Adult Correction and Juvenile Justice

Roy Cooper, Governor
Erik A. Hooks, Secretary

W. David Guice, Commissioner

MEMORANDUM

TO: Chairs of Senate Appropriations Committee on Justice and Public Safety
Chairs of House Appropriations Subcommittee on Justice and Public Safety
Chairs of the Joint Legislative Oversight Committee on Justice and Public Safety

FROM: Eric A. Hooks, Secretary
W. David Guice, Commissioner

RE: Inmate Medical Cost Containment Report

DATE: February 1, 2017

Pursuant to Session Law 2016-94, SECTION 17C.2A. (c) The Department of Public Safety shall report to the Joint Legislative Oversight Committee on Justice and Public Safety and the Chairs of the House of Representative Appropriations Subcommittee on Justice and Public Safety and the Senate Appropriations Committee on Justice and Public Safety no later than November 1, 2016, and quarterly thereafter on:

- (1) The number of total inmates and juvenile offenders requiring hospitalization or hospital services who receive that treatment at each hospital.*
- (2) The volume of scheduled and emergent services listed by hospital and, of that volume, the number of those services that are provided by contracted and non-contracted providers.*
- (3) The volume of scheduled and emergent admissions listed by hospital and, of that volume, the percentage of those services that are provided by contracted and non-contracted providers.*
- (4) The volume of inpatient medical services provided to Medicaid-eligible inmates and juvenile offenders, the cost of treatment, the estimated savings of paying the nonfederal portion of Medicaid for the services, and the length of time between the date the claim was filed and the date the claim was paid.*
- (5) The status of the implementation of the claims processing system and efforts to address the backlog of unpaid claims.*
- (6) The hospital utilization, including the amount paid to individual hospitals, the number of inmates and juvenile offenders served the number of claims, and whether the hospital was a contracted or non-contracted facility.*
- (7) The total cost and volume for the previous fiscal quarter for emergency room visits originating from Central Prison and NCCIW Hospitals to UNC Hospital, UNC Rex Healthcare, and WakeMed Hospital.*
- (8) The total payments for Medicaid and non-Medicaid eligible inmates to UNC Hospitals, UNC Rex Healthcare, and WakeMed Hospital, including the number of days between the date the claim was filed and the date the claim was paid.*
- (9) A list of hospitals under contract.*

Adult Correction:

2016 - 2017 2nd Quarter Health Services Legislative Report

To ensure that correct information relative to Section 17C.2A.(c) is reported, the Department clarified with the Fiscal Research Division that the volumes of services referenced are for hospitalization and hospital services data.

This report is for hospitalizations or hospital services of inmates which occurred from October 1, 2016 – December 31, 2016.

1) The number of total inmates and juvenile offenders requiring hospitalization or hospital services who receive that treatment at each hospital.

During this time period, there were 2,165 episodes that required treatment at a community hospital. Of these episodes 436 were emergent admissions, 242 to contract facilities and 194 to non-contract facilities. Of the remaining episodes at community hospitals, 1,688 required emergency room visits only, 654 to contract facilities and 1034 to non-contract facilities. Of these episodes, 41 were scheduled admissions, 37 to contract facilities and 4 to non-contract facilities. Please refer to attachment # 1 for more detailed information.

(2) The volume of scheduled and emergent services listed by hospital and, of that volume, the number of those services that are provided by contracted and non-contracted providers.

Figure 1 below shows the distribution of emergent/emergency services and scheduled hospital admissions in contracted and non-contracted facilities from October 1, 2016 through December 31, 2016. Please refer to attachment #1 for more detailed information regarding hospital utilization.

Figure 1

December 31, 2016	Emergent/ER	Scheduled	Total	Percentage
CONTRACT HOSPITALS	896	37	933	43
NON-CONTRACT HOSPITALS	1228	04	1232	57
Grand Total	2124	41	2165	100%

(3) The volume of scheduled and emergent admissions listed by hospital and, of that volume, the percentage of those services that are provided by contracted and non-contracted providers.

Figure 2 below shows the distribution of scheduled and emergent admissions in contract and non-contracted facilities from October 1, 2016 through December 31, 2016. Please refer to attachment #1 for more detailed information regarding hospital utilization.

Figure 2

December 31, 2016	Emergent	Scheduled	Total	Percentage
CONTRACT HOSPITALS	242	37	279	58
NON-CONTRACT HOSPITALS	194	04	198	42
Grand Total	436	41	477	100%

(4) The volume of inpatient medical services provided to Medicaid-eligible inmates and juvenile offenders, the cost of treatment, the estimated savings of paying the nonfederal portion of Medicaid for the services, and the length of time between the date the claim was filed and the date the claim was paid.

