"§ 158-8.5. Annual reporting requirement.

By February 15 of each year, the commissions created pursuant to G.S. 158-8.1, 158-8.2, 158-8.3, and 158-33 shall publish a report containing the information required by this section. As a condition on the receipt of State funds, the Charlotte Regional Partnership, Inc., the Piedmont Triad Regional Partnership, and the Research Triangle Regional Partnership shall, by February 15 of each year, publish a report containing the information required by this section. The commissions and partnerships shall also submit a copy of the report to the Department of Commerce, the Office of State Budget and Management, the Joint Legislative Commission on Governmental Operations, the Joint Legislative Economic Development Oversight Committee, and the Fiscal Research Division of the General Assembly. The report shall include all of the following:

- (1) A summary of the preceding year's program activities, objectives, and accomplishments.
- (2) The preceding fiscal year's itemized expenditures of State funds.
- (3) A demonstration of how the commission's or partnership's regional economic development and marketing strategy aligns with the State's overall economic development and marketing strategies.
- (4) A demonstration of how the commission's or partnership's involvement in promotion activities has generated leads.
- (5) The most recent audited annual financial statement regarding State funds.

"§ 158-8.6. Uniform standards.

The Department of Commerce, in consultation with the commissions created pursuant to G.S. 158-8.1, 158-8.2, 158-8.3, and 158-33, the Charlotte Regional Partnership, Inc., the Piedmont Triad Partnership, and the Research Triangle Regional Partnership, shall develop uniform standards for the use of State funds related to accounting procedures, personnel practices, and purchasing and contracts procedures. The commissions created pursuant to G.S. 158-8.1, 158-8.2, 158-8.3, and 158-33 shall follow these standards. As a condition on the receipt of State funds, the Charlotte Regional Partnership, Inc., the Piedmont Triad Partnership, and the Research Triangle Regional Partnership shall follow these standards.

"§ 158-8.7. Use of State funds.

The commissions created pursuant to G.S. 158-8.1, 158-8.2, 158-8.3, and 158-33, the Charlotte Regional Partnership, Inc., the Piedmont Triad Partnership, and the Research Triangle Regional Partnership, are subject to all of the provisions of G.S. 143-6.2.

"§ 158-8.8. Orientation for board members.

The commissions created pursuant to G.S. 158-8.1, 158-8.2, 158-8.3, and 158-33 shall hold an orientation session for all newly appointed commission members. The orientation shall provide information on the duties and responsibilities of commission members and shall include information on

the commission's policies and State law regarding conflicts of interest, financial disclosure, and ethical behavior. At least once a year, each of these commissions shall distribute to all commission members information on the commission's policies and State law regarding conflicts of interest, financial disclosure, and ethical behavior."

SECTION 2. The Department of Commerce may hire a consultant to assist in the development of the uniform standards required by G.S. 158-8.6, as enacted by Section 1 of this act. As a condition on the receipt of State funds, the commissions created pursuant to G.S. 158-8.1, 158-8.2, 158-8.3, and 158-33, the Charlotte Regional Partnership, Inc., the Piedmont Triad Partnership, and the Research Triangle Regional Partnership, shall pay the costs of developing the uniform standards required by G.S. 158-8.6, as enacted by Section 1 of this act, in equal shares up to a maximum aggregate amount of fifty thousand dollars (\$50,000). The Department of Commerce shall pay from funds available in its 2006-2007 budget any costs for developing the uniform standards in excess of fifty thousand dollars (\$50,000).

SECTION 3. Section 1 of this act becomes effective October 1, 2006. The remainder of this act becomes effective July 1, 2006.

In the General Assembly read three times and ratified this the 27th day of July, 2006.

s/ Beverly E. Perdue
President of the Senate

s/ James B. Black
Speaker of the House of Representatives

s/ Michael F. Easley
Governor

PROGRAM OF WORK

**2012-2013 Program of Work
Charlotte Regional Partnership**

Adopted July 1, 2012

**2012-2013 Program of Work
Letter from the President and CEO**

July 1, 2012

Dear Stakeholder,

Our regional economy is in the process of recovering. But that's what it is – a process. We won't regain in a matter of months the ground – or jobs – that we have lost. It will take years, and the ground we are recovering looks far different from the familiar one we enjoyed before the recession. Many skilled and educated people continue to be under- or unemployed. As global activity picks up, competition for newly created jobs will be fierce, and across the spectrum, education will be more critical than ever.

In spite of the challenges, let's not lose sight of the fact that the economy – particularly our local economy – is recovering, even if it's not at the pace we all would like. For the third time – and second consecutive year, Site Selection magazine has recognized the Charlotte Regional Partnership as one of the Top 10 economic development organizations in the United States. This was due largely to the economic activity in 16 counties and the great companies that chose to call the Charlotte region home in 2010. Additionally, Charlotte USA continues to attract a skilled workforce and talented college graduates that feel, as we do, that the Charlotte region is a very good long-term bet for those seeking economic opportunity.

Each day, we see in the media how economic pressures are impacting businesses and governments. This has raised awareness of the good work our regional economic development agencies professionals are doing. Our collaborative efforts continue to make our region more successful than if each business, city, county or state worked alone. By working together, Charlotte USA has become a global example of how to lead a region into economic recovery.

Of course, the road is not always smooth. The Charlotte Regional Partnership has to balance the competing, diverse needs of the 16 counties it represents. Our team is acutely aware of the importance of our mission and of thinking creatively to position our entire region for success. We look forward to partnering with you to make this year one that not only produces outstanding results, but through the hard work and full engagement of our stakeholders, lays the foundation for our region's continued success.

Sincerely,

Ronnie L. Bryant, CEcD, FM, HLM
President & CEO

I. Annual Goals & Areas of Focus

The Charlotte Regional Partnership has strategically developed a Program of Work to meet three primary objectives: First and foremost, the Partnership is dedicated to marketing and promoting the region as a business destination and to developing qualified prospects that visit the region. Secondly, the CRP is committed to increasing its engagement and communication with both public and private stakeholders in order to increase their involvement in our program. Finally, the Charlotte Regional Partnership will run a fundamentally sound organization that is respected and admired within both the non-profit community and economic development profession.

Our staff is committed to working diligently to be transparent and efficient in how we manage our operations and finances.

Our marketing and business development activities are concentrated on maximizing regional talent and resources that will lead to new companies locating in the Charlotte region. To that end, we continue to focus attention on attracting foreign direct investment projects and looking at new international markets for future efforts. Our website and social media tools are helping us to better target our marketing activities. Additionally, collaboration with local businesses within our identified sectors helps us both to develop new projects and to keep our finger on the pulse of market opportunities and challenges. Finally, we are redoubling our efforts to get executive decision makers and site location advisors to visit our region, particularly our rural communities.

Stakeholder engagement is critical to both improving our business development and marketing activities, and in building grassroots support and funding for those efforts. We will work to continue to increase private-sector investment in our organization, while retaining our current public -sector funding. We are also challenging ourselves, and our leadership from around the region, to find opportunities to work together to further economic growth across the region.

Our organizational management goals are to run an effective, results-oriented organization, and to do so in a financially sustainable manner.

I. Annual Goals & Areas of Focus

Economic Development Services / Foreign Trade Zone / Film Commission

- Generate 80 qualified projects for the Charlotte region
- Generate 50 total visits to the Charlotte region
- Generate at least 25% of qualified projects from international companies
- Complete customer satisfaction surveys of site location consultants
- Conduct activities that specifically focus on the unique assets, including rural communities
- Conduct business visits (client or consultant) in each of the 16 counties
- Generate positive revenue from Foreign Trade Zone #57 administration activities
- Generate 245 film and television production project for the Charlotte region
- Conduct special initiatives that will include:
 - An update of the regional targeted marketing plan;
 - Convening regional forum regarding real estate product development best practices;
 - Target industry leadership meetings to leverage local industry knowledge/insight.

Stakeholder Engagement

- Meet with 100% of existing private sector investors
- Increase private-sector investment by \$380,900
- Visit each county to discuss opportunities for engagement and meet potential new investors
- Maintain state of North Carolina funding for CRP activities and regional economic development
- Achieve 70% attendance record of CRP Board of Directors
- Host more than 1,000 stakeholders at our CRP annual awards luncheon
- Engage with each county on at least one economic development or government relations activity
- Hold three investor forum meetings and two legislative update meetings

Organizational Management

- Develop and maintain a balanced scorecard to track performance and results (minimum score of 85%)
- Manage the budget by:
 - Net economic development expenditures' continue upward trend;
 - End the fiscal year with a balanced budget;
 - Maintain 1% reserve account;
 - End the fiscal year with no debt.
- Develop and maintain a high-performance work team with well-defined employee position descriptions, professional development plans and annual reviews

II. Economic Development Services

A. Business Development

CHARLOTTE REGIONAL PARTNERSHIP

TARGET SECTORS

2012/2013

HEALTH/LIFE SCIENCES

Sector Description

- Medical device manufacturing
- Biotech/Pharmaceutical mfg/Research
- Health care/insurance information technology
- Health care back office support

Fast Facts

- Largest concentration of medical device manufacturing in the Carolinas
- More than 200 pharmaceutical/medical equipment manufacturing companies have facilities in the region
- 10,000+ workers employed in the health & life sciences sector
- Over 40,000 degrees awarded in science, engineering and technology disciplines from public universities in both states
- Home to 3rd largest public health care system in the U.S. - Carolinas Health care System

Notable Assets

- North Carolina Research Campus, a \$1 billion 350-acre biotech campus in Kannapolis, NC, home to research programs of private biotech/health care companies and all research universities in the UNC system
- UNC at Charlotte's Bioinformatics Research Center \$35 million, 75,000sf facility housing wet/dry laboratories and core facilities for gene expression, proteomics, microscopy, crystallography and computing
- Community College workforce training programs offered in health/life sciences

