2023-2024
ANNUAL REPORT

A YEAR IN REVIEW

Scorecard

The North Carolina Virtual Public School (NCVPS) has successfully been in operation since 2007, serving 821,507 student enrollments since that first year. Below is a snapshot of accomplishments, facts, and recognitions that made the 2023-2024 school year unique.

Celebrated 16 years of serving students across the state, maintaining a focus towards growth, equitable access, and continued excellence for teaching and learning while serving as one of the nation's largest state-led virtual schools.

Instructed over 53,600 student enrollments from approximately 32,239 students.

Veteran NCVPS Instructor, Patricia Lipsey was afforded the opportunity to mentor future teachers attending Valdosta University in Georgia through a joint program between NCVPS and the University.

Graduated 20 teachers from the Teacher-N-Training (TNT) Program which prepares educators to teach virtually for NCVPS.

Welcomed six new critical language coaches to work with students in our growing World Languages curriculum areas.

Canvas New Quizzes is a tool feature in the Canvas LMS that provides interactive question types to expand assessments for students. All NCVPS courses implemented the expanded assessment option.

For 23-24, six NCVPS students competed in the annual statewide virtual NC Science and Engineering Fair. NCVPS Instructional Director, Dr. Thomas Cooper has served as the Region 9 Director for the past three years.

In April 2024, the NCVPS Japanese Department held its annual Japanese National Honor Society (JNHS) virtual induction ceremony. Sixty-six new members were inducted at the ceremony. The NCVPS chapter tied with a school in Hawaii for the most inductees in the United States in 2023.

Welcomed a Southern Methodist University graduate student as the NCVPS Operations Organizational Leadership intern through the NCDPI Summer Internship Program.

Student Data

72% of students reported being satisfied with their NCVPS course experience, and over 61% would recommend their course to a friend.
~ Student Survey Spring 2024

The Arabic Honor Society recognizes excellence in the study of Arabic and its commitment to its language and culture. To be eligible for induction, students must have completed at least one year of Arabic at the high school level, maintaining a final average of 90% or higher in Arabic I, and must be enrolled in a level II or III course during their junior year.

NCVPS sent 17 Arabic Honor Society cords to students, acknowledging their achievements. Congratulations to these students for this outstanding achievement!

New Arabic Club Launched Spring 2024

The new Arabic club is led by NCVPS Arabic 2 and Arabic 3 Honors teacher Dr. Farida Badr. Club meetings include interactive learning sessions that explore the language, cuisine, traditional holidays, clothing, Arab Folklore dance, and rich cultural facets of the Arab world. In addition, essential scholarships in the Arabic language for high school students are explored. Learn more about our student club opportunities on our [NCVPS Student Life page](#).

On April 23, 2024, the Japanese Department held its annual Japanese National Honor Society (JNHS) virtual induction ceremony. The NCVPS Chapter inducted 66 new members at this ceremony. In order to be eligible for this honor, students must have completed Japanese I and II by March with a grade of 85% or higher and their overall GPA must be at least 3.0.

JNHS inductions at NCVPS began in 2019 and to date we have been able to honor 372 students with this award. Congratulations to all of these students!

OUR COURSES

State Board Goal I:

Eliminate opportunity gaps by 2027

NCVPS has a diverse course catalog that includes all courses for a student to graduate with an NC high school diploma. Click the image above to see 2023-2024 courses by category, and the image below to view the interactive catalog.

Course Highlights

Now Offering 7th Grade ELA, Science, and Social Studies

Middle School students can now meet core requirements for ELA, Math, Science, and Social Studies for grades 7-8 through NCVPS. Additionally, NCVPS continues to offer a range of Middle School electives including Middle School Success 101, Middle School Creative Coding, Middle School Creative Writing, Middle School Discovering Photography, and Middle School Creative Writing.

Additionally, all required Science courses for grades 6-12 have been updated to meet the new state standards for Science Education and to provide a fresh, user-friendly design for le..

2023-2024 Quality Matters™ Accomplishments

NCVPS partners with Quality Matters™, a nationally recognized quality assurance organization, to ensure our courses are aligned with research-based high-quality standards by certified and trained reviewers for the Quality Matters™ Program.

- ✓ NCVPS is still the **National leader** with **86**, K-12 QM™ certified courses.
- ✓ Recipient of the **2022 QM™ "Making a Difference for Students" award**. Awardees demonstrate a commitment to ensuring high course quality and using different but valuable approaches to improving learner outcomes.
- ✓ **23** out of **27** NCVPS full-time staff members are QM™ trained.
- ✓ **3** full-time staff members have achieved K-12 Master Reviewer Certification.