From October 1, 2016 – December 31, 2016, 120 cases were identified as eligible for Medicaid. Based upon the *State Auditor's May 2012 Financial Related Audit Report*, the average savings of each case would be \$18,181.81. Using the methods applied in the audit, the estimated savings from October 1, 2016 through December 31, 2016 would be approximately \$ 2,181,817.20. Information regarding the length of time between the date the claim was filed and the date the claim was paid is not available to DPS. Once the application is completed, it is processed at the county level and then to DHHS for payment.

(5) The status of the implementation of the claims processing system and efforts to address the backlog of unpaid claims.

Medical claims with a date of service August 1, 2016 or later continue to be directed to PGBA for processing. The feedback received from our providers has been very positive and encouraging. Providers are pleased with the processing time and report the PGBA staff is very prompt and professional in responding to inquiries. In addition, more and more providers are submitting claims using the electronic portal each month. Those utilizing this feature are very pleased with the efficiency.

The following chart summarizes PGBA's performance history from inception through January 31, 2017. The key takeaways are that PGBA is currently processing and paying over 90% of clean claims within 10 and 15 days, respectively. The only month in which they did not meet or exceed performance standards was October due to an unexpected increase in volume. Thereafter, PGBA made system enhancements and devoted additional resources to immediately correct this issue.

North Carolina Department of Public Safety (NCDPS) Monthly
Performance Summary

Claims Activity for Month Ending:		Standard	Aug-16	Sep-16	Oct-16	Nov-16	Dec-16	Jan-17
Cycle Time	Total Clean Processed		583	3,364	6,772	9,283	8,144	7823
	Clean Processed in 10 Bus Days		583	2,757	2,509	8,554	8,102	7752
	% Processed In 10 Bus Days	100%	100.00%	81.96%	37.05%	92.15%	99.48%	99.09%
	Total Clean Paid *		510	3065	5841	8858	7759	7823
	Clean Paid in 15 Bus Days		510	3065	4074	8225	7746	7758
	% Paid in 15 Bus Days	100%	100.00%	100.00%	69.75%	92.85%	99.83%	99.17%
	Total Combined Processed		740	4,047	7,698	10,302	8,671	8214
	Combined Processed in 10 Bus Days		740	3,262	2,842	9,274	8,583	8124
	% Combined Processed in 10 Bus Days	85%	100.00%	80.60%	36.92%	90.02%	98.99%	98.90%

With respect to the remaining backlog, we continue to make steady progress and the backlog primarily consists of claims received in the months of May through August. While we projected being in a slightly better position, two processors are out with major medical conditions and two temporary processors obtained permanent positions elsewhere.

In addition, an agreement has been reached with PGBA to outsource a portion of the remaining backlogged claims. This turned out to be a much more difficult process than originally anticipated as we had to create an addendum to the original contract and obtain State P&C's approval. The initial batch of backlogged claims was submitted to PGBA during the first week of February and DPS will continue to submit claims on a weekly basis thereafter. PGBA will enter these claims into their system as received. Once all of the required system files have been updated, PGBA will begin releasing provider payments in March 2017. Leveraging resources in this manner, we expect to have the backlog substantially cleared by the end of March 2107.

(6) The hospital utilization, including the amount paid to individual hospitals, the number of inmates and juvenile offenders served the number of claims, and whether the hospital was a contracted or non-contracted facility.

(7) The total cost and volume for the previous fiscal quarter for emergency room visits originating from Central Prison and NCCIW Hospitals to UNC Hospital, UNC Rex Healthcare, and WakeMed Hospital.

Figure 3 displays the total cost and volume for the previous fiscal quarter for emergency room visits originating from Central Prison and NCCIW Hospitals to UNC Hospitals, Rex Healthcare and WakeMed Hospital.

Figure 3

	Central Prison	NCCIW
	Episodes/Paid to date*	Episodes/Paid to date*
UNC	41/\$ *	24/\$ *
Rex Healthcare	61/\$ *	46/\$ *
WakeMed	70/\$ *	33/\$ *
Total	172/\$ *	103/\$ *

***As the medical claims processing has been transferred from being processed internally to an outside vendor, the cost information is unavailable at this time. The Department has been reviewing this matter, and expect this information will be available for the next quarterly report.**

(8) The total payments for Medicaid and non-Medicaid eligible inmates to UNC Hospitals, UNC Rex Healthcare, and WakeMed Hospital, including the number of days between the date the claim was filed and the date the claim was paid.