Notable Employers

- BSN Jobst
- Greiner One
- Chelsea Therapeutics
- Actavis Mid Atlantic
- Microban Products Company

AEROSPACE/DEFENSE

Sector Description

- Performance materials
- Unmanned systems & C4ISR
- Aircraft and military vehicle components
- Fuel and power systems

Fast Facts

- 100+ aerospace firms and nearly 30 composite firms located in the region
- 1,000+ local companies have received Dept. of Defense contracts since 2000
- More than 8,000 engineers employed in the 16-county region
- Centrally located between Boeing, HondaJet, Spirit Aircraft OEM's
- 15 military installations within the Carolinas
- More than 40 nonstop daily flights to Washington DC

Notable Assets

- N.C. Military Foundation, N.C. Military Business Center and Charlotte Research Institute provide resources for businesses
- Defense & Security Technology Accelerator located at UNC Charlotte's Ben Craig Center, connecting military establishments, higher learning and centers of innovation
- Charlotte Research Institute campus houses Centers for Precision Metrology, Optoelectronics and eBusiness
- Home to four wind tunnel facilities and one water testing facility
- Defense Security Technology Accelerator (DSTA) program to merge military, entrepreneurs and innovators for rapid commercialization of technology solutions

Notable Employers

- General Dynamics Arm & Tech Products
- Goodrich Corporation
- BAE Systems
- Curtis-Wright Flight Systems
- Turbo Meca Safram Group

ENERGY/ENVIRONMENT

Sector Description

- Power Generation Engineering
- Alternative energy component mfg
- Energy efficiency materials/systems mfg
- Energy storage device manufacturing
- Vehicle technologies
- Corporate data centers

Fast Facts

- North Carolina first southern state to legislate renewable energy production and implementation measures by 2021
- More than 100 energy industry firms operating in the region, ranging from solar panel mfg to nuclear engineering
- 1,400+ undergraduate engineering degrees awarded annually at major universities within 250 miles of Charlotte
- 39 power plants currently operating in the region; 12 nuclear reactors in the Carolinas, with six new potential units in the application process

Notable Assets

- Headquarters of *Fortune 500* Duke Energy, one of nation's largest utilities
- Energy Production Infrastructure Center (EPIC) at UNC Charlotte training next generation of engineers capable of servicing/replacing/designing fossil fuel and nuclear infrastructure
- Home to Electric Power Research Institute's R&D headquarters facility
- UNC Charlotte's Lee College of Engineering, a leading university for engineering, science and technology

Notable Employers

- Duke Energy
- Siemens
- Shaw Power Group
- URS/Washington
- PPG Industries

FINANCE

Sector Description

- Banking headquarters and operations
- Financial services support and service operations
- Financial services IT operations
- Insurance headquarters and operations

Fast Facts

- Second-largest banking center in the U.S.
- Over 60,000 employed in the region's finance and insurance industry
- Home to eight *Fortune 500* headquarters
- More than 25 call centers operating locally; 10+ call centers employ more than 500 workers
- More than 11,000 residents registered with NASD licenses
- 25,000 IT workers in region; roughly one out of every four IT workers in Carolinas is employed in Charlotte region
- Financial services and insurance activities account for nearly one third of GDP for the Charlotte metro area

Notable Assets

- Home to one of largest trading floors in North America
- To date, UNC Charlotte's Belk College of Business has graduated more than 16,000 students with degrees in accounting, business information systems, economics, finance, management and marketing
- UNC Charlotte home to College of Computing and Informatics and Center for eBusiness Technology, working with financial sector for IT security solutions

Notable Employers

- Bank of America
- Wells Fargo/Wachovia
- TIAA-Cref
- IBM
- Lending Tree

MOTORSPORTS

Sector Description

- Motorsports component manufacturing
- Automotive/truck manufacturing
- Energy storage/battery technology

Fast Facts

- 90% of NASCAR teams located within 50 miles of Charlotte
- Estimated \$6 billion economic impact to region
- More than 500 firms operating locally in the motorsports industry
- 300 motorsports degrees awarded annually from UNC Charlotte

Notable Assets

- Motorsports and automotive engineering degrees offered at UNC Charlotte, specialties include vehicle dynamics, aerodynamics, instrumentation, safety and metrology
- Strong engineering technology support programs at community colleges in region
- Three leading-market wind tunnels provide accurate aerodynamic testing
- Home to Lowe's Motor Speedway and the newly opened zMAX Dragway
- NASCAR R&D Center houses rules officials, corporate officers, accident investigators and directors of three official NASCAR series
- NASCAR Technical Institute provide technological expertise and workforce training
- NASCAR Hall of Fame scheduled to open in uptown Charlotte 2010

Notable Employers

- Hendrick Motorsports
- Charlotte Motor Speedway
- NASCAR
- Daimler North America
- FMC Lithium

FILM

Sector Description

- Feature and independent films
- Commercials
- Music videos, industrials
- Still photography
- TV production

Fast Facts

- Annual economic impact to the region estimated at \$500 million
- Proven location for major feature films that include *Leatherheads*, *Talladega Nights*, *Shallow Hal* and *The Patriot*
- More than 65 commercials shot on location in region each year
- Named Productions Center in the 2001 and 2006 IATSE Areas Standards Agreement
- Home to four major equipment companies, numerous sound stages and a strong crew base

Notable Assets

- Competitive tax incentives; new legislation recently passed in North Carolina, tax credits increased to 25%
- Variety of location options from rural to urban settings
- More lighting and grip equipment resources located here than anywhere else on the East Coast

Notable Employers

- Cinelease Inc.
- Illumination Dynamics
- Hollywood Rentals
- NASCAR Media Group
- Speed Channel
- ESPN
- Raycom Sports

2012/2013 ANNUAL REPORT

TAB 3

ANNUAL REVIEW

Annual Review

2012-2013

2012-2013 Charlotte Regional Partnership Annual Review

Message from the President

Marketing and communications were the lynchpins connecting the Charlotte Regional Partnership's 2012-2013 business development activities. Leveraging information gathered from the Comprehensive Economic Development Strategy that's compiled every five years, the Partnership fine-tuned its marketing plan to more seamlessly integrate its communication efforts to better build brand awareness.

Foreign direct investment is a key part of the Partnership's business development focus, and our multi-pronged communications and marketing plan connected the Partnership to international companies. The Charlotte Regional Partnership hosted business delegations from Brazil, the Czech Republic, Germany and South Africa, showing off Charlotte USA's diverse assets. We welcomed the French, German and South African consulate generals, and we updated the honorary consuls located in Charlotte USA on the Partnership's international outreach. The consuls and foreign-owned companies located in our region introduced our business development team to companies in their home countries with potential to expand into the U.S. market. These warm leads opened doors to international business leaders when our team traveled to Austria, Brazil, Canada and Germany. Supported by media coverage and e-campaigns highlighting foreign-company locations and expansions in our region, we attended the airshows in Farnborough, England, and Paris, where we cultivated clients, introducing them to the advantages of doing business in Charlotte USA.

During the 2012-2013 fiscal year, communication channels remained open and continued flowing between the Partnership and the Carolinas' departments of commerce and our elected officials. The Partnership hosted a reception for the North Carolina Department of Commerce Global Connections group whose offices abroad often are foreign companies' first point of contact when they are looking for locations to open operations in the U.S. Arming these NCDOC representatives with information about Charlotte USA extends our regional marketing network throughout the world.

Communications is a two-ways street, and N.C. Commerce Secretary Sharon Decker and S.C. Commerce Secretary Bobby Hitt shared the mic at our board of directors meeting, providing state updates, identifying possible areas of collaboration and answering questions from our leadership. As the gubernatorial race heated up, the Partnership hosted Democratic candidate Walter Dalton and Republican candidate Pat McCrory, who engaged in a dialogue with our board members. Continuing those informal conversations, the S.C. Department of Commerce and Charlotte Regional Partnership staffs enjoyed a cookout and baseball game at Knights Castle. And our investors, North and South Carolina regional representatives and their respective states' General Assembly leaders chatted one-on-one at Charlotte Regional Partnership-hosted receptions.

Of course, the greatest marketing opportunity we had in 2012-2013 to raise Charlotte USA's profile was the Democratic National Convention. For months prior to the big event, our staff worked on a strategic communication plan and with media eager to learn what Charlotte USA was all about. When the reporters hit the ground, our staff was embedded in the media space, where we welcomed and supported reporters from around the world, lined up spokespeople, obtained video footage and offered story ideas for their non-stop Charlotte coverage. We could not have paid for that much positive marketing.

Another significant way that we market Charlotte USA is through the film industry. Television series "Homeland" and "Banshee," and films such as *Balsam Falls* that our film division recruited not only have a hefty impact on our regional economy, they showcase Charlotte USA. Tweets about our region from *Careful What You Wish For* star Nick Jonas were priceless in communicating the vitality of our region.

These are just some of the highlights from our 2012-2013 fiscal year. Our national and international PR campaign, business leaders' video testimonials, paid media placements, invited articles, tweets, and other social media strategies were part of a constant drum beat that kept Charlotte USA in front of site selectors as they considered business locations. Our consistent messaging paved the way for our business development team to have the success that it had in travels throughout the world.

Ronnie L. Bryant, CEcD, FM, HLM

2012-2013 Charlotte Regional Partnership Annual Review

Business Development

The Charlotte Regional Partnership's business development team amassed thousands of miles from the road and air as we visited key domestic and global markets. We attended trade shows and conferences and visited with site selection consultants as well as corporate executives around the globe.

