* Budget revisions 14410 12-156 and 12-194 included the movement of 1xxx expenditures between like accounts between fund 1122 and 1123. This report only includes those amounts that required the use of lapsed salary. The movement of budget between like accounts is movement of funds to cover expenditures in fund 1123 for positions budgeted in operations and maintenance (fund 1122) assigned to new development efforts (fund 1123) on an as-needed basis.

**Budget revision 24410 14-36 was entered to eliminate negative balances resulting from the misapplication of expenditure to 531213, rather than 531223. Budget revision 14-37 was entered in October 2012 to reverse this action as the expenditures have since been reclassified.

***Retirement covered by revision 14-98 was the result of an erroneous payroll posting. Reclassification will be entered in January 2013.
