RE: Inmate Medical Cost Containment Report

DATE: May 1, 2020

Pursuant to NC General Statute 143B-707.3(c), the Department of Public Safety shall report November 1, 2016 and quarterly thereafter to the Joint Legislative Oversight Committee on Justice and Public Safety and the chairs of the House of Representatives and Senate Appropriations Committees on Justice and Public Safety on:

- (1) *The number of total inmates and juvenile offenders requiring hospitalization or hospital services who receive that treatment at each hospital.*
- (2) *The volume of scheduled and emergent services listed by hospital and, of that volume, the number of those services that are provided by contracted and non-contracted providers.*
- (3) *The volume of scheduled and emergent admissions listed by hospital and, of that volume, the percentage of those services that are provided by contracted and non-contracted providers.*
- (4) *The volume of inpatient medical services provided to Medicaid-eligible inmates and juvenile offenders, the cost of treatment, the estimated savings of paying the nonfederal portion of Medicaid for the services, and the length of time between the date the claim was filed and the date the claim was paid.*
- (5) *The status of the implementation of the claims processing system and efforts to address the backlog of unpaid claims.*
- (6) *The hospital utilization, including the amount paid to individual hospitals, the number of inmates and juvenile offenders served, the number of claims, and whether the hospital was a contracted or non-contracted facility.*
- (7) *The total cost and volume for the previous fiscal quarter for emergency room visits originating from Central Prison and NCCIW Hospitals to UNC Hospital, UNC Rex Healthcare, and WakeMed Hospital.*
- (8) *The total payments for Medicaid and non-Medicaid eligible inmates to UNC Hospitals, UNC Rex Healthcare, and WakeMed Hospital, including the number of days between the date the claim was filed and the date the claim was paid.*
- (9) *A list of hospitals under contract.*

2019 - 2020 3rd Quarter Health Services Legislative Report

This report is for hospitalizations or hospital services of inmates which occurred from January 1, 2020 through March 31, 2020.

(1) The number of total inmates requiring hospitalization or hospital services who receive that treatment at each hospital.

During this time period, there were 1,790 episodes that required treatment at a community hospital. Of these episodes 407 were emergent admissions (277 to contract facilities and 130 to non-contract facilities). Of the remaining episodes at community hospitals, 1,383 required emergency room visits only, 876 to contract facilities and 507 to non-contract facilities. Of these emergent episodes, 42 were scheduled admissions (32 to contract facilities and 10 to non-contract facilities).

(2) The volume of scheduled and emergent services and, of that volume, the number of those services that are provided by contracted and non-contracted providers.

Figure 1 below shows the distribution of emergent/emergency in contracted and non-contracted facilities from January 1, 2020 through March 31, 2020.

Figure 1

March 31, 2020	ER Total	Percentage
CONTRACT HOSPITALS	876	63%
NON-CONTRACT HOSPITALS	507	37%
Grand Total	1383	100%

(3) The volume of scheduled and emergent admissions listed by and, of that volume, the percentage of those services that are provided by contracted and non-contracted providers.

Figure 2 below shows the distribution of emergent and scheduled admissions in contracted and non-contracted facilities from January 1, 2020 through March 31, 2020.

Figure 2

March 31, 2020	Emergent	Percentage	Scheduled	Percentage
CONTRACT FACILITIES	277	68%	32	76%
NON-CONTRACTED FACILITIES	130	32%	10	24%
Grand Total	407	100%	42	100%

(4) The volume of inpatient medical services provided to Medicaid-eligible inmates, the cost of treatment, the estimated savings of paying the nonfederal portion of Medicaid for the services, and the length of time between the date the claim was filed and the date the claim was paid.

From January 1, 2020 – March 31, 2020, 90 cases were identified as eligible for Medicaid. Based upon the *State Auditor's May 2012 Financial Related Audit Report*, the average savings of each case would be \$18,181.81. Using the methods applied in the audit, the estimated savings from January 1, 2020 through March 31, 2020, would be approximately \$1,636,362.90. Information regarding the length of time between the date the claim was filed and the date the claim was paid is not available to DPS. Once the application is completed, it is processed at the county level and then to DHHS for payment.

(5) The status of the implementation of the claims processing system and efforts to address the backlog of unpaid claims.

Medical claims with a date of service August 1, 2016 or later continue to be directed to PGBA for processing. Feedback received from our providers continues to be very positive and encouraging. Providers are pleased with the processing time and report PGBA's staff is very prompt and professional in responding to inquiries. The number of providers submitting claims using the electronic portal increases each month. Providers utilizing this feature are pleased with the efficiency.

As of June 30, 2017, DPS reported the claims backlog had been successfully cleared. DPS continues to receive a small number of claims that were previously denied for improper authorizations, coding errors or other deficiencies.

Data with respect to the UNC Hospitals, UNC Rex Healthcare and WakeMed claims processing timeframe requires further clarification. The report request called for information detailing “the number of days between the date the claim was filed and the date the claim was paid.” The data preserved by PGBA includes the date of service and the date the claim was received. If the provider did not generate or submit the claim in a timely manner, such a delay will be reflected in these numbers. Additionally, the column entitled days from service may include claims that have been previously denied, pending or referred for Medicaid determination. In general, claims may be denied when the claim form has not been fully and accurately completed, no authorization for the procedure is on file or the service is otherwise ineligible. In accordance with policy, inpatient stays exceeding 24 hours are referred to Medicaid for an eligibility determination. It may take several months before receiving a final answer on Medicaid coverage. While this determination is being made, the claim will be carried in a pending status.