This year we visited 14 states and six countries discussing the advantages and assets Charlotte USA possesses to maintain the region as a premiere location for business and industry.

Domestic Missions

The Partnership's robust domestic travel program allows us the advantage of telling the Charlotte USA story across the U.S. This year we visited over 18 domestic markets meeting with site selection consultants, corporate executives and attending trade shows and conferences.

International Missions

Charlotte USA has a strong international business presence. We are proud of the cultural diversity of our business community and travel the globe touting the business strength of our great region.

•Europe – United Kingdom

(July 2012)

(Farnborough Air Show)

The Partnership along with public sector partners Cabarrus County, Chester County, Monroe-Union and York County attended the Farnborough Air Show. The group held 26 meetings with aerospace companies to learn about their operations and discuss potential opportunities in the U.S., specifically Charlotte USA.

•North America – Canada

(October-November 2012)

The Partnership met with 12 companies and consultants in the energy, plastics, aerospace, food manufacturing, distribution and health and nutrition sectors.

•Europe – Germany

(November 2012)

The Partnership, along with public partner York County and private investor, Elliott Davis, attended 18 meetings with German companies. Industries touched included energy and aerospace.

•South America – Brazil (November-December 2012)

Representatives from private investors, General Microcircuits Inc., Womble Carlyle Sandridge and Rice, McGuire Woods No Borders Consulting and the North Carolina Department of Commerce, joined the Partnership to host five marketing and business to business seminars in Rio de Janeiro, São Paulo and Curitiba. They met with nearly 200 people from companies and agencies interested in doing business in Charlotte USA. They also held eight private meetings with companies to discuss investing in Charlotte USA.

International Missions (Con't)

•Europe – Germany and Austria (April 2013)

Public partners from Gaston County and Catawba County and private investor, Parker Poe, joined the Partnership to hold nine company meetings, three meetings with Department of Commerce and Federal Trade officials and two meetings with key service providers. Company meetings focused on firms in the energy, medical services, machinery and transportation equipment sectors.

•North America – Canada (May 2013)

The Partnership along with public partners from Lancaster County, Statesville (Iredell County) and private investor, Womble Carlyle, conducted 12 meetings with consultants, a Canadian government agency, the Partnership's contract services firm and eight companies.

•Europe – France (June 2013)

Public partners Monroe-Union County, York County and private investor, Parker Poe, joined the Partnership at the world's largest aerospace show, the Paris Air Show. The group held 23 company visits and attended a major reception with the Aerospace Industry Association. There were over 150,000 attendees and 2,100 exhibitors from 45 countries.

Tradeshows/Conferences

Attending trade shows and conferences not only allows us to keep up to date on the latest information and technology in our target sectors, it also provides an excellent opportunity to network and market the tremendous business assets of Charlotte USA.

•2012 Farnborough International Air Show - Hampshire, England (July 2012)

The Partnership along with public sector partners Cabarrus County, Chester County, Monroe-Union and York County attended the Farnborough Air Show. The group held 26 meetings with aerospace companies to learn about their operations and discuss potential opportunities in the U.S., specifically Charlotte USA.

•CoreNet Global Summit - Orlando, Florida (October 2012)

The Partnership networked with key national real estate service providers and site location consultants.

•IAMC Fall Forum - Omaha, Nebraska (October 2012)

•Area Development Consultant Forum - Jacksonville, Florida (December, 2012)

•POWER-GEN International - Orlando, Florida (December, 2012)

Public partner members from Stanly County joined the Partnership for meeting with more than 15 companies to discuss the strength of the energy sector and opportunities in Charlotte USA.

•Site Selectors Guild Event - New Orleans, Louisiana (February, 2013)

Over the course of the event, the Partnership networked with 26 of the nation's top site location consultants and introduced or reacquainted them with Charlotte USA's strong business climate.

Tradeshows/Conferences (Con't)

• **SPEEDNews Commercial Aviation Industry Suppliers Conference - California (March, 2013)**

This is the premiere event that brings top commercial and general aviation OEM's and suppliers together. The Partnership and public partner Monroe-Union County Economic Development co-sponsored a welcome event for attendees at the Aerospace Raw Materials & Manufacturers Supply Chain Conference. The following morning, the Partnership sponsored a breakfast for the same group, as well as those attending the Commercial Aviation Industry Suppliers Conference. Not only was the Charlotte USA brand reinforced from event to event, but we had the opportunity to tell conference goers about our regional assets that meet aerospace companies' unique needs.

• **Area Development Consultants FDI Forum - St. Louis, Missouri (April, 2013)**

The Partnership attended the forum and heard from representatives from Asia, Europe, Canada and Latin America about business practices and emerging opportunities within their respective economies.

• **Food Automation and Manufacturing Conference - Naples, Florida (April, 2013)**

The Partnership participated in one of the country's largest gatherings of food manufacturers, service providers and consultants to the food industry. We met with several engineering firms engaged in food facility site selection and food manufacturers that have recently sited new operations.

• **Aviation Week Manufacturing Conference - Charlotte, North Carolina (May, 2013)**

The Partnership sponsored this event that draws major OEM and suppliers from commercial aviation companies.

• **Area Development Consultants Forum - Minneapolis, Minnesota (June, 2013)**

• **IAMC Professional Forum - Charleston, South Carolina (March, 2013)**

The Partnership cosponsored the networking breakfast with North Carolina's Easter Region. More than 350 people attended the conference that allowed us to network with real estate experts within Fortune 1000 firms.

• **SPEEDNews Aerospace Manufacturing Conference - Charleston, SC (March, 2013)**

The Partnership attended this first ever event held in Charleston. We were able to network with over 100 attendees from the commercial and general aviation OEM's and supplier base.

• **Paris Air show - Paris, France (June, 2013)**

Public partners Monroe-Union County, York County and private investor, Parker Poe, joined the Partnership at the world's largest aerospace show, the Paris Air Show. The group held 23 company visits and attended a major reception with the Aerospace Industry Association. There were over 150,000 attendees and 2,100 exhibitors from 45 countries.

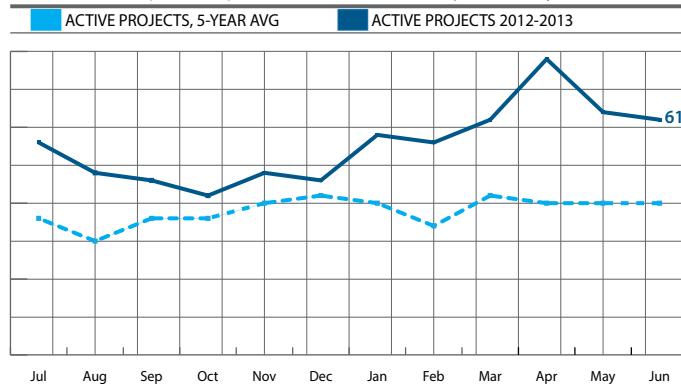

Project Pipeline

The Partnership's project pipeline remained active this fiscal year. In light of a still struggling economy, the Charlotte region has remained an attractive location of choice for many companies considering an expansion or relocation. Project activity was well above the five-year average. Early into the fiscal year, activity slowed during the presidential election as operational decisions were placed on hold pending election results. However, project activity picked up as the 2013 year started and continued to show increase through the end of the fiscal year.

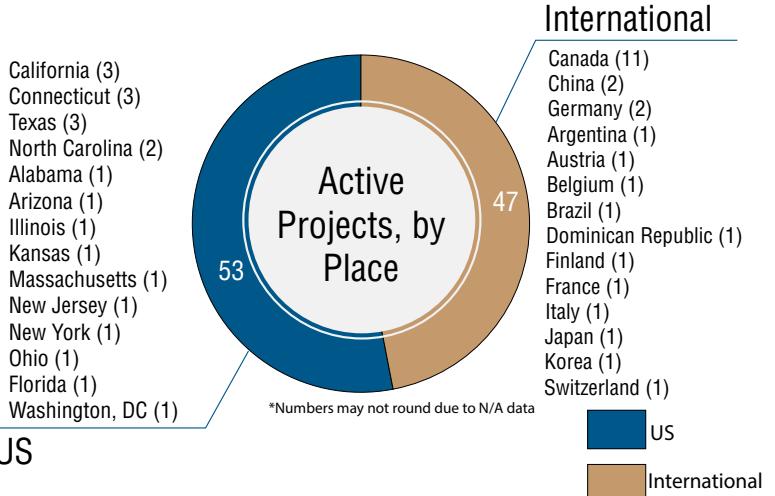

Projects within the manufacturing sector continue to comprise the bulk of our pipeline. The Charlotte region continues to benefit from a glowing reputation in terms of workforce availability, talent and training.

Manufacturers are drawn to the region as community colleges jointly create curricula with local industry and enlist businesses for advice in creating new training programs. These programs are cost effective in execution, flexible in subject matter and are able to quickly meet the needs of today's employers.

Business Development Pipeline, Historical Trend Project Activity

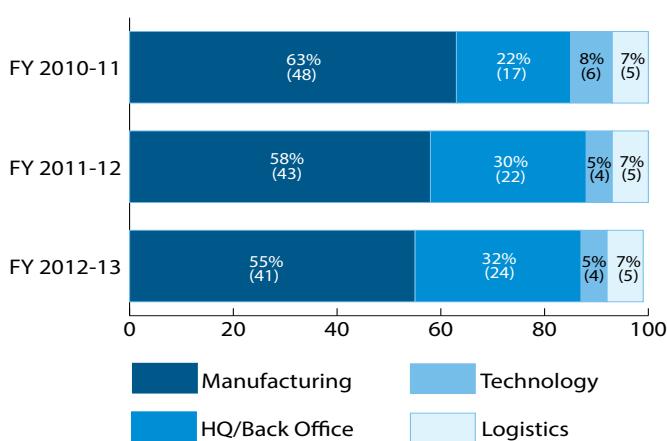

to preserving profits. The shift in the Charlotte region's professional services talent pool, long considered too expensive due to the domination of two banks, has created movement in the job market and corporate headquarters are taking notice. The newly available, educated workforce provides an attractive incentive to corporations looking to consolidate in a business-friendly market. Charlotte USA competes well for such opportunities and our business development team has experienced increased project activity from this trend.

