Agencies shall conduct periodic audits of mobile device usage to ensure that State employees and contractors are complying with agency policies and State requirements for their use.

Beginning October 1, 2011, each agency shall report annually to the Chairs of the House of Representatives Committee on Appropriations and the House of Representatives Subcommittee on General Government, the Chairs of the Senate Committee on Appropriations and the Senate Appropriations Committee on General Government and Information Technology, the Joint Legislative Oversight Committee on Information Technology, the Fiscal Research Division, and the Office of State Budget and Management on the following:
