AN ACT TO MAKE CHANGES TO STATE LAW RELATED TO THE
DEPARTMENT OF TRANSPORTATION AND THE DIVISION OF MOTOR
VEHICLES.

The General Assembly of North Carolina enacts:

PART I. DEPARTMENT OF TRANSPORTATION CHANGES

DOT RESIDUE PROPERTY DISPOSAL

SECTION 1.(a) G.S. 136-19 is amended by adding a new subsection to read:

"(a) Remainder properties acquired in connection with acquisition of right of way shall be disposed of as follows:

- (1) The sale of all residues will be by public sale except as hereinafter specified.
- (2) Residue properties sold by public sale may be sold by sealed bid, or by auction at the election of the Right of Way Branch. The sale of such properties must be advertised by at least one of the following methods:
 - a. Publication in a newspaper having general circulation in the county in which the property is situated.
 - b. On a Department of Transportation website.
 - c. By placement of a "For Sale" sign on the residue.
- (3) After opening bids or closing of auction, upset bids may be considered. The high bid shall be presented to the Board of Transportation at its next regular meeting after the date of the sale for rejection or acceptance. The Department of Transportation may reject all bids if the Department does not consider the bids to be in accord with the appraised or fair market value as determined by the Department.
- (4) Residue properties sold by public sale may also be sold by real estate brokers licensed in North Carolina at the election of the Chief Engineer. The highest offer to purchase shall be presented to the Board of Transportation at its next regular meeting after the acceptance of the offer to purchase. The Department of Transportation may reject all

1 offers to purchase if the Department does not consider them to be in
2 accord with the appraised or fair market value as determined by the
3 Department.

4 (5) Those residue properties located adjacent to controlled access projects
5 that are landlocked may be sold to the adjoining property owner by
6 negotiation rather than public sale for a consideration that is approved
7 by the Division Right of Way Agent and the Right of Way Unit
8 Manager.

9 (6) Residue properties may be sold to state agencies and institutions and
10 other governmental units by negotiation rather than public sale, and
11 may be donated provided their future use is for public purposes.

12 (7) Residue acquired in connection with highway purposes may be used
13 for the purpose of exchange with a public utility company in part or in
14 full consideration for property to be acquired for highway purposes
15 from the public utility company. Such exchanges shall be based on the
16 appraised values of the surplus property and the property to be
17 acquired for highway purposes. Residue property acquired in
18 connection with right of way for a project may be used for the purpose
19 of exchange in part or full consideration for right of way being
20 acquired from another property owner on the project. Such exchanges
21 shall be based on the appraised values of the residue property and the
22 right of way to be acquired.

23 (8) Residues which have an area of one acre or less and a value of
24 twenty-five thousand dollars (\$25,000) or less and the highest and best
25 use is for assemblage with adjacent property may be sold without
26 advertising by negotiations rather than public sale to an adjoining
27 owner. The Division Right of Way Agent together with an Area
28 Appraiser will determine the value of the residue. Factors such as the
29 after value as indicated in the original appraisal, sales of similar
30 properties, and sales of other residues, if any, in the area may be
31 considered in determining the value. After a value has been
32 established, the Division Right of Way Agent or their designee may
33 negotiate with the adjoining owners concerning the disposal of each
34 residue. The decision of the Division Right of Way Agent to accept
35 and complete a sale is final.

36 (9) The Manager of Right of Way shall dispose of residues with values of
37 less than five thousand dollars (\$5,000) as determined in in accordance
38 with subdivision (8) of this subsection, by executing and delivering on
39 behalf of the Department of Transportation, a quit claim deed to the
40 buyers of such residues, after the transactions are first approved by the
41 Board of Transportation. Conveyances of residues with values of less
42 than five thousand dollars (\$5,000) shall not require the approval of
43 the Governor and Council of State.

44 (10) Residue properties or portions of residue properties acquired in
45 connection with right of way for a project and located outside the right
46 of way for that project may be sold by negotiation rather than by

1 public sale to property owners and tenants who are displaced by the
2 project for relocation of the displacee. Such sales shall be based upon
3 the appraised value of the residue properties.

