

NORTH CAROLINA
State Board of Education
Department of Public Instruction

Report to the North Carolina General Assembly

Computer Science Participation in Schools
G.S. 115C-12(48)

Date Due: November 15
DPI Chronological Schedule, 2022-2023

STATE BOARD OF EDUCATION

STATE BOARD OF EDUCATION VISION: Every public school student in North Carolina will be empowered to accept academic challenges, prepared to pursue their chosen path after graduating high school, and encouraged to become lifelong learners with the capacity to engage in a globally-collaborative society.

STATE BOARD OF EDUCATION MISSION: The mission of the North Carolina State Board of Education is to use its constitutional authority to guard and maintain the right of a sound, basic education for every child in North Carolina Public Schools.

ERIC DAVIS

Chair: Charlotte – At-Large

JILL CAMNITZ

Greenville – Northeast Region

JOHN BLACKBURN

Linville – Northwest Region

ALAN DUNCAN

Vice Chair: Greensboro – Piedmont-Triad Region

REGINALD KENAN

Rose Hill – Southeast Region

DONNA TIPTON-ROGERS

Brasstown – Western Region

MARK ROBINSON

Lieutenant Governor: High Point – Ex Officio

AMY WHITE

Garner – North Central Region

J. WENDELL HALL

Ahoskie – At-Large

DALE FOLWELL

State Treasurer: Raleigh – Ex Officio

OLIVIA OXENDINE

Lumberton – Sandhills Region

JAMES FORD

At-Large

CATHERINE TRUITT

Superintendent & Secretary to the Board: Cary

VACANT

Southwest Region

NC DEPARTMENT OF PUBLIC INSTRUCTION

Catherine Truitt, State Superintendent :: 301 N. Wilmington Street :: Raleigh, North Carolina 27601-2825

In compliance with federal law, the NC Department of Public Instruction administers all state-operated educational programs, employment activities and admissions without discrimination because of race, religion, national or ethnic origin, color, age, military service, disability, or gender, except where exemption is appropriate and allowed by law.

Inquiries or complaints regarding discrimination issues should be directed to:

Thomas Tomberlin, Director of Educator Recruitment and Support, NCDPI
6301 Mail Service Center, Raleigh, NC 27699-6301 / Phone: (984) 236-2114 / Fax: (984) 236-2099

 Computational Thinking and Computer Science Course Enrollment By PSU and School 55

REPORTING REQUIREMENT

This document reports computational thinking and computer science data to the General Assembly pursuant to G.S. 115C-12(48), which called for the following:

Computer Science Reporting. — The State Board of Education shall report annually by November 15 to the Joint Legislative Education Oversight Committee, the Senate Appropriations Committee on Education/Higher Education, and the House Appropriations Committee on Education on the following data related to computer science participation. For each item, the report shall include (i) statewide data for the current school year, and the four years prior when data is available, to establish trends in computer science instruction and (ii) data for the current school year for each public school unit, disaggregated by school within that unit:

- a. The number of teachers employed to teach computational thinking and computer science.
- b. The statewide courses and local elective courses offered in computer science and computational thinking, and the number of students enrolled in each of those courses. For public school units, the report shall indicate when courses are offered on a semester basis.
- c. The number of students enrolled in computer science and computational thinking courses by grade level.
- d. For sub-subdivisions b. and c. of this subdivision, the report shall also include information on enrollment numbers by the following subgroups:
 1. Economically disadvantaged students.
 2. Students from major racial and ethnic groups.
 3. Students by gender.
 4. Children with disabilities.
 5. English learners.

COMPUTER SCIENCE, IT, AND TECHNOLOGY EDUCATION

The Office of Career and Technical Education (CTE) at the North Carolina Department of Public Instruction serves as lead for computational thinking and computer sciences content that is delivered through the Computer Sciences Standards and Computer Science, IT, and Technology Education. Computational thinking and computer science content is administered at the elementary level through the North Carolina Standard of Study and through individual courses on the middle grades and high school level. Middle grades and high school courses with computational thinking and computer sciences content are administered by the CTE, Mathematics, and College and Career Promise academic areas.

The overall goal of Computer Science, IT, and Technology Education is to provide opportunities for all North Carolina students to learn computer science and gain the skills needed to: (1) create and contribute, not just use and consume, in the digital economy; and (2) actively engage as informed citizens in our complex, technology-driven world. Through collaboration and communication with multiple stakeholders, a coordinated statewide computer science initiative will strengthen pathways from kindergarten to career, address equity gaps, leverage successful programs, and encourage cross-sector partnerships throughout the state.

RECOMMENDATION FOR THE GENERAL ASSEMBLY

Recommend the language of the statute be revised so that the list of courses classified as Computer Science, IT, and Technology Education or courses including content classified as computational thinking be defined by the Department of Public Instruction. Additionally, the Department of Public Instruction will be responsible for providing annual data for the current academic year on the aforementioned list.

STATEWIDE COMPUTATIONAL THINKING AND COMPUTER SCIENCE DATA

The data summarized in this section is from school year 2021–2022. Data was reported by PSUs via Qualtrics and supplemented with data from PowerSchool. This data was reported by 89 PSUs using enrollment data from PowerSchool. PSUs self-reported data and may not have included data for all subdivisions.

STATEWIDE TEACHERS EMPLOYED

The total number of teachers employed to teach computational thinking and computer science in school year 2021–2022 was 2,629.

STATEWIDE STUDENT ENROLLMENT BY COURSE

The table below summarizes the total student enrollment in computational thinking and computer sciences courses offered by middle grades (MG), high school (HS), and College and Career Promise (CCP) level. Local courses developed by PSUs were included in the course enrollment data. Total enrollment for school year 2021–2022 was 271,642.

Course Number	Course Title	Level	Academic Area	2021-2022 Enrollment
CY01	Keyboarding and Basic Word Processing	MG	CTE	35,981
CY02	Introduction to Office Productivity	MG	CTE	22,211

STATEWIDE STUDENT ENROLLMENT BY GRADE LEVEL

The table below summarizes the total student enrollment in computer science and computational thinking courses by grade level.

Grade Level	Total Enrollment
Grade 4	1
Grade 5	51
Grade 6	66,479
Grade 7	64,641
Grade 8	51,663
Grade 9	28,589
Grade 10	22,755
Grade 11	18,704
Grade 12	18,118
Grade 13	641
Total	271,642

STATEWIDE STUDENT ENROLLMENT BY SUBDIVISIONS

The table below summarizes total student enrollment in computations thinking and computer science courses by identified subdivision by grade level.

Grade Level	Total Students Economically Disadvantaged	Total Students from Major Racial and Ethnic Groups	Total Female Students	Total Male Students	Total Students with Disabilities	Total Students who are English Language Learners
Grade 4	-	1	0	1	-	-
Grade 5	-	44	28	23	-	-
Grade 6	2,502	37,019	28,870	37,609	1,719	629
Grade 7	4,993	36,850	26,826	37,815	2,155	978
