

Report to the North Carolina General Assembly

Low-Performing Districts and Schools,
Improvement Planning, and Statewide
Support

HB 2436 (Sec.7.3a-7.3b)

SL 2007-323.Sec.7.18(b)

HB 1473, 2007 Budget

Act G.S. 115C-12(25)

2019-20 School Year

Date Due: November 15, 2020

Report #38

DPI Chronological Schedule, 2020-2021

STATE BOARD OF EDUCATION

STATE BOARD OF EDUCATION VISION: Every public school student in North Carolina will be empowered to accept academic challenges, prepared to pursue their chosen path after graduating high school, and encouraged to become lifelong learners with the capacity to engage in a globally-collaborative society.

STATE BOARD OF EDUCATION MISSION: The mission of the North Carolina State Board of Education is to use its constitutional authority to guard and maintain the right of a sound, basic education for every child in North Carolina Public Schools.

Committee on Low-Performing Districts and Schools, Improvement Planning, and Statewide Support

Executive Summary

G. S. §115C-12(25) requires the State Board of Education to submit a report to the Joint Legislative Education Oversight Committee (JLEOC) annually regarding districts and schools identified as low-performing, effective improvement planning, and recommendations for additional legislation to improve student performance and increase local flexibility.

This report contains information regarding the implementation of new and/or amended statute in G. S. §115C-105.37. Identification of low-performing schools; G. S. §115C-105.37B. Reform of continually low performing schools; and G. S. §115C-105.39A. Identification of low-performing local school administrative units. Specifically, the report provides a summary about the results of the steps and process developed and implemented by the North Carolina Department of Public Instruction to support those districts and schools identified as low performing from the 2018-19 results, and a summary of the 2019-20 accountability results for low-performing districts and schools around the School Performance Grades and EVAAS Growth status. Additionally, the report includes the plans for reviewing and providing feedback on the improvement plans based on the 2019-20 results and appendices with the resources, documents, and calendar of events to be provided to districts and schools across the state with low-performing schools.

The United States Department of Education (USED) and the North Carolina General Assembly granted the North Carolina Department of Public Instruction a waiver from administering the statewide assessments required by federal law and from School Performance Grade reporting. Based on the waiver from the USED and North Carolina General Assembly school designations from the 2019–20 school year, must remain in effect; therefore, the annual identification of low-performing schools, low-performing districts, Comprehensive Support and Improvement schools and Targeted Support and Improvement schools was not applied, and these lists remain the same for the 2020–2021 school year.

Overview of Legislation and District/School Data

The following report provides a brief summary of legislation about the definition of low-performing schools and low-performing local school administrative units. In addition, the report provides a general analysis of trends and patterns identified in the plans submitted to the Department of Public Instruction for feedback. Also included in the report are the final results of performance and growth data for low-performing districts and schools for the 2019-20 school year based on the analysis of School Performance Grades (SPG) and EVAAS Growth data according to the End of Grade (EOG) and End of Course (EOC) assessments, which are aligned to the North Carolina Standard Course of Study in English Language Arts/Reading and Mathematics and the Essential Standards in Science, for all public schools and public charter schools. The report specifically presents the following information and data:

1. Summary of the legislation concerning low-performing districts and schools,
2. Summary of findings based on the submitted Low-Performing Local School Administrative Units' and Schools' improvement plans,
3. Summary analysis of the 2019-20 Accountability results, and
4. Overview of the projected timeline and process for the improvement plans based on the 2019-20 low-performing results.

Legislation

In September 2015, Session Law 2015-241 House Bill 97, provided amended definitions for low-performing schools and a new designation for low-performing districts. Included in both the amended and new designations were specifically defined processes, procedures, and requirements for low-performing schools and districts. The following tables provide summary information regarding the requirements based on current legislation:

Table 1: September 2015 Statute for Low-Performing Schools and Local School Administrative Units

General Statute	Explanation
<p>§ 115C-105.37. Identification of low-performing schools</p>	<p>Defines low-performing schools as those that receive a school performance grade of D or F <i>and</i> a school growth score of "met expected growth" or "not met expected growth"</p>
<p>§ 115C-105.39A. Identification of low-performing local school administrative units</p>	<p>Defines a low-performing school administrative unit as a unit in which the majority of the schools in that unit that earned an overall school performance grade and school growth score identified as low-performing schools</p>