4 (11) Except as noted in this subsection, all sales of surplus lands, including
5 but not limited to surplus rights of way, residues, and uneconomic
6 remnants, require the approval of the Board of Transportation."

Summary of Bill Draft

Short title: DOT/DMV Changes

2017-RWz-1

PART I. Department of Transportation Changes

Section 1. This section codifies and makes modifications to DOT's existing residual property disposal procedures.

Section 2. Reserved.

Section 3. This section extends the sunset of DOT's minority-owned and women-owned business program from August 31, 2017 to August 31, 2019.

Section 4. This section repeals a requirement that the Department of Administration, Office of State Human Resources, Department of Transportation, and Department of Environmental Quality jointly develop and periodically update a plan to reduce vehicle miles traveled by State employees and private sector employees.

PART II. Division of Motor Vehicles Changes

Section 5. This section amends current law applicable to vehicle emissions inspections in certain counties by clarifying that fuel cell electric and plug-in electric vehicles with a gasoline engine component are subject to the requirement.

Section 6. This section modifies the process by which DMV determines whether to revoke the driver's license of a person who has been adjudicated incompetent. It provides that if a clerk of court, in any incompetency adjudication order under Chapter 35A of the General Statutes, recommends that any person's driving privilege be revoked, DMV shall immediately revoke it. If the clerk of court, in the order, recommends that the person retain their driving privilege or makes no recommendation concerning the driving privilege, DMV must determine whether the person can retain their driving privilege, based upon an inquiry of the facts. Any revocation would be subject to review by the DMV Medical Review Board.

This section would become effective February 1, 2018.

Section 7. This section redesignates DMV License and Theft "inspectors" as "agents".

Section 8. This section restricts issuance of 10-day temporary license plates to no more than two per year per person.

This section would become effective January 1, 2018.

Section 9. In 2016, in House Bill 959, enacted as S.L. 2016-90, the General Assembly repealed the requirement for an owner to sign a motor vehicle registration card. This section makes a

technical correction to the prior change, to repeal the requirement of "space for the owner's signature" on the registration card.

Section 10. This section modifies the continuing education requirements for independent motor vehicle dealers to exempt any person who is seeking a license renewal who is age 60 or older, and who has been licensed for at least 10 consecutive years beginning on or after their 50th birthday.

This section would become effective January 1, 2018.

Section 11. This section authorizes remote renewal and conversion of a full provisional license to a regular Class C license, provides that a full provisional license expire on the 60th day after the holder's 18th birthday; and authorizes persons remotely renewing a license to update their address.

This section would become effective March 1, 2018.

Section 12. This section requires a motor vehicle dealer who issues a temporary registration plate to a purchaser to deliver the sales documents and fees to DMV within 20 days (10 days under current law).

This section would become effective when it becomes law.

Section 13. Reserved.

Section 14. This section modifies the law governing special identification cards issued by DMV, to:

- provides that special ID cards issued to persons under age 18 expire after five years; to persons over age 18 after 8 years; and to non-citizens who are legally present under authority issued by the United States government at the expiration of their authorized legal presence.
- Clarifies that the fee for a special identification card also applies to the renewal, unless the special ID card applicant is eligible for a fee exception.
- Authorizes an application for a free special ID card by a person with a developmental disability be made on a form approved by DMV.
- Authorizes remote renewal of special ID cards, in specified circumstances.
- Provides for central issuance and mailing of special ID cards.

This section becomes effective December 1, 2017.

Section 15. This section amends the law enforcement authority of officers and inspectors (renamed agents by Section 7) of DMV, to authorize them to enforce criminal laws "when they are responding to an emergency situation that (i) is occurring in their immediate vicinity and (ii) would likely result in bodily harm or loss of property without immediate intervention."

Section 16. This section repeals the Driver's License Technology Fund, which was established in 2001 to fund a driver license information verification system for ABC permittees. DMV reports the fund has a zero balance and is no longer in use.

Section 17. This section makes a technical correction to the definition of "motor vehicle" in the NC Motor Vehicle Reinsurance Facility statutes, to correct an error from the 2016 session in House Bill 959, S.L. 2016-90, in which the statute was inconsistently amended by two different sections of that bill.

EFFECTIVE DATE: Except as otherwise provided, this act becomes effective July 1, 2017.