Data with respect to the Rex Hospital and WakeMed claims processing timeframe requires further clarification. The budget request called for information detailing “the number of days between the date the claim was filed and the date the claim was paid.” The information keyed into MOMS includes the date of service, but does not include the date the claim was generated by the provider or the date it was sent to DPS. If the provider did not generate or submit the claim in a timely manner, such a delay will be reflected in these numbers. While the DPS medical claims staff date stamps the claim when received, this date is not entered into MOMS. When extracting data responsive to this request, the date of service and date paid fields were utilized and compared. Additionally, the column entitled days from service may include claims that have been previously denied, pended or referred for Medicaid determination. In general terms, claims may be denied when the claim form has not been fully and accurately completed, no authorization for the procedure is on file or the service is otherwise ineligible. In accordance with policy, inpatient stays exceeding 24 hours are referred to Medicaid for an eligibility determination. It typically takes several months to a year before receiving a final answer on Medicaid coverage. While this determination is being made, the claim will be carried in a pending status.

The follow chart depicts the payment history with respect to Rex, University of NC Hospitals and WakeMed for claims processed internally using MOMS.

VENDOR	CLMS	PAID	DAYS_FM_BATCH	DAYS_FM_SVC
REX HEALTHCARE	21	\$ 73,085.31	208.24	289.38
REX HOSPITAL INCORPORATED	224	\$ 67,187.57	3.73	283.09
UNIVERSITY OF NC HOSPITALS	147	\$ 773,570.69	156.20	288.95
WAKEMED	83	\$ 361,806.97	3.84	303.10
WAKEMED HEALTH AND HOSPITAL	1	\$ 14.58	4.00	496.00

Claims Paid 10/1/2016-
02/31/2016

Days_FM_Batch - This is the average number of days from the claim being entered into MOMS and payment being issued.

Days_FM_SVC- This is the average number of days from date of service and the date the claim was paid. This includes any delay in data entry into MOMS and delays caused awaiting determination of Medicaid eligibility as explained above.

The chart reflects a significant increase in the average number of days for Rex and UNC claims from the prior quarter. The reason for this increase is twofold. First, subsequent to August 1, 2016, all new Rex and UNC claims have been processed and paid by PGBA. Therefore, the average number of days calculation excludes UNC and Rex claims which had been previously processed by DPS within 30 days in accordance with contractual terms. The impact of excluding current claims data from the calculation materially impacts the average making a direct comparison misleading. Second, the claims paid for these providers are claims which had been previously been pended for Medicaid eligibility determination or corrected submissions. As mentioned above, it is not uncommon for a Medicaid eligibility determination to take up to one year.

The following chart summarizes claims processed by PGBA for these providers during the 4th quarter of calendar 2106. Please note that PGBA has pended a number of claims for Medicaid eligibility determination for which they are still awaiting a response. Therefore, the following numbers do not include Medicaid payments at present.

VENDOR	CLMS VOL	PAID	DAYS_FM_SRVC	DAYS_FM_REC
UNIV OF NC HOSPITALS	1475	\$4,542,868.03	18.08	9.88
WAKEMED	150	\$521,657.06	23.96	10.99

(9) A list of hospitals under contract.

To date, DPS has contracted with eighteen healthcare systems across the state. The systems are listed below:

Blue Ridge Regional Hospital
Caldwell Memorial Hospital
Catawba Valley Medical Center
Chatham Hospital Inc
CHS Blue Ridge Morganton
CHS Blue Ridge Valdese
CMC Blue Ridge Morganton
First Health Richmond Memorial
High Point Regional Hospital
Kindred Hospital Greensboro
Montgomery Memorial Hospital
Moore Regional Hospital
Randolph Hospital, Inc
Rex Healthcare
University of NC Hospitals
Vidant Medical Center
Vidant – Heritage, Outer Banks, Beaufort
Vidant - Bertie, Chowan, Duplin, Roanoke Chowan

Statistics from the outpatient specialty clinics held at Central Prison Healthcare Complex (CPHC) reveal that 2,864 patients were evaluated during this quarter. Specialty clinics conducted at CPHC include cardiology, podiatry, orthopedics, general surgery, hepatology, infectious disease, ENT, gastroenterology, audiology, nephrology, ophthalmology, optometry, dermatology, and urology. Statistics from NCCIW reveal that 642 specialty encounters occurred during the same timeframe.

Further statistics from the surgical center at CPHC reveal that 257 outpatient surgical procedures were performed during this quarter. These procedures include ENT, general surgery, gastroenterology, orthopedics, and podiatry. In addition, 159 MRI studies were performed in the mobile MRI facility at CPHC.

Juvenile Justice:

2016 - 2017 2nd Quarter Health Services Legislative Report

The following data is based on available information for the period starting October 1, 2016 and ending December 31, 2016.

