1		A BILL TO BE ENTITLED
2	AN ACT TO A	MEND THE UNDERGROUND DAMAGE PREVENTION ACT.
3	The General As	sembly of North Carolina enacts:
4	Section	on 1. Article 8 of Chapter 87 of the General Statutes reads as rewritten:
5		"ARTICLE 8.
6		"UNDERGROUND DAMAGE PREVENTION.
7	"§ 87-100. Sho	rt title.
8	This Article	shall be known as the "Underground Damage Prevention Act".
9	"§ 87-101. Defi	nitions.
10	As used in the	nis Article:
11	(1)	"Association" means an association, sponsored by utility owners, that
12		will provide for receipt of notification of excavation operations in a
13		defined geographical area, and that will maintain the records of the
14		notifications.
15	(2)	"Damage"includes the substantial weakening of structural or lateral
16		support of an underground utility, penetration or destruction of
17		protective coating, housing, or other protective device of an
18		underground utility, and the partial or complete severance of an
19		underground utility.

1	<u>(2a)</u>	"Emergency"means a sudden or unexpected occurrence involving an
2		imminent danger, demanding immediate action to prevent or mitigate
3		loss of, or damage to, life, health, property, or essential service.
4	(3)	"Excavate" or "excavation" means an operation for the purpose of the
5		movement or removal of earth, rock, or other materials in or on the
6		ground by use of equipment operated by means of mechanical power
7		and/or an operation by which a structure or mass of material is wrecked,
8		razed, moved, or removed by means of any tools, equipment, or
9		discharge of explosives. This term includes road construction but does
10		not include road maintenance activities within rights-of-way of a
11		highway, including those maintenance activities defined by the rules
12		and regulations of the North Carolina Department of Transportation.
13	(4)	"Highway" has the meaning set out in G.S. 20-4.01 as the same shall be
14		amended from time to time.
15	(4a)	"Inclement weather" means an act of God that creates a weather
16	<u> </u>	condition that prevents the placement of temporary markings as required
17		by G.S. 87-102.
18	(5)	"Location of underground utilities" means a strip of land not wider than
19		the width of the underground utility plus two and one-half (2 1/2) feet 18
20		inches on either side of the outside edge of the underground utility.
21	<u>(5a)</u>	"Member" means a utility owner who is a member of the notification
22		center established in G.S. 87-101.1.
23	<u>(5b)</u>	"Notification center" means the notification center established in G.S.
24		<u>87-101.1.</u>
25	(6)	"Person" means a corporation, individual, copartnership, company,
26		association, or any combination of individuals or organizations doing
27		business as a unit, any subdivision or instrumentality of the State, and
28		includes any officer, agent, trustee, receiver, assignee, lessee, or
29		personal representative of any of the above entities.
30	(7)	"Person financially responsible" means that person who ultimately
31		receives the benefits of any completed excavation activities, including a
32		person owning or leasing real property or holding an easement or
33		interest in an easement.
34	(8)	"Public spaces" means any area owned by the State or any of its political
35		subdivisions or dedicated for public use.
36	(9)	"Road construction" means the actual building of a new highway; or the
37		paving, grading, widening, relocation, reconstruction, or other major
38		improvement of a substantial portion of an existing highway.
39	(10)	"Road maintenance" means preservation, including repairs and
40		resurfacing of a highway, not amounting to road construction.
41	(11)	"Street" has the meaning set out in G.S. 20-4.01 as the same shall be
42		amended from time to time.

1 2	(12) "Underground utility"means any underground line, subscription used for producing, storing, conveying, transmitting	g, or distributing
3	communication or telecommunication, electricity, ga	—
4	petroleum products, coal slurry, hazardous liqui	
5	pressure, steam, or sanitary sewage, but not includ	
6	control cables and vehicle detection cables of the	North Carolina
7	Department of Transportation.

19	*	e a person of the responsibility of complying with this Article.
20		quirements of person doing excavation.
21		ept as provided in G.S. 87-106, no person may excavate in a highway, a
22		or a private easement of a utility owner without first having given the notice
23		S. 87-102 to the utility owners.
24	-	ddition to the notification requirements, each person excavating shall:
25	(1)	Plan the excavation to avoid damage and to minimize interference with
26		underground utilities in and near the construction area, to the best of his
27		abilities;
28	(2)	Maintain a clearance between an underground utility and the cutting
29		edge or point of any mechanized equipment, taking into account the
30		known limit of control of that cutting edge or point, as is reasonably
31		required to avoid damage; and
32	(2a)	Take reasonable steps to protect any underground utility lines when
33	,	excavating within 18 inches of either side of the outside edges of the
34		marked location of a utility owner's underground facilities, as defined in
35		G.S. 87-101(5). This protection shall include hand-digging, air-jetting,
36		or vacuum excavation, or other means of safe excavation designed to
37		avoid damage to the facility marked until that facility is exposed or is
38		determined to be below the proposed excavation. If a proposed
39		excavation lies adjacent or parallel to an existing facility and within or
40		partially within the 18-inch area, the existing facility shall be exposed
41		prior to beginning the excavation. Once the facility is exposed and the
42		location markings are found to be correct, the excavation may proceed
43		with mechanized equipment.

