

Public Schools of North Carolina
State Board of Education
Department of Public Instruction

Report to the North Carolina General Assembly

School Connectivity Initiative

K12 Cybersecurity

2020 COVID-19 Recovery Act

SL2020-4 (HB1043) SECTION 3.3.(11)

Date Due: ---

Report # ----

DPI Chronological Schedule, 2020-2021

STATE BOARD OF EDUCATION

STATE BOARD OF EDUCATION VISION: Every public school student in North Carolina will be empowered to accept academic challenges, prepared to pursue their chosen path after graduating high school, and encouraged to become lifelong learners with the capacity to engage in a globally-collaborative society.

STATE BOARD OF EDUCATION MISSION: The mission of the North Carolina State Board of Education is to use its constitutional authority to guard and maintain the right of a sound, basic education for every child in North Carolina Public Schools.

ERIC DAVIS

Chair: Charlotte – At-Large

JILL CAMNITZ

Greenville – Northeast Region

TODD CHASTEEN

Blowing Rock – Northwest Region

ALAN DUNCAN

Vice Chair: Greensboro – Piedmont-Triad Region

REGINALD KENAN

Rose Hill – Southeast Region

DONNA TIPTON-ROGERS

Brasstown – Western Region

DAN FOREST

Lieutenant Governor: Raleigh – Ex Officio

AMY WHITE

Garner – North Central Region

J. WENDELL HALL

Ahoskie – At-Large

DALE FOLWELL

State Treasurer: Raleigh – Ex Officio

OLIVIA OXENDINE

Lumberton – Sandhills Region

MARK JOHNSON

Secretary to the Board: Raleigh

JAMES FORD

Charlotte – Southwest Region

NC DEPARTMENT OF PUBLIC INSTRUCTION

Mark Johnson, State Superintendent :: 301 N. Wilmington Street :: Raleigh, North Carolina 27601-2825

In compliance with federal law, the NC Department of Public Instruction administers all state-operated educational programs, employment activities and admissions without discrimination because of race, religion, national or ethnic origin, color, age, military service, disability, or gender, except where exemption is appropriate and allowed by law.

Inquiries or complaints regarding discrimination issues should be directed to:

Joe Maimone, Chief of Staff

6307 Mail Service Center, Raleigh, NC 27699-6307 / Phone: (984) 236-2206 / Fax: (984) 236-2349

A. Legislation

SL2020-4 (HB1043) SECTION 3.3.(11) - \$4,500,000 to the Department of Public Instruction, in response to COVID-19, to (i) establish a statewide shared cybersecurity infrastructure to protect school business systems and minimize instructional disruption and (ii) for district cybersecurity monitoring and support in consultation with the School Connectivity Initiative. The Department shall evaluate the sufficiency and sustainability of the cybersecurity infrastructure and services provided pursuant to this subdivision and report the results of its evaluation no later than October 1, 2020, to the Joint Legislative Education Oversight Committee and the Joint Legislative Oversight Committee on Information Technology.¹

B. Background Considerations

a. Funding Parameters of Legislation

- SECTION 1.6 – *State agencies shall not use funds received pursuant to COVID-19 Recovery Legislation for recurring purposes.*
- SECTION 2.2 – *The purpose of the Fund is to provide necessary and appropriate relief and assistance from the effects of COVID-19, consistent with the provisions of this act and subsequent legislation addressing the effects of COVID-19. ... All funds allocated from the Fund must be used for necessary expenditures incurred due to the public health emergency with respect to COVID-19. Only expenditures incurred during the period that begins on March 1, 2020, and ends on December 30, 2020, are eligible for funding from this Fund.”*

b. 2020 School Connectivity Report to the NC General Assembly²

Recommendation 5: Expansion of School Connectivity Initiative / Cybersecurity and Risk Management - \$5M non-recurring, for two years.

Leverage the centrality of NC Research and Education Network (NCREN) to deliver:

- Advanced Endpoint Protection Service
- Network Monitoring and Protection Service
- Centralized Event Processing and Response Service

C. Research & Evaluation

Research began by first quantifying the existing K12 environment and risks. Table 1 illustrates the breakdown of all PSU staff, their workstations, and business servers. Student devices and accounts were intentionally excluded due to volume and presumed lower risk of affecting business systems through phishing and malware. Students generally have limited access levels to systems.

School Year 2019-2020

School Connectivity Initiative (SCI) team also reviewed the most recent K12 cybersecurity events and the “patient zero” root cause. We found several attack vectors related to phishing emails, a lack of effective patch management, and weak network perimeters.

For two months, SCI and MCNC met to further define the scale and scope of risks towards developing a solution that met the legislative directives. MCNC operates the North Carolina Research and Education Network (NCREN) which provides NC K12 Internet access, content filtering, firewall support, and also offers other cybersecurity services. Their longstanding relationships with DPI, DIT, and K12 provided invaluable insight.

SCI contacted DIT to research existing state contracts that could be leveraged. The only convenience contracts were for anti-virus software and security assessments.

On June 17, the “**K12 Cybersecurity Needs Survey**” was sent to all PSU technology leaders. Responses were received from 128 PSUs representing over 73% of the North Carolina student population. There were 88 LEAs (77% representing 1.12M students) and 40 charter/regional schools (20% representing 30,000 students), all ranging from the smallest LEA and Charters (Hyde Co and Marjorie Williams, with 591 and 110 students respectively) to the largest (Wake Co and Lincoln Charter, with 162,743 and 2,594 students respectively).

The survey revealed a wide variety of cybersecurity readiness levels and needs exist in K12. Responders indicated need for cybersecurity response planning and training, behavioral-based anti-ransomware/malware protection, systems monitoring services, email filtering, business system backups, and network segmentation assistance.

On July 21, 2020 NCDPI issued **RFI “40-NCDPI Cybersecurity”** seeking responses from vendors offering cybersecurity products and services. When the RFI closed on August 11, we received thirty responses from small and large companies. In reviewing the responses, NCDPI found that some vendors did not offer solution pricing, as every PSU environment is unique in topology, maturity, and size. North Carolina State Board of Education (NCSBE) leadership indicated that the NCSBE would not consider leveraging the RFI information for a future procurement.

From this research, several possible solutions were identified. NCDPI consulted with legal and other sources to determine each solution’s feasibility within the framework of the legislation and state procurement laws, and resulted in establishing the following constraints:

- The nature of the COVID-19 funding, as well as the amount, would not permit multi-year contracts and any associated discounts.
- No convenience contracts exist to collectively meet the variety of needs for all PSUs.
- No existing contracts may be amended due to the expansive scope necessary.
- The amount of funding without any recurring commitment reduces the number PSU participants and/or performance level of services.

D. Conclusions & Actions Taken

The NCSBE directed NCDPI to allocate the cybersecurity funds as stated below. The NCSBE approved these allocations at the August 6, 2020 meeting.

- **\$547,600 – Cybersecurity Awareness Training.** Each PSU will be provided access to an Automated Security Awareness Program through KnowBe4 to provide cybersecurity awareness training to all PSU staff (186,000). DPI will establish minimum curriculum and participation levels while enabling each PSU to select specific content, track participation, and conduct effectiveness assessments. KnowBe4 is used by NCDIT for all state agencies. The NCDIT contract was amended to permit DPI to utilize this contract through June, 2022.
- **\$500,000 - Cybersecurity Assessments.** Through an amendment with the existing Client Network Engineering (CNE) contract with MCNC, by the end of December 2020 a “Cybersecurity Program Review” (CPR) will be conducted on at least fifty city/county school systems. For each CPR, MCNC will provide a formal document of findings and recommendations to assist the PSU:
 - Align their security program with commonly accepted best practices for protecting information assets.
 - Understand areas of relative strength and opportunities for improvement in their existing cybersecurity program.
 - Address gaps identified and take actionable steps that can reduce cybersecurity risk and improve the organization’s overall governance strategy based on provided comments and observations.

After December, the remaining sixty-five city/county school systems will be assessed, with a target completion of April 1, 2021 and funded by the original CNE contract.

- **\$3,452,400 – Allocation to Public School Units.** Provide funds to PSUs for use on approved cybersecurity products. The proposed allotment is based on the 50%/50% ADM/poverty formula with a minimum amount of \$2000 per eligible

PSU in order to provide meaningful amounts. This recommendation stems from the fact that research showed that there are varying needs across all PSUs and there is not one solution that would benefit all. See Appendix A, B, C for full details.

Appendix A – CORONAVIRUS RELIEF FUND – CYBERSECURITY (PRC135)

CORONAVIRUS RELIEF FUND – CYBERSECURITY (PRC135)³

PROGRAM REPORT CODE: 135

UNIFORM CHART OF ACCOUNTS CODE: XXXX-135-XXX

STATUTORY REFERENCE: SL 2020-4 Section 3.3(11)

TYPE: Dollars **TERM:** March 1, 2020 to December 30, 2020

PURPOSE: (i) establish a statewide shared cybersecurity infrastructure to protect school business systems and minimize instructional disruption and (ii) for district cybersecurity monitoring and support in consultation with the School Connectivity Initiative.

ELIGIBILITY: Local education agencies, charter schools, regional schools, ISD.

FORMULA: 50% of the funds appropriated shall be allotted based on 2019-20 allotted ADM for LEAs and funded ADM for other public school units. 50% of the funds appropriated shall be allotted based on the students in poverty per the 2017 census for LEAs. Other public school units shall receive an average dollars per student in poverty. No eligible public school unit shall receive less than \$2,000

SPECIAL PROVISIONS:

- 1) Funds shall be used only for the purchase of products and/or services to improve cybersecurity risk posture and response capabilities. Emphasis should be on school business systems and servers. Examples include:
 - a) Advanced end-point threat protection, with an emphasis on protecting school business systems and servers.
 - b) Improved business system backups, with an emphasis on encryption and/or immutable storage.
 - c) Advanced email protection with emphasis on reducing phishing.
 - d) Unified threat management to detect and mitigate threats.
 - e) Advanced firewall protection.
 - f) Antivirus/antimalware solutions.
 - g) Intrusion Detection System (IDS) / Intrusion Prevention System (IPS).
 - h) Data encryption solutions.
 - i) Data Loss Prevention.
 - j) Risk and compliance management.
 - k) Reimbursement for above expenditures if incurred after March 1, 2020.
- 2) Public School Units shall request approval for expenditures from the School Connectivity Initiative team.
- 3) Funds shall not be transferred in to or out of this allotment category.
- 4) Eligible expenditures are those incurred from March 1 to December 30, 2020.
- 5) Use of these funds shall be in accordance with Title V of the Coronavirus Aid, Relief, and Economic Security (CARES) Act, which authorizes the Coronavirus Relief Fund.
- 6) Funds may only be used for necessary expenditures incurred due to the public health emergency with respect to the Coronavirus Disease 2019 (COVID–19).

³ <https://files.nc.gov/dpi/documents/fbs/apm-20-21-covid-manual-08-06-2020.pdf>

- a) Necessary expenditures incurred due to the public health emergency mean expenditures used for actions taken to respond to the public health emergency, including expenditures for responding directly to the emergency or incurred in order to respond to second-order effects of the emergency such as the impacts of stay-at-home orders, school closures, etc.
 - b) Funds may not be used for revenue replacement or to otherwise fill shortfalls in government revenue to cover expenditures that would not otherwise qualify under the statute.
- 7) In accordance with the federal Coronavirus Aid, Relief, and Economic Security (CARES) Act, Coronavirus Relief Fund Title V, these funds may not be used to directly account for revenue shortfalls related to the COVID-19 outbreak.
- 8) Funds may not be used for expenditures that were previously included in the unit's budget as of March 27, 2020. A cost meets this requirement if either:
- a) The cost cannot be lawfully be funded using a line item, allotment, or allocation within that budget; or
 - b) The cost is for a substantially different use from any expected use of funds in such a line item, allotment, or allocation.
- 9) Funds may not be used for expenses that have been or will be reimbursed under any federal program.

Note: Before expending Coronavirus Relief Fund monies, Public School Units that receive funding are encouraged to review the most current applicable guidance from U.S. Department of the Treasury, the U. S. Department of Education, and the North Carolina Pandemic Recovery Office housed in the Office of State Budget and Management.