- (1) The number of total juvenile offenders requiring hospitalization or hospital services who receive that treatment at each hospital.**

During this time period, there were 9 Youth Development Center juveniles that required treatment at a community hospital. Of these, 4 conducted multiple visits (19 total visits). All hospitals comply with the mandated rates of two times Medicaid rate or seventy percent of prevailing rates.

- (2) The volume of scheduled and emergent services listed by hospital and, of that volume, the *number* of those services that are provided by contracted and non-contracted providers.**

Figure 1 below indicates the number of juveniles requiring hospital emergent services and observational services during the defined cycle- October 1, 2016-December 31, 2016

Figure1

10-1-2016 thru 12-31-2016	Emergent/ER	Scheduled	Total	Percentage
CONTRACT HOSPITALS	15	4	19	
NON-CONTRACT HOSPITALS	0	0	0	
Grand Total	15	4	19	100%

- (3) The volume of scheduled and emergent admissions listed by hospital and, of that volume, the percentage of those services that are provided by contracted and non-contracted providers.**

Juvenile Justice had 19 total hospital visits. Of the 19 visits, 15 were emergent services and 4 were scheduled. 100% of these services were provided by contracted providers.

- (4) **The volume of inpatient medical services provided to Medicaid-eligible inmates and juvenile offenders, the cost of treatment, the estimated savings of paying the nonfederal portion of Medicaid for the services, and the length of time between the date the claim was filed and the date the claim was paid.**

As reported in question (3), there were nine unique juveniles' receiving a total of 19 observational hospital visits of less than 24 hours. The claims were paid at the legislatively mandated rate to all hospitals, including Pitt County Memorial Hospital and CMS. Figure (2) shows claims submitted and the adjusted payment for all claims received during the defined cycle.

Figure 2

10-1-2016 thru 12-31-2016	Amount Billed	Amount Paid	Adjustment
WakeMed	\$29,644.72	\$3,336.05*	\$26,308.67
Charlotte Radiology	\$368.00	\$102.50	\$265.50
Carolinas Healthcare System	\$16,021.95	\$10,258.24	\$5,763.71
Eastern Radiologists	\$84.00	\$42.06	\$41.94
Nash Hospitals Inc.	\$3,408.00	\$2,385.60	\$1,022.40
Raleigh Pathology Lab Assoc.	\$204.00	\$0.00	\$204.00
Pitt County Memorial Hospital	\$341.00	\$238.70	\$102.30
Central Carolina Orthopedic	\$826.00	\$447.74	\$378.26
Emergency Medicine Phys. Mecklenburg	\$1,487.80	\$344.82	\$1,142.98
Total-	\$ 50,385.47	\$ 17,155.71	\$ 35,229.76

*Actual amount paid is \$5,336.05 but \$2,000 is currently being refunded.

- (5) **The status of the implementation of the claims processing system and efforts to address the backlog of unpaid claims.**

Juvenile Justice is participating in the Medical Claims contract with Adult Corrections and PGBA. All claims effective August 1, 2016 or later are submitted to PGBA for processing. To date, an approved evaluation of resolution to backlogged medical claims has not been provided.

(6) The hospital utilization, including the amount paid to individual hospitals, the number of inmates and juvenile offenders served the number of claims, and whether the hospital was a contracted or non-contracted facility.

As reported in item (4), there were 9 unique juveniles who required medical care totaling 19 observational hospital stays of less than 24 hours resulting in \$17,155.71 costs paid. Of the 19 visits, 15 were for emergent services. All services were conducted by contracted providers. Juvenile Justice is currently in contract amendment discussions with UNC Healthcare System to add Youth Developments Centers to the Adult Corrections-UNC Healthcare System contract.

- To note- Due to the size and staff structure of Juvenile Justice there is not a comparable MOM, Opus system or Utilization Review Section. All medical claims are processed via paper claims by business officers at each Youth Development Center location. PGBA has created a workflow to accommodate the submission of hard copy claims.

(7) The total cost and volume for the previous fiscal quarter for emergency room visits originating from Central Prison and NCCIW Hospitals to UNC Hospital, UNC Rex Healthcare, and WakeMed Hospital.

This item does not apply to Juvenile Justice.

(8) The total payments for Medicaid and non-Medicaid eligible inmates to UNC Hospitals, UNC Rex Healthcare, and WakeMed Hospital, including the number of days between the date the claim was filed and the date the claim was paid.

Total paid to WakeMed Hospital: \$5,336.05. As noted in Figure (2), \$2,000 is currently in the process of being refunded. Services provided were Medicaid billing eligible. PGBA was notified.

(9) A list of hospitals under contract.

As cited in the responses above, Juvenile Justice is currently working with Purchasing and Contracts to join the existing UNC Healthcare System contract via amendment.
