# Report from Subcommittee on Retirees Return-to-Work Provision

Senator Dannelly and Representative Glazier, Cochairs

Proposed Report, Findings, and Recommendations to 2006 Session

# **Committee Findings and Recommendations**

The Joint Legislative Education Oversight Committee makes the following findings and recommendations to the 2006 Regular Session of the 2005 General Assembly:

#### 1. Teacher Retention and Recruitment

The Committee encourages the General Assembly to continue to support initiatives that address the State's teacher shortage, focus on recruiting math and science teachers, improve teacher preparation programs, maintain high standards for all teachers, and raise teacher salaries.

The Committee believes there is a growing shortage of competent teachers in North Carolina. This shortage is due to increasing student enrollment, class-size reduction initiatives, and teacher retirements. The teacher shortage is the most acute in rapidly growing school systems, in rural, low-wealth counties, and in schools with high numbers of at-risk students. In addition, many of the State's school systems are experiencing a shortage of certified teachers in math and science.

The Committee supports the initiatives proposed by Erskine Bowles, President of the University of North Carolina. These initiatives include improved collaboration by the deans of the schools of education in order to (i) improve teacher preparation programs and (ii) increase the numbers of students who choose teaching as a career. The Committee recommends that special emphasis be placed on recruiting math and science teachers. The Committee recommends enactment of legislation to fund 50 additional Future Teachers of North Carolina Scholarship Loans for students who agree to become certified in math or science. Scholarship Loan recipients must also agree to teach in that subject area in a North Carolina public school for three years within five years after graduation. See attached DRAFT LEGISLATION: 2005-RJz-2[v.4]. The Committee also recommends special emphasis be placed on strengthening math and science teacher education programs and recruiting minorities and males into teaching. The Committee also encourages the General Assembly to consider initiatives to provide differentiated pay for math and science teachers as well as President Bowles' initiatives to provide higher salaries for math and science teachers willing to teach in low performing schools. In addition, the Committee supports the Governor's proposals to continue raising teachers' salaries.

The Committee believes that the North Carolina Teaching Fellows Program is an effective tool in recruiting outstanding high school students to choose teaching as a career. The program also benefits the teacher preparation programs the students attend. The Committee believes that the Teaching Fellows Program can provide more benefits to students if it allows fellows to enroll in a broader spectrum of colleges and universities that have teacher education programs. As a result, the Committee encourages the North Carolina Teaching Fellows Program to expand the number of colleges and universities in the State that can participate in the North Carolina Teaching Fellows Program. In order to accomplish this expansion in a manner that will allow the Program to be as beneficial and effective as it currently is, the Committee encourages the General Assembly to provide funds to allow for additional Fellows and to provide the administrative support that will be needed.

# 2. House Bill 706 – An Act to Amend the Teacher Certification Law to Facilitate the Hiring of Teachers – Status report

This is the bill that Governor Easley vetoed in September 2005, and that is currently in the House Rules Committee. Upon receiving a vetoed bill and its gubernatorial veto message, the receiving chamber must immediately proceed to reconsider the bill. A vetoed bill can be referred to committee for review and recommendation. Thus, the referral to committee constitutes the chamber's "immediate" consideration of the vetoed bill. The vetoed bill cannot be amended. No time limit is set for the committee to act or to make a recommendation on the vetoed bill. Therefore, the Rules Committee has until the end of the 2005 General Assembly to act (or not) on the bill. The end of the 2005 General Assembly will be when the Short Session that begins May 9, 2006, adjourns.

The Committee members are pleased to report that the State Board of Education adopted a policy that is similar to the provisions in House Bill 706. The Department of Public Instruction has been issuing licenses under that policy since its adoption.

#### 3. Joint Legislative Education Oversight Subcommittee on Retirees Returning to Work

A subcommittee was appointed to determine whether it is possible to reach consensus on the easing of last year's changes to the law governing retirees who return to work. This subcommittee met three times and recommends enactment of legislation to amend the special provision in the 2005 Budget Bill that provides the conditions under which retired teachers and State employees may return to work after retirement. Representatives of the University system, the Community College system, the State Board of Education and other interested parties met and discussed their problems with implementing the current law. These education groups made recommendations that are included in the draft legislation. See attached DRAFT LEGISLATION: 2005-LL-219[v.17].

#### 4. Mathematics and Science Teacher Preparation Programs

There is increasing evidence that teacher preparation programs are not enabling individuals in these programs to acquire the in-depth content knowledge and well-honed skills needed to teach mathematics or science, or both, in the public schools, whether in elementary, middle or high school. In light of the rapidly changing global economy, colleges and universities must redesign their programs to prepare teachers who can challenge North Carolina's students with rigorous content standards so that when these students ultimately enter the workforce, they will have the skills and knowledge required in the future.

