Each year on December 1 and April 1 each child involved in Exceptional Children services in North Carolina is counted in a bi-annual census. The data is gathered electronically through CECAS (Comprehensive Exceptional Children Accountability System), the Exceptional Children data system.

The report being reviewed is the December 1 child count. The December child count is used to determine the amount of Federal money the state receives based on the following: Each LEA will receive 75% of their allocation for December 1, 1998. This establishes their base. The remaining funds will be distributed as follows: 85% will be allocated based upon the number of children who are enrolled in public and private elementary and secondary schools and 15% will be allocated based on the number children living in poverty (free and reduced lunch).
