RE: Annual Report on Positions Vacant 12 Months or More

DATE: March 12, 2014

Pursuant to G.S. 120-12.1, The Judicial Department, the Department of Justice, and the Department of Public Safety shall each report by February 1 of each year to the Chairs of the House and Senate Appropriations Committees and the Chairs of the House and Senate Appropriations Subcommittees on Justice and Public Safety on all positions within that department that have remained vacant for 12 months or more. The report shall include the original position vacancy dates, the dates of any postings or repostings of the positions, and an explanation for the length of the vacancies. (1998-212, s. 16.23; 2011-145, s. 19.1(g), (h); 2012-83, s. 42.)

Attached is a breakdown of all DPS Positions that have been vacant for 12 months or more.

In the 2013 legislative session, the General Assembly closed or down-sized numerous DPS facilities, including State Highway Patrol Communication Centers, Prisons, and Youth Detention and Development Centers, for cost saving reasons. Due to the anticipated staff reduction of the affected locations, the Department of Public Safety's Human Resources Office managed the Reduction in Force process through vacant position management. As a result, many positions within the Department of Public Safety in areas in geographic proximity to the affected work sites were held vacant in an effort to place as many affected employees as possible and to minimize the number of employees who were separated due to Reduction in Force. This process resulted in selected positions being vacant for a longer period of time during calendar year 2013 than would have normally been the case had active recruitment efforts been under way. However, as a result of this proactive, strategic effort, DPS was able to eliminate 687 positions