For foreign firms interested in entering the U.S. market, the Southeastern U.S. remains top of their list for international gateways. Charlotte USA remains a top contender, as our pipeline suggests, and already includes the highest concentration of foreign-owned firms operating in the Carolinas. Home to the 6th busiest U.S. airport, Charlotte Douglas International Airport provides international firms quick, reliable access to global headquarters, suppliers and customers alike.

The business development team continues to see a trend in consolidation of back office and shared services operations. As companies look to cut operating costs, real estate footprints shrink and cost effective locations are considered key

Generated Projects, by Type

2012-2013 Charlotte Regional Partnership Annual Review

Located Projects

•**Hirsch International Corp (9/15/2012, Project Gull)**

Consumer Product manufacturer Hirsch International Corp, announced plans to open its National Sales Headquarter and Solution Studio in Mecklenburg County, NC.

•**Shutterfly (9/20/2013, Project Northern)**

•**Robot Protection Systems (4/9/2013, Project RPS)**

German manufacturer, Robot Protection Systems opened its first U.S. subsidiary in Mecklenburg County, NC.

•**Exel (6/25/2013, Project Gekko)**

Exel announced plans to open a new distribution center in York County, NC. They plan on creating 133 new jobs and spend \$38 million on capital investments.

Marketing & Outreach

Charlotte USA is a strong economic region composed of two states and 16 counties. With support from public and private sector funders, the Partnership is afforded the opportunity to market the assets of Charlotte USA globally and domestically.

Our robust marketing program touts the strong business climate in Charlotte USA. From sponsorships and event hosting to expanded social media efforts to strategic outreach programs, we are telling the great story of Charlotte USA.

The Partnership's marketing initiative has been considered a "best practice" for a number of years. We were the first economic development organization to effectively brand a multi-state region and the Charlotte USA brand is recognized globally today. With increasing competition, however, the Partnership felt it was time to revisit our marketing strategy to help secure our standing as an economic development marketing best practice.

The Partnership secured the services of Avalanche Consulting to develop a three-year marketing plan for Charlotte USA. Highlights of Avalanche's report included the strengths and opportunities of the region and the Partnership, branding review and recommendations, marketing tools review and recommendations, target industry recommendations and target geographies.

The marketing plan developed by Avalanche will serve as a guide for future marketing initiatives by the Partnership and lead to the strengthening of the Charlotte USA brand.

Sponsorships/Event Hosting

• **Hosted & Sponsored CCNG's "Optimizing Customer Contact" Seminar (July, 2012)**

Over 50 attendees participated in the Contact Center & Customer Care Industry Professional Membership Network's seminar. The Partnership hosted/sponsored the seminar and provided the welcome and an overview of Charlotte USA.

• **Hosted Product Development Forum (November, 2012)**

Economic developers know that having available buildings that meet relocating or expanding companies' needs is critical to recruiting and retaining businesses. Speculative buildings are an important part of that inventory, yet private developers simply can't build them on their own and turn a profit the way they once did. Almost 40 participants at the Partnership's Product Development Forum learned. Mike Harrell with Beacon Partners, Alan Lewis with The Keith Corp., Chase Monroe with Jones Lang LaSalle and Landon Wyatt with Childress Klein shared their insights on today's real estate development landscape. Almost 40 participants heard the panel describe the challenges they face, as well as the economic opportunities that product development brings the region. The bottom line: There are a number of creative ways in which communities and the private sector can successfully work together to develop real estate that fosters economic development.

• **Hosted New Market Tax Credit Seminar (January, 2013)**

The Partnership, along with Hickey and Associates LLC were the sponsors of a New Market Tax Credits seminar. Guest speaker, Evan B. Rice, discussed the basics related to New Market Tax Credits, how various transactions using NMTC can be structured and managed and what opportunities developers and community economic developers should consider for NMTC use.

Sponsorships/Event Hosting (Con't)

- **Sponsored Charlotte Business Journal Energy Leadership Awards (January, 2013)**

Co-sponsored by the Partnership, the Energy Leadership Awards recognized 10 established and four up-and-coming individuals that are playing a significant role in making the Carolinas a global player in the energy industry.

- **Sponsored Central Piedmont Community College's Global Competitiveness Summit II (February, 2013)**

The Partnership was a sponsor and speaker at the summit that brought together leaders from across all sectors in Charlotte USA to discuss the current and future global market and think about how we, as a region, can remain competitive.

- **Hosted Czech Trade Delegation Reception and Breakfast Seminar (February, 2013)**

A Czech business delegation accompanied the Czech Minister of Industry and Trade, Mr. Martin Kuba to the U.S. The delegation made stops in Chicago, Charlotte and Washington, D.C. The purpose was to learn more about the American economy and develop business opportunities in the U.S. The Partnership worked closely with the Czech Embassy to ensure a positive and successful first ever visit to Charlotte USA.

- **Hosted Charlotte Regional Partnership's Global Connections**

- Reception (April, 2013)**

In excess of 60 Partnership investors, board members and Economic Development Advisory Committee members gathered to welcome the NC Department of Commerce's International Trade Division to Charlotte USA. This reception connected representatives from all seven of Commerce's overseas offices with our private-sector investors and the economic developers from around the region. Our investors made contacts and received tips on how to expand their businesses overseas, and Commerce's staff based in foreign countries learned about our regional assets to better assist international companies interested in investing in the U.S., specifically Charlotte USA.

- **Hosted Minas Gerais Delegation (April, 2013)**

The Partnership welcomed executives from industries doing business with Usiminas, one of the largest steel mills in Latin America, as well as representatives from the top colleges and universities in the Brazilian state of Minas Gerais. Our public and private partners had the opportunity to talk with them about how our regional assets could meet their mining, manufacturing and supply chain needs. They also learned about the business opportunities that the third most important state in Brazil might hold for Charlotte USA companies.

- **Hosted and Sponsored CCNG's "Optimizing Customer Experience Management" Seminar (June, 2013)**

More than 60 attendees participated in the Contact Center & Customer Care Industry Professional Membership Network's seminar. The Partnership hosted/sponsored the seminar and provided an overview of Charlotte USA's call center industry resources and presence in the region.

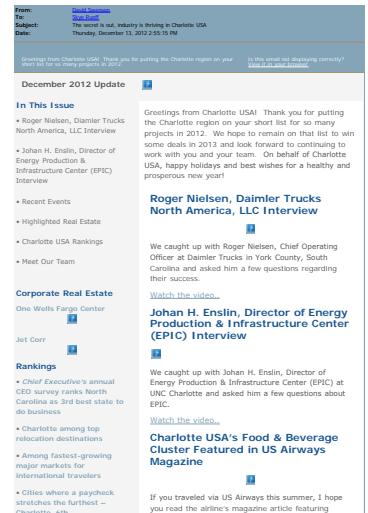

E-Communication

The Partnership continues to strengthen and enhance our message to internal and external audiences. From an updated E-campaign program to a robust social media effort, we are telling the Charlotte USA story to the world.

• E-Campaigns

In an effort to continue to improve our E-campaigns, this year we introduced video interviews to our campaigns. Executives from the following companies and organizations participated in our interview series: Daimler Trucks North America, IMET Alloys, Kuehne + Nagel, Linet Americas, Piedmont Natural Gas, Red Ventures, Richard Petty Driving Experience, RW Garcia, S&D Coffee & Tea, Windshear and the University of North Carolina at Charlotte's Energy Production and Infrastructure Center.

Targeted campaigns were sent to site selection consultants, as well as, business executives and decision maker in the motorsports, food and beverage, energy, aerospace, medical device, logistics and IT sectors. In addition, targeted campaigns were sent to international companies as well as a Canadian targeted campaign. Combined, 27,301 individuals received Charlotte USA E-campaigns in the FY 2012-2013.

• Social Media

The Partnership continues to refine its social media program. In an effort to create stronger brand recognition, we converted all of our social media networks to the name "Charlotte USA." Also, to streamline our marketing message, we consolidated our LinkedIn Groups four groups; Charlotte USA, FTZ #57, Energy and Research. Research was a new group that was added this fiscal year.

• Regional Communication

Throughout the year, we kept our stakeholders informed through Investor Insiders that provided locations and expansion news as it happened; Monday Memo, Ronnie Bryant's perspective on economic development issues and related regional activities; and Charlotte USA's Daily Business Headlines, providing subscribers the regional economic news of the day at a glance.

charlotteusacom/reviews/mediainfo/monday-memo/

• Website

The Internet continues to be an invaluable tool for site selection consultants and company executives. Daily, individuals visit charlotteua.com to research and learn more about the business strength and quality of life in our region. The Partnership maintains our website with up-to-date target sector information and the latest news and events in the region.

Economic Development Advisory Committee

The Economic Development Advisory Committee is one of the Partnership's most important partners and biggest supporters. The committee is comprised of our public sector funding members. The committee meets monthly to discuss economic development in the region as well as provide insight into the marketing of Charlotte USA.