Table 2: Low-Performing Legislative Requirements

Requirement According to Legislation	Explanation	Timeline/Deadline
Identification	State Board of Education identifies low-performing schools and low performing districts	Annually
Low-Performing Schools		
Principal Decision	Superintendent determines from 4 options employment of the principal of each low-performing school	Within 30 days of low-performing designation
School Plan for Improvement	A preliminary plan (with public input) for improving both the school performance grade and school growth score submitted to the local board	Within 30 days of low-performing designation
Written Notification to Parents	Written notice should contain school’s performance grade and growth score earned, and plan for improvement	Within 30 days of low-performing designation
Local Board Approval	Local Board approves, modifies, or rejects preliminary plan	Within 30 days of receiving the plan
Submit plan to State Board	The plan is submitted to the State Board for recommendations	Within 5 days of local board approval
Feedback regarding the plan	The State Board reads and provides recommendations about the plan	Expediently
Consider feedback	Local board amends the plan as needed and submits final plan to the State Board	After local board final approval
Access to the final plan	The final plan is accessible through local school administrative unit website and the NC Department of Public Instruction’s website	Upon final submission
Low-Performing Local School Administrative Unit		
Principal Decision	Superintendent determines from 4 options employment of the principal of each low-performing school	Within 30 days of low-performing designation
District Plan for Improvement	A preliminary plan (with public input) for improving each schools’ performance grade and school growth score, monitoring each schools’ progress, and administrative unit’s possible policy changes is submitted to the local board	Within 30 days of low-performing designation
Written Notification to Parents	Written notice should be sent to parents of all students attending any school deemed low-performing in the local administrative unit. Notification should define low-performing local school administrative unit, percentage of schools identified, information about individual low-performing school, and plan for improvement	Within 30 days of low-performing designation

Local Board Approval	Local Board approves, modifies, or rejects preliminary plan	Within 30 days of receiving the plan
Submit plan to State Board	The plan is submitted to the State Board for Recommendations (December 2019)	Within 5 days of local board approval
Feedback regarding the plan	The State Board reads and provides recommendations about the plan	Expediently
Consider feedback	Local board amends the plan as needed and submits final plan to the State Board	After local board final approval
Access to the final plan	The final plan is accessible through local school administrative unit website and NC Department of Public Instruction's website	Upon final submission

Trends and Patterns from Low-Performing Plans

As part of the Regional Support Structure within District and Regional Support, Regional Case Managers provided feedback to Low-Performing districts, schools, and charters within each region through NCStar. NCStar is a web-based tool that guides a district or school team in charting its improvement and managing the continuous improvement process. Regional Case Managers facilitated trainings on NCStar conducted by Federal Programs and Monitoring. The plans for improvement submitted by low-performing districts and schools contained strategies developed by the improvement teams and were submitted to the North Carolina Department of Public Instruction's Regional Case Managers for feedback through NCStar. Many of the plans contained similar strategies for addressing the needs in low-performing schools and the data summarized in Table 3 also suggests implications for ongoing professional development to continue to build the capacity of district and school personnel. Identifying these trends has been an integral aspect of developing and continuing effective practices of support for classroom, building level, and district level personnel.

In addition to the themes found in Table 3, one common finding is the limited coaching statewide that is occurring from district to schools regarding school improvement. Many districts lack the human capital and resources to devote time to assist school administrators and/or school improvement teams. A recent study by the SERVE Center at UNC-G also found the need for constructive communication between districts and schools around school improvement planning¹. Respondents in the SERVE study indicated that the support and guidance provided by district coaches when available were of great help. Unfortunately, a number of respondents to the study shared that no district coach was assigned to their school.

¹SERVE Center at UNCG. (August 2019). NCStar: A pilot study of fidelity of implementation.

Table 3: Common Themes in Low-Performing Plans

Identifying and analyzing relevant, high yield data points
Developing goals aligned with identified needs that are Specific, Measurable, Attainable, Relevant, and Time-Bound (SMART)
Integrating evidence-based strategies and action steps
Understanding improvement is a process and the plan is a living document that should change to best meet the needs of students
Identifying those areas for improvement to target rather than trying to address all areas of need- a concentrated approach to school improvement
Continuously revisiting the school’s improvement plan and adjusting as needed for progress
Continuing need for professional development of new teachers/leaders since many of the low-performing schools experience as much as 50% turnover year to year
Approaches that include the community and family engagement and support in improving the schools

As required per statute, all LP districts and schools that submitted plans received feedback from NCDPI. During the 2019-20 year, a high of 97.7% of LP schools submitted a plan. Out of 487 schools, the following LP schools never submitted a plan through NCStar: Appalachian State Academy at Middle Fork (lab school), Carter Community Charter (charter), Charlotte Choice Charter (charter), ECU Community School (lab school), Elizabeth City Middle (ECPCS), Essie Mae Kiser Foxx Charter (charter), Institute for the Development of Young Leaders (charter), Pasquotank High School (ECPCS), Three Rivers School (charter), UpRoar Leadership Academy (charter), and VERITAS Community School (charter).

Since the status for these schools continue with the 2020-2021 academic year, a follow-up process will be implemented to encourage these schools’ compliance with G. S.§115C-105.37.

