A BILL TO BE ENTITLED

**AN ACT TO DIRECT THE STATE BOARD OF EDUCATION TO STUDY THE
NEED FOR ADDITIONAL ENGINEERS IN THE PLANT OPERATION SECTION
OF THE DEPARTMENT OF PUBLIC INSTRUCTION.**

The General Assembly of North Carolina enacts:

Section 1. The State Board of Education shall study the need for additional State-funded engineers in the Plant Operation Section of the Department of Public Instruction. In the course of the study, the State Board shall consider the current boom in school construction, the impact that the loss of these engineering services has on small school systems, and the difficulty in retaining qualified consultants at the Department on yearly contracts. The State Board shall report the results of its study to the Joint Legislative Education Oversight Committee prior to April 15, 2000.

Section 2. This act is effective when it becomes law.