• Highlights of 2012-2013 Meetings

- Ed McCallum (McCallum Sweeney Consulting), Amy Holloway and Chris Engle (Avalanche Consulting) - Presented Charlotte USA Marketing Plan
- EDAC Retreat at Ballantyne Resort
- Teresa Salmen and Emily Crespo (CRCBR) - Provided information and a demonstration of Site Index
- Johan Enslin (EPIC/UNCC) and Betty Doster (UNCC) - Presentations on UNC Charlotte and the university's Energy Production and Infrastructure Center

Existing Industry Committee

Although the Partnership does not engage in the practice of existing industry retention, we understand the importance for strong retention programs. As a way to help our regional existing industry practitioners keep up to date on the latest trends and developments, we facilitate a regional existing industry committee. The committee meets quarterly to network and exchange ideas and best practices.

• Highlights of 2012-2013 Meetings

- Johan Enslin (UNC Charlotte's Energy Production and Infrastructure Center)
- Greg Sizemore (U.S. Export Assistance Center)
- The Partnership, along with representatives from Chesterfield County, Lincoln County, Mooresville, Lancaster County and the NC Department of Commerce toured the Port of Charleston, learning about the port's capabilities, opportunities for Charlotte USA businesses, and plans for growth and development. The Port of Charleston is a natural option for companies in our 16-county region that are looking for easy access to a deep water port.
- Diane Cherry (NC State, Institute for Emerging Issues)

Strategic Initiatives

• Friends of NC

The Partnership is a gold sponsor for Friends of NC, the advisory council to the North Carolina Commerce Trade & Development Fund, Inc. The 501(c)(6) organization works under the North Carolina Department of Commerce to promote and market the state globally and domestically. This year the Partnership participated in two Friends events.

- Chicago Consultants Event (August, 2012)
- Association of the US Army Event (October, 2012)

• Brazilian Delegation (July, 2012)

Brazilian executives that members of the Charlotte USA team previously met with on business development trips in their country visited our region to learn first-hand about our business climate and what was involved in locating a manufacturing or distribution center in Charlotte USA. Accompanied by their consultants and advisors, the executives, who came from three different companies, met with key local resources over three days to analyze the advantages of entering the U.S. market and doing business in the Charlotte region.

• Networking with North Carolina & South Carolina Departments of Commerce

• Charlotte, NC - NASCAR Plaza Lobby (August, 2012)

The Partnership hosted a reception for the North Carolina Department Of Commerce Business and Industry Division. Economic developers from our 12 NC counties, NCDOC and the Partnership's business development team networked and discussed how we can better collaborate to bring investment and jobs to our region.

• Fort Mill, SC – Charlotte Knights Game (August, 2012)

Members of the South Carolina Department of Commerce attended "A night at the Knights" with the Partnership's business development team, as well as economic developers, business leaders and elected officials from our four South Carolina counties. Attendees enjoyed discussions on how we can work together to bolster our regional economy.

• Legislative Receptions

The Partnership continued to foster dialogue between business and industry in Charlotte USA and the legislatures from North Carolina and South Carolina. Our annual legislative receptions provide the opportunity for lawmakers in both states to hear directly from business leaders in Charlotte USA. They are the perfect venues to continue the discussion of the importance of fully funding economic development in both states.

Strategic Initiative (Con't)

• Honorary Consul's Luncheon (January, 2013)

To continue to develop and foster ideas, we hosted a luncheon with our honorary consuls. Frequently, we call upon our consul to open their doors to our clients, offering the honest answers and warm welcomes that say better than anything we can why these companies should relocate to or expand in our region. And they generously share their expertise, ideas and enthusiasm. We had seven consuls at the luncheon.

- Laura Meyer Wellman – France
- Michael Teden – United Kingdom
- Steven Kropp – Guatemala
- Wayne Cooper – Mexico
- Claudio Carpano – Italy
- Ralph Daetwyler – Estonia
- Kurt Waldhausen – Germany

• Hosted French Consul General (February, 2013)

French Consul General Denis Barbet visited our office to learn more about our regional economy. He, Honorary French Consul Laura Meyer Wellman and David Kibler, cultural attaché, sat down with us to discuss ways in which we may be able to assist more French firms interested in opportunities in Charlotte USA.

• Investor Breakfasts/Luncheons

Stakeholder engagement is important to the Partnership. We want to ensure our investors are engaged in our activities and up to date on the current regional economy. This year we hosted 6 investor breakfasts and luncheons and provided updates on our initiatives to over 60 of our investors.

• Friends Underwriting Economic Development (FUED)

Friends Underwriting Economic Development is now in its sixth year of supporting regionalism and economic development in Charlotte USA.

The objective of FUED is to not only network but also support the education and professional advancement of economic development professionals in our 16-county region. For the sixth year, FUED Partnered with the Partnership for the 2012 FUED-CRP Golf Tournament, with proceeds going to an economic development scholarship fund. These scholarships allow regional economic development practitioners to attend professional development classes. This year's tournament was held October 24th at The Golf Club at Ballantyne. Over 100 golfers participated and we raised over \$6,600 to support the scholarship fund. This was our most successful tournament to date and provided scholarships to practitioners within five

organizations; Lancaster County Economic Development Corporation, North Carolina Department of Commerce (Charlotte Regional Office), Mooresville-South Iredell Economic Development Corporation, Stanly County Economic Development Commission and York County Economic Development Board.

Strategic Initiative (Con't)

- 2012 Democratic National Convention

With the eyes of the world on Charlotte, the 2012 Democratic National Convention presented a tremendous public relations opportunity. In the months leading up to, during and following the convention, the Charlotte Regional Partnership leveraged the event to reach literally thousands of media outlets.

The Partnership worked closely with the Charlotte in 2012 Host Committee and, along with three peer city economic development organizations, took the lead in providing the committee with public relations support to showcase Charlotte USA.

Prior to the DNC, this PR Support Team approached regional experts to speak with reporters on every conceivable topic of interest, creating a master list of spokespeople, contact information and areas of expertise. Additionally, we brainstormed story ideas that highlighted Charlotte USA's unique assets and industry strengths. Working with our partners, we determined stand-up locations for TV reporters

to show off the city's best angles. We worked with national reporters on pre-convention stories about the region. Among these were stories on Charlotte Motor Speedway for Associated Press TV.

During the convention, the Partnership coordinated PR staffing at the delegate parties and invited investors to the media party. Additionally, the Partnership coordinated staffing for and worked each day in a welcoming support space in the Charlotte Convention Center at the epicenter for ground zero of media operations. Not only did the Charlotte Regional Partnership assist the media in obtaining background, visuals and sources for their stories, but staff provided maps,

dining suggestions, travelers' assistance and more, so that our operation became the go-to site for media with questions of any sort. The results were both positive stories and positive feelings about their Charlotte USA experience.

Public Relations and Communication

National Public Relations Campaign

The Charlotte Regional Partnership finished the second year of its national and international PR campaign and began a third. The second year was funded with a \$200,000 grant from Advantage Carolina, while the third was scaled down considerably for a total of \$85,000, funded by the Charlotte Regional Partnership, Charlotte Center City Partners and Charlotte Regional Visitors Authority. Media interest in the Charlotte region was high immediately prior to the DNC, which helped compensate for the smaller budget in the second half of the fiscal year and a four-month gap between funded years.

We continued to work with our partners, Luquire George Andrews in Charlotte and Development Counsellors International in New York, both of which assisted during the DNC, to proactively pitch stories to targeted media.

Through the PR campaign, major media outlets highlighted Chinese investment in our region, collaborative research and discoveries at the North Carolina Research Campus, advanced manufacturing in Charlotte USA, our thriving and growing aerospace cluster, MetLife's relocation and hiring in Charlotte, must-see parts of Charlotte for DNC conventioneers, and Latina leaders. Additionally, LGA and DCI leveraged incoming media calls to the three initiative partners, broadening coverage beyond reporters' original request. All these efforts resulted in stories in such domestic A-list media as:

Christian Science Monitor	The New York Times
Entrepreneur	The Times
Fox & Friends	The Wall Street Journal
FoxNews.com	The Washington Post
La Repubblica	Univision
ShowNews	

Other public relations activities

Aside from the Democratic National Convention and national PR campaign efforts, the Partnership worked with US Airways magazine on four features. The first highlighted the burgeoning food and beverage manufacturing industry. The second focused on Charlotte USA as the ideal location for foreign direct investment, not just from European countries but from companies in Canada and Latin America. Magazine readers learned about the region's IT ecosystem in the third article, and in the fourth, they discovered the growing number of aerospace industry suppliers that are flocking to Charlotte USA. The Charlotte Regional Partnership's blog expanded on the interviews with business leaders quoted in the US Airways articles, running full-length Q&As that addressed the region's workforce, business climate, connectivity and other reasons that their companies chose Charlotte USA.

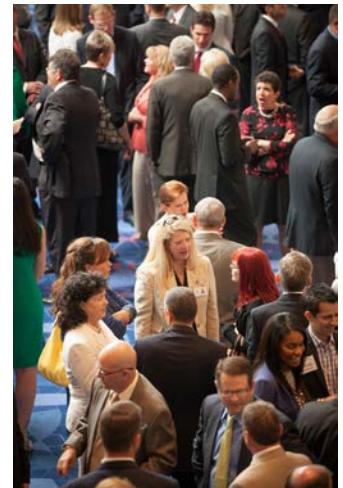

Additionally, the Charlotte Regional Partnership contributed comments and statistics throughout the year for stories in regional and Carolinas media outlets, including social media. Additionally, the Partnership contributed articles and opinion pieces in a number of publications. The outlets in which the Charlotte Regional Partnership leadership was quoted, had releases run, statistics used or organization mentioned ran the gamut from Aerospace Manufacturing Magazine to the Charlotte Business Journal to Hospitality News.