Strategic Reform Services: School Reform Models

In addition to the themes identified through these plans, the State Board of Education sought to identify practices that nationally supported school and district improvement. Successful implementation with fidelity of the components of the school reform models Transformation, Turnaround, Restart, and Closure showed promise in improving chronically under-performing schools nationally. Aligning with North Carolina’s law for reform of low-performing schools (G.S. 115C-105.37B) the State Board of Education adopted a policy (DSTR-040) allowing recurring low-performing schools an opportunity to apply for approval to implement components of these reform initiatives.

In March of 2020, the State Board of Education approved updates to the DSTR-040 policy, which provided clarification on the criteria for Academic Gain, the monitoring cycle, and the continued authorization for Restart schools.

Summarized information about each reform initiative can be found in Table 4. Recurring low-performing schools are those schools that have been low-performing for two of the previous three consecutive years. The list of recurring low-performing schools for 2019-20 can be found in the Appendix.

Table 4: School Reform Models

Transformation	In order to qualify for implementation of the transformation model, the LEA must demonstrate that a school has created a plan for developing and improving teacher and school leader effectiveness; for implementing comprehensive instructional reform strategies; for increasing learning time; for creating community-oriented schools; and for providing operational flexibility and sustain support. The LEA shall submit specific goals for academic achievement and shall submit a budget showing the revenues and expenditures needed to reach the goals.
Turnaround	In order to qualify for implementation of the turnaround model, the LEA submits specific grounds supporting the implementation of this model; specifies the academic goals expected from implementation of this model; specifies the procedures to be utilized in removing staff, including procedures consistent with Due Process; describes with specificity the new governance structure and the budget to be implemented; sets forth specific academic achievement expected to be realized from use of this model.

Restart	In order to qualify for implementation of the restart model, the LEA submits a detailed plan outlining the goals to be achieved, including how to provide each student with the opportunity for a sound basic education; a statement as to how operating the school with the same exemptions from statutes and rules as a charter school authorized under N.C.G.S. 115C-218 et seq. will facilitate accomplishing these goals; how these exemptions will increase student achievement; whether the LEA will employ an educational management organization and, if so, the name and credentials of that organization and a budget setting out anticipated revenue and expenditures necessary to achieve the goal. A school operated under this subdivision remains under the control of the local board of education, and employees assigned to the school are employees of the local school administrative unit.
Closure	In order to qualify for implementation of the closure model, the LEA submits the specific grounds recommending closure of a particular school; the procedures it intends to follow in closing the school, including opportunities for public hearing; the procedures for ensuring a smooth transition for employee and students affected by the closure; how the resources realized from closure will continue to support student achievement, and the specific academic gains expected to be realized by the closure.

Thirty-two school districts have submitted applications and have been approved to implement a reform model, all of which selected the Restart Model. Table 4.1 summarizes the current information of authorization for reform model implementation.

Table 4.1: School Reform Model Totals

Reform Model Selected	Number of Participating Schools
Transformation	0
Turnaround	0
Restart	140
Closure	0

All Reform Models are required by GS 115C-105.37B and State Board Policy DSTR-040 to submit an Annual Report documenting academic gains. Schools complete the report all subsequent years after completing the first year of implementation of the approved Reform Model. Table 4.2 summarizes the number of schools submitting an annual report after their initial year of implementation. The 58 schools in Cohort 1 have implemented since 2016-2017 or 2017-2018 and 49 schools from Cohort 2 who have implemented since 2018-2019.

Table 4.2: Annual Report Summary – Number of Schools Reporting

Annual Report Restart Schools	Number of Participating Schools	Cohort
Submitted March 2019*	58	Cohort 1
Submitting December 2019	107	Cohort 1, 2

*Submission deadline delaying due to Hurricane Florence.

Restart Model schools are monitored for their progress in demonstrating Academic Gain. Five components make up the criteria for Academic Gain including: Recurring Low-Performing designation, School Growth Status, Achievement Score, Subgroup Growth Status, and school defined Flexibility Outcomes.

Yearly progress monitoring is communicated informing the school if they are above, meeting, or not meeting the expectations for Academic Gain and based on a comparison between the year before implementation and the most recent year of implementation. The descriptions of expectations are included below, and Table 4.3 provides a summary of the schools’ Academic Gain progress.

- *Above Expectations* – No Longer Recurring Low Performing + Meeting or Exceeding School Growth Status
- *Meeting Expectations* – Demonstrating Academic Gain through a combination of the components
- *Not Meeting Expectations* – Declining in Achievement Score and School Growth Status

Table 4.3: December 2019 Annual Report Summary – Academic Gain based on 2018-2019 Performance Data & Flexibility Outcomes

Above Expectations	Meeting Expectations	Not Meeting Expectations
19 Schools 18%	65 Schools 62%	21 Schools 20%

*Two K-2 Schools submitted the December 2019 Annual Report, but do not have Accountability data.

