Expenditures**

N.C.G.S. § 7B-1301-1302

Report to
The Joint Legislative Commission on
Governmental Operations
by
NC Department of Health and Human Services
May 1, 2019

Introduction

Pursuant to N.C.G.S. §7B-1302(b), the Department of Health and Human Services (DHHS) shall report revenues and expenditures of the Children's Trust Fund to the Joint Legislative Commission on Governmental Operations. DHHS, through the Division of Social Services (NCDSS), provides the staff and support services for implementing the Children's Trust Fund in accordance with N.C.G.S. § 7B-1301 and offers this report on the Fund's revenues and expenditures for State Fiscal Year (SFY) 2017-2018.

SFY 2017-2018 Children's Trust Fund Activities

The North Carolina Children's Trust Fund programming supports cross-agency collaborative, community-based initiatives to provide outreach, support, and services to individuals and families identified as being at-risk of compromised health and safety. They strive to eliminate or reduce those risks by promoting protective factors that strengthen and support families.

In SFY 2017-2018, North Carolina Children's Trust Program Services supported 7 community-based agencies that provided the following evidence-based, evidence-informed programs: Circle of Parents, Darkness to Light, Incredible Years, Nurturing Parenting Program, Parent-Child Interaction Therapy, Parents as Teachers, Parents as Teachers Play Groups, SafeCare, and Stewards of Children.

These voluntary, free services helped increase the capacity of parents and caregivers to care for their children, helped children develop healthy coping mechanisms, improved caregiver-child relationships, and reduced family stress. In addition, these seven Children's Trust Fund Programs demonstrated collaborative relationships with community partners and meaningful family engagement.

Children's Trust Fund Programs were required to meet the following requirements:

1. Provide voluntary services based on the Principles of Family Support Practice.
2. Demonstrate a commitment to meaningful parent engagement and leadership opportunities.
3. Provide prevention services that target populations most at risk of child abuse or neglect.
4. Promote two or more of the five protective factors linked to lower incidence of child abuse and neglect.
5. Provide a program or service that demonstrates an acceptable level of evidence-based or evidence informed practice. All applicants must demonstrate a clear plan for implementation support.
6. Use outcome accountability and evaluation tools to demonstrate positive outcomes for children and families.

In SFY 2017-2018, the Division of Social Services obligated approximately \$797,220 in Children's Trust Fund dollars in addition to a 25% agency match to support the following seven community-based agencies. This was their second year providing Children's Trust Family Support Programming in the grant cycle.

Ashe Partnership for Children

Ashe Partnership for Children provided Parents as Teachers (PAT) for families in Ashe County with children, from prenatal to five years old, in their homes and community locations. These services included home visits, group meetings, referrals and resources. Ashe Partnership for Children served 61 parents/caregivers and 58 children in SFY 2017-2018.

Burke County Public Schools

Burke County Public Schools provided Nurturing Parent Program (NPP) for families in Burke County with children grades Pre-K through 5th grade. NPP services included home visits as well as school and community visits. Burke County Public Schools also served families with children, from birth to age 18 years, with Circle of Parents (COP) weekly support group meetings. Their COP groups targeted kinship / grandparent caregivers and Latino parents. Burke County Public schools served 61 parents/caregivers and 53 children in SFY 2017-2018.

Exchange Clubs' Child Abuse Prevention Center in Durham

Exchange Club's Child Abuse Prevention Center in Durham provided Parent Child Interaction Therapy and SafeCare for families in Durham County with children ages two to twelve years in the family's home, the center, or other community locations. Exchange Club's Child Abuse Prevention Center in Durham served 55 parents/caregivers and 105 children in SFY 2017-2018.

Iredell Partnership for Children

Iredell Partnership for Children provided Parents as Teachers play groups for families in Iredell County with children, from birth to five years old, in community locations through weekly groups. Services included educational information, connection opportunities, resources, and referrals. Iredell Partnership for Children served 56 parents/caregivers and 53 children in SFY 2017-2018.

Partnership for Children of Johnston County

The Partnership for Children of Johnston County provided Incredible Years Pre-School BASIC Parent Program for families in Johnston County with children ages 3-6. They also served families with children, ages birth to five years old, with Nurturing Parent Program. Services included group meetings and/or home-visiting, which occurred in clients' homes, the agency or other community sites. The Partnership for Children of Johnston County served 58 caregivers/parents and 61 children in SFY 2017-2018.

Person County Cooperative Extension

Person County Cooperative Extension provided Parents as Teachers (PAT) for families in Person County with children, from prenatal to five years old, with monthly home visits and group meetings. Services included educational information, resources, and referrals. Services occurred in the home, agency location, and other various sites as needed. Person County Cooperative Extension served 55 parents/caregivers and 78 children in SFY 2017-2018.

Smart Start of New Hanover County

Smart Start of New Hanover County provided Parents as Teachers (PAT) for families in New Hanover County with children, from prenatal to five years old. They also served families with children, birth to age 18 years, with Circle of Parents (COP) support group meetings. Services included home visitation, group meetings, educational information, connections, resources, and referrals. Smart Start of New Hanover County served 84 parents/caregivers and 95 children in SFY 2017-2018.