Finally, the public relations and communications team celebrated success locally at the annual Jerry Awards and raised Charlotte USA's profile worldwide through annual Economic Development Guide. Siemens Energy and the European-style workforce development program Apprenticeship 2000 received the 2012 Jerry Awards. Videos shown at the awards luncheon and posted on the Charlotte Regional Partnership website demonstrate their significant and ongoing impact on the regional economy. The 2012-2013 Charlotte USA Economic Development Guide, available in print and online as both a flipbook and website, profiles each of the Charlotte region's target sectors, spotlights its accessibility, lays out health choice options, provides demographics and showcases the region's quality of life. Taken together, the guide demonstrates without question that Charlotte USA has life in balance.

Events

• Board of Directors Meetings

- First Quarter (August 14, 2012) – Charlotte Motor Speedway
Lieutenant Governor Walter Dalton
Pat McCrory, Candidate for Governor of NC
- Second Quarter (October 31, 2012) – Johnson C. Smith University
Mark Vitner, Managing Director, Senior Economist at Wells Fargo
- Third Quarter (January 30, 2013) – Embassy Suites, Concord
Dan Rajokowski, Executive VP & COO, Charlotte Knights
Jim Prosser, Executive Director and Mike Manis, Director of
Community and Economic Development,
Centralina Council of Governments (Comprehensive Economic
Development Strategy “CEDS” Rollout)
- Fourth Quarter (April 30, 2013) – UNC Charlotte, Energy Production & Infrastructure Center (EPIC)
Robert M. Hitt, III, SC Secretary of Commerce
Sharon Allred Decker, NC Secretary of Commerce

• Charlotte USA Holiday Open House (December 10, 2012)

Approximately 600 friends joined us in the NASCAR Plaza Lobby for our annual open house. We networked and celebrated a prosperous 2012 and because of the generosity of our guests, we delivered over 300 lbs. of food to the Second Harvest Food Bank.

• CRP Annual Awards Luncheon (May 16, 2013)

Approximately 1000 guests joined us in the Crown Ballroom at the Charlotte Convention Center for the 2013 Annual Awards Luncheon. This year, the “Jerry’s” were presented to Siemens Energy Inc. and Apprenticeship 2000 for their significant and ongoing impact on Charlotte USA’s economy.

2012-2013 Charlotte Regional Partnership Annual Review

Foreign Trade Zone #57

The Partnership is the Grantee for Foreign Trade Zone #57. The FTZ program is a catalyst for companies involved with international trade to improve their competitiveness and profitability. By utilizing the FTZ program, companies are able to defer, reduce or eliminate Customs duties on products admitted to the zone.

Like all Foreign Trade Zones across the nation, FTZ #57 is a secure area located in or near a Customs Port of Entry - in our case, the Charlotte Douglas International Airport is our inland port.

Goods in FTZ #57 are considered to be part of international commerce and are legally outside of U.S. Customs territory. By utilizing this zone for trade, companies benefit from a variety of financial advantages:

Duty Deferral

Duties are paid only when goods enter U.S. Customs territory.

Duty Elimination

Goods may be exported duty-free from the zone.

Goods may be destroyed duty-free in the zone.

Reduction of Tariffs

Importers may choose to pay duties on raw materials entered into the zone, or to pay duties on the finished products as they are entered into U.S. commerce.

Administered by the Charlotte Regional Partnership

2012-2013 Charlotte Regional Partnership Annual Review

Charlotte Regional Film Commission

The recruitment of feature films, independent movies, documentaries, commercials, television series and still photography to Charlotte USA is the focus of the Charlotte Regional Film Commission. The commission, a division of the Charlotte Regional Partnership, also serves as liaison with federal, state, county and city governments to help production companies obtain necessary permissions and qualified incentives. Film activity in Charlotte USA has never been busier, especially television shows.

Film activity in Charlotte USA has never been busier, especially television shows. Award winning "Homeland" was back to shoot Season 3 in Charlotte and around the region, as was "Sleepy Hollow," Fox's new TV pilot.

Charlotte USA's second locally filmed TV series debuted on Cinemax. "Banshee," in which Gastonia, Lincolnton and Mooresville became the fictional town of Banshee, PA, follows an ex-con and master thief who hasn't changed his ways even as he assumes the identity of the local sheriff.

We also had a continual stream of reality shows and then there are commercials, our bread and butter. This year over 65 commercials were filmed in the region including Pepsi, Audi, NFL Play 60 and more.

Even before three TV shows began shooting in our region, film and video production had nearly a half-billion dollar impact on our regional economy. Not only do they hire crew and local actors, they stay in hotels and rent local homes, rent cars, eat in restaurants, attended entertainment venues, lease locations, purchase props, go to drycleaners and shop in local businesses. In short, they spend money. Film incentives, friendly people, lower costs of doing business, nonstop flights from Charlotte to NYC and L.A. – keep film projects coming back to Charlotte USA.

Television Activity

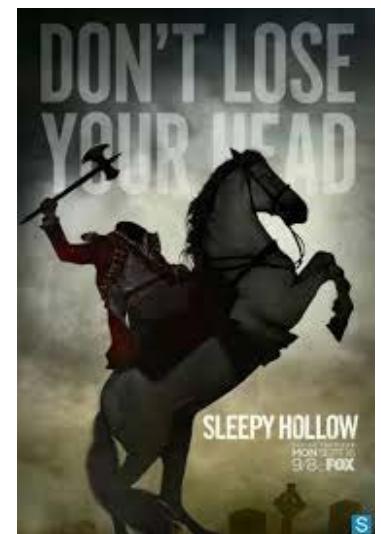

- Homeland – Fox/Showtime (3rd season)
- Banshee – HBO/Cinemax (2nd season)
- Sleepy Hollow – Fox (pilot)
- Shuffleton's Barbershop – Hallmark Channel

Film Activity

- Saving Westbrook High – Starring Esai Morales, Salli Richardson Whitfield and Loretta Devine
- Careful What You Wish For – Starring Nick Jonas and Dermot Mulroney
- Bad Grandpa – Starring Johnny Knoxville
- Balsam Falls – Starring Naomi Judd and Robert Loggia

DON'T LOSE
YOUR HEAD
SLEEPY HOLLOW
MON 10/21 9:00 FOX

Commercials – Over 65 productions filmed in the region including:

- Food Lion
- Novant Healthcare
- Wrangler
- BF Goodrich
- Shell
- Diet Mountain Dew
- Carolinas HealthCare System
- Verizon
- Audi
- BP
- NFL Play 60
- Microsoft
- Pepsi Max

Charlotte USA Rankings

#2, #5 Best Business Climate: North Carolina, South Carolina

Site Selection Survey's Executive Survey rates the states on factors such as lack of red tape, financial assistance and government official cooperation.

#4 America's Top 5 States for Doing Business: North Carolina

The state ranked highest in infrastructure and technology, workforce, technology and innovation and business friendliness.

#2, #5 Overall Business Environment: North Carolina, South Carolina

Area Development Magazine conducted survey of a select group of highly respected location consultants who work with a nationwide client base. Asked the consultants to name their top-5 state choices in 14 site selection categories.

#4, #5 Leading in the Economic Recovery: North Carolina, South Carolina

Area Development Magazine conducted survey of a select group of highly respected location consultants who work with a nationwide client base. Consultants ranked their top-5 state choices in 14 site selection categories.

#5 Largest States for Chinese Investment: North Carolina

Chinese investment in the U.S. has been quietly growing in recent years -- with North Carolina receiving a large share of the wealth, according to a recent Reuters report. And the Tar Heel State ranks fifth-highest among states receiving the most business investment from the Asian nation.

#6 Top 10 U.S. Metros for Business Growth: Charlotte MSA

Fox Business conducted an analysis of 15,000 U.S. small businesses, defined as companies having fewer than 250 employees or less than \$10 million in annual revenues, ranked by average of number of employees.

#5 Most Densely Populated Micropolitan Statistical Area: Statesville-Mooresville, NC

The micro area averaged 277.8 people per square mile, with a population of 159,437 in a county of 573.8 square miles, according to the report by the Census Bureau. Population density effectively measures how intensely concentrated residences are in an area.

#5 America's Fastest Growing Cities: Charlotte, NC

Forbes looked at Census population figures for 2000 and 2012 for the 52 metropolitan statistical areas in the U.S. that exceeded 1 million residents. Charlotte is in the top 10 for cities that expanded the fastest.

#2 Happiest Cities for Job-Seeking College Graduates: Charlotte, NC

According to a recent study published by CareerBliss, the Queen City ranks second, based on the results of a survey on employee happiness. CareerBliss used a measurement called a "BlissScore" and combined it with a cost-of-living adjusted average salary to determine the final rankings.

#10 The Top 12 American Boomtowns: Charlotte MSA

Bloomberg Rankings sorted through U.S. Census data for metropolitan areas to rank those with the greatest population growth, then scored areas on growth in gross domestic product, adjusted for inflation.

#2 Best City for Stocks: Charlotte, NC

Charlotte ranked the second-best city for stocks, according to CNBC, with publicly traded Queen City companies gaining more than 20% in value during 2012.

#1 Most Tire Exports: South Carolina

First in the nation for tire exports, South Carolina holds nearly one-third of the share of U.S.-made exported tires, ranked by Area Development Magazine.

2012-2013 Charlotte Regional Partnership Annual Review

Financial Overview

The 2012/2013 fiscal year continued to be another positive year for the Partnership. Total revenues were \$3,403,093 which was slightly below the \$3,501,000 budget, however, revenues also increased from the prior fiscal year by almost \$50,000.