The twenty-one schools not yet on track to meet Academic Gain expectations are being offered support through the Strategic Reform level of support within District and Regional Support. The support focuses on assistance with school improvement planning and professional development in planning with Restart flexibilities.

Of the 107 schools implementing the Restart Model, Table 4.4 represents a summary of the Academic Gain components within the 107 schools that submitted the December 2019 Restart Annual Report. The Flexibilities Outcomes are self-reported by the schools in the annual report. The 107 schools include 58 schools from Cohort 1 who have implemented since 2016-2017 or 2017-2018 and 49 schools from Cohort 2 who have implemented since 2018-2019.

Table 4.4: December 2019 Annual Report Summary – Academic Gain Components based on 2018-2019 Performance Data and Flexibility Outcomes

Academic Gain Components	Number of Schools	Percentage
No Longer Recurring Low-Performing	25/107	23%
Achievement Score Increased above 5% Point	34/107	32%
School Growth Status Meets or Exceeds	67/107	63%
Subgroup Growth Status Meets or Exceeds	91/107	85%
50% Flexibility Outcomes demonstrating progress	83/107	78%

Of the 107 schools implementing the Restart Model, the following Table 4.5 represents a summary of the flexibilities reported as being employed in the Annual Report. Flexibilities are self-reported in the annual report.

Table 4.5: Restart Model Summary on Utilized Flexibilities

Flexibility/Exemption from law	Percentage of Schools Utilizing Flexibility	Number of Schools Utilizing Flexibility
Budget	96%	102/106 schools
Calendar	33%	35/106 schools
Employment Requirement	36%	38/106 schools
Standard Course of Study/Curriculum	6%	7/106 schools
Assessment	22%	23/106 schools

*107 schools submitted the December 2019 Restart Annual Report; however, one school did not submit the Flexibility Outcomes Report.

Low-Performing Districts and Schools

In September of 2019 the State Board of Education approved the lists of low-performing schools, traditional and charter, and low-performing districts and recurring low-performing schools. The full list of schools and districts can be found in the Appendix beginning on **page 20**. The table below provides a summary of the low-performing schools and districts by NC State Board Region. Due to COVID19 and the federal waiver to allow no testing in the Spring of 2020, the list of Low-Performing Schools remains the same and is based on the 2018-2019 performance data.

Table 5: Summary of the 2019-20 Low-Performing Traditional Schools, Charter Schools and Districts

Designation	Total	Southeast Region	Northeast Region	North Central Region	Sandhills Region	Piedmont-Triad Region	Northwest Region	Southwest Region	Western Region
Low-Performing Traditional Schools	440	37	41	106	71	86	4	91	9
Low-Performing Public Charter Schools	42*	5	3	9	2	6	2	13	0
Low-Performing Lab School	5	1	1	-	-	2	-	-	1
Low-Performing District	9**	-	4	2	2	-	-	-	-

*The 2 Virtual Charter Schools are not assigned to a region

**Includes the Innovative School District (ISD) which is not assigned to a region

***2018-2019 Total Schools and Traditional Public Schools have a 1 school variation from 2019 JLEOC report due to the school corrections window.

When comparing the results from 2017-18 to 2018-19, there is an overall increase of 8 low-performing schools, from 479 to 487. The same is true when comparing the low-performing districts in 2017-18 to 2018-19, with an increase of 1 low-performing district, from 8 to 9. Further analysis of the data shows a breakdown of schools and districts that remain on the list, the totals that are no longer low-performing and those schools and districts newly identified in the recent release of Accountability results. Table 6 provides the summary of schools and districts removed, newly identified, the net change and new total from the 2018-19 data.

Table 6: Comparison Data for 2017-18 and 2018-19

	Total 2017-18	Less	New	Net Change	Total 2018-19
All Schools	479*	154	162	+8	487**
Traditional Public	450	147	137	-10	440
Public Charter	28	7	21	+14	42
Lab School	1	0	4	+4	5
Districts	8	4	5	+1	9
Recurring Traditional LP Schools	436	73	60	-13	423
Continually LP Charters	28	3	13	+10	38

*2017-18 Total Schools and Traditional Public Schools have a 1 school variation from 2018 JLEOC report due to the school corrections window.

**2018-2019 Total Schools and Traditional Public Schools have a 1 school variation from 2019 JLEOC report due to the school corrections window.

Tables 7.1-7.4 show a breakdown of the 2018-19, 487 low-performing schools by the definition criteria established in Session Law 2015-241 House Bill 97.

