2017 - 2018 3rd Quarter Health Services Legislative Report

To ensure that correct information relative to NC General Statute 143B-707.3 c is reported, the Department clarified with the Fiscal Research Division that the volumes of services referenced are for hospitalization and hospital services data.

This report is for hospitalizations or hospital services of inmates which occurred from January 1, 2018 – March 31, 2018.

1) The number of total inmates and juvenile offenders requiring hospitalization or hospital services who receive that treatment at each hospital.

During this time period, there were 2,083 total episodes that required treatment at a community hospital or emergency room/facility. Of the total number of episodes, 467 were emergent admissions, 301 to contract facilities and 166 to non-contract facilities. Of the remaining episodes at community hospitals, 1,548 required emergency room visits only, 828 to contract facilities and 720 to non-contract facilities. There were 68 were scheduled admissions during the period, 66 to contract facilities and 2 to non-contract facilities. Please refer to Attachment A for more detailed information.

(2) The volume of scheduled and emergent services listed by hospital and, of that volume, the number of those services that are provided by contracted and non-contracted providers.

Figure 1 below shows the distribution of emergent/emergency services in contracted and non-contracted facilities from January 1, 2018 through March 31, 2018. Please refer to Attachment A for more detailed information regarding hospital utilization.

(4) The volume of inpatient medical services provided to Medicaid-eligible inmates and juvenile offenders, the cost of treatment, the estimated savings of paying the nonfederal portion of Medicaid for the services, and the length of time between the date the claim was filed and the date the claim was paid.

From January 1, 2018 – March 31, 2018, 105 cases were identified as eligible for Medicaid. Based upon the *State Auditor's May 2012 Financial Related Audit Report*, the average savings of each case would be \$18,181.81. Using the methods applied in the audit, the estimated savings from January 1, 2018 through March 31, 2018 would be approximately \$1,909,090.05. Information regarding the length of time between the date the claim was filed and the date the claim was paid is not available to DPS. Once the application is completed, it is processed at the county level and then to DHHS for payment.

(7) The total cost and volume for the previous fiscal quarter for emergency room visits originating from Central Prison and NCCIW Hospitals to UNC Hospital, UNC Rex Healthcare, and WakeMed Hospital.

Data depicted in the following charts represents Emergency Room only episodes and costs. Specifically, this relates to offenders who were treated or observed at one of the subject emergency rooms but were not admitted.

Figure 3a displays the total volume for the previous quarter of emergency room visits originating from Central Prison and NCCIW Hospitals to UNC Hospitals, UNC Rex Healthcare and WakeMed Hospital. This data is derived from approved Utilization Review authorizations maintained by DPS.

The difference between the number of episodes reported in figure 3a and figure 3c is primarily attributable to the time lag that occurs between the authorization process and the billing function. For example, the service was authorized by the facility but a period of time elapsed before the hospital submitted the claim for payment. Therefore, a number of the Emergency Room claims paid relate to services provided in a prior period.

8) The total payments for Medicaid and non-Medicaid eligible inmates to UNC Hospitals, UNC Rex Healthcare, and WakeMed Hospital, including the number of days between the date the claim was filed and the date the claim was paid.

Data with respect to the Rex Hospital and WakeMed claims processing timeframe requires further clarification. The report request called for information detailing “the number of days between the date the claim was filed and the date the claim was paid.” The data preserved by PGBA includes the date of service and the date the claim was received. If the provider did not generate or submit the claim in a timely manner, such a delay will be reflected in these numbers. Additionally, the column entitled days from service may include claims that have been previously denied, pended or referred for Medicaid determination. In general, claims may be denied when the claim form has not been fully and accurately completed, no authorization for the procedure is on file or the service is otherwise ineligible. In accordance with policy, inpatient stays exceeding 24 hours are referred to Medicaid for an eligibility determination. It may take several months before receiving a final answer on Medicaid coverage. While this determination is being made, the claim will be carried in a pending status.

Juvenile Justice:
2017 - 2018 3rd Quarter Health Services Legislative Report

The following data is based on available information for the period starting January 1, 2018 and ending March 31, 2018.

- (1) **The number of total juvenile offenders requiring hospitalization or hospital services who receive that treatment at each hospital.**

During this quarter, there were 10 juveniles that required treatment or diagnostics at a community hospital or affiliated setting. There were 17 claims submitted from hospital related facilities during this quarter. All hospitals comply with the mandated rates of two times Medicaid rate or seventy percent of prevailing rates.

- All claims were processed in a timely manner by PBGA.

- (2) **The volume of scheduled and emergent services and, of that volume, the number of those services that are provided by contracted and non-contracted providers.**

Figure 1 below indicates the number of juveniles requiring hospital emergent services and observational services during the defined cycle- January 1, 2018 thru March 31,2018.

Figure 1

1-1-2018 thru 03-31-2018	Emergent/ER	Scheduled	Total	Percentage
CONTRACT HOSPITALS	17	0	17	100
NON-CONTRACT HOSPITALS	0	0	0	0
Grand Total	17	0	17	100%

- (3) **The volume of scheduled and emergent admissions listed by and, of that volume, the percentage of those services that are provided by contracted and non-contracted providers.**

Juvenile Justice had no hospital admissions during the quarter. Of the juveniles seen, none required inpatient admission. 100% of these services were provided by contracted providers.

- (4) **The volume of inpatient medical services provided to Medicaid-eligible inmates and juvenile offenders, the cost of treatment, the estimated savings of paying the nonfederal portion of Medicaid for the services, and the length of time between the date the claim was filed and the date the claim was paid.**

As reported in question (3), there were no juveniles receiving hospital related visits of greater than 24 hours.

- (5) **The status of the implementation of the claims processing system and efforts to address the backlog of unpaid claims.**

The Controller's Office is providing on-going updates regarding the resolution of backlogged claims.

- (6) **The hospital utilization, including the amount paid to individual hospitals, the number of juvenile offenders served, the number of claims, and whether the hospital was a contracted or non-contracted facility.**

Hospital/ Facility	Contracted	Claims Paid	Number of Juveniles Served	Number of claims submitted
CAROLINAS HEALTHCARE SYSTEM*	Y	\$227.38	9	16
EMERGENCY MEDICINE PHYS MECKLE*	Y	\$472.50	1	1
		\$699.88	10	17

- **All facilities indicated above with (*) are within the Carolinas Medical Health Care System.**

As reported, juveniles who required hospital related services of less than 24 hours resulted in \$699.88 costs paid. All visits were for emergent services. All services were conducted by contracted providers.

- To note- Due to the size and staff structure of Juvenile Justice there is not a comparable system, i.e. Opus system or Utilization Review Section. All medical claims are processed via paper claims by business officers at each Youth Development Center location. PGBA has created a workflow to accommodate the submission of hard copy claims.

- (7) **The total cost and volume for the previous fiscal quarter for emergency room visits originating from Central Prison and NCCIW Hospitals to UNC Hospital, UNC Rex Healthcare, and Wake Med Hospital.**

This item does not apply to Juvenile Justice.