Overall private-sector income decreased by almost \$70,000 from the prior year, however, over \$63,000 of the decrease was attributed to grants received. The New Energy Capital Project which originally ran under the Partnership is now a stand-alone organization and the second phase of funds received for the Biofuel's study decreased as expected. Private-sector investor contributions also saw a decrease of just over \$33,000; however, \$25,000 was due to receiving a one-time contribution in FY 2011/2012 for the "Strengthening Charlotte USA" initiative. The Partnership also recognized an increase of almost \$23,000 due to additional revenues being received for speaking engagements and miscellaneous income.

Public-sector income received from the counties increased by almost \$110,000 with both the City of Charlotte and Mecklenburg County contributing \$75,000 in additional funds for film. Funds received from the State of North Carolina also increased slightly by just over \$6,500.

Expenses for FY 2012/2013 increased over prior year by \$188,000 and were \$3,340,630 for the year and \$110,000 below budget. The majority of the increase was in filling vacant positions and adding two new staff positions. The Partnership ended the year with a net income of \$1,680, no additional debt and a reserve account with over \$163,000.

The Charlotte Regional Partnership is committed to being prudent stewards of the private- and public- sector funding that is entrusted to us.

Actual Revenues by Source

Each year, the Charlotte Regional Partnership looks increasingly to the private sector for funding to carry out its mission. The 2012/2013 fiscal year was no exception with 41 percent being generated from the public sector and the remaining 59 percent from the private sector.

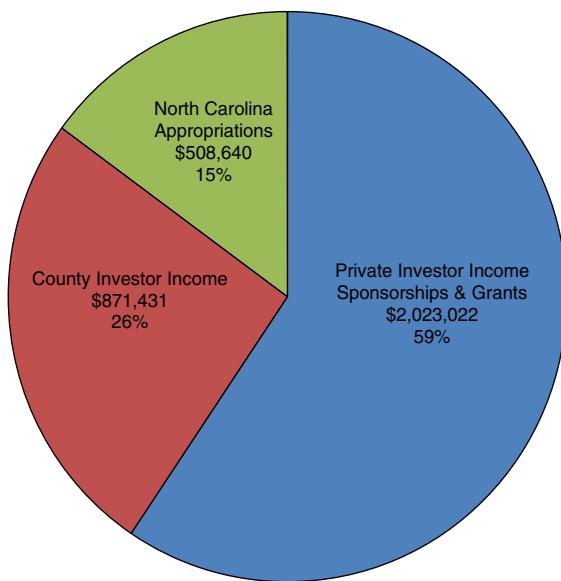

The county and city generated public funding in the amount of \$871,431 was 26 percent of the total revenues a 3 percent increase over the prior fiscal year due to the additional film contributions. The State of North Carolina contributed \$508,640 or 15% of the total.

Funding received from private investor income, sponsorships and grants which also included revenues from Foreign Trade Zone #57, speaking engagements and miscellaneous income was \$2,023,022 or 59% of total revenues.

Both the private and public-sector investments in the organization were solid which indicates a strong support for regionalism and the increasingly critical role that businesses play.

FY 2012/2013 - REVENUES BY SOURCE

■ Private Investor Income, Sponsorships & Grants ■ County Investor Income ■ North Carolina Appropriation

Actual Expenses by Department

Business Development and Marketing continued to be the Charlotte Regional Partnership's largest expense, accounting for 44 percent or \$1,508,328, an increase of almost \$50,000 over the previous year. Expenses for the Charlotte Regional Film Commission, another economic development focus were 7 percent of the total or \$242,613, also increased by almost \$50,000. Combined, both Business Development and Marketing and the Film commission accounted for 51 percent of the organization's total expenses being spent on our core mission.

Administrative expenses was the second highest piece of the total expenses at \$972,966 or 29 percent, largely because support operations such as rent, business insurance, equipment leases, depreciation, support staff salaries, office supplies, telephones, postage and other services are not charged back to departments according to use.

Investor & Community Relations expenses were at \$582,034 or 17% and included Annual Meeting expenses, both current and potential investor related expenses, and expenses associated with the board meetings and legislative receptions.

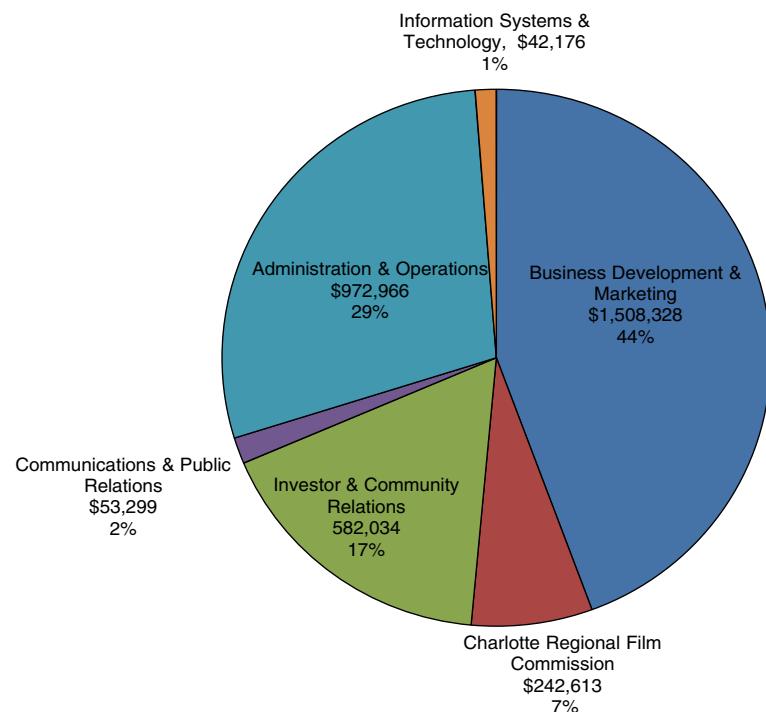

Remaining expenses fell under Communications and Public Relations at \$53,299 or 2 percent and Information Systems & Technology at \$42,176 or 1 percent of total expenses.

To help offset costs the Partnership continues to renegotiate vendor relationships and strategically target companies with which it could forge in-kind service arrangements. In exchange for becoming a Charlotte Regional Partnership investor, these companies provide the Partnership with much-needed goods and services thus reducing cash expenses. In-kind utilized for fiscal year 2012/2013 increased by almost \$82,000 or 15%.

Senior management and department directors also continued to monitor their expenses for the year resulting in total expenses of \$3,340,630 being over \$110,000 below budget.

Our Public Investors

The Charlotte Regional Partnership embodies the concept of regionalism. Sixteen counties and two states comprise one dynamic region, Charlotte USA. The collaboration and spirit of cooperation that exists among our public sector investors allows the Partnership to effectively market the region as one entity.

Combined, the Partnership's public sector investors accounted for 38 percent of our total revenue in this fiscal year. The support and cooperation of these investors helps to leverage Charlotte USA as the location of choice for business and industry.

About Us

In addition to marketing the 16-county region, the Charlotte Regional Partnership offers custom real estate searches and site tours, custom market research, and an objective perspective for incentive negotiations. We assist clients in fully understanding the dynamics of our region, the market potential for various industries and the site selection process.

Collectively, our team has more than 50 years experience in economic development, and has extensive experience advising companies of all sizes from around the world, with needs for manufacturing facilities, R&D operations, corporate headquarters and more.

Total FY12-13 Score (target = 100%) = 91%

Balanced Scorecard Notes Terminology

- (1.) Qualified Project: CRP has established contact with company or company advisor and the project has criteria (real estate, workforce, timeline, investment, etc.). Baseline refers to 3-yr average including market adjustments based on our assessment of the next 12 months.
- (2.) Average of Customer Awareness Surveys for each of CRP's key audiences
- (3.) Generate revenue through administration of Foreign Trade Zone #57
- (4.) A qualified film inquiry is a project with all or some of the following: budget, script, timeline.
- (5.) The amount of new private sector funding committed to the CRP, cash only; to be tracked quarterly by dollar amount (\$350,000 new investors & \$30,900 increase from existing investors)
- (6.) FY2012-13 target is 90% of \$1,212,850 (Budget for Private Sector Investors - Existing/cash only)
- (7.) The amount of funding collected by the CRP from the State of North Carolina; to be tracked quarterly by dollar amount
- (8.) Generate gross income of \$160,000 from sponsorships and ticket sales.
- (9.) End the 2012-2013 fiscal year with a 1% reserve; to be tracked by dollar amount last quarter
- (10.) End the 2012-2013 fiscal year with no debt service; to be tracked by dollar amount last quarter

Report on the Financial Statements

We have audited the accompanying financial statements of the Charlotte Regional Partnership, Inc. (the "Partnership"), which comprise the statements of assets, liabilities, and net assets – modified cash basis as of June 30, 2013 and 2012, and the related statements of revenues, expenses and changes in net assets – modified cash basis and statements of expenses with detail – modified cash basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Charlotte Regional Partnership, Inc. as of June 30, 2013 and 2012, and the changes in its net assets for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Other Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplementary schedule of expenses with detail – modified cash basis is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The accompanying schedule of expenditures of state awards for the year ended June 30, 2013 is presented for purposes of additional analysis and is required by G.S. 143-6-22, *Use of State Funds by Non-State Entities*, but is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 23, 2013 on our consideration of the Partnership's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Partnership's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Elliott Davis, PLLC". The signature is fluid and cursive, with "Elliott" and "Davis" being the most prominent parts.