Table 7.1: 2018-19 Low-Performing Schools by Grade and Growth

ALL LP SCHOOLS	Letter Grade D Growth MET	Letter Grade D Growth NOT MET	Letter Grade F Growth MET	Letter Grade F Growth NOT MET

Overview of North Carolina Department of Public Instruction Support

The Department of Public Instruction provides a series of support services to guide districts and schools through the requirements. Upon the State Board of Education’s final approval of the low-performing local administrative units’ and low-performing schools’ lists, communication was shared with all superintendents and charter school directors regarding next steps. In the month of September 2019, the Department’s District and Regional Support unit provided multiple opportunities to attend a webinar explaining the requirements of the law and the processes and procedures in place to support districts and schools through the requirements. At the same time District and Regional Support, in collaboration with Department of Public Instruction’s Federal Programs and Monitoring Division will provide training to schools and districts on the NCStar tool which all low-performing districts and schools will utilize to develop and monitor implementation of their district/school improvement plan.

Table 8 below lists the support and corresponding resources provided to all districts and schools. Included in the Appendix are samples of each of the resources listed.

Table 8: Support and Resources Provided to Low-Performing Districts and Schools

District and Regional Support

District & Regional Support (DRS) develops and aligns systems, processes, and procedures to provide a unified system of support to North Carolina Public School Units (PSUs) that result in every child having equitable access to a meaningful, sound basic education through:

- A regional structure coordinating academic supports statewide
- Opportunities for educator recognition, advancement, and growth
- Diagnostic services that identify areas of improvements for schools and districts
- Strategic reform strategies that lead to innovation and student success
- Effective partnerships to intervene on critical areas of need

These services are divided into four levels of support for schools: Statewide, Diagnostic, Strategic Reform, and Intensive Intervention. As schools needs increase so does the level of services provided. Diagnostic Services provide evidence-based frameworks to assist targeted districts/schools in analyzing and determining the impact of practices on student learning and diagnosing strengths and weaknesses to support improved outcomes. These steps are essential in supporting struggling schools. A description of those services is below:

Diagnostic Services: Comprehensive Needs Assessments and Follow-Up Support

NC DPI's Comprehensive Needs Assessment process is a systematic assessment of instructional practices, processes, and systems within a school district that assists district and school leadership in determining needs, examining their nature and causes, and setting priorities for future action led by the Instructional Review Coach (IRC) team. The assessment consequently guides meaningful strategic/improvement planning at both the district or school level and suggests benchmarks to guide improvement evaluation. Research suggests that school districts that undergo a careful analysis of data and information make better decisions about what to change and how to institutionalize systemic change. The district/school Comprehensive Needs Assessment provides a framework for conducting this analysis in a process-driven, evidence-based way.

Prior to the assessment, professional development is provided to principals and central office staff that explains the following:

- the Comprehensive Needs Assessment process;
- the NC DPI Comprehensive Needs Assessment rubric utilized during the district/school assessment;
- personnel's role in the assessment; and
- preparation of a Self-Evaluation that begins the review process.

The site visit conducted as part of the process consists of the following:

- collaborative discussions with district and school leadership;
- classroom visits; and
- focus group sessions with teachers, students, and parents.

All of which are underpinned by the NC DPI Comprehensive Needs Assessment rubric.

The District Comprehensive Needs Assessment site visit consists of the following:

- collaborative discussions with the superintendent;
- collaborative discussions with district-level staff;
- focus group sessions with school board members and principals; and
- observation of a school board meeting.

All of which are underpinned by the NC DPI Comprehensive Needs Assessment rubric.

The assessment culminates with a report that

- triangulates the evidence found during the assessment process and reports findings for all six dimensions of the NC DPI Comprehensive Needs Assessment rubric in terms of evidence and resulting impact on students and improvement efforts;
- is written in draft form and sent to district and school leadership for a check of factual accuracy; and

- is finalized and provided to district, school, and Department of Public Instruction leaders so that they may use this information to drive, revise, and support improvement efforts.

After the completion of the Comprehensive Needs Assessment Process, the Instructional Review Coach team provides follow-up support by way of a two-day professional development session referred to as the “CNA Unpacking.” Over the course of those two days an assigned Instructional Review Coach works with the school principal and the School Improvement Team to accomplish the following:

- deepening the staff’s understanding of the NC DPI Comprehensive Needs Assessment process and rubric;
- reading the report in its entirety and identifying and analyzing the evidence reported with a focus on noting and discussing IMPACT on students and improvement efforts;
- engaging in and completing a root cause analysis exercise around one of the identified areas for improvement;
- engaging in a detailed strategic planning activity to address one of the resulting root causes; and
- connecting resulting actions to existing improvement indicators and incorporating changes and revisions based on the work over the course of the two-day session into the school’s improvement plan.

Follow-up support for districts that have engaged in a Comprehensive Needs Assessment includes engaging with the Superintendent, district-level staff, and some board members in the same professional development work as described above to support district leadership in improving the districts strategic plan and support for schools.