*Statistics from the outpatient specialty clinics held at Central Prison Healthcare Complex (CPHC) reveal that 3,073 patients were evaluated during this quarter. Specialty clinics conducted at CPHC include cardiology, podiatry, orthopedics, general surgery, hepatology, infectious disease, ENT, gastroenterology, audiology, nephrology, ophthalmology, optometry, and urology. Statistics from NCCIW reveal that 700 specialty encounters occurred during the same timeframe.

Further statistics from the surgical center at CPHC reveal that 281 outpatient surgical procedures were performed during this quarter. These procedures include ENT, general surgery, gastroenterology, orthopedics, and podiatry. In addition, 212 MRI studies were performed in the mobile MRI unit at CPHC.

Juvenile Justice:

2019 - 2020 3rd Quarter Health Services Legislative Report

The following data is based on available information for the period starting January 1, 2020 and ending March 31, 2020.

(1) The number of total juvenile offenders requiring hospitalization or hospital services who receive that treatment at each hospital.

During this quarter, there were nineteen (19) juveniles with billing claims for treatment or diagnostics at a community hospital or affiliated setting. There were twenty-one (21) claims submitted from hospitals and related facilities during this quarter. All hospitals comply with the mandated rates of two times Medicaid rate or seventy percent of prevailing rates. All claims were processed in a timely manner by PBGA.

Please note that while billing claims for twenty-one (21) juveniles were received in the 1st quarter, nineteen juveniles received services. Delayed billing for services received in prior quarters accounts for the difference.

(2) The volume of scheduled and emergent services and, of that volume, the number of those services that are provided by contracted and non-contracted providers.

Figure 1 below indicates the number of hospitals and related facilities providing emergent services and observational services during the defined cycle- January 1, 2020 through March 31, 2020.

Figure 1

01-01-2020 through 03-31-2020	Emergent/ER	Scheduled	Total	Percentage
CONTRACT HOSPITALS	0	10	10	53%
NON-CONTRACT HOSPITALS	9	0	9	47%
Grand Total	9	10	19	100%

(3) The volume of scheduled and emergent admissions listed by and, of that volume, the percentage of those services that are provided by contracted and non-contracted providers.

Juvenile Justice had no hospital admissions billed during the quarter.

(4) The volume of inpatient medical services provided to Medicaid-eligible inmates and juvenile offenders, the cost of treatment, the estimated savings of paying the nonfederal portion of Medicaid for the services, and the length of time between the date the claim was filed and the date the claim was paid.

As reported in question (3), there were no juveniles receiving hospital related visits of greater than 24 hours.

(5) The status of the implementation of the claims processing system and efforts to address the backlog of unpaid claims.

The DPS Controller's Office is providing on-going updates regarding the resolution of any remaining backlogged claims.

- (6) **The hospital utilization, including the amount paid to individual hospitals, the number of juvenile offenders served, the number of claims, and whether the hospital was a contracted or non-contracted facility.**

Hospital/Facility	Contracted	Claims Paid	Number of Juveniles Served	Number of Claims Submitted	Total Charged	Total Paid
Nash Hospitals Inc.	N	1	1	1	\$8,030.65	\$2,235.42
WakeMed	N	5	5	5	\$23,601.71	\$4,982.94
Eastern Radiologist, Inc.	N	2	1	2	\$60.00	\$30.68
Chatham Hospital, Inc.	Y	11	10	11	\$13,006.00	\$1,742.78
Raleigh Radiology Associates	N	6	3	6	\$2,502.00	\$529.56
Triangle Orthopaedic Surgery	N	1	1	1	\$8,165.38	\$1,814.66
Novant Health	N	1	1	1	1,410.00	\$127.54

As reported, juveniles who required hospital related services resulted in \$56,775.74 billed (total charged) and \$11,463.58 costs paid (total paid). Visits were for both scheduled and emergent services. Services were conducted by both contracted and non-contracted providers. As noted in (1) above, billing and payment of claims included services provided in the previous quarters, but billed in the 1st.

Due to the size and staff structure of Juvenile Justice, there is not a comparable system, i.e. OPUS or Utilization Review Section. All medical claims are processed via paper claims by business officers at each Youth Development Center location. PGBA and DPS have created a workflow to accommodate the submission of hard copy claims.

- (7) **The total cost and volume for the previous fiscal quarter for emergency room visits originating from Central Prison and NCCIW Hospitals to UNC Hospital, UNC Rex Healthcare, and Wake Med Hospital.**

This item does not apply to Juvenile Justice.

- (8) **The total payments for Medicaid and non-Medicaid eligible inmates to UNC Hospitals, UNC Rex Healthcare, and Wake Med Hospital, including the number of days between the date the claim was filed and the date the claim was paid.**

This item does not apply to Juvenile Justice.

- (9) **A list of hospitals under contract.**

Currently, PGBA confirms ACJJ contracted hospitals and affiliates with ACJJ Purchasing and Contracts. The quarterly data submitted by PGBA confirms payment at the legislatively mandated rate of two times Medicaid or 70% of prevailing charges.