Notes to Financial Statements

For the years ended June 30, 2013 and 2012

Note 1. Nature of Business and Significant Accounting Policies

Nature of operations:

On June 23, 1981, the articles of incorporation were filed with the state of North Carolina for the Charlotte Economic Development Council, Inc. Effective June 14, 1990, this organization legally changed its name to The Carolinas Partnership, Inc. Effective May 16, 2000, The Carolinas Partnership, Inc. legally changed its name to Charlotte Regional Partnership, Inc. (the "Partnership"). The Partnership is a not for profit corporation organized for the primary purpose of stimulating commerce in the City of Charlotte, Mecklenburg County, and 15 surrounding counties through a marketing program with a focus on economic development.

Basis of accounting:

The Partnership prepares its financial statements on the modified cash basis of accounting ("modified cash basis"), which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America ("GAAP").

The modified cash basis differs from GAAP for the Partnership primarily due to the fact that the Partnership recognizes income when received rather than when earned and expenses when paid rather than when the obligation is incurred, except for the capitalization of certain types of leases, depreciation of property and equipment, recognition of in-kind revenues and expenses, and accrual of payroll as necessary to reflect a full year of expense.

Net assets:

Unrestricted net assets are not subject to donor-imposed stipulations and include all revenue, expenses, and losses that are not changes in temporarily or permanently restricted net assets. Unrestricted net assets are currently available for use in operations or investment in property and equipment under the direction of the Board of Directors.

Temporarily restricted net assets include income and contributions stipulated by donors for specific operating purposes or for investment in property and equipment.

Permanently restricted net assets are gifts which the donor restriction requires that the corpus be invested in perpetuity and only the income be made available for specific operating purposes. The Partnership did not have any permanently restricted net assets at June 30, 2013 and 2012.

Use of estimates:

The preparation of financial statements on the modified cash basis requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Charlotte Regional Partnership, Inc.

Notes to Financial Statements

For the years ended June 30, 2013 and 2012

Note 1. Nature of Business and Significant Accounting Policies, Continued

Property and equipment:

Purchased property and equipment is stated at cost; donated assets are recorded at fair value at date of donation. Repairs and minor replacements are expensed as incurred. Depreciation and amortization are computed using the straight-line method over the estimated useful economic lives of the property and equipment as follows:

Computer equipment and software	3 to 5 years
Furniture, fixtures and equipment	7 years
Website development	3 years
Automobiles	Lesser or lease term or 5 years
Leasehold improvements	6 years

Revenue recognition:

Revenues consist of funding from the state of North Carolina and various municipalities and counties, as well as membership dues from corporations. Revenues are recognized when cash is received. Revenues are classified as either unrestricted or temporarily restricted based on donor/funding restrictions, if any.

Revenues received from the state of North Carolina represented approximately 15% of total revenues for the years ended June, 30 2013 and 2012.

Donated services (In-kind contributions):

Contributed services are reflected in the financial statements at the fair value of the services received if the services received (1) create or enhance non-financial assets or (2) require specialized skills that are provided by individuals possessing those skills and would typically need to be purchased if not provided by donation.

Donated services received for the years ended June 30, 2013 and 2012, were \$642,455 and \$560,596, respectively, included in private investor on the accompanying statement of revenues, expenses, and changes in net assets – modified cash basis.

Functional allocation of expenses:

The costs of providing various programs and other activities have been summarized on a functional basis in the accompanying statements. Certain costs have been allocated, based on estimates by management.

Charlotte Regional Partnership, Inc.

Notes to Financial Statements

For the years ended June 30, 2013 and 2012

Note 1. Nature of Business and Significant Accounting Policies, Continued

Agency funds:

Agency funds are custodial in nature and do not involve the measurement of operating results. An agency fund is used to account for assets the Partnership holds on behalf of others. The Partnership maintains four agency funds: the Clean Air Works, Regional Tourism, and the Friends Underwriting Economic Development Scholarship ("FUED Scholarship"). As of June 30, 2013 and 2012, all agency fund cash balances were sufficient to cover all agency fund obligations.

Reclassifications:

Certain amounts in the June 30, 2012 financial statements have been reclassified in order to conform to the June 30, 2013 presentation.

Subsequent events:

The Partnership evaluated the effect subsequent events would have on the financial statements through October 23, 2013, which is the date the financial statements were available to be issued.

Note 2. Concentrations of Credit Risk

The Partnership deposits its cash at financial institutions, and at times such deposits may be in excess of federally insured limits. Non-interest bearing funds are fully insured. The Partnership routinely assesses the financial strength of its financial institutions and, as such, management believes that its credit risk exposure is limited.

Note 3. Leases

The Partnership leases office space, automobiles and certain office equipment under operating leases. The leases expire at various times through 2018. Rental expense related to these leases amounted to approximately \$216,000 and \$225,000 during the years ended June 30, 2013 and 2012, respectively. The Partnership also leases office equipment under leases which are treated as capital leases, with related assets and liabilities recorded. Cost of equipment of \$54,072 and \$49,464, and accumulated amortization of \$37,633 and \$23,390, are included in property and equipment and accumulated depreciation as of June 30, 2013 and 2012, respectively.

Charlotte Regional Partnership, Inc.

Notes to Financial Statements

For the years ended June 30, 2013 and 2012

Note 3. Leases, Continued

Future minimum lease payments under these operating and capital leases are as follows:

	Capital Leases	Operating Leases
Year ending June 30:		
2014	\$ 16,539	\$ 137,263
2015	5,417	170,645
2016	1,526	175,807
2017	-	181,129
2018	-	186,611
Thereafter	-	47,350
Total minimum lease payments	<u>23,482</u>	<u>\$ 898,805</u>
Less: Amount representing interest	<u>3,032</u>	
Present value of capital lease obligation	<u>20,450</u>	
Less: Current portion	<u>14,622</u>	
Long-term portion of capital lease obligations	<u><u>\$ 5,828</u></u>	

Note 4. Income Taxes

The Internal Revenue Service has recognized the Partnership as exempt from income taxes under Internal Revenue Code Section 501 (c)(3). The Partnership has determined that it does not have any material unrecognized tax benefits or obligations as of June 30, 2013 or 2012. The Partnership is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Partnership believes it is no longer subject to income tax examinations for fiscal periods prior to 2010.

Note 5. Property and Equipment

The Partnership had property and equipment as follows:

	June 30,	
	2013	2012
Computer equipment and software	\$ 103,669	\$ 102,221
Furniture, fixtures, automobiles and equipment	214,911	215,414
Website development	386,155	386,155
Leasehold improvements	<u>12,483</u>	<u>12,483</u>
	<u>717,218</u>	<u>716,273</u>
Less: Accumulated depreciation	<u>611,309</u>	<u>554,961</u>
Total property and equipment, net	<u><u>\$ 105,909</u></u>	<u><u>\$ 161,312</u></u>

Charlotte Regional Partnership, Inc.

Notes to Financial Statements

For the years ended June 30, 2013 and 2012

Note 6. Retirement Plans

The Partnership has a qualified 401(k) retirement plan covering all eligible employees. Eligible employees may elect to contribute a percentage of their compensation on a pre-tax basis. Effective July 1, 2010, the Partnership reinstated a matching contribution of up to 2% of the employees' compensation. Partnership contributions to the plan for the years ended June 30, 2013 and 2012 were \$21,173 and \$22,738, respectively.

Note 7. Line of Credit

The Partnership maintains a line of credit for general working capital purposes. The line of credit provides borrowings of up to \$300,000, is due on demand, has interest payable monthly at prime plus 1% (4.25% as of June 30, 2013) and is secured by all accounts, chattel paper, instruments and general intangibles. As of June 30, 2013 and 2012, there was no balance outstanding on the line of credit.

Note 8. Subsequent Event

During 2013, the North Carolina General Assembly proposed legislation that would have eliminated funding for the Partnership, but this legislation was not passed prior to the end of the legislative session. The Department of Commerce of North Carolina granted the Partnership funding of approximately \$137,000 for the year ending June 30, 2014. The Partnership does not expect to receive funding from the state of North Carolina for the year ending June 30, 2015.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Board of Directors
Charlotte Regional Partnership, Inc.
Charlotte, North Carolina

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Charlotte Regional Partnership Inc. (the "Partnership"), as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the Partnership's basic financial statements, and have issued our report thereon dated October 23, 2013.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Partnership's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Partnership's internal control. Accordingly, we do not express an opinion on the effectiveness of the Partnership's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Partnership's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR STATE PROGRAM; REPORT ON
INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH APPLICABLE SECTIONS OF
NORTH CAROLINA GENERAL STATUTE G.S. 143C-6-22 AND G.S. 143C-6-23**

Board of Directors
Charlotte Regional Partnership, Inc.
Charlotte, North Carolina

Report on Compliance for Each Major State Program

We have audited the Partnership's compliance with the types of compliance requirements described in North Carolina General Statute G.S. 143C-6-22, *Use of State Funds by Non-State Entities*, and G.S. 143C-6-23, *State Grant Funds: Administration, Oversight and Reporting Requirements*, that could have a direct and material effect on the Partnership's major state program for the year ended June 30, 2013. The Partnership's major state program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state program.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the Partnership's major state program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; applicable sections of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and applicable sections of General Statute G.S. 143C, *State Budget Act*. Those standards and applicable sections of OMB Circular A-133 and G.S. 143C require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on the major state program occurred. An audit includes examining, on a test basis, evidence about Charlotte Regional Partnership's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major state program. However, our audit does not provide a legal determination of the Partnership's compliance.

Opinion on Each Major State Program

In our opinion, The Partnership complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major state program for the year ended June 30, 2013.

Report on Internal Control over Compliance

Management of the Partnership is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Partnership's internal control over compliance with the types of requirements that could have a direct and material effect on each major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and G.S. 143C, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Partnership's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and G.S. 143C. Accordingly, this report is not suitable for any other purpose.