1	(3) Provide support for the underground utilities in or near the construction
2	area, including backfill, as may be reasonably required by the utility
3	owner for the protection of the underground utilities.
4	"§ 87 the excavation.
5	The person financially responsible shall provide to the person responsible for doing
6	the excavating, the names of all underground utility owners in the area of the proposed
7	excavation. The names of the utility owners may be obtained from the County Register of
8	Deeds or the Building Inspection Department of the political subdivision in which the
9	excavating is taken place, if there is one.
10	" <u>§ 87-105.1. Requirements of notification center.</u>
11	(a) The notification center shall, upon receiving notice of the intent to excavate,
12	notify all members whose underground lines are located in the area of the proposed
13	excavation. The notification center shall also indicate the names of those utilities being
14	notified to the person intending to excavate.
15	(b) If the notification required by this act is made by telephone, a voice recording
16	of the notification shall be maintained by the notification center to document compliance
17	with the notification requirement and those records shall be maintained for at least 48
18	months.
19	(c) The notification center shall provide statewide operations coverage and a
20	single, nationally accessible toll-free telephone number to receive and record the
21	information provided by excavators and to respond to information requests from
22	
	excavators.

<u>notification center</u>, and a list of the names and addresses of the utility owners receiving
 these services from the association. notification center.

3 "§ 87-110. Recording requirements for utility owners.

4 (a) Each utility owner having underground utilities in North Carolina shall record 5 a notarized document containing the name of the utility owner and the title, address, and 6 telephone number of its representatives designated to receive the written or oral notice of 7 intent to excavate, with the Register of Deeds of each county in which the utility owner 8 owns or operates underground facilities. This document shall be executed by an officer of 9 the utility owner or in the case of a governmental entity, the authorized official.

10 (b) Any change or modification of the information recorded by a utility owner, 11 pursuant to subsection (a) of this section, shall be made by recording the corrected 12 information with the Register of Deeds of each county to which the change or 13 modification applies, in the manner required by subsection (a) of this section within five 14 days of the change made to the utilities.

15 (c) For purposes of the recordings required by subsections (a) and (b) of this 16 section, recordings by an association-the notification center pursuant to G.S. 87-109 shall 17 satisfy the recording requirements for each utility owner who is a member of the 18 association-notification center while that utility owner remains a member of the 19 association-notification center.

(d) Upon receipt of the documents recorded pursuant to subsections (a), (b), or (c)
of this section, the Register of Deeds shall place the documents in the Grantor's Index
under the heading "Underground Utilities". The registration fee imposed by Chapter 161
of the General Statutes shall apply to these documents.

24 "§-87edepartments-

A copy of any document or modification or change in the information in that document recorded pursuant to G.S. 87-109 or G.S. 87-110 shall be filed with any county or municipal inspection department having jurisdiction over any area where the underground utilities are located. Such inspection departments shall maintain these filings in alphabetical order in an accessible form.

30 "**§ 87-112.** Color-coding.

When the location of an underground utility is marked with stakes stakes, flags, or paint, or by other physical means, pursuant to this Article, the utility owner shall use temporary colored markers markings following the American Public Works Association Uniform Color Code for Utilities.

34 Uniform Color Code for Utilities.

35 "§ 87-113. Notification required when damage done.

36 (a) The person doing an excavation that results in any known damage to an 37 underground utility shall, immediately after the discovery of the damage, notify the utility 38 owner of the location and nature of the damage and shall allow the utility owner 39 reasonable time to repair the damage before completing the excavation in the immediate 40 area of the damaged underground utility.

(b) The person responsible for conducting any excavation that results in damage to
an underground utility where the damage may endanger life, health, or property shall,
immediately after the discovery of the damage, take action to protect the public and

1	property, notify the utility owner, notify the police or fire departments, and take any other
2	actions to minimize the hazards until the arrival of the utility owner's personnel, the
3	police, or the fire department. The excavator shall delay any backfilling in the immediate
4	area of the damaged underground utility until authorized by the utility owner unless it is
5	necessary to prevent injury or property damage to others. Repair of any damage shall be
6	performed by the utility owner or by qualified personnel authorized by the utility owner.
7	"§ 87-114. Homeowners.
8	This Article does not require utility notification before a property owner digs in any
9	area on his own property with nonmechanized equipment nor prior to tilling the soil for
10	agricultural, gardening or landscaping purposes. Mechanized equipment may be used,
11	without utility notification, in any area on the owner's property with the exception of
12	recorded underground utility easements which describes the location of the easement
13	with specificity.