The Committee recommends enactment of legislation to encourage The University of North Carolina to begin the process to encourage the constituent institutions to redesign their mathematics and science teacher preparation programs. See attached DRAFT LEGISLATION: 2005-RHz-10[v.5].

The Committee also encourages the Board of Governors and the State Board to evaluate and revise professional development programs to provide current teachers in-depth content knowledge and well-honed skills needed to teach science or mathematics. The Boards shall report to this Committee by December 1, 2006, on changes that are recommended or under consideration.

# **5.** Legislative Tuition Grants and State Contractual Scholarship Fund Grants and Aid for Nursing Students

The Committee understands the critical shortage in teaching and nursing that the State is facing. The Committee believes that encouraging professionals that already hold undergraduate degrees in other areas to go back to college to pursue licensure in teaching or nursing is an excellent way to increase the numbers of outstanding teachers and nurses in the State. The Committee recommends that the State Contractual Scholarship Fund Grants and the Legislative Tuition Grants be expanded to include part-time and full-time students who have bachelor's degrees but have returned to college to obtain licensure in teaching and nursing. See attached DRAFT LEGISLATION 2005-RQ-5 [v.6]. The Committee also supports expanding scholarships and scholarship loan funds for students enrolled in nursing programs at public institutions of higher education.

#### 6. Improving School Leadership

There is a growing body of research that supports the idea that improving student achievement, particularly for low-income and minority students, is accomplished with the guidance of an effective leader at the building level. Therefore, it is imperative that principal preparation programs and professional development programs prepare and develop principals for the challenges of leading the schools of today and the future.

The Committee recommends that the Board of Governors of The University of North Carolina, in consultation with the State Board of Education, revise their school administrator programs and report to the Joint Legislative Education Oversight Committee by January 15, 2007, their recommendations for improving the preparation of new school principals and the professional development of current school principals. The revisions shall, at a minimum, focus on middle and high school principals, particularly those in schools where a large number of the students do not perform well, and the identification and inclusion of the skills a principal needs to be an effective instructional leader who is able to coach, teach and develop the teachers in their school. The report to the Joint Legislative Education Oversight Committee shall also include a plan for the implementation of the revised programs, any statutory changes needed, and a date by which these changes will be implemented.

#### 7. Initiatives for Low-Wealth School Systems

The Committee continues to fully support initiatives designed to assist schools in low-wealth counties. In particular, the Committee encourages the Governor to recommend and the General Assembly to provide increased funds for low-wealth counties so that this education funding category can finally be fully funded. The Committee also supports the continued annual report to this Committee on how these funds are used by the local education administrative units that receive these funds.

#### 8. Disadvantaged Student Supplemental Fund

The Committee recognizes the importance of the Disadvantaged Student Supplemental Fund and supports the continued funding and expansion of the Fund in order to improve academic

achievement for all students. However, the Committee finds that accountability for the Fund must be a priority in order to document how the money has impacted student achievement. The Committee recommends that the General Assembly maintain oversight and require regular reports on how the monies in the Fund are used.

# 9. Accountability for Entities, Including Non-Profit Organizations, that Receive State Funds to Implement Education Programs

In addition to State and local education agencies that receive State funds to provide a public education to the children of this State, numerous other entities also receive State funds to implement programs to enhance or supplement the programs offered in the public schools. These programs should be held accountable to the General Assembly in order to continue to receive State funds.

The Committee encourages the General Assembly to improve its program and fiscal oversight of all of these entities by providing for audits that the General Assembly and its appropriations committees could use when determining whether State funds should be used to support or enhance these programs. One approach would be to authorize this Committee to contract with program and fiscal auditors for audits of specific programs.

#### 10. Global Education

The Committee finds that public education must keep current with the changing world so that our students are prepared for the world of the future. In the past 30 years the world has changed dramatically. There have been more creations and inventions than ever in history. The demographics of the United States and this State have seen significant shifts that are expected to continue. There also are upcoming shifts in the global economy: none of the future largest cities will be in the northern hemisphere and the next one billion consumers will come from Brazil, India, China, and developing markets.

As part of the State's goal to be a leader in the global economy, the Committee strongly supports the continued expanding and upgrading of our school technology initiatives. These initiatives must be based on comprehensive plans that include measurable goals and objectives. At a minimum, the Committee encourages annual program and financial audits to assure credibility of these plans and to permit refinements as needed.

The Committee also encourages the General Assembly to support initiatives to expand the foreign languages being taught in the public schools so that languages currently not taught, such as Arabic, Japanese, and Chinese, are available. The Committee specifically supports the March 9, 2006, recommendations from DPI's Foreign Language Task Force (See attached Recommendations) and recommends consideration of legislation to create a pilot program to provide this expanded foreign language instruction. See attached DRAFT LEGISLATION 2005-LEz-245Z[v.1].

#### 11. Dropout Prevention/Communities in Schools

The Committee enthusiastically supports the work of Communities in Schools. This organization involves members of local communities to provide tutors, mentors, scholarships and

other services for students who are at risk of dropping out of school. Due to this organization's documented success with these students, the Committee encourages the General Assembly to continue providing State funds for this organization and, if funds are available, to provide additional funds.

# ARTICLE 12H. Joint Legislative Education Oversight Committee.

# § 120-70.80. Creation and membership of Joint Legislative Education Oversight Committee.

The Joint Legislative Education Oversight Committee is established. The Committee consists of 22 members as follows:

- (1) Eleven members of the Senate appointed by the President Pro Tempore of the Senate, at least two of whom are members of the minority party; and
- (2) Eleven members of the House of Representatives appointed by the Speaker of the House of Representatives, at least three of whom are members of the minority party.

Terms on the Committee are for two years and begin on the convening of the General Assembly in each odd-numbered year. Members may complete a term of service on the Committee even if they do not seek reelection or are not reelected to the General Assembly, but resignation or removal from service in the General Assembly constitutes resignation or removal from service on the Committee.

A member continues to serve until his successor is appointed. A vacancy shall be filled within 30 days by the officer who made the original appointment.

### § 120-70.81. Purpose and powers of Committee.

- (a) The Joint Legislative Education Oversight Committee shall examine, on a continuing basis, the several educational institutions in North Carolina, in order to make ongoing recommendations to the General Assembly on ways to improve public education from kindergarten through higher education. In this examination, the Committee shall:
  - (1) Study the budgets, programs, and policies of the Department of Public Instruction, the State Board of Education, the Department of Community Colleges, the Board of Governors of The University of North Carolina, and the constituent institutions of The University of North Carolina to determine ways in which the General Assembly may encourage the improvement of all education provided to North Carolinians and may aid in the development of more integrated methods of institutional accountability;
  - (2) Examine, in particular, the Basic Education Plan and the School Improvement and Accountability Act of 1989, to determine whether changes need to be built into the plans, whether implementation schedules need to be restructured, and how to manage the ongoing development of the policies underlying these legislative plans, including a determination of whether there is a need for the legislature to develop ongoing funding patterns for these plans;
  - (3) Study other states' educational initiatives in public schools, community colleges, and public universities, in order to provide an ongoing commentary to the General Assembly on these initiatives and to make

- recommendations for implementing similar initiatives in North Carolina; and
- (4) Study any other educational matters that the Committee considers necessary to fulfill its mandate.
- (b) The Committee may make interim reports to the General Assembly on matters for which it may report to a regular session of the General Assembly. A report to the General Assembly may contain any legislation needed to implement a recommendation of the Committee.

### § 120-70.82. Organization of Committee.

- (a) The President Pro Tempore of the Senate and the Speaker of the House of Representatives shall each designate a cochair of the Joint Legislative Education Oversight Committee. The Committee shall meet at least once a quarter and may meet at other times upon the joint call of the cochairs.
- (b) A quorum of the Committee is 10 members. No action may be taken except by a majority vote at a meeting at which a quorum is present. While in the discharge of its official duties, the Committee has the powers of a joint committee under G.S. 120-19 and G.S. 120-19.1 through G.S. 120-19.4.
- (c) Members of the Committee receive subsistence and travel expenses as provided in G.S. 120-3.1. The Committee may contract for consultants or hire employees in accordance with G.S. 120-32.02. The Legislative Services Commission, through the Legislative Services Officer, shall assign professional staff to assist the Committee in its work. Upon the direction of the Legislative Services Commission, the Supervisors of Clerks of the Senate and of the House of Representatives shall assign clerical staff to the Committee. The expenses for clerical employees shall be borne by the Committee.

#### § 120-70.83. Additional powers.

The Joint Legislative Education Oversight Committee, while in discharge of official duties, shall have access to any paper or document, and may compel the attendance of any State official or employee before the Committee or secure any evidence under G.S. 120.19. In addition, G.S. 120-19.1 through G.S. 120-19.4 shall apply to the proceedings of the Committee as if it were a joint committee of the General Assembly.

§§ 120-70.84 through 120-70.89: Reserved for future codification purposes.

### BILL DRAFT 2005-RJz-2 [v.4] (04/20)

## (THIS IS A DRAFT AND IS NOT READY FOR INTRODUCTION) 4/21/2006 12:33:16 PM

Short Title:	Amend Future Teachers Scholarship Loan.	(Public)
Sponsors:	Unknown.	
Referred to:		

A BILL TO BE ENTITLED

AN ACT TO AMEND THE FUTURE TEACHERS OF NORTH CAROLINA SCHOLARSHIP LOAN FUND BY ADDING FIFTY SCHOLARSHIP LOANS FOR STUDENTS WHO AGREE TO BECOME CERTIFIED IN MATH OR SCIENCE, TEACH FULL-TIME IN THAT AREA IN A NORTH CAROLINA PUBLIC SCHOOL FOR THREE YEARS WITHIN FIVE YEARS AFTER GRADUATION, AND MEET CERTAIN OTHER REQUIREMENTS.

The General Assembly of North Carolina enacts:

1 2

**SECTION 1.** G.S. 116-209.38 reads as rewritten:

## "§ 116-209.38. Future Teachers of North Carolina Scholarship Loan Fund.

- (a) There is established the Future Teachers of North Carolina Scholarship Loan Fund. The purpose of the Fund is to provide a two-year scholarship loan of six thousand five hundred dollars (\$6,500) per year for any North Carolina student pursuing a college degree to teach in the public schools of the State. The scholarship loan shall be paid only for the student's junior and senior years. The scholarship loan is available if the student is enrolled in a State institution of higher education or a private institution of higher education located in this State that has an accredited teacher preparation program for students planning to become certified teachers in North Carolina. The State Education Assistance Authority shall administer the Fund and shall award 100–150 scholarship loans annually.
- (b) The Board of Governors of The University of North Carolina, in consultation with the State Board of Education and the State Board of Community Colleges, shall develop the criteria for awarding the scholarship loans under this section and shall adopt very stringent standards for awarding these scholarship loans to ensure that only the best students receive them. Additional criteria for awarding a scholarship loan under this section shall include all of the following:

(1) The student is one who either: (i) maintained a "B" or better average in 1 2 college and is enrolled as a junior or senior in a teacher preparation 3 program at any of the institutions described by subsection (a) of this 4 section; or (ii) completed a college transfer curriculum at a community college in the State's Community Colleges System, maintained a "B" 5 or better average in the community college courses, and is accepted 6 7 and enrolled in a teacher preparation program at one of the institutions 8 described by subsection (a) of this section. 9 The student agrees to become certified in math, science, special education, or English as a Second Language and teach full-time in that 10 subject area in a North Carolina public school for three years within 11 12 five years after graduation. **SECTION 3.(e)** This section becomes effective June 30, 2006.

**SECTION 4.** G.S. 135-3(8)c. reads as rewritten:

"c.

Should a beneficiary who retired on an early or service retirement allowance under this Chapter be reemployed, or otherwise engaged to perform services, by an employer participating in the Retirement System on a part-time, temporary, interim, or on a fee-for-service basis, whether contractual or otherwise, and if such beneficiary earns an amount during the 12-month period immediately following the effective date of retirement or in any calendar year which exceeds fifty percent (50%) of the reported compensation, excluding terminal payments, during the 12 months of service preceding the effective date of retirement, or twenty thousand dollars (\$20,000), whichever is greater, as hereinafter indexed, then the retirement allowance shall be suspended as of the first day of the month following the month in which the reemployment earnings exceed the amount above, for the balance of the calendar year. The retirement allowance of such a beneficiary shall also be suspended as provided in this subsubdivision if that beneficiary earns in any one month an amount that exceeds sixty percent (60%) of the average reported monthly compensation, excluding terminal payments, earned during the twelve months of service immediately preceding the effective date of retirement, unless the beneficiary's employment resulting in that monthly amount is for a fixed term of no more than six months and is preceded by at least a six-month continuous separation from active service following the beneficiary's retirement. The retirement allowance of the beneficiary shall be reinstated as of January 1 of each year following suspension. The amount that may be earned before suspension shall be increased on January 1 of each year by the ratio of the Consumer Price Index to the Index one year earlier, calculated to the nearest tenth of a percent (1/10 of 1%).

The computation of postretirement earnings of a beneficiary under this sub-subdivision, G.S. 135-3(8)c., who has been retired at least six months meets either definition of retirement under G.S. 135-1(20) and who, before the effective date of reemployment, has not been employed in any capacity with a public school for at least six months immediately preceding the effective date of reemployment, at any time during the total of 25 working days immediately following the effective date of retirement plus the longer of the number of weeks during each of the previous two years in which there were no paid days of employment for that member, shall not include earnings while the beneficiary is employed to teach in a permanent full-time or part-time capacity that exceeds fifty percent (50%) of the applicable workweek in a public school. The Department of Public Instruction shall certify to the Retirement System that a beneficiary is employed to teach by a local school administrative unit under the provisions of this sub-subdivision and as a retired teacher as the term is defined under the provisions of G.S. 115C-325(a)(5a).

Beneficiaries employed under this sub-subdivision are not entitled to any benefits otherwise provided under this Chapter as a result of this period of employment."

## **SECTION 5.** G.S. 115C-325(a)(5a) reads as rewritten:

"(5a) "Retired teacher" means a beneficiary of the Teachers' and State Employees' Retirement System of North Carolina who has been retired at least six months, meets either definition of retirement under G.S. 135-1(20), who, before the effective date of reemployment, has not been employed in any capacity for at least six months, immediately preceding the effective date of reemployment, with a public school at any time during the total of 25 working days immediately following the effective date of retirement plus the longer of the number of weeks during each of the previous two years in which there were no paid

days of employment for that member, who is determined by a local board of education or a charter school to have had satisfactory performance during the last year of employment by a local board of education or a charter school, and who is employed to teach as provided in G.S. 135-3(8)c. A retired teacher at a school other than a charter school shall be treated the same as a probationary teacher except that (i) a retired teacher is not eligible for career status and (ii) the performance of a retired teacher who had attained career status prior to retirement shall be evaluated in accordance with a local board of education's policies and procedures applicable to career teachers."

**SECTION 6.** Section 29.28(f) of S.L. 2005-276 reads as rewritten:

1 2

"SECTION 29.28.(f) Subsections (a) and (b) of this section become effective August 1, 2005. Subsection (e) of this section becomes effective November 1, 2005, but does not apply to participants in The University of North Carolina Phased Retirement Program until June 30, 2007. Program. The remainder of this section becomes effective June 30, 2005."

**SECTION 7.** The University of North Carolina shall establish a normal retirement age for the Optional Retirement Program of either 59½ or 60 years of age and shall limit the UNC Phased Retirement Program to persons who have reached that normal retirement age.

**SECTION 8.** The North Carolina Community College System may establish a phased retirement program for its faculty that functions in a manner similar to The University of North Carolina Phased Retirement Program.

**SECTION 9.** This act becomes effective July 1, 2006, but Sections1 through 5 of this act do not apply to participants in The University of North Carolina Phased Retirement Program or to members of the phased retirement program established for the faculty of the North Carolina Community College System under Section 8 of this act.

**Re:** Bill Draft 2005-LL-219[v.17]

This proposed legislation makes several changes within the Teachers' and State Employees' Retirement System (TSERS) affecting retirees who return to work:

**Section 1.** Amends G.S. 135-1 by establishing a "normal retirement age" as follows:

- The age of 60 or older with 25 or more years of creditable service, or
- The age of 65 or older with 5 or more years of membership service.

**Section 2.** Amends G.S. 135-1(20) by rewriting the definition of "retirement" as follows:

- For a member who has reached normal retirement age, retirement means the start of a retirement allowance under the statutory provisions for TSERS.
- For a member who has <u>not</u> yet reached normal retirement age, retirement means the start of a retirement allowance under the statutory provisions for TSERS **and the following:** 
  - o A complete separation from active service, with no intent or agreement, express or implied, to return to service; **and**
  - O A requirement that the member shall not render any service, on a part-time, temporary, substitute, or contractual basis at any time during the total of 25 working days immediately following the effective date of retirement **plus** the longer of the number of weeks during each of the previous two years in which there were no paid days of employment.

**Section 3.** Removes the sunset on the provisions governing retired teachers returning to the classroom and establishes an effective date for this section of June 30, 2006.

- **Section 4.** Amends, G.S. 135-3(8)c, the law that pertains to beneficiaries who retire on an early or service retirement allowance and return to work for an employer that participates in the Retirement System. Currently, a retiree may return to service during the 12-month period immediately following the effective date of retirement or in any calendar year on a part-time, interim, temporary or contractual basis and earn the <u>greater</u> of \$20,000 (adjusted each year for inflation) or 50% of the salary that the person earned during the 12 months of service prior to retirement. If the retiree exceeds this earnings cap, their retirement allowance is suspended as of the first day of the month following the month in which the reemployment earnings exceeded the cap. This proposed legislation adds the following conditions:
  - If the beneficiary earns in any one month an amount that exceeds 60% of the average reported monthly compensation, excluding terminal payments, earned during the 12 months of service immediately preceding the effective date of retirement, then their retirement allowance is suspended.\*

\*Exception. When the beneficiary's employment resulting in that monthly amount is for a fixed term of no more than six months **and** is preceded by at least a six-month continuous separation from active service following their retirement.

There is an exemption that allows a beneficiary to be re-employed to teach after retirement and still collect full retirement benefits in addition to their salary. Currently, a beneficiary who is reemployed to teach must be retired at least six months and may not have been employed in any capacity with a public school for at least six months immediately preceding the effective date of reemployment. Also, to be exempt from the postretirement earnings cap, the beneficiary must be employed to teach in a permanent full-time or part-time capacity that exceeds 50% of the applicable workweek in a public school.

This proposed legislation reduces the break-in-service time from six months to the following:

- For a beneficiary who meets either definition of retirement in Section 2 above and who, before the effective date of reemployment, has not been employed in any capacity with a public school at any time during the total of 25 working days immediately following the effective date of retirement **plus** the longer of the number of weeks during each of the previous two years in which there were no paid days of employment for that member.
- **Section 5.** Amends G.S. 115C-325(a)(5a) to make conforming changes to the definition of "retired teacher".
- **Section 6.** Restores the UNC Phased Retirement Program by removing the reemployment restrictions for participants.
- **Section 7.** Requires The University of North Carolina to establish a normal retirement age for the Optional Retirement Program of either 59 ½ or 60 years of age and limit the UNC Phased Retirement Program to persons who have reached that normal retirement age.
- **Section 8.** Allows the North Carolina Community College System to establish for its faculty a phased retirement program similar to the UNC Program.
- **Section 9.** Sets an effective date of July 1, 2006. However, Sections 1 through 5 do not apply to participants in the UNC Phased Retirement Program or to members of the phased retirement program established for the faculty of the NC Community College System under Section 8.

**SECTION 1.** The purpose of this act is to encourage the constituent institutions of The University of North Carolina to redesign their teacher preparation programs so that they better prepare the individuals who must acquire in-depth content knowledge and well-honed skills to teach mathematics or science, or both, in the public schools, whether in elementary, middle or high school. In light of the rapidly changing global economy, these redesigned programs must prepare teachers who can challenge North Carolina's students with rigorous content standards so that when these students ultimately enter the workforce, they will have the skills and knowledge required in the future.

**SECTION 2.(a)** The Board of Governors of The University of North Carolina shall develop and implement a competitive proposal process and criteria for assessing proposals to establish rigorous, innovative, interdisciplinary, and collaborative teacher preparation programs for individuals who will teach mathematics or science, or both, whether in elementary, middle, or high school. To facilitate the development of the programs, program criteria, and the proposal process, the Board of Governors shall convene a task force of mathematicians, scientists, and individuals with teacher preparation expertise to assist it in designing the proposal process and criteria for assessing the proposals. The Task Force shall consult with the State Board of

Education, persons familiar with mathematics and science education in other countries, members of business and industry, and any other persons the Task Force considers appropriate.

1 2

**SECTION 2.(b)** The Task Force shall identify which departments, schools, or other programs within constituent institutions may submit a proposal under this act. The Task Force also shall determine whether proposals to develop a multi-campus, regional, distance, or joint program will be eligible for consideration. The Task Force shall develop criteria for assessing the proposals submitted under this act. Submitted proposals shall include the extent to which the proposed programs:

- (1) Reflect a vision for preparing teachers who have a strong foundation of the content knowledge and skills needed to teach mathematics or science, or both, whether in elementary, middle, or high school.
- (2) Are interdisciplinary in design and involve more than schools of education.
- (3) Reflect collaboration with local school administrative units, professional associations, mathematics and science organizations, and business and industry.
- (4) Meet content standards proposed by mathematicians or scientists, or both.
- (5) Demonstrate a significant commitment and sharing of campus resources.
- (6) Employ entrance standards and criteria that will attract outstanding applicants who reflect the racial and economic composition of the State.
- (7) Can serve as models for other mathematics and science teacher preparation programs in the State.
- (8) Include other elements that the Board of Governors and Task Force consider appropriate and necessary.

**SECTION 2.(c)** The Board of Governors shall develop a budget for the programs established under this section that reflects the resources necessary to establish and operate redesigned mathematics and science teacher preparation programs.

**SECTION 3.** The Board of Governors shall report to the Joint Legislative Education Oversight Committee on the budget developed under Section 2.(c) of this act and on the design for the programs and the proposal process created under Section 2 of this act by December 1, 2006.

**SECTION 4.** Requests for proposals shall be disseminated to the constituent institutions no later than January 15, 2007. Proposals shall be submitted to the Board of Governors no later than June 1, 2007. The Board of Governors shall then reconvene the Task Force to screen the submitted proposals. After its screening, the Task Force shall make its recommendations to the Board of Governors by September 1, 2007. The Board of Governors shall choose the institutions that shall have the redesigned mathematics and science teacher preparation programs no later than November 1, 2007.

<b>SECTION 5.</b> Institutions chosen to have programs under Section 4 of this
act shall plan for the implementation of the programs. Programs shall begin operating
no later than September 1, 2008.
<b>SECTION 6.</b> There is appropriated from the General Fund to the Board of
Governors of The University of North Carolina the sum of fifty thousand dollars
(\$50,000) for the 2006-2007 fiscal year to implement Section 2 of this act.
<b>SECTION 7.</b> Section 5 of this act shall not become effective unless
sufficient funds are appropriated for this purpose. Nothing in this act shall require the
General Assembly to appropriate any funds to implement it.
<b>SECTION 8.</b> This act becomes effective July 1, 2006.

# "§ 116-19. Contracts with private institutions to aid North Carolina students; students and licensure students; reporting requirement.

In order to encourage and assist private institutions to continue to educate North Carolina students, students and licensure students, the State Education Assistance Authority may enter into contracts with the institutions under the terms of which an institution receiving any funds that may be appropriated pursuant to this section would agree that, during any fiscal year in which such funds were received, the institution would provide and administer scholarship funds for needy North Carolina students and licensure students in an amount at least equal to the amount paid to the institution, pursuant to this section, during the fiscal year. Under the terms of the contracts the State Education Assistance Authority would agree to pay to the institutions, subject to the availability of funds, a fixed sum of money for each North Carolina student and licensure student enrolled at the institutions for the regular academic year, said sum to be determined by appropriations that might be made from time to time by the General Assembly pursuant to this section. Funds appropriated pursuant to this section shall be paid by the State Education Assistance Authority to an institution on certification of the institution showing the number of North Carolina students and licensure students enrolled at the institution as of October 1 of any year for which funds may be appropriated. For purposes of this subsection, "needy North Carolina students" students

- and licensure students" are those eligible students and licensure students who have financial need as determined by the institution under the institutional methodology or the federal methodology as defined by the State Education Assistance Authority. For purposes of this subsection, "institutional methodology" means a need-analysis formula, developed by College Scholarship Service, that determines the student's and or licensure student's and his or her family's capacity to pay for postsecondary education each year.
- (b) The State Education Assistance Authority shall document the number of full-time equivalent North Carolina undergraduate students and full-time and less than full-time licensure students that are enrolled in off-campus programs and the State funds collected by each institution pursuant to G.S. 116-19 for those students. The State Education Assistance Authority shall also document the number of scholarships and the amount of the scholarships that are awarded under G.S. 116-19 to students and licensure students enrolled in off-campus programs. An "off-campus program" is any program offered for degree credit away from the institution's main permanent campus.

The State Education Assistance Authority shall include in its annual report to the Joint Legislative Education Oversight Committee the information it has compiled and its findings regarding this program."

In order to encourage and assist private institutions to educate additional numbers of North Carolinians, the Board of Governors of the University of North Carolina is hereby authorized to enter into contracts within the institutions under the terms of which an institution receiving any funds that may be appropriated pursuant to this section would agree that, during any fiscal year in which such funds were received, the institution would provide and administer scholarship funds for needy North Carolina students and licensure students in an amount at least equal to the amount paid to the institution, pursuant to this section, during the fiscal year. Under the terms of the contracts the Board of Governors of the University of North Carolina would agree to pay to the institutions, subject to the availability of funds, a fixed sum of money for each North Carolina student and licensure student enrolled as of October 1 of any year for which appropriated funds may be available, over and above the number of North Carolina students enrolled in that institution as of October 1, 1997, which shall be the base date for the purpose of this calculation. Funds appropriated pursuant to this section shall be paid by the State Education Assistance Authority to an institution upon recommendation of the Board of Governors of the University of North Carolina and on certification of the institution showing the number of North Carolina students and licensure students enrolled at the institution as of October 1 of any year for which funds may be appropriated over the number enrolled on the base date. In the event funds are appropriated for expenditure pursuant to this section and funds are also appropriated, for the same fiscal year, for expenditure pursuant to G.S. 116-19, students and licensure students who are enrolled at an institution in excess of the number enrolled on the base date may be counted under this section for the purpose of calculating the amount to be paid to the institution, but the same students and licensure students may also be counted under G.S. 116-19, for the purpose of calculating payment to be made under that section."

### **SECTION 3.** G.S. 116-21.1 reads as rewritten:

# "§ 116-21.1. Financial aid for North Carolina students <u>and licensure students</u> attending private institutions of higher education in North Carolina.

- (a) Funds shall be appropriated each fiscal year in the Current Operations Appropriations Act to the Board of Governors of The University of North Carolina for aid to institutions and shall be disbursed in accordance with the provisions of G.S. 116-19, 116-21, and 116-22.
- (b) The funds appropriated in compliance with this section shall be placed in a separate, identifiable account in each eligible institution's budget or chart of accounts. All funds in the account shall be provided as scholarship funds for needy North Carolina students and licensure students during the fiscal year. Each student and licensure student awarded a scholarship from this account shall be notified of the source of the funds and of the amount of the award. Funds not utilized under G.S. 116-19 shall be available for the tuition grant program as defined in G.S. 116-21.2."

## BILL DRAFT 2005-LEz-245Z [v.1] (4/10)

## (THIS IS A DRAFT AND IS NOT READY FOR INTRODUCTION) 4/25/2006 3:03:14 PM

Short Title: New Foreign Lang. in Schools/Pilot Program. (Public)

Sponsors: Representative.

Referred to:

A BILL TO BE ENTITLED

AN ACT TO IMPLEMENT A RECOMMENDATION OF THE JOINT LEGISLATIVE EDUCATION OVERSIGHT COMMITTEE TO APPROPRIATE FUNDS TO DEVELOP AND IMPLEMENT A PILOT PROGRAM TO PROVIDE CLASSES IN FOREIGN LANGUAGES CURRENTLY NOT TAUGHT, AND IN THE CULTURE, GEOGRAPHY, POLITICAL, LEGAL AND ECONOMIC SYSTEMS OF COUNTRIES WHERE THOSE LANGUAGES ARE SPOKEN.

The General Assembly of North Carolina enacts:

**SECTION 1.** There is appropriated from the General Fund to the Department of Public Instruction the sum of one million dollars (\$1,000,000) for the 2006-2007 fiscal year to establish and implement a pilot program in six local school administrative units to offer classes in which instruction is provided (i) in foreign languages currently not taught in the public schools, (ii) on the culture, geography, political, legal and economic systems of the countries where those languages are spoken, and (iii) on the Internet in order to make these classes available to other local school administrative units.

The State Board of Education, with the assistance of the Department of Public Instruction, shall select pilot local school administrative units that are distributed geographically throughout the State. Up to two high schools in each pilot unit shall implement the program. Classes shall begin in the second semester of the 2006-2007 school year.

The State Board of Education shall approve the curriculum for the pilot program and for the internet courses on an expedited basis.

Recommendations Foreign Language Task Force Meeting March 9, 2006

A group of K-16 foreign language educators, school administrators, and community advocates met in Raleigh on March 9, 2006 to develop recommendations to strengthen foreign language instruction in North Carolina. As a result of this discussion, the committee proposes the following recommendations and action steps:

#### High Student Performance

- 1. Encourage the State Board of Education to establish Global Preparedness as a 6<sup>th</sup> Priority. The task force believes that the priority will underscore the importance of learning languages and studying other cultures and will reinforce the efforts of local districts trying to establish strong second language instructional programs that lead to the development of proficiency.
- 2. Work toward the establishment of a K-12 pipeline of articulated instruction in each LEA which will result in students who graduate with communicative proficiency at the advanced level in listening, speaking, reading, and writing in at least one language other than English.
  - Provide incentive grants to LEAs to begin programs perhaps 10 grants per year of \$75,000-\$100,000. Grants would be awarded on a competitive basis.
  - Create a public relations program in conjunction with the *Discover Languages* initiative of the American Council on the Teaching of Foreign Languages (ACTFL) that emphasizes the importance of second language study for all students. The program should be directed to school administrators (especially principals), parents, policy makers, and other members of the community.
  - Develop K-16 collaboratives in various regions of the state to support second language instruction, to apply for grants to strengthen K-12 language instruction and teacher preparation and, to explore ways in which university faculty can provide advanced level languages instruction for high school students
  - Designate a foreign language professional to serve as a district foreign language supervisor or lead teacher to coordinate foreign language instruction and professional development
  - Ask the State Board of Education to develop a foreign language concentration for high school students and a designation on the high school transcript of students who reach high levels of proficiency.
  - Encourage students to do graduation projects in languages other than English
  - Award LEAs state recognition for graduating a certain percentage of students as language proficient or for showing significant improvement and progress toward achieving the goal.

#### 3. Expand instruction in critical, non-traditional languages

- Appropriate funds to assist in the development of a Chinese distance-learning program
- Cooperate with the Governors Schools to develop offerings in critical languages such as Chinese, Arabic, and Russian
- Develop collaborative instructional programs between school districts and institutions of higher education to offer critical languages
- Ask the State Board of Education to develop a policy which would encourage heritage speakers to improve and maintain their home language including awarding credit for language instruction outside the public school setting
- Allow the use of "at risk funds" for the development of literacy skills in students' first language (non-English language)

#### Quality Professionals

#### 4. Increase the pool of qualified foreign language teachers

- Designate a percentage of Teaching Fellows specifically for foreign languages
- Establish scholarships to encourage heritage language speakers to become foreign language teachers, especially in critical languages
- Develop a public-private partnership to provide funding to assist foreign language teachers and future foreign language teachers to study in other countries in order to build language skills.

The majority of the recommendations do not require additional funds. However, the following is the budget for those that do:

<b>RECOMMENDATION 2</b> —incentive grants to LEAS	\$750,000 per year—10 grants at \$75,000 per LEA
<b>RECOMMENDATION 3</b> —funds to assist in the development and delivery of a Chinese distance learning program	\$1,000,000
RECOMMENDATION 4—scholarships to encourage heritage language speakers to become foreign language teachers	\$50,000 per year \$2500 per year for 20 scholarships which could be renewed
RECOMMENDATION 4—assist foreign language teachers and future teachers to study in other countries	\$50,000 per year\$2500 for 20 teachers
