§115C-83

PART X. ENHANCE DATA COLLECTION

SECTION 10.(a) The Department of Public Instruction shall create a uniform template for all data collected pursuant to Part 1A of Article 8 of Chapter 115C of the General Statutes (Read to Achieve) beginning with data collected during the 2013-2014 school year and for each school year thereafter. The template shall include clear designations for each data component reported. Data values that are suppressed for this purpose shall be denoted in a different manner than data values left incomplete or unreported. Data values shall be compiled for each data component for each school year, beginning with the 2013-2014 school year, and shall be provided to the Joint Legislative Education Oversight Committee in the uniform template created pursuant to this subsection no later than April 15, 2022.