In the next year, District and Regional Support is prioritizing identified Low-Performing Districts to receive diagnostic support. This support will include a Comprehensive Needs Assessment and follow-up Unpacking support for each school in each low performing district that culminates in a district level Comprehensive Needs Assessment that provides a district-wide trend analysis. Currently, there are eight identified Low-Performing Districts.

In response to House Bill 1050, the Comprehensive Needs Assessment rubrics will be amended to include a high-level review of early childhood learning opportunities in low-performing administrative units, highlighting any areas for improvement that may arise related to (1) training levels of early childhood teachers and support staff (2) the ratio of students to teachers (3) alignment of preschool curricula to curricula for kindergarten through third grade (4) kindergarten transition supports, including collaboration with preschool educators and (5) kindergarten preparedness within the context of the Comprehensive Needs Assessment process.

Regional Support Structure

The regional support structure organizes services to schools and districts through an efficient geographically based model. The Regional Case Manager (RCM) leads the support and services provided in each region. The RCM facilitates and participates in the design, implementation, and evaluation of all services and school improvement practices for North Carolina districts and schools with a partnership focus on those districts designated as low performing.

Recommendations for Additional School Improvement Legislation

- Fund the Leandro Remedial Plan for fiscal year 2021 section V:
 - Develop the State’s capacity to fully support the improvement of its lowest-performing schools and districts by fully implementing the NC State Board of Education’s regional support model to support the improvement of low-performing and high-poverty schools by providing support in needed content areas and instructional and leadership coaching.
 - Develop the State’s capacity to initiate District & Regional Support’s plan to provide direct, comprehensive, and progressive turnaround assistance to the State’s chronically low-performing schools and low-performing districts.

Appendix

2019-20 Low-Performing Schools List

A low-performing school has a School Performance Grade of 'D' or 'F' and a growth status of 'Met' or 'Not Met'. Schools are sorted by district with charter schools at the end of the list. Note: Due to COVID 19 and the lack of 2019-20 accountability data, the Low-Performing Schools List is based on the 2018-19 school performance data,

2019-20 Low-Performing Districts

Low-performing districts are defined as districts that had greater than 50% of schools identified as low-performing.

Note: Due to COVID 19 and the lack of 2019-20 accountability data, the Low-Performing Schools List is based on the 2018-19 school performance data.

District Code	District Name	Missed Days due to Hurricane Florence	Number of Low-Performing Schools	Number of Schools with a School Performance Grade and Growth	Percent of Low-Performing Schools in District
295	Innovative School District	10	1	1	100.0
422	Weldon City Schools	2	3	4	75.0
660	Northampton County Schools	1.5	5	7	71.4
830	Scotland County Schools	12	7	10	70.0
890	Tyrrell County Schools	4	2	3	66.7
580	Martin County Schools	2	4	7	57.1
330	Edgecombe County Public School	2	8	14	57.1
780	Robeson County Schools	18	22	39	56.4
640	Nash-Rocky Mount Schools	0	13	24	54.2
420	Halifax County Schools	2	5	10	50.0
390	Granville County Schools	2	9	19	47.4
090	Bladen County Schools	13	6	13	46.2
800	Rowan-Salisbury Schools	1	15	33	45.5

2019-20 Recurring Low Performing Schools List

A recurring low-performing school is identified as low-performing in any two (2) of the last three (3) years. A low-performing school has a School Performance grade of 'D' or 'F' and a growth status of 'Met' or 'Not Met'. For the purposes of this list charter and regional schools are not identified as recurring low-performing schools.

Note: Due to COVID 19 and the lack of 2019-20 accountability data, the Low Performing Schools List is based on the 2018-19 school performance data,

District Name	School Code	School Name	State Board Region	Missed Days due to Hurricane Florence	Low Performing 2018-19	Low Performing 2017-18	Low Performing 2016-17

2019-20 Continually Low Performing Charter Schools List

A continually low-performing charter school is identified as low-performing in any two (2) of the last three (3) years. A low-performing charter has a School Performance grade of 'D' or 'F' and a growth status of 'Met' or 'Not Met'.

Note: Due to COVID 19 and the lack of 2019-20 accountability data, the Low Performing Schools List is based on the 2018-19 school performance data,

District Name	School Code	School Name	State Board Region	Missed Days due to Hurricane Florence	Low Performing 2018-19	Low Performing 2017-18	Low Performing 2016-17
Charter Schools	00A000	North Carolina Cyber Academy	Virtual	0	Y	Y	Y

Correction Window for 2019-2020 Low Performing Schools

Based on an update in March of 2020 by Accountability, the total number of Low Performing schools had a variation of 1 school from 487 to 488. There were three traditional schools added to the Low Performance List and two traditional schools removed from the Low Performing list for a total net change of one school.