OUR TEACHERS

State Board Goal 3:

Increase educator preparedness to meet the needs of every student by 2027

In 2023-2024, NCVPS contracted with **666** teachers and conversation coaches. NCVPS hires temporary, part-time teachers based on enrollment needs. Teacher salaries from the payroll for 2023-2024 total **\$19,199,843.57**.

Virtual Teacher Salaries
(per student amounts)

Academic Year	Summer	Block	Yearlong
2009-2010	\$225	\$450	\$450
2010-2011	\$200	\$350	\$400
2011-2024	\$200	\$306	\$390

Congratulations to Ann Spencer Our 2024 Teacher of the Year

Ann Spencer is proud to be the 2024 NCVPS Teacher of the Year. She has spent over 10 years teaching Blended Applied Science and working as an Instructional Leader for the course.

Ann grew up in Rocky Mount, North Carolina and attended North Carolina State University. While at NCSU she worked with the Sci-Link Teacher Education project and graduated with a degree in Secondary Science Education focused on the Earth and Environmental Sciences. After graduation she taught science for 12 years at Athens Drive High School in Raleigh, NC.

When she is not working, she enjoys running, supporting collegiate sports (Go Wolfpack!), kayaking, spending time listening to live music with her husband, and camping with her three children. Please join us in congratulating Ann!

Crissie Ricketts

Co-authored "Fast Track to a 5: AP Precalculus," to be published this fall by Cengage/National Geographic Learning. NCVPS Math and AP instructor.

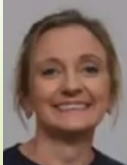

Dr. Carrie Jones

Board of Directors - NSTA (National Science Teachers Association) - Middle Level Division Director. NCVPS Science and Honors instructor.

Ashton Allgood-Batten

Onslow County Schools' STEM Teacher of the Year. NCVPS Science instructor.

Lisa Ragland

North Carolina Cyber Academy (NCCA) District Teacher of the Year. NCVPS Electives instructor.

Increase educator preparedness to meet
the needs of every student by 2027

ESSER III Provided Summer School Courses

5,009

ESSER III funded summer school course enrollments were provided to students across North Carolina during the summer of 2023. PSUs were allotted a set number of enrollments based on 6-12 ADM.

District Support: Middle School IRT Synchronous Program Launches

The NCVPS In-Real-Time (IRT) program was designed to support instruction by providing a certified NCVPS teacher to work alongside a substitute or beginning teacher to provide quality instruction for students. The program model is a whole-class, middle school course, with required synchronous sessions with a NCVPS teacher.

The IRT synchronous learning program was piloted for 8th-grade core instruction in the fall of 2023 with selected schools. Course offerings were in 8th Grade English Language Arts, Math, Social Studies, and Science. A total of 121 students were enrolled and participated in three synchronous sessions per week. Parent Orientation webinars were held, and training was developed for both teachers and facilitators. For more information about the program..

New 2023-2026 Strategic Plan

In 2023, NCVPS redefined its mission and vision statements and developed a strategic plan with four primary goals. Click the image for the PDF version of the Plan.

NCVPS Middle School Catalog to Offer Full Secondary Course of Study

We have expanded our 7th and 8th grade course catalog. All courses are teacher led and standards-based. They include interactive and engaging content, as well as personalized and detailed feedback. Progress reports are available bi-weekly for schools.

School support includes: Teacher professional development, middle school specific webinars and orientations, Virtual Support Center for technical issues, ..

Artificial Intelligence, Accessibility, and NCVPS

NCVPS is expanding its exploration and integration of Artificial Intelligence (AI) into teaching, learning, and overall operations to drive innovation and efficiency. The goal is to personalize instruction using adaptive learning platforms to ensure we are continuously improving and meeting student needs. We will utilize AI to make teaching more responsive, learning more individualized, and operations more efficient, ensuring that NCVPS remains at the forefront of digital education.

NCVPS is constantly improving our efforts to make digital education accessible to all students. Our Digital Accessibility Plan is a dynamic document that demonstrates our commitment to meeting WCAG 2.1 standards. We ensure accessible course materials, captioned videos, and alternative text for images. Continuous training is provided to educators to enable them to deliver personalized, accessible learning experiences. As technology ad..