The following three schools were added to the Low Performing Schools List:

District Name	School	School Name	State Board	Grade	Missed Days due to Hurricane Florence	School Performance Grade	EVAAS Growth Status
Wake County Schools	920362	Carver Elementary	North Central	PK-05	2	D	Met
Wake County Schools	920600	Wendell Elementary	North Central	0K-05	2	D	Met
Harnett County Schools	430344	Harnett Primary	North Central	PK-03	6	D	Not Met

The following two schools were removed from the Low Performing Schools List:

District Name	School	School Name	State Board	Grade	Missed Days due to Hurricane Florence	School Performance Grade	EVAAS Growth Status
Union County Public Schools	900388	Wingate Elementary	Southwest	PK-05	2	D	Not Met
Guilford County Schools	410376	Cyrus P Frazier Elementary	Piedmont-Triad	PK-05	2	D	Met

Notification to Superintendents

From: North Carolina Public Schools <NCPublicSchools@public.govdelivery.com>

Date: Wednesday, September 4, 2019 at 4:03 PM

Superintendents, Charter School Directors and Chief Academic Officers,
Please see attached memorandum on registering for upcoming webinars for administrators of [low-performing schools and districts](#). Please share with principals of low-performing schools and district personnel of low-performing districts.

Thank you

NCDPI District and Regional Support

Registration for Low Performing Webinars

Registration Information for Low Performing Webinars to be Sent to Communications

After the release of the Low Performing designation for schools and districts, NCDPI’s District and Regional Support unit provides a webinar for leaders in these schools and/or districts, whether newly designated or continuing in the designation.

The webinars will provide information for leaders concerning the policies, expectations, and deadlines for the Comprehensive Plan required for Low Performing Schools and Low Performing Districts, respectively.

PLEASE NOTE: Each webinar, one for Low Performing Schools and one for Low Performing Districts, will be offered twice, and participants need only attend one of the offered webinars. Only leaders in schools and districts who are designated Low Performing need to register.

Please find the registration links below:

Low Performing Districts Webinar Options: (Select one)

Please register for **Low Performing Districts Webinar Option 1** on **Sep 20, 2019 2:00 PM** EDT at:

<https://attendee.gotowebinar.com/register/608448145867809292>

After registering, you will receive a confirmation email containing information about joining the webinar.

Please register for **Low Performing Districts Webinar Option 2** on **Sep 23, 2019 2:00 PM** EDT at:

<https://attendee.gotowebinar.com/register/2610796259001459724>

After registering, you will receive a confirmation email containing information about joining the webinar.

Please register for **Low Performing Schools Webinar Option 1** on **Sep 20, 2019 3:00 PM** EDT at:

<https://attendee.gotowebinar.com/register/2988454313886761228>

After registering, you will receive a confirmation email containing information about joining the webinar.

Please register for **Low Performing Schools Webinar Option 2** on **Sep 23, 2019 3:00 PM** EDT at:

<https://attendee.gotowebinar.com/register/4421001416646399244>

After registering, you will receive a confirmation email containing information about joining the webinar.

Sample Letter to parents in low performing schools in low performing districts

(Insert School Address)

(Insert Date)

Dear Parent/Guardian,

Legislation (G.S. §115C-83.15) passed during the 2013 long session of the North Carolina General Assembly provides parents with an additional measure of school performance in the form of School Performance Grades. Beginning with the 2013–14 school year, the annual North Carolina School Report Cards display a letter grade of A, B, C, D, or F for each school in the state.

The School Performance Grades are based 80 percent on our school’s achievement score (student proficiency) and 20 percent on students’ academic growth. At *(Insert school name here.)*, our achievement score for the 2018–19 school year is based on how well our students’ performed on *(Insert appropriate measures here based on your school’s grades. Include the following tests as appropriate: Grades 3–8 Mathematics, Grades 3–8 English Language Arts/Reading, Grades 5 and 8 Science, NC Math 1, NC Math 3, English II, and Biology, and additional indicators including English Learner Progress, ACT/ACT WorkKeys, Math Course Rigor, and the 4-Year Cohort Graduation Rate).*

As a parent/guardian of a student in *(Insert school name here.)*, I am writing this letter to let you know that *(Insert school name here.)*, has been designated as a low performing school and *(Insert district name here.)* has been designated as a low performing district by the North Carolina State Board of Education. A low performing district is one in which the majority of the schools in the district have been identified as low-performing schools. The State Board of Education has found that *(Insert percentage)* of schools in *(Insert district name)* have been identified as low performing.

As defined in G.S. 115C-105.37: “The State Board of Education shall design and implement a procedure to identify low-performing schools on an annual basis. Low-performing schools are those that receive a school performance grade of D or F and a school growth score of "met expected growth" or "not met expected growth" as defined by G.S. 115C-83.15.”

(Insert school name here.) received a School Performance Grade of *(Insert letter grade of D or F here.)* and a growth designation of *(Insert Met or Did Not Meet here.)* for the 2018–19 school year. Although we are committed to improving this score, it is important to remember that just as no one single score or grade tells the whole story of a student, neither does it tell you everything about the performance of a school or the opportunities that our school provides. *(List programs that make your school special.)*

One of our top priorities for 2019–20 is to improve the School Performance Grade in each school. There are a number of key programs we have in place to help improve student performance. These include:

- *(bullet improvement plan here and provide a brief summary of each initiative)*

As a low performing district, we are required to develop an improvement plan that specifically addresses how the district will improve both the school performance grade and school growth score of each low-performing school in the unit, and how the superintendent and other central office administrators will work with each low-performing school and monitor the low-performing school's progress. The preliminary plan will be presented to our local school board at their next meeting, *(Insert date, time and place of the local school board meeting)* where the plan will be presented for approval. The final plan for improvement will be available on our local district website at *(Insert district website).*

We hope you will closely follow your student's academic progress and work with his or her teacher(s) to help ensure they stay on track academically. Working together as a team, we can improve not only how well our students are performing individually, but how our schools are performing as a whole. There is nothing more important to administrators and teachers at *(Insert school name here.)* than ensuring students are ready for the next step in their academic careers. We look forward to working with you to make sure your student is on track for success.

If you have any questions or concerns regarding our School Performance Grade and how we plan to improve the schools within our district, please don't hesitate to contact *(Insert appropriate contact info here.)*.

Sincerely,

(Superintendent's Signature)

Sample Letter to parents in low performing schools

SAMPLE: PARENT LETTER —School Performance Grades of D or F

(Insert School Address)

(Insert Date)

Dear Parent/Guardian,

Legislation (G.S. §115C-83.15) passed during the 2013 long session of the North Carolina General Assembly provides parents with an additional measure of school performance in the form of School Performance Grades. Beginning with the 2013–14 school year, the annual North Carolina School Report Cards display a letter grade of A, B, C, D, or F for each school in the state.

The School Performance Grades are based 80 percent on our school’s achievement score (student proficiency) and 20 percent on students’ academic growth. At *(Insert school name here.)*, our achievement score for the 2018–19 school year is based on how well our students’ performed on *(Insert appropriate measures here based on your school’s grades.)* *Include the following tests as appropriate: Grades 3–8 Mathematics, Grades 3–8 English Language Arts/Reading, Grades 5 and 8 Science, NC Math 1, NC Math 3, English II, and Biology, and additional indicators including English Learner Progress, ACT/ACT WorkKeys, Math Course Rigor, and the 4-Year Cohort Graduation Rate.*

The purpose of this letter is to inform you that *(Insert school name here)*, has been designated as a low performing school by the North Carolina State Board of Education. As defined in G.S. 115C-105.37: “The State Board of Education shall design and implement a procedure to identify low-performing schools on an annual basis. Low-performing schools are those that receive a school performance grade of D or F and a school growth score of "met expected growth" or "not met expected growth" as defined by G.S. 115C-83.15.”

(Insert school name here) received a School Performance Grade of *(Insert letter grade of D or F here)* and a growth designation of *(Insert Met or Did Not Meet here.)* for the 2018–19 school year. Although we are committed to improving this score, it is important to remember that just as no one single score or grade tells the whole story of a student, neither does it tell you everything about the performance of a school or the opportunities that our school provides. *(List programs that make your school special.)*

As a low performing school, we are required to develop an improvement plan that specifically addresses how the school will improve both the school performance grade and school growth score. The plan will also include how the superintendent and other central office administrators in the district will work with us and monitor the progress of our school. We are already engaged in the work of refining our plan and will present the plan to our school board at their next meeting, *(Insert date, time and place of the local school board meeting)* where the plan will be presented for approval. The final plan will be available for review *(Insert school’s website or district’s website)*.

One of our top priorities for 2019–20 is to improve our School Performance Grade. There are a number of key programs we have in place to help improve student performance. These include:

- *(bullet improvement plan here and provide a brief summary of each initiative)*

We hope you will closely follow your student’s academic progress and work with his or her teacher(s) to help ensure they stay on track academically. Working together as a team, we can improve not only how well our students are performing individually, but how our school is performing as a whole. There is nothing more important to administrators and

teachers at (Insert school name here.) than ensuring students are ready for the next step in their academic careers. I look forward to working with you to make sure your student is on track for success.

If you have any questions or concerns regarding our School Performance Grade and how we plan to improve, please don't hesitate to contact (Insert appropriate contact info here.).

Sincerely,

(Principal's Signature)
